

SPECIAL MEETING OF COUNCIL

The borough council Monday evening held a special meeting for the purpose of passing a resolution urging Senator Cochran and Representative Ammerman to support the bill relating to sewage disposal systems in cities, boroughs, and other municipalities of this commonwealth, providing for the cost thereof and making an appropriation for the same.

Briefly, the proposed act provides that whenever any city or borough shall be directed by the State department of health to cease or plan to cease emptying its untreated or un-purified sewage into the waters of the State and is, therefore, obliged to provide for the treatment of its sewage by some system of sewage disposal, then, and in all such cases, the State shall pay one-half of the expense of constructing such system of disposal and one-half of all necessary additions thereto and renewals thereof.

Section 7 provides that \$250,000 shall be appropriated to carry out the provisions of the act during the two fiscal years beginning June 1, 1909.

The above sum is considered hopelessly inadequate by council. It is believed, however, that the sum to be appropriated will be raised to a much higher figure before the bill is introduced.

Danville is one of those towns that have been directed by the State department of health to provide for the treatment of its sewage by some system of sewage disposal. The proposed bill, therefore, appeals to our council very strongly, especially, in view of the fact that the amount to be appropriated may be raised higher.

Borough Solicitor E. S. Gearhart was at the meeting and presented a copy of the act. He is much interested in the matter and strongly urged that action be taken favoring the passage of the bill.

The following resolution was duly enacted:
BE IT AND IT IS HEREBY RESOLVED by the town council of the said Borough of Danville that Honorable J. Henry Cochran, Senator from this district, and Honorable R. Scott Ammerman, representative from this district, respectively, be hereby respectfully requested to lend their influence to and support the said bill in their respective branches of the said State Legislature, and that certified copies of this Resolution be transmitted to the said Senator and Representative.

The following members of council were present at the special meeting: Schatz, Cleaver, Pursel, Everhart, Meyer, Russell, Marshall, Angle and Conolley.

WOMEN'S WOES.

Danville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ailments cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people in this locality.

Mrs. V. Lloyd, 431 South Front street, Milton, Pa., says: "I can recommend Doan's Kidney Pills just as highly at this time as when I gave a public statement in their favor some years ago. They cured me of backache and kidney trouble and I have used them once or twice since for pains in my back, finding prompt relief. I have recommended Doan's Kidney Pills to many acquaintances and they all speak of them in the highest terms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Breaks Leg Dozen Times.

Joseph Hurley, aged 15 years, of Pottsville, fell on Saturday and broke a thigh bone. Within three years the boy has had his leg broken a dozen times. His bones seem as brittle as chalk, and physicians are puzzled how he survives his many accidents.

Election Notice.

Notice is hereby given that an election will be held by the stockholders of the Colonial Spinning Mills, (Incorporated) at their office in the Borough of Danville, Pa., on Saturday, February 27, 1909, between the hours of 5 and 6, for the purpose of electing a Board of Directors for the ensuing year and for the purpose of transacting such other business as may come before them.

Centralia Fears Big Cave-In.
The residents of Centralia are enraged at the Lehigh Coal company, blaming it for a big cave-in Friday on lands owned by John O'Donnell. They say the coal has been mined too close to the surface and believe a wholesale collapse of land may result.

A \$70,000 fire recently wiped out an entire square of buildings in Centralia. The mineral rights under the fire district belong to the company and contain a huge block of coal. Following the fire the company offered lot owners a price not to rebuild so that the fuel could be removed without fear that cave-ins would cause loss of life. Some owners sold, while more rebuilt. The company started to mine the square, O'Donnell's lot being the first to collapse.

O'Donnell unless the company pays him what he considers a fair price for the lot will likely institute suit for damages, as will more owners if their lots are destroyed. The company's coal land embraces most of the town's site and the corporation is busy taking out all the coal it can from under it, a number of houses being partly damaged as a result.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membrane, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Paules & Co., Pharmacy.

William Howe and Miss Christina Johnson, both of this city, were married by the Rev. Joseph E. Guy at the parsonage of Shiloh Reformed church on Saturday evening.

Horse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. Paules & Co., Pharmacy.

Licenses in Northumberland

About \$75,000 hats been realized in Northumberland county from fees of liquor licenses. Should any of the applications now held under advisement by the court be granted this total will be increased.

In all 384 licenses have been granted. Of these 237 are from the boroughs of the county and pay \$300 each; 121 are from the townships and pay \$100 each. The remainder are wholesale and brewers' licenses, whose fees vary, the total proceeds from them going to the State. About \$25,000 in all will be paid to the State, the remainder of the total fund remaining within the county.

Plymouth church, Brooklyn, has just unveiled a tablet marking a pew which was occupied a couple of times by Abraham Lincoln.

