Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Danville readers.

Seth C. Lormer, living at 420 Pine street, Danville, Pa, says: "Doan's Kidney Pills are worthy of my fullest confidence and I strongly recommend them. Some time before they were brought to my attention, I suffered from a severe cold which settled in my kidneys and caused me great misery. I would suffer severely when attempting to stoop, and if I sat down for any length of time, I would have to be very careful when arising for at such times sharp twinges would pass through my kidneys and cause me great agony. At night my back was so lame and sore that I was unable to obtain a comfortable position, consequently my sleep was greatly disturbed. I finally began using Doan's Kidney Pills, which I procured at Hunt's drug store, and a short use quickly relieved me of all my troubles. I give Doan's Kidney Pills my strongest endorsement."

## Fewer Deaths.

Notwithstanding the heat, the number of deaths in Philadelphia last week was 448, while for the corresponding week last year it was 502.

# INTERNATIONAL ROAD CONGRESS

When the "Ivernia," Royal mail ship of the Cunard line, sailed on the eleventh, it carried among other passengers, Logan Waller Page, director of the office of public roads of the United States department of agriculture, who, being especially commissioned by President Roosevelt, is on his way to France to tell the highway engineers of the world just exactly what, in his opinton, the automobile is doing to the macadam thoroughfares of civilization, and what should be done to counteract its destructive

President Roosevelt summoned Director Page to the white house and Senate conferred with him about this latest and most startling highway problem. He learned that an almost incalculable amount of damage is being done daily and then he informed the director that it was his wish that the United States be strongly represented at the coming international road congress in Paris, and he asked for the names of two or three experts to contribute in-J. J. Barnick, Superintendent formation at that great gathering, Mr. Page named Colonel Charles S. Bromwell, superintendent of buildings and grounds of the District of Columbia, and Mr. Clifford Richardson, nationally famous as an authority on bituminous road material they were appointed, and Mr. Page was named as chairman of the delegation.

Although this congress will not as they do here and study the remedial 'The Press' states: Superintendent work that is being done. # FOREST RESERVES TO BE INCREASED

The fight for the creation of auxilirenewed with the coming Legislature. In the session of 1907 two bills, called from the name of their sponser, Representative James Brann, of Warren, the Brann timber bills, were a storm center for a while and while one bill became a law, it was rendered

#### COMPANION BILL FAILED

One of the Brann bills created the auxiliary reserves and the other provided for a low rate of taxation. The former got through, but the latter was bitterly assailed as being in the interest of timber companies and individuals who wanted to escape large taxes while trees were growing again.

The State Forestry Department has taken up the matter now and Commissioner Conklin says that laws such as asked will cause farmers and others owning land which is now lying idle and taxed pretty high to plant trees as well as furthering the aims of the State to cause increased growth of timber in many valleys in its effort to control the floods, it being generally recognized that destructive freshets are due to the deforestation which has been going on for years.

STATE TO PROTECT TIMBER.

The bill creating the reserves provided that the auxiliary could be ablished by application to the commis sioner, who should examine and classi-fy it certifying its establishment as an anxiliary reserve to the commis-sold by Paules and Co. an auxiliary reserve to the commissioners of the county wherein it is HEARS HUSBAND located so that the abatement or relief of taxation may be procured.

In return for this the State patrols and protects the timber and the owner judgment of the official it is fit to be ber, if proper, may be cut to a certain taxation was to be at not more than \$1 | ried a good-sized amount of money. an acre, mineral to be assessed separate The new bill will follow the latter lines. The other is already a law.

# PREPARING FOR THE REUNION

The survivors of the Spanish-American war in Danville have already actively entered upon preparations for the reunion of the Twelfth Regiment Pennsylvania Volunteer Infantry Veteran Association which will take place in this city on October 29th, the tenth anniversary of the muster out of the Twelfth regiment.

The preparations embrace a great deal of hard work and the local members of the association feel that it will be impossible to make the reunion a full success without the hearty cooperfrom other towns will be present in Danville on the occasion. To prepare for the entertainment of these will be no small task. In view of the memorable reception accorded the Twelfth Regiment when it returned home after the muster out in the fall of 1898 the survivors of the Spanish-American war do not believe that the citizens of Danville will reveal any indifference or lethargy when it comes to preparing for another demonstration that will show their patriotism and their appreciation of the sacrifices made for the country's good.

Major C. P. Gearhart has been chosen chairman of the committee of arrangements. He has appointed the following sub-committees:

#### Wome as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, if is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fiftycent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet tell.
