FRANK C. ANGLE, Proprietor.

Danville, Pa., Feb. 4, 1909.

## ONLY ONE CASE OF DIPHTHERIA

The death rate in this district, which seemed abnormally low for several months, is gradually climbing up. December the report of the local registrar showed 17 deaths, which was only slightly higher than the death rate of the three preceding months. The same report for January shows 21 deaths.

The season has now arrived when the rigors of winter with the many and sudden changes in atmospheric conditions is beginning to demand its toll of sickness and death.

During January there were reported two cases of typhoid fever as against none in December. As relates to diphtheria the showing is more favorable. In December six cases of diphtheria were reported in a few days time. The outbreak was sufficiently marked to attract the attention of State Health Commissioner Dr. Dixon, who wrote Dr. Shultz, the local registrar, asking him to explain the cause. By the time that Dr. Shultz could reply it was evident that the disease was on the decline. During January but one case of diphtheria was reported. The cases reported in December existed in different parts of town and could not be traced to any common source. They were merely accidental in their origin.

During January there were two cases of pneumonia and two of scarlet fever. No deaths resulted from communicable diseases.

Of the 21 deaths reported 9 occurred at the hospital for the insane. Twenty-one deaths, the local registrar states, has been the average number for several years past.

Foley's Urino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Crino is superior to pills and tablets as it does not gripe or nauseate. Why take anything else? Paules & Co., Pharmacy.

## STATE MUST BEAR ONE-HALF EXPENSE

At the meeting of officers of third class cities, held at Harrisburg last week, interest largely centered in the sewage disposal bill, which is finally approved by the committee provides that the state shall pay one-half the expense of constructing plants and one-half of all necessary additions thereto, and renews thereof. The bill, as originally drafted, carried with it an appropriation of \$6,000,000, but after consideration it was realized that to ask for an appropriation of such a large amount at this time might result in the measure being killed and the figures were put at \$250,000. This amount, it is believed will be sufficient to meet all demands for the next two years, as little work will be done in that time on the actual construction of plants, the principal expense now being in the preparation of plans, which must be borne by the municipalities affected.

### WORK TO BE DONE JOINTLY.

Section two of the proposed act provides that the work of constructing sewage disposal plants shall be done by contract in the joint names of the commonwealth of Pennsylvania and the respective municipalities affected. Bids are to be forwarded to the commissioner of the state department of health, with the finding and recommendation of the city or borough councils as to whom the bid should be awarded as the lowest responsible bidder. Both the state department of health and the city shall have the right to reject any or all bids if they consider the same unreasonable or if the prices named are materially higher than the estimated cost of the work provided.

### HOW PAYMENT IS TO BE MADE.

The state's one-half part of the expense of constructing sewage disposal plants is to be paid by the state treasurer upon warrant of the commissioner of the state department of health, attested by the chief engineer of the department and the city's share is provided by law. Partial payment is to be made as the work progresses from time to time, on estimates of the completed work, as approved by the commissioner of the state department of health, but not more than two-thirds of any such estimate shall be paid in advance of the final completion.

In cases where a city or borough has already built or now has in course of construction a sewage disposal plant the bill provides that the state shall reimburse such city or borough to the extent of one-half of the actual present value of such plant.

### WILL BEGIN ACTIVE CAMPAIGN.

It was decided by the committee of solicitors to at once begin an active campaign with the object of securing support for the bill by members of the house and senate. Printed copies will be sent to the officials of every city and borough in the state and they will be asked to use their influence with the legislators to secure its passage.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. Paules & Co., Pharmacy.

## INTELLECTUAL AND SPIRITUAL TREAT

A great intellectual and spiritual treat awaits the good people of Danville. Bishop John H. Vincent of the Methodist Episcopal church, the father of the Chautauque idea, and the honored head of the Chautauque Literary and Scientific circle since its inauguration thirty years ago, will conduct a "Seven Days' Study in Church Life" in St. Paul's Methodist church, beginning Wednesday, February 10th. The Bishop will lecture every evening at 4:00 o'clock, and every evening at 8:00 o'clock.

