

DR. IRVING H. JENNINGS, DENTIST.

Office Hours A. M. to 12 M. 104 Mill St., Danville, Pa. P. M. to 4 P. M.

C. SHULTZ, M. D. 425 Mill St., Danville, Pa. Diseases of the Stomach and Intestines a Specialty

ITEMS CONDENSED.

At Shamokin Helen Visore accidentally fell into a tub filled with boiling water and was scalded to death.

Jesse Shelly, aged 60 years, a retired farmer who resided near Sellinsgrove, while rowing across the Susquehanna river, fell from a boat into two feet of water and was drowned.

The Knights of Columbus, of Philadelphia, will give a turkey dinner to every child in Catholic orphan asylums in the city, on Thanksgiving Day.

Six young men of HELLERTON, Northampton county, passed through a toll-gate on the Steinburg pike without stopping to pay the required six cents toll and the trick cost them \$46.66.

Joseph M. Galbuth, of Shenandoah, aged 14 years, on Friday evening attempted to jump on a Lehigh Valley water train, when he fell and was run over and both his arms and his legs were cut off.

James T. Ormsly, of Philadelphia, who is a bartender in a small saloon at Tenth and Millin streets, has become heir to \$1,500,000 left him by his cousin of the same name who died in Alaska recently.

Five hundred thousand dollars in gold are being coined every day at present in the United States mint in Philadelphia, to meet the demand which has already set in for the valuable yellow pieces for Christmas presents.

David E. Davis and Samuel Jackson watchmen at the works of the National Lead company, at Butler, have been arrested on charges of the theft of lead from the company.

Siesholtville post office Berks county, which will be closed on November 30 as the people are to be served by rural free delivery from Alburts, has the oldest postmaster in the county.

A little son of William R. Moser, of Oakbrook, Berks county, fell into a bucket of boiling water on Saturday and was badly scalded.

There has been considerable increase in cases of diphtheria and scarlet fever in Reading and physicians are puzzled as to the cause.

For several years Michael Flanagan, of West Chester, has had a small carp in an aquarium at his home and the fish has developed a liking for candies and relishes gum drops especially.

By raiding a "swell" opium den at 314 Grant street, Pittsburg, on Saturday night, the police obtained the names of about two score prominent women and girls who were quiet frequenters there.

H. L. Lauer, of Norristown, removed a \$125 diamond ring from one of his fingers while he washed his hands at a Reading cafe on Saturday and forgot to replace it.

Attracted by a dog that had barked at one place for four hours, several men found the dead body of Clemence Biggle, aged 20 years, of Reynoldsville, Jefferson county, behind a stump in a woods on Saturday.

While a 9-months-old son of C. F. Armstrong, of Leechburg, Armstrong county, was sitting on his father's knee on Saturday he pulled a ruby stick pin from his father's necktie and swallowed it.

After admitting that she had set fire to six tenement houses in Philadelphia, at different times, Mrs. Johanna Kelly, aged 44 years, of 1036 Race street, was on Sunday committed to the Philadelphia hospital for the insane for observation.

Joseph Kemmer has returned after a visit with friends in Phillipsburg.

Harry Lawrence, a student at Lehigh university, is spending the Thanksgiving holidays with his parents in Maudsall.

Miss Sara Fax and Miss Ruth Batdorf, have returned to Milton after a visit with Miss Maud Seldel, Honey-moon street.

WHO SHALL NAME THE PARK?

The subject of naming the new park on Bloom street came up before council Friday eve. After some discussion the matter was postponed until next meeting.

The matter was introduced by Mr. Russell, who explained that some persons are of the opinion that the members of the G. A. R. should name the park. Several of the members thought that council should name the park, inasmuch as it is a borough improvement.

A communication was read from the ministerial association of Danville and vicinity calling council's attention to the union Thanksgiving service and asking its endorsement and interest.

On motion of Mr. Angle the communication was accepted.

On motion of Mr. Russell the lease granting P. G. Baylor use of the river front near the water works was ratified by council.

On motion of Mr. Connelly it was ordered that the street commissioner gather up the loose stones and make necessary repairs on Chambers street, Welsh hill.

On motion of Mr. Cleaver it was ordered that S. M. Dietz be requested to make repairs on sidewalk in front of his property on Front street.

