STEPHEN JOHNSON PASSES AWAY

Stephen Johnson, a lifelong and highly esteemed resident of this city, died at his home, Church street, at 1:55 o'clock Saturday morning.

Had the deceased lived until February 22nd next he would have been seventy-five years of age. He was a man of vigorous constitution.

For two weeks prior to death he was considerably indisposed, his ailment being one incidental to advancing years. No alarm was felt, however, until Friday, when pneumonia developed.

Stephen Johnson was born in Paradise, Northumberland county, but lived for the greater part of his life in Danville. He was very widely known.

He was a veteran of the Civil war. He served first a three-months' enlistment in the Columbia Guards.

The deceased is survived by his widow and three daughters: Mrs. S. W. Morgan, of Philadelphia; and Miss Olive Johnson, the well known druggist, of this city.

By the Court, CHARLES C. EVANS, P. J.

Mrs. McRaney's Experience. Mrs. McRaney, Prentiss, Miss, writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief."

SHERIFF WINS THE CASE

Judge Evans Saturday morning handed down an opinion in the case of D. C. Williams vs. the County of Montour, which was an action brought to recover \$9.60 for boarding Andrew Kodack, and Michael Manerick, two prisoners who served a term in the county prison for illegal car riding.

The circumstances of the case will readily be recalled. The two above named men were arrested for illegal car riding last summer. The county commissioners, who oppose the principle of keeping car jumpers in jail at the county's expense, upon learning of their commitment ordered them released.

Some doubt arising as to the legality of this course the men were re-arrested at their homes in the coal region and recommitted to the jail of Montour county, where they served their full sentence of ten days.

After the discharge of Kodack and Manerick the plaintiff as sheriff demanded of the county commissioners the sum of \$9.60 for boarding the convicts.

The county commissioners refused to pay the said sum or any part thereof for the reason that the act of May 24, 1878, fixes no legal liability on the part of the county to pay costs and charges.

The act provides in part that any person found entering or being upon any railroad engine or car contrary to the rules of the person or corporations owning or operating the same and with the intention of riding thereon without paying fare shall upon conviction forfeit and pay a penalty of not less than \$5, nor more than \$15, which penalty shall be paid to the treasurer of the school district in which said offense was committed for the use of said district and such person so convicted shall be committed to the county jail of such county for a period not exceeding ten days.

It has been definitely decided by the supreme court that justices of the peace before whom convictions are had and sentences imposed under the act of May 24, 1878, for trespassing on trains cannot recover their costs from the county for the reason that the act does not make the county liable for the costs. Crawford vs. Barr 92 Pa. 359; and Godding vs. Bardford county, 116 Pa. 53.

"Kodack and Manerick," the opinion continues, "were arrested, convicted and committed to the county jail by the justice of the peace under the provisions of said act. The sheriff accepted the commitment and received and boarded the prisoners in the county jail for a period of ten days. We scarcely see how he could have done otherwise. The act in plain terms authorizes the justice of the peace to make the commitment to the county jail."

"It is one of the duties of the sheriff to board the prisoners of the county. The compensation to be paid for the performance of this duty is governed by the act of assembly passed for that purpose. Apple vs. Crawford Co. 105 Pa. 302."

The act of April, 11 1856, P. L. 314 determines the county's liability and fixes the allowance for boarding prisoners, which is not to exceed twenty-five cents per day for each prisoner. "And now to wit, December 5, 1908, in accordance with the terms of the case stated judgment is entered in favor of the plaintiff for nine dollars and sixty cents."

After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." For sale at Paules & Co. Pharmacy.

CHRISTMAS SHOPPING ON IN TOWN STORES

Christmas is less than three weeks away and soon the stores will be thronged with holiday shoppers. From day to day the crowds will grow greater and with it will come increasing inconvenience to the purchasers. Everybody knows what a nightmare Christmas eve shopping is. Everybody ought to know how much better it would be to begin when the stores are at their best and when the clerks have more time to attend to customers. Usually the week before Christmas is the time when most of the buying is done. This means that an immense volume of business is crowded into six days and evenings and there is little wonder that there is so much dissatisfaction. It is remarkable that the storekeepers manage to give any satisfaction at all.

Christmas buying is at the best a serious undertaking for there are all sorts of fancies to accommodate and the purse must always be consulted. The average purchaser wants to secure the best he or she can for the money at hand, and to wade through crowded stores, catch the attention of any particular clerk and getting waited on quickly is an art that few have mastered. Then there is the usual habit of putting off to a late day the selection of the gift that is to make some heart glad. This is the worst possible thing to do and it is strange that so many persons practice it.

The one great remedy is to go early—early in the month and early in the day. The stores will be open every evening until Christmas. That is good for those who cannot shop in the daytime. There are enough of these to keep every store in Danville busy enough. How fine it would be to leave the nights to those who cannot come at any other time? How much better it would be if the others would shop in daytime, especially in the morning.