On Sunday morning he will preach and in all probability speak in the Y. M. C. A. to men on Sunday afternoon. "It will be the aim of this series of meetings to promote spiritual results; the increase of personal faith, the deepening of the sense of personal responsibility, a steady and habitual surrender of the life to God and to the service of man, and the acceptance of God's grace according to the exceeding great and precious promises of his word." The Bishop's mission, it is therefore plain to see, will in effect be to Christians of every name, and to people of all classes. He is undoubtedly the most widely known of all Methodist bishops, while his broad sympathies and genuine catholicity of spirit and deep spirituality endear him to all who come in contact with him. His presence among us for a week, and his labor of love in his chosen field, ought to be regarded as a notable event in the religious life of the community, and ought to attract to his meetings Christians of all denominations.

From all places where Bishop Vincent has held meetings come enthusiastic testimonies to the great spiritual uplift that attends his work, and it is hoped that his mission in Danville will result in a quickening of the spiritual life and activities of hundreds of our people. Bishop Vincent has always been interested in young people, and never more so than now, in his mellow and beautiful old age. The young people of Danville ought to throng to his meetings. They will be better for seeing and hearing him.

Kennedy's Laxative Cough Syrup not only cures inflammation and irritation of throat and lungs, but it drives out the cold from the system by a free yet gentle action of the bowels. Sold by Paules & Co.

The Nervous Mother. An Atchison woman who is very nervous and inclined to worry is the mother of a boy. She recently read of a boy who was killed while roller skating and immediately put her son's roller skates in the fire. Another newspaper told of a boy who was killed riding the street cars, and as boys are frequently killed while walking by street cars running over them she chained her boy to the front door. Then she read of a boy who died of blood poisoning caused by his shoe rubbing his heel, and her boy's shoes and stockings came off. The story of a boy who bit off a button on his wrist and choked to death resulted in her talking off her boy's clothes. He had left only a flannel shirt, and she is reading now that wearing flannel shirts is the cause of great mortality and is thinking of removing that flannel shirt.

The Bloom on the Egg. "I know these eggs at least are fresh," said the young housewife. "As I took them from the basket a white bloom, like the down of a peach, came off on my hands." Her husband, a food expert, gave a sneering laugh. "In that case," he said, "I'll forego my usual morning omelette. That bloom, my dear, proves your eggs to be a year or so old—maybe four or five years old."

The Riddle. Here is a strange riddle which we have never met before. It is sent us by a friend from Jhansi, India: Divide 150 by 0. Add two-thirds of 10. So ends the riddle. Here is the answer: COLENSO.

Changeable Names. Tom—Belle is a strange girl. She doesn't know the names of some of her best friends. Maud—That's nothing. Why, I don't even know what my own name is. "I want," said the lady impressively, "a smaller trunk than this, but one that holds more."—St. Louis Republic.

The Process. "You are a pretty sharp boy, Tommy." "Well, I ought to be. Pa takes me out in the wood shed and straps me three or four times a week."—Harper's Weekly.

The Ideal Trunk. The lady had looked at about twenty trunks without finding one to her satisfaction. At length the salesman suggested that if she could give him an idea of what she had in mind he might be able to suit her. "I want," said the lady impressively, "a smaller trunk than this, but one that holds more."—St. Louis Republic.

Pays to Advertise. "When I was doing business in a very small way," remarked a shrewd merchant, "I advertised that I had no branch stores."

"Well," said the man who was running a classy shop, and pretty soon I was able to open branch stores. See?"

## Y. M. C. A. TAKES SECOND PLACE

STANDING OF CLUBS		
W.	L.	P.C.
High School	3	0 1.000
Y. M. C. A.	3	1 .667
Reading Iron Co.	2	2 .500
St. Michael's	1	3 .334
Company F	0	3 .000

Before a good sized crowd at the armory on Saturday evening the Reading Iron Co. five was retired to third place in the city basketball league by the Y. M. C. A. team, score 48 to 24. By excellent floor work the Y. M. C. A. boys gained a big lead at the start of the game which Reading Iron Co. could not overcome and at half time their score stood 17 points better than R. I. O's.

In the second half a great deal of improvement was noticeable in R. I. O's playing, both in team work and shooting. The basket which heretofore had seemed an unknown quantity to them began to get within reach and they were playing good ball with a chance of regaining their lost ground when time was called. Pritchard put up a nice game for R. I. O., while H. Loeb, Y. M. C. A.'s big guard, seemed able to toss a basket from any difficult point. The all around team work of Y. M. C. A. is worthy of mention.