On motion of Mr. Connelly the secretary was instructed to notify the Danville and Sunbury Transit company to meet with the streets and bridges committee in council chamber on the evening of November 30th to take action relative to the proposed paving of East Market street.

Mr. Russell explained that the report circulated after the recent fire in the third ward to the effect that a fire plug was out of repair and failed to work is altogether unfounded.

Borough Electrician Smith reported that he turned on the borough electric light at the Y. M. C. A. building Friday night for the first.

The following members were present: Schatz, Cleaver, Everhart, Moyer, Russell, Marshall, Angle and Connelly.

The following bills were approved for payment:

Table with 2 columns: Department and Amount. Includes Borough Department (Regular employees, Labor and hauling, etc.), Water Department (Boyer Bros., Regular employees, etc.), and a list of names under 'WERE MARRIED AT ALLENTOWN'.

WERE MARRIED AT ALLENTOWN

An announcement that will cause a pleasurable surprise in Danville is that of the marriage of George S. Maters and Miss Elsie E. Sainsbury, which took place yesterday afternoon at Allentown.

The arrangements for the wedding were made with the greatest secrecy and but a very few persons knew of the intentions of the young couple.

The ceremony was performed by Rev. R. H. Kline, rector of the Episcopal church at Allentown. Last evening Mr. and Mrs. Maters left for a wedding trip.

PENNY COLLECTION MADE LARGE SUM

The penny collection which was taken up among the school children of Danville yesterday for the Woman's Benevolent association, amounted to \$36.44, which is a large sum considering that each pupil was asked to give but a penny and more if they could.

The penny collection was the suggestion of the late Mrs. S. Y. Thompson, a prominent member of the Benevolent association, and was carried out by her co-workers as a memorial to the organizer.

Jay W. Sechler, a student at the University of Pennsylvania, is visiting his parents, Mr. and Mrs. W. A. Sechler, East Market street.

DISPENSARY'S EIGHTH MONTH

It is quite evident that since the removal of the tuberculosis dispensary into the new quarters on Bloom street the scope of its work with correspondingly good results has grown considerably.

Five new patients were admitted. Of these, four combined gained 14 1/2 pounds in weight. One patient shows a gain of eight pounds. Of the total number under treatment ten reveal gain in weight.

Miss Geddes, the trained nurse, made eighteen calls at the homes of patients.

Orders were given for 346 quarts of milk and 109 dozen of eggs.

The dispensary here has been open eight months. Dr. Herbert Fox, chief of the laboratories of State department of health, who stands in close relation to the work of the dispensary throughout Pennsylvania, on his visit to Danville last week, paid a visit to the new dispensary on Bloom street and expressed himself as highly pleased with the location and arrangement of the place.

THROUGHOUT THE COUNTY. Dr. Stock, as county medical inspector, reports the following for Montour county outside the boroughs of Danville and Washingtonville:

Typhoid fever, one case; chicken-pox, one case; scarlet fever, two cases; diphtheria, one case; erysipelas, one case.

Last month in Montour county outside of Danville and Washingtonville borough fourteen cases of scarlet fever were reported. That the disease is so nearly stamped out is due to the prompt action of the authorities in enforcing all needful rules to prevent the spread of the disease, regulating the intercourse with infected places and prohibiting the attendance at school when necessary.

HABEAS CORPUS PROCEEDINGS

A short session of court was held Tuesday forenoon with his honor C. C. Evans and associates Frank G. Blee and Hon. L. W. Welliver on the bench.

The principal case that occupied court was a habeas corpus proceeding instituted by Clyde Appleman of Valley township to recover possession of his three year old daughter, Myrtle Appleman, who since the death of her mother, some months ago, has been with her grandparents, Mr. and Mrs. W. H. Wintersteen.

Clyde Appleman, the petitioner, was the first witness sworn. He explained all the circumstances, stating that he desired to have possession of the child and that he was able to take care of it along with the others that survived the mother. He was followed by his father, Eli Appleman, as a witness, who explained what provisions were made for taking care of the children.

At this point the Commonwealth rested. Mrs. William Wintersteen was the first witness sworn on the other side. She took the child in compliance with a request made by its mother, the daughter of the witness, when the former was on her death bed. The witness adduced several reasons why the child should remain in the custody of herself. Her husband, William Wintersteen also testified along with Dr. P. C. Newbaker and Dr. C. Shultz.