The morning is usually the duller time for a store. It has the great advantage of giving you more opportunity to inspect goods and to make careful selections. The storekeepers would hail with delight any distribution of business over the entire day instead of crowding it all into a few hours. Nerves would be preserved, time would be saved, tempers regulated and money saved. Then the satisfaction to everybody concerned would in itself go a long way toward making a more general Merry Christmas.

Illuminated Sign at Murray's. A new electric sign, the second to make its appearance in Danville, has been erected by C. P. Murray and Sons at their department store, corner of Mill and Northumberland streets. It is fastened to the corner of the building at the second story and is very distinctly seen on the east side of Mill street at points between Bloom street and the canal. The sign simply contains the name, "Murray" and is quite an attraction.

TOWNSHIP HIGH SCHOOLS RECOMMENDED

The public school teachers of Montour county in institute assembled Friday recommended that the term of the county schools be increased to eight months, and that township high schools be established throughout the county.

The closing session of the institute was by no means the least interesting. Dr. Van Ormer took leave of the teachers and left the institute at 11:30 o'clock, in order to be prepared to take the 12:10 train for Philadelphia. His final talk, which had as its subject, "Work or Play?" was exceedingly felicitous and instructive. He brought out the point that while all labor is ennobling, whether it is to be regarded as a disagreeable task or merely as play depends on the attitude of the person. He enlarged considerably on the philosophy of Tom Sawyer and showed that to the person who loves to be employed—who appreciates the true nobility of labor—any task will be play, while to the person who would rather be idle and who works only because he has to, any labor will be distasteful and in that sense will be "work."

The Rev. William Brill, pastor of St. Paul's M. E. church, conducted chapel exercises Friday morning. Professor W. A. Wilson occupied the first period with a talk on the subject of "Arithmetic in the Third and Fourth Years of School." The report of committees followed, after which Dr. Van Ormer delivered his closing address. Professor Wilson occupied the last period with a continuation of his subject, "Arithmetic."

Before closing County Superintendent Derr made some remarks to the teachers, thanking them for their interest and attention and adverting to the fact that with the exception of Monday, when there was one absentee, each day of the institute every teacher of the county was present. This is indeed a remarkable showing and the oldest teachers are unable to recall a time when such attendance was ever recorded before in Montour county. As Superintendent Derr regards it, it demonstrates the deep interest that the teachers of the county feel in the institute and matters pertaining to education.

County Superintendent Derr advised the teachers to prosecute their studies and endeavor to advance in the profession. Those who hold professional certificates—which, he said, under himself are good for only three years—he advised to apply for a permanent certificate. Those who are graduates of normal schools were advised to take up new branches each year and not to lose their interest until all the subjects are added to their diplomas. Those who hold permanent certificates were likewise requested to take up in succession all the subjects that remain, to the end that in process of time their certificates might have all the value of a normal school diploma.

The resolutions, which were quite comprehensive in their scope, were adopted without change or a dissenting voice. Thanks in usual form were extended to the instructors, the ministers of town, musicians and others who assisted to make the institute a success, also to the minister and the board of trustees for the use of the lecture room of the Mahoning Presbyterian church, Thursday night.

It was resolved that teachers' meetings and local institutes are helpful agencies in school work and that all teachers should attend them and participate; also that the beautifying of all school grounds and buildings is a great moral force and that it be recommended to the several school boards of the county for their consideration.

It was recommended that the term of the county schools be made eight months instead of seven so as to place them more nearly on par with city schools. It was recommended that township high schools be established wherever feasible and that all schools in the rural districts be supplied with the proper apparatus.

THE POLITICAL SITUATION TODAY. "The Man of the Hour," is to be presented for the first time in this city Friday evening. Mr. Broadhurst has taken for his central theme the political situation as it exists in nearly every great city in the country and has interwoven in the plot a very delightful love story. The young man is in love with the niece of the financier and she has told him that before she can promise to become his wife he must prove himself worthy and "do something." The mayorality is his opportunity. He accepts the nomination and wins the election. The franchise bill in the course of time passes the council and comes to the Mayor for signature, but Bennett, realizing that it is a "steal," steadfastly refuses to sign it. In the end strict honesty prevails and Bennett wins his sweetheart.

GREATER HAZLETON WINS ELECTION. HAZLETON, Pa., Dec. 9. Against combined and active opposition the voters of the fifth, ninth and fifteenth districts of Hazle township decided, at a special election yesterday, by a majority of 146, to become annexed to this city. Thereby they will double its area and increase the population from 14,230 to 30,000. The vote for annexation was 472, and against, 326. The election was the most exciting ever experienced in the kind of Luzerne county. The troops were at the polls all day to preserve order, and calls for their services were frequent. Hundreds of voters were challenged, and could not cast their ballots because they could not produce their tax receipts. Abner Smith, solicitor of the Hazle township school board, was arrested on oath of President Samuels, of the board of trade, on the charge of voting illegally. Annexation will become effective on January 1. Included in the annexed territory are many acres of coal land and two breakers. The coal companies fought annexation, fearing their lands would be assessed at a higher rate.