The line-up: Y. M. C. A.—R. I. O. Y. Winner forward, Pritchard Kase forward, Lovett Ainsworth center, Feltz Lee guard, Douglas Snyder guard, Oit Goals for field—Winner 8, Kase 4, Ainsworth 3, Lee 3, Pritchard 4, Feltz 3, Lovett 1, Douglas 1. Goals from fouls—Y. M. C. A. 11; R. I. O. 5.

ST. MICHAEL'S 35. CO. F. 10. In the more exciting and faster game of the evening St. Michael's defeated Company F by the score of 35 to 10. Company F showed great improvement in floor work and offense and made their opponents fight hard for every point scored. With plenty of tries they were unable, however, to locate the basket, missing more attempts than would seem possible. When the Company F boys overcome this difficulty they will begin to make some noise in the league.

The playing of Landan at guard and the foul shooting of Rudy were features of the game. St. Michael's played a good all around game. Hickey especially distinguished himself by a number of difficult goals.

The line-up: St. Michael's—Company F. Driscoll forward, Rudy McVey forward, Nevius Hickey center, DeMott Mainzer guard, Landan Sherwin guard. Goals for field—Driscoll 3, McVey 3, Hickey 9, Mainzer 1, Sherwin 1, Nevius 2. Goals from fouls—St. Michael's 1; Co. F. 6.

Kodol for Dyspepsia and Indigestion does the ordinary work of the stomach, so that by taking a little Kodol every now and then you cannot possibly have indigestion or any form of stomach trouble. Sold by Paules & Co.

Fire in Rush Township. The office, woodhouse and the building occupied by the employes on the farm of John Bowden, Rush township, were totally destroyed by fire which broke out early Saturday morning. The flames had gained great headway when discovered and in spite of every effort could not be overcome.

O. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Paules & Co., Pharmacy.

LOCKERS FOR MATINEE HATS Manager of a Paris Theater Provides Them For Patrons. A clever theatrical manager in Paris has found a way of solving the matinee hat question which has been vexing that city, says Town and Country. It has all along been urged, with reason, that a hat costing over \$100 should not be left in the cloakroom with sticks and overcoats.

M. Gemier, who manages the Theatre Antoine, appreciated the reasonableness of this argument and has pleased the women of Paris by catering to their hats instead of ordering them out of the theater when they refused to leave them in the cloakroom.

He has lined the corridor of his playhouse with pigeonholes and fitted mirrors at convenient places. Every lady on booking her seat gets a key which fits the pigeonhole allotted to her place, and she can thus rest assured that her latest piece of millinery will not suffer. This is a far wiser arrangement than rising in wrath against the matinee hat, for nowadays there is often a good deal of coiffure attached to a hat, and the locker system keeps the secret.

Pneumonia Follows La Grippe. Pneumonia often follows la grippe but never follows the use of Foley's Honey and Tar, for la grippe coughs and deep seated colds. Refuse any but the genuine in the yellow package. Paules & Co., Pharmacy.

ANGER IS DANGEROUS. It wrecks the Whole System and Tends to Shorten Life. It is well known that a violent fit of temper affects the heart instantly, and physicians have discovered the presence of poison in the blood immediately after such outburst. This explains why we feel so depressed, exhausted and nervous after any storm of passion—worry, jealousy or revenge—has swept through the mind. It has left in its wake vicious mental poison and other harmful secretions in the brain and blood.

There is no constitution so strong but it will ultimately succumb to the constant racking and twisting of the nerve centers caused by an uncontrolled temper. Every time you become angry you reverse all of the normal mental and physical processes. Everything in you rebels against passion storms; every mental faculty protests against their abuse.

If people only realized what havoc indulgence in hot temper plays in their delicate nervous structure, if they could only see with the physical eyes the damage done as they can see what follows in the wake of a tornado, they would not dare to get angry.

When the brain cells are overheated from a fit of temper their efficiency is seriously impaired, if not absolutely ruined. The presence of the anger poison, the shock to the nervous system, is what makes the victim so exhausted and demoralized after loss of self control.—Orison Swett Marden in Success Magazine.

Speak with contempt of no man. Every one but a tender sense of reputation.—Burton.