In rebuttal Clyde Appleman was called to the stand, who denied charges as to intemperate habits.

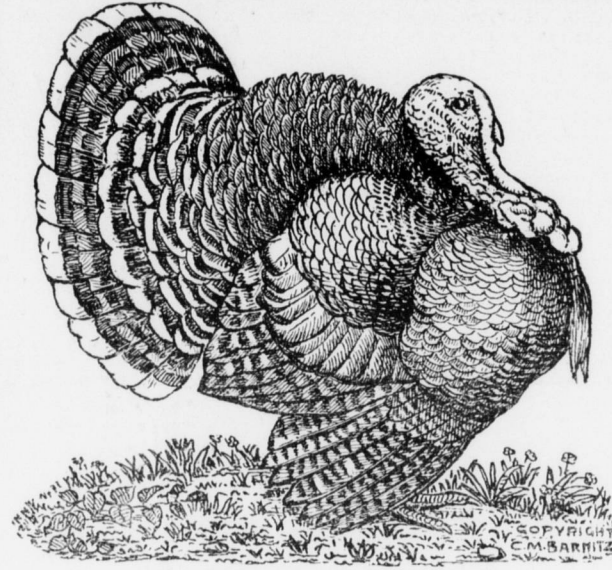

Henry Wintersteen of Liberty township, in conclusion testified, sustaining Mr. and Mrs. Wintersteen's side of the case.

The court took the papers explaining that an order would be filed on December 5th. Meanwhile the child is to remain in the custody of its grandparents, Mr. and Mrs. William Wintersteen.

VERY SMALL EXPENSE ACCOUNT

M. S. Bond of Point township, Northumberland county, candidate for the legislature at the last election, has filed probably the smallest expense account in the State, amounting to just twenty-seven cents.

Miss Marion Jones and William Jones left yesterday for Philadelphia where they will attend the Army-Navy game on Saturday.

O, What a Sight!

When them turkeys in the cornfield strut among the pumpkins, yellin', An' go circelin' an' a sportin' An' a sassin' every feller; When they spread their tail jest like a fan An' show their wings so bright, An' puff their big bay winders out, My golly, what a sight!

CHARLES M. BARNITZ.

ACCIDENTALLY STRUCK BY BULLET

Frank Sidler, son of Register and Recorder W. L. Sidler, while practicing with a rifle yesterday was accidentally shot, the bullet sinking deep into the fleshy part of the thigh, baffling for awhile all efforts to locate it.

In company with James Scarlet, Jr., Frank went down the river yesterday afternoon to shoot mark. James had a Remington rifle, which carries a ball known as 22 short. Frank's gun was one of a similar kind.

The boys amused themselves by throwing up bottles and shooting at them. Just how the accident occurred is not clear, except that in some way Frank got within the range of Master Scarlet's gun.

All of a sudden, to use Frank's own words, he felt a sting and it was just as though "a shock of electricity ran through him." The ball penetrated the upper and fleshy part of the thigh.

Frank was able to walk. It was about 4 o'clock when two badly frightened boys appeared at the office of Dr. P. C. Newbaker. Frank's father, Register and Recorder Sidler was called up by phone and a minute or so later, appeared at the doctor's office.

Dr. Newbaker made an effort to remove the ball, but it had sunk so deep in the heavy muscle at that part of the body that he was unable to reach it with a probe. It was decided to take the boy to Bloomsburg, where the X rays will be used to locate the ball.

Fortunately no vital part of the body is exposed. No serious results are apprehended.

MOUNTED WILD CAT FINE SPECIMEN

A mounted wild cat, a perfect specimen, may be seen in the window of M. H. Schram's store. In so many respects does the specimen differ from a domestic cat that it should prove a valuable object lesson to prevent any one in the future from confounding the one with the other.

Not only is the bob-tail a distinguishing feature, but the legs are massive, armed with heavy muscles, such as one would naturally associate with a wild animal.

Lloyd Skeer, Warland Evans, Claude Appleman, Porsell Zeigler, Ralph Lutz and Harry Baum, of Bloomsburg, attended the dance in the armory last evening.

THANKSGIVING DINNER AND BALL

Thanksgiving day will be observed in a thoroughly appropriate manner at the hospital for the insane.