HOUSE FAVORS TWO BATTLESHIPS. WASHINGTON, Dec. 9. While the House committee on naval affairs has not formally considered the proposed increase in the navy, it has been learned that the members of the committee stand virtually as they did last winter, when an authorization for two battleships was made. That the committee will vote down the proposition of President Roosevelt for four battleships is now indicated. The attitude of leaders in the senate, declaring for an appropriation for two battleships annually, is said to appeal to the house leaders. To go further than that it is claimed, would endanger the passage of a satisfactory rivers and harbors bill.

ANOTHER MURDER IN NORTHUMBERLAND

Another bloody murder was added to Northumberland county's long list Friday night—the one hundred and eighty-ninth in twenty-one years. The victim is an Italian saloonkeeper named Joseph Delago, who ran a pool room in connection with his bar at Shamokin. He had been a resident of that town for twenty-five years and was well-to-do. He had amassed a comfortable fortune, and the fact that many of his countrymen were indebted to him for loans gives rise to the suspicion that there was a plot back of his murder.

The murderer's name is Angelo Moravi, an Italian who has been in this country only a couple of months. Moravi, with two fellow countrymen, Louis Ferrari and Joe Lanori, were in Delago's place playing pool. A dispute arose and Delago went to separate the men, when quick as a flash Moravi drew a stiletto and struck Delago in the neck, the blade penetrating the jugular vein, and then before the victim could turn around, thrust the weapon into his groin and severed the femoral artery. Delago stepped backward and fell and died in a few minutes. Moravi ran from the building and boarded a Shamokin and Edgewood car and after riding a few squares jumped off and got on a Mt. Carmel car. The police were promptly notified. Two of the State constabulary hastened to Mt. Carmel and found Moravi standing at a bar drinking. When he learned that the officers were the State constabulary he gave himself up. His hands and clothes were covered with blood—even the money in his trousers pocket was covered with blood. He was taken back to Shamokin Saturday for a hearing, and held for court without bail. His two companions are in custody and will be held as witnesses and possibly as accomplices in the crime. Both refuse to talk. There is a growing feeling that the murder is a Black Hand plot and that Moravi was brought over to do the job.

Rural Carrier's Horse Was Shot. The horse of Charles Ruckle, mail carrier on Danville R. F. D. No. 1, was shot while the carrier was covering his route Saturday afternoon. The bullet entered the fleshy part of the animal's hip and the wound is not serious. The shooting is surrounded with mystery.

Mr. Ruckle had arrived at a point on his route near James Hilbert's in the vicinity of Mooresburg, where fields skirt the road on both sides. Of a sudden a shot rang out and the carrier noticed his horse stagger, and then saw the blood spurt from a wound in the right hip. He immediately alighted but could see no one. He drove to Mr. Hilbert's place where remedies were applied. The horse's condition prevented him from covering the rest of his route.

The only explanation for the shooting that seems at all likely is that someone was doing illegal hunting. Mr. Ruckle does not entertain the theory that the shot was intended for himself, as he knows of no enemies on the route.

SON'S BODY LOST—PARENTS APPEAL. PHOENIXVILLE, Pa., Dec. 9. The failure of an express company to deliver the body of Harry Stackhouse, a 22-year-old United States seaman, in Phoenixville in time for the funeral has caused five postponements of the obsequies and prostrated his parents. The young sailor died in the hospital at Mare Island, California, on November 27, and his funeral was to have been held here on December 4. It has been postponed daily since then but yet no word of the missing corpse has been received. Yesterday his parents, in despair, sent a pathetic telegram to the Secretary of the Navy, petitioning him to make a search for the missing body. The last known of it was in Chicago, where it was seen on Thursday night.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

GOODRICH POST ELECTS OFFICERS

The following officers of Goodrich Post have been elected for the ensuing year: Post commander, W. M. Heddens; senior vice commander, Henry Kramer; junior vice commander, Gilbert Voris; chaplain, Samuel Mottern; quarter master, D. D. Williams; officer of the day, Henry Kern; officer of the guard, Wesley DeShay; trustee for three years, W. M. Heddens; surgeon, Dr. P. C. Newbaker. George W. Roat, Henry Kern and Thomas J. Rogers were chosen auditors. Henry Kern and George W. Roat were selected as representatives to the State encampment, which will be held at Gettysburg. D. D. Williams and J. L. Shannon are delegates. The nominations were made on Monday night, November 30th. The election was held on last Monday night. William M. Heddens, as post commander, has filled the position during the year past and was honored with reelection. The officers-elect will be installed on the first Monday night in January, the exercises constituting a special and very interesting event.