Florida Winter Tours VIA PENNSYLVANIA R. R. February 9 and 23, and March 9, 1909. ROUND \$47.70 TRIP From South Danville SPECIAL PULLMAN TRAINS Independent Travel in Florida For detailed literature and full information consult nearest Ticket Agent.

## RELATING TO THE HOSPITAL

The official reports of the trustees and officers of the State hospital for the insane at Danville are out for the biennial period ending September 30, 1908. The reports embody much information that is of general interest.

The trustees, report for the biennial period shows the per capita cost per patient for the period. The expenditures for maintenance for the year ending August 13, 1907, amounted to \$262,165.01, making the prorata cost 202.34 per year or \$3.89 per week.

The expenditures for maintenance for the year ending August 31, 1908, amounted to \$282,033.53, representing the yearly cost per patient of \$308.01, an average weekly cost of \$4.00.

The trustees' report asks the board of public charities and the board of lunacy to recommend an appropriation for the erection of a permanent building, of a capacity of about fifty patients, for the segregation and care of the tuberculous insane, now at the hospital, first because they are of the degenerate class, easily impressed by the infectious diseases; second, being helpless they should have every protection from preventable diseases; third, tuberculosis being contagious and infectious, it should be confined in safe, circumscribed limits and not diffused as at present in the hospital.

The trustees also ask that an appropriation be recommended for the purchase of more land. The present estate, including the last purchase, embraces less than 500 acres, the smallest quantity of land owned by any similar institution in the State. A valuable tract of land adjoining the hospital farm is now said to be available and the trustees propose that the legislature be asked for an appropriation sufficient to purchase it.

Among other important needs which the trustees ask be recommended to the legislature are \$33,000 for an employes' building to accommodate 44 men; \$22,000 for an employes' building to accommodate 22 women; \$15,000 for home for convalescent male patients; \$15,000 for home for convalescent female patients.

The superintendent's report shows that at the end of the biennial period, September 30, 1908, there were remaining in the hospital, males, 718; females, 668; total, 1386. The normal capacity of the institution is 500 men, 450 women or 950 total. The number remaining is an excess of 230 men, 218 women or 448. When the buildings in course of erection are ready for occupancy, additional room will be provided for 175 men and 275 women.

Five male cases were admitted under the inebriate act. Six were discharged and two remain under treatment.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Paules & Co., Pharmacy.

Skating Rink Opens. The new skating rink on Ferry street last night opened most auspiciously. By 7:30 o'clock the floor was well filled with skaters. The inspiring music and the decorations seemed to add to the general effect. Many of the skaters were the merest novices, but it was surprising to note how quickly they acquired skill and were able to hold their own with the crowd.

Umstead-Derry. Russell Umstead of Derry township and Mrs. Emma Moser of Valley township were married Wednesday evening at 8 o'clock by the Rev. C. D. Lerch at No. 417 Mill street.

Bartlett H. Waite Claimed by Death. Bartlett H. Waite, a widely known and nearly life-long resident of this city, died at the home of his son, Paul Waite, at Parsons on Saturday afternoon.

The deceased was a native of Center county, but he spent the greater part of his life in Danville. He was a brick manufacturer and followed the business for many years. The brick used in building the opera house block as well as many other important structures in Danville were manufactured in Mr. Waite's yard.

The deceased was 78 years of age. He was a widower, his wife dying some fifteen years ago. He is survived by eight sons, Frank of Wilkes-Barre; William, of Sugar Notch; George, and Paul, of Parsons; Edward, of Milton; John G., of Danville; Robert, of Colesburg, N. Y.; and Walter, of Harrisburg; also one daughter, Miss Jennie, who resides in Danville.

Kodol is a combination of all the natural digestive juices found in an ordinary healthy stomach, and it will digest your food in a natural way. Pleasant to take. Sold by Paules & Co.

Jos. R. Eck Passes Away. Joseph R. Eck, a well-known resident of Danville, died at his home, No. 508 Walnut street, at 11 o'clock Sunday night. He was aged 59 years, 1 month and 23 days.

The deceased was born at Iola, Columbia county. During the last nine years he was a resident of Danville. By occupation he was a carpenter. During six years prior to his death he was incapacitated for active employment by ill health. The cause of death was apoplexy.

The deceased is survived by his widow; one daughter, Mrs. James Nash of Berwick; and two sons, Lester of Danville and William of Bloomsburg. He was a member of Sr. O. U. A. M. of Bloomsburg.

