There is no way of making losting friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, and their friends after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made dennkards.

"made good" and they have not made drankards.
A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It at ill enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

Dickinson made all her scores—four touchdowns—in the first half. Two of these, Danville claims, were made on account of the defective marking of the field, there being two sets of side lines, so that on two occasions Danville players allowed a man to run for a touchdown, thinking he was out of bounds while he was really within another line that they had not observed.

In the second half the Danville team took a strong brace, not only not allowing Dickinson to score, but endangering their opponents goal several times. Danville's most serious faults were several furnishes in the second faults were several furnishes in the second that they had not observed.

Pottsville Fights Dixon.

The town council of Pottsville is preparing to make a fight against an order issued by Health Commissioner Dixon on the construction of a sewage disposal plant. The health commissioner has threatened to bring legal proceedings against the town council unless his orders are complied with and at the meeting of the council last week the city solicitor, E. P. Leuschtner, was instructed to prepare an answer to the threatened prosecution. It is estimated that the disposal planwhich Pottsville is asked to construct action would be watched with intense interest by every city and borough of