The two important features that will mark the event will be the regular Thanksgiving dinner and annual ball this evening.

Some eighteen hundred weight of turkeys will be served at the Thanksgiving dinner today. The turkeys came from Center county and were supplied by John Everitt, a dealer of Vicksburg. The exact price paid has not been learned, although it was under twenty cents per pound.

The entire number of turkeys furnished the hospital by Mr. Everitt was 194 averaging in weight 11 3/4 pounds. One hundred and seventy-five of the smaller turkeys of the lot on Tuesday were killed and dressed for the Thanksgiving dinner.

On the same day the mince pies required for the meal—450 in number—were baked. Yesterday the final preparations were completed, such as peeling the potatoes, preparing the cranberries and other accessories. Of potatoes there are just 18 bushels required for the big meal; they will be served mashed.

Tonight in amusement hall the regular Thanksgiving ball will be held in which patients and employees of the institution solely will participate. This ball is one of the most interesting events of the season at the hospital. During yesterday the hall was trimmed for the dance, chrysanthemums, of which there is a profusion yielding in the hospital greenhouses, entering prominently in the scheme of decoration.

The music for the dance will be furnished by the hospital orchestra composed in part of employees of the institution and in part of town musicians.

Voted for 16 Presidents. Charles Mower, Sr., of Strawberry Ridge, has voted for 16 presidents, thirteen of whom have been elected.

Mr. Mower is eighty-four years of age and since he cast his first vote for Zachary Taylor in 1848, he has not missed voting at any election. Mr. Mower is still hale and hearty and often walks from Strawberry Ridge to Washingtonville.

Mr. and Mrs. Will G. Brown and son Frank, are spending today with Dr. J. J. Brown, Bloomsburg.

UNION THANKSGIVING SERVICE

Below is printed the full program of the Union Thanksgiving service, which will be held in the Grove Presbyterian church today.

As will be observed the pastors of the various churches of town are pretty generally represented. The sermon will be preached by the Rev. John Conley Grimes, pastor of St. Peter's M. E. church, Riverside, whose eloquent discourses on Memorial day and on other occasions have made him quite famous throughout this section.

A special invitation has been extended to the burgesses, the borough council and the school board, which in each case has been favorably acted upon and the borough officials and the school directors will no doubt attend in a body. According to all indications the attendance will be a record breaker for Thanksgiving service.

The union service will begin promptly at 10:30 o'clock and end at 12 o'clock, so that in no case will it interfere with the Thanksgiving dinner.

Following is the program: Organ Voluntary, Miss Elsa Weiss. Doxology. Invocation, Rev. Lloyd W. Walter. Hymn 660—"Come Ye Thankful People, Come." Rev. John Sherman. Psalm 67, Rabi F. W. Jesselson, D. D.

President's Proclamation, Rev. Joseph E. Guy. Solo, Mr. George Eggert. Scripture Lesson, Rev. William Brill.

Prayer, Rev. L. D. Ulrich. Collection. Hymn No. 521—"O God of Bethel." Rev. L. Dow Ott.

Sermon, Rev. John Conley Grimes. Hymn No. 665—"My Country 'tis of Thee." Benediction, Rev. W. N. Wallis. Postlude.

COMMITTEE GOES TO HARRISBURG

Chief Burgess W. J. Rogers, Borough Secretary Harry B. Patton and William H. Moyer, chairman of the sewer committee of the borough council, left on the 4:31 Pennsylvania train for Harrisburg Tuesday to attend an illustrated lecture on modern methods of sewage disposal given in the board of trade auditorium by George W. Fuller of the firm of Messrs. Herring and Fuller, Consulting Engineers of New York City.

The lecture which illustrated every known kind of sewage disposal plant in the world was given under the joint auspices of the engineers' club of central Pennsylvania and the Harrisburg board of trade.

Messrs. Herring and Fuller are recognized authorities on the subject of sewage disposal plants and no sewerage or sewage disposal works of any magnitude in America during the last ten years have been undertaken without them.

The chief burgess and the borough council were extended an invitation to be present at the above lecture. The matter was acted on at the last meeting of council, when it was decided to accept the invitation and the above named gentlemen were appointed on a committee to represent the borough.