## PLAYED WITH RIFLE AND SHOT BROTHER

With a Robert rifle which had been loaded and left standing in the corner of the kitchen by an elder brother, John, the four year old son of Mr. and Mrs. H. S. Shoemaker, residing on the J. B. Robinson farm between Almedia and Lime Ridge, Columbia county, shot and killed on Friday afternoon, his little brother Harold, aged about one year. The shot entered the child's brain and death followed in about an hour.

During the afternoon the older son of Mr. and Mrs. Shoemaker had been using the rifle in the field, shooting mark, and returned home about the middle of the afternoon and placed the rifle in the corner of the kitchen, thinking however that the cartridge had been removed.

While the older members of the family were temporarily out of the room, John, the young son, got the rifle and was playing with it near the cradle in which his little brother was lying, when it was discharged the load entering the baby's face near the nose.

Hearing the report of the gun the mother ran into the room in which the children had been playing and at once realized what had been done.

She immediately summoned Doctor Wolfe, of Espy, who soon arrived on the scene, but the injury was of such a character that it was impossible to do anything for the child and death resulted in about an hour after being shot.

## MAY PROVE FATAL

Backache is only a simple thing at first. But when you know 'tis from the kidneys; That serious kidney troubles follow: That diabetes, Bright's disease may be the fact, through my back that I was especially severe if I took cold. The kidney secretions were attended with a scalding sensation and were far too frequent in passage. I read so much about Doan's Kidney Pills that I finally had my wife procure a box for me at Hart's drug store. I had only used about half the contents when a great change for the better was noticeable. From that day to this I have had no trouble from my back or kidneys, despite the fact that I have done a great deal of heavy work. My confidence in Doan's Kidney Pills is unlimited."

For sale by all dealers. Price 50 cents. Foster-McMullin Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Young People Entertained. A number of young people were entertained at the home of Miss Ethel Cromley, Vine street, on Friday evening. A very pleasant time was spent. Refreshments were served.

Those present were: Misses Minnie Gramsman, Agnes Mintzer, Irene Nevius, Mary VonBlon, Dora Schatz, Bertha Kessler, Ethel Cromley, Jessie Hemery, Theresa Schott, Helen Kapp, Margaret Kapp, Bertha Heller, Olive Madden, Ethel Rockefeller, Bessie Baylor, May Morgan, Charles Heller, Clyde Patton, William Spelser, Harris Renninger, Paul Knoch, Omer Young, Carl Rockefeller and Howard Ricketts.

DeWitt's Kidney and Bladder Pills are the best pills made for backache, weak back, urinary disorders, etc. Sold by Paules and Co.

DeWitt's Little Early Risers, gentle, easy, pleasant little liver pills. Sold by Paules and Co.

New Paint. The interior of Hotel Baldy is receiving a general renovation. W. W. Mottern yesterday was engaged in repainting the walls and ceiling of the bar room and the office. Two coats of paint will be applied.

Convalescent. Former Congressman Amos Vastine, who has been confined to his home by illness for several weeks past has improved in condition very much during several days past. He was able to leave his room yesterday.

CAN YOU BELIEVE YOUR SENSES? When two of them, taste and smell, having been impaired if not utterly destroyed, by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected air-passages and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 26 Warren Street, New York, on receipt of 50 cents.

Lodge Holds a Reception. The rooms of Beaver lodge, No. 132, K. of P., Sunday afternoon were the scene of a delightful function, the central figure being the well-known actor, Edgar L. Benn, who played "Uncle Tom" in Al W. Martin's company, which gave performances in the opera house Saturday.

Mr. Benn is a member of Beaver lodge, this city. He was initiated into the mysteries of the order eighteen years ago, when as a member of the Kitty Rhoads repertoire company he was playing in this city.

During the long interim following his initiation Sunday was the first opportunity he had of meeting with the members of Beaver lodge. The brethren decided to celebrate the event in a way that would reflect their appreciation of his visit. They accordingly planned a reception which was held in the lodge room during the afternoon.

A number of very felicitous addresses were made. Mr. Benn in well chosen remarks showed that he possesses the true fraternal spirit and appreciated the pleasure of meeting with the brethren of Beaver lodge. During all the years of his absence he has kept up his standing, and his fidelity to the lodge was extolled by the speakers as in succession they expressed the pleasure they felt in being present on the occasion.

