ARE NOT GOING TO SWAP HORSES

Pennsylvanians to Follow Old Abe Lincoln's Policy.

TARIFF MADE STATE WEALTHY

Taft and Sherman Stand For Protec tion, and Their Triumphant Election Will Insure a Period of Unprecedented Prosperity and a Continuance of Roosevelt's Patriotic American Administration of the National Government.

> [Special Correspondence.] Harrisburg, Sept. 15.

"Never swap horses while crossing a stream." This trite and homely admonition of "Old Abe" Lincoln will be followed by the voters of Pennsylvania at the coming election, when they

will roll up a tremendous majority for the party of protection and prosperity. Reports from every county in the commonwealth show that the great body of Pennsylvanians, the farmers, the merchants and the wage earners in all the big industrial centers are determined to vote for Taft and Sherman and indorse the platform of the

Republican party.
Bryan is making tariff reduction, bryan is making tain reducted, which to the Democrats means their old slogan of free trade, the paramount issue of his campaign.

In doing that he is striking directly at Pennsylvania, at Pennsylvania la-

bor, at Pennsylvania capital and at Pennsylvania's vast natural resources, her coal, her iron, her cement and her various other interests.

No Free Trade For Pennsylvania

The Keystone state has acquired her enviable position as the most prosperous and wealthiest state in the Union under the Republican party's

The present onslaught of Bryanism upon the tariff has aroused a feeling of indignation and alarm in every ffteen years of Bryan leadersh quarter of this state.

Just as confidence is being restored, as orders for manufactured products are coming in and mills are starting up, coke ovens and blast furnaces are being lighted and the textile and all manner of industrial establishments are resuming operations, after a temtariff. He is serving notice upon capi-tal and labor alike that in the event of his election revolutionary tactics may be looked for to the inevitable destruction of the interests of the wage earner and the manufacturer, to the granger, the dairyman, the mine worker and all classes of citizens of this state whose happiness and livelihood depend upon the administration of the national government under safe and sane and well established policies. Taft's Nomination Brought Confidence.

No reasonable man has attempted to charge to the Republican party re-sponsibility for the recent disturbance in business and momentary halt

in the march of progress.

But every one who stops to consider the revival of confidence, the resumption of commercial and industrial activities and the universal predictions

of activity. We are today admittedly the leading nation of the world, and our progress in the past and the prosbeyond precedent in the history of civ-

"The American people cannot fall to recall vivildy the immediate past. There has always been a relation of protective tariffs to prosperity and of great financial depressions to low tariffs. "An aggregation of experimental malcontents and theorists," Mr. Sher-man's description of the Democratic party, is a phrase that hits the target right in the center.

DENIES THAT BRYAN "COULD DO NO HARM."

Congressman Burke Says Office of President Is Infinitely More Powerful Than Congress.

Congressman James Francis Burke of Pittsburg in an address on "The

Powers of the President" says:
"The American people can make no
greater mistake than to elect Mr. Bryan on the assumption that he can do no harm in the face of an adverse sen-ate. As between the executive and legislative departments of the government, the former has infinitely greater power to rule and ruin than the latter.
"Mr. Taft and Mr. Bryan are wholly
different types of men. Each possesses a strong individual character, which would certainly assert itself in the White House. What either of these men would do during a four years' term in the White House is causing as much anxiety among thoughtful Americans as the mere

matter of the election alone. "As a disturber of moneys the president is without a rival in the world. administration of state and national affairs, and to no other policy does she owe more than to that of the protective tariff.

Through the agencies under his control he will this year disburse a billion dollars, showing the great things we are doing in adding to the unparalleled

"In view of the fact that during the fifteen years of Bryan leadership the states controlled by his party have decreased from 23 to 12, the number of senators from 48 to 31, the number of representatives in congress from 220 to 164 and in that time the Democratic party was in control of the ground, whereas it is now, as a consequence of his teachings, a hopelessly hetero-geneous mass of Populistic elements, the American people can see little pros-pects of a constructive policy if Mr. Bryan should succeed."

Union Labor Vote.

Hon, William H. Buchanan is one of the leading union men of western New York and in 1907 was the Democratic monster, with a particular taste for candidate for assemblyman in Chautauqua county. This is what he has to say of the effort of Mr. Gompers to turn the labor vote over to Mr. Bryan:

"I am a union labor man, and I want am a union labor man, and I want to say further that no man can carry the labor vote into the Democratic camp. I know how union labor men feel in this city, and three-fourths of them will stand by the Republican party because only in that way have they the assurance of freedom from the business disturbance that Mr. Pr. the business disturbance that Mr. Bryan promises for at least four years if he can be elected. We workingmen can't earn wages if statesmen are put

We workingmen are part at the universal predictions of a renewal of good times, cannot but the statishust these conditions to the popular belief that the election of Taft and Sherman and the continuance of the Republican party in control of the dederal government means an assurance of national prosperity.

To Promote American Patriotism. The patriotism and sturdy Americanism of the administration of Theodore Roosevelt, all know, will be accentuated with Judge William Howard Taft in the White House, and the prestige that has been added to "Old Glory" by the vigorous Rooseveltian policies will never be detracted from by any act of the distinguished son of Ohio who is now the Republican standard-hearer.

The vital concern which every Pennsylvanian must have in the present campaign was emphasized by United States Senator Boies Penrose in his recent speech before the Republicans of Lehigh county, when he made the tariff the principal feature of his address.

Penrose On the Tariff.

Senator Penrose, among other things, said:

"This is pre-eminently an age the world over of commercial, industrial and agricultural development. The United States leads in all these forms of activity. We are today admittedly the leading nation of the world, and

Some sentimental persons took the view that this was undignified and succeeded in having the superintendent of public buildings and grounds order the cards removed. F. E. Cleaveland, principal of the institute, appealed to Mr. Taft, then secretary of war and within whose jurisdiction came the office of public buildings and grounds. It took only a few words to convince the sec-retary that the blind should have the benefit of this privilege, and the cards were again placed on sale in the mon-

The Word "Ogre."

Old fashioned etymologists used to say that the word "ogre" commemorat-ed the sufferings of Europe during the ninth and tenth centuries at the hands of the ravaging "Olgours," or Huns. This derivation, however, is now aban-doned. "Ogre," which reached the French language by way of Italian and Spanish, is really Orcus, the Latin hell, afterward the god of the underworld. In Romanesque folklore this god bemonster, with a particular taste for lost babes in the wood.