In connection with the above fact might be adverted to that the borough of Danville has been notified by the State department of health to prepare and submit plans for a sewage disposal plant by July 1, 1909. In view of this fact it was deemed expedient by council that the invitation be accepted and a committee be appointed to attend the lecture for the purpose of gaining practical information on the subject that will aid the borough in dealing with the sewage disposal problem. The committee will submit a report at the next meeting of council.

REHEARSING FOR FIREMEN'S BENEFIT

The large company of local talent which is to give "The Winners of the Blue" in the Danville opera house Saturday evening for the benefit of the firemen's convention fund, is progressing finely. Rehearsals are being held each night in the Friendship engine house under the direction of Miss McCleary. The ticket committee reports a large sale of tickets. The reserved seat board will open at Hunt's drug store Friday morning at nine o'clock.

MUMMERS' MEETING

The Mummers' parade committee will hold a meeting at the sheriff's office in the court house this evening at 7:30 o'clock. All those interested are urged to be present.

SCHOOLS CLOSE ON WEDNESDAY

The school board at a regular meeting Monday eve in view of the session of county institute next week decided that the borough schools close on Wednesday evening, November 25th, and remain closed until Monday, December 7th.

This vacation period embraces Thanksgiving and the day following as well as institute week.

On motion of Mr. Burns it was ordered that the use of the high school room be granted to County Superintendent Derr for holding the teachers' institute next week.

On motion of Mr. Burns it was ordered that the janitors of the various school buildings improve the time during institute week by cleaning up the ground and cellars.

On motion of Mr. Fischer it was ordered that no fires be kept up in the school buildings during institute week as has been customary in the past for the sake of keeping the flowers from freezing. It was estimated that at least ten tons of coal could be saved by extinguishing the fires during institute.

On motion of Dr. Barber it was ordered that the supply committee purchase four galvanized iron tubs to be used in the process of disinfection recently adopted.

A communication from the Woman's Benevolent society was read before the school board Monday night, in which it was asked that the pupils of the public schools be permitted to make a small contribution of one cent (or more, if they so desire) to aid the poor. The money, it was explained, would be applied to the purchase of shoes for children who are kept out of school for the want of foot covering.

On motion of Mr. Sechler the request of the Woman's Benevolent society was granted and it was ordered that the matter be brought before the teachers and pupils.

The following members were present: Porsell, Orth, Barber, Swartz, Burns, Fish, Fischer, Lloyd, Sechler, Heils, Cole.

The following bills were approved for payment: Peter A. Winter, \$.60; Frank Dutwiler, 1.00; U. S. Ex. Co., 1.60; West Disinfecting Co., 31.39; Ezra Haas, 1.25; Miles, Peifer & Co., 60.00; Thomas G. Vincent, 12.00; O. B. Saviège, 17.27; Teachers and Janitors, 1951.50.

REV. JOHN SHERMAN RESIGNS

Rev. John Sherman last evening at prayer meeting tendered his resignation as pastor of the First Baptist church, this city. Rev. Sherman's announcement that he intends to leave Danville will come as a great surprise to not only the members of his own congregation, but also to the public at large.

Rev. Sherman gave as his reason for tendering his resignation that he had accepted a call from the North Ten Mile church in Washington county, this State. Rev. Sherman also recently received a call from the Third Baptist church at Camden, which he declined.

Rev. Sherman will remain the pastor of the First Baptist church until the last week in December. He has now been the pastor of that church for nearly five years, during which time the church has been in a flourishing condition. During his stay in Danville Rev. Sherman has made many friends by his never failing courtesy and his devotion to his duty. All classes will join in the regret that is felt at his departure.

HOG REFUSED TO TAKE ON FLESH

A hog belonging to Maurice Leighow, East Danville, on Tuesday was found to be badly infected with tuberculosis. It proved a total loss to the owner.

Mr. Leighow had two hogs, one of which seemed to grow and fatten, while the other although it grew failed to take on flesh. On Tuesday the hogs were butchered. It was during this process that the diseased condition of the lighter of the two hogs was discovered. The liver was spotted, while the lungs were hard to the touch.

Veterinarian J. J. Kline was called, who diagnosed the case as one of tuberculosis. The carcass of the hog was discarded as an article of food and buried in one of the fields under several feet of earth.

The occurrence of the above case has stirred up a commotion among the people of the east end and from now on the porkers of that section will be subjected to a rigid scrutiny.

The more a man actually knows the less he is likely to show off.