Mr. Benn is accompanied by his wife, whose rendition of a saxophone solo and interpretation of the part of Ophelia were much enjoyed by two audiences on Saturday.

It May Be Pneumonia. "A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.

## DAVID E. HARING FOR BURGESS

David E. Haring, foreman of the moulding department of the Danville Stove and Manufacturing company has been selected by the R publicans as the candidate for chief Burgess of Danville. Alex. Foster, who was chosen as nominee for Burgess at the Republican borough convention on January 23rd, declined to be a candidate and another nominee had to be chosen. The selection of Mr. Haring meets with universal approval by the party he represents.

PROHIBITION PARTY. The Prohibition party made its nominations on Saturday. For chief Burgess Frank P. Johnson was chosen as nominee by the Prohibitionists.

Amos B. Still is nominated as overseer of the poor of the Danville and Mahoning poor district.

For borough auditor, Charles C. Fisher was chosen as nominee. No other nominations were made by the prohibitionists.

With A. C. Amesbury, the Democratic nominee, we now have three candidates for chief Burgess. Conditions are favorable for quite a contest.

DeWitt's Carbolic Witch Hazel Salve, the original is good for anything when a salve is needed, and is especially good for piles. Sold by Paules and Co.

Would Pension All Veterans. John G. McHenry, congressman from this district, has introduced a bill at the House of Representatives, providing for the granting of pensions to all enlisted men, soldiers and officers who served in the Civil War and in the war with Mexico.

Will Erect Dwelling. J. W. Phillips, the Mill street merchant has purchased a lot of George F. Reifsnnyder, West Mahoning street, and will erect upon it a modern dwelling, which he will occupy as a residence. Mr. Phillips is the owner of several fine concrete residences, on West Mahoning street, built two years ago, adjoining the lot which he has just purchased.

DeWitt's Little Early Risers, gentle, easy, pleasant little liver pills. Sold by Paules and Co.

Married in England. Miss Minnie Cannard for some years a resident of this city, was married in Bristol, England, January 18th, to Mr. C. Thompson, secretary of the Y. M. C. A., at Salisbury, Eng., where the newly wedded couple will reside.

The bride left Danville last November for a visit with her parents in England. She is a most highly esteemed young woman.

Death of Mrs. Lydia Bryant. Mrs. Lydia Bryant departed this life at her home, Sidler hill, at 7 o'clock Saturday evening, after a ten days' illness.

The deceased was a life long resident of this vicinity and was a member of Trinity M. E. church. She is survived by one son, Charles Bryant, Frosty Valley, and one daughter, Mrs. Martha Baker of this city.

She is also survived by three brothers, Lafayette, Philip and Jacob Roup.

Visited Milton. County Commissioner George R. Sechler and Clerk H. C. Blue were in Milton yesterday afternoon on business connected with the commissioners' office.

While in Milton Mr. Blue called on his aunt, Mrs. Cyrus Brown, one of the oldest residents, and only surviving sister of his deceased mother.

Marriage Licenses. Two marriage licenses were issued by Prothonotary Thomas G. Vincent Monday.

One of the couples licensed to wed was Charles Whalen of Rush township, Northumberland county, and Miss Laura Crawford of Mayberry township, this county.

The other couple was Russell Umstead of Derry township and Miss Emma Moser of Valley township.

Mrs. Wm. Brent Departs This Life. Mrs. William Brent, a well known and esteemed resident of this city, departed this life at 7 o'clock Sunday morning after a painful illness covering the period of one year.

Mrs. Brent's husband died about two years ago. She is survived by two sons, Edward and Arthur Brent, and two daughters, Mrs. Thomas James, Jr., and Miss May, the latter residing at home. She is also survived by her father, John D. Poyer.

Hexamethylenetetramine. The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. Paules & Co., Pharmacy.

Col. John Dykens. Colonel John Dykens, of Randolph, Utah, left for the west Saturday afternoon after a three week's visit at the home of his nephew, R. M. Pursel, Valley township. Colonel Dykens is a native of Muncie. He is a widely known veteran of the Civil war. While in the army he saw service in the same regiment as Richard W. Egert and other of our townsmen.

It May Be Pneumonia. "A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.