STATE RECEIVES

NEARLY ONE-HALF

It may be that Montour has relatively a larger number of licensed houses than some of our neighboring counties, but it will have to be admitted that the recompense is one of the many total of liquor licenses, a fixed proportion of which accrues to the county.

The licensed houses this year are one less in number than last year. The hotel licenses amount to \$6,100.00; brewers' license, \$1,300.00; wholesale liquor license, \$150.00. The total amount, \$7,550.00.
The disposition of the license money is not well understood by the general public. It goes to the State, which receives all the wholesale and the brewers' licenses, besides fifty dollars of each borough's license and twenty-five dollars of the township license. Of the hotel licenses the State receives one-fourth. The remainder is divided among the county, the boroughs and townships, the former receiving one-fifth and the two latter four-fifths.

The exact sums distributed are as follows: State, \$3,144.25; Danville borough, \$2,850.00; Washingtonville borough, \$238.00; Anthony township, \$57.00; Derry township, \$114.00; Liberty township, \$57.00; Valley township, \$171.00; county, \$89.25; county treasurer, \$339.00.
*Although in Montour county there are thirty-eight licenses. Included in the number are twenty-seven hotel licenses.

CITY LEAGUE

PLAYS TWO

STANDING OF CLUBS

High School	4	0	1.000
Y. M. C. A.	3	2	.600
Reading Iron Co.	2	3	.400
St. Michael's	2	3	.400
Company F	0	3	.000

Spectators at the armory on Saturday night were treated to two of the fastest and hardest played games of the series in City league ball game. The crowd was large and enthusiastic and didn't hesitate to show its approval of the many sensational plays.

The evening opened with the Y. M. C. A. High School contest. The teams seemed evenly matched and gave promise of a red hot game. For a time they pulled evenly, neither side scoring. Then Daily for High School began to do some stunts with the ball which succeeded in mystifying Y. M. C. A. to such an extent that the score had gone up eight or ten points before they came to. Ryan too, occasionally condescended to leave his anchorage in the southwest corner, long enough to toss in a few. Y. M. C. A. seemed somewhat dazed and didn't play in their best form. They carried the ball successfully but failed to score. The half ended with the score 34-7 in favor of Danville High School.

In the second half the Y. M. C. A. boys put together and plainly outplayed their opponents. Kase made some pretty baskets from field while Winter seemed able to toss 'em in from anywhere. A couple of unerring long shots by Pentz also helped boost the score.

Dailey and Edmondson for High School threw a number of difficult baskets while Price at forward, put up an excellent game. The game ended 49-29 in High School's favor.

The lineup:
D. H. S. Y. M. C. A.
Ryan forward Kase
Price forward Johnson
Dailey center Pentz
Edmondson guard Winter
Cooper guard Snyder
Goals from field:—Ryan 4, Price 2, Dailey 8, Edmondson 5, Cooper 4, Kase 3, Pentz 4, Winner 6. Goals from fouls:—Ryan 3; Kase 3. Referee, Dougherty.

ST. MICHAEL'S 23.

In the second game St. Michael's defeated R. I. C. by the score of 23-14 and tied them for third place. The game from start to finish was exciting with St. Michael's having slightly the best of the argument. J. McVey played a particularly good game at guard. Cooper for Reading Iron company scored the only basket in the first half. Pritchard did some good work on foul shooting. At half time score stood 19-6 in favor of St. Michael's. In the second half, R. I. C. showed much improvement carrying the ball nicely and holding their opponents down to two goals, running their own score up 8 points. The St. Michael's five were especially good on floor work and are playing good ball. R. I. C. has been in a slump for the last couple of games. The boys don't seem to get started right gaining strength just a little to late in the game. What is needed is a little more ginger in the start.

The lineup:
St. MICHAEL'S R. I. C.
McDermott forward Lovett
Hickey forward Cooper
McVey center Pritchard
J. McVey guard Douglas
Mintzer guard Jones
Goals from field:—McDermott 3, E. McVey 3, J. McVey 4, Mintzer 1, Pritchard 1, Cooper 3. Goals from fouls:—J. McVey 1, Pritchard 2. Referee, Dougherty.

GOOD ICE IN

ABUNDANCE

Although by no means a severe winter yet our ice dealers have succeeded in securing a good and abundant ice supply. Both A. M. Peters and J. L. Kline, two ice men who mostly depend upon the home product, are stocked up to the full capacity of their buildings. The dealers are convinced that they have not had such a heavy and choice stock of ice on hand for many years. Thus far there have been only a couple of periods, in which desirable ice could be harvested to any advantage and that a good crop has been stored away so early in the season is due wholly to good management in taking hold of the work at the right moment.

A. M. Peters finished filling the second of his two buildings on Saturday evening. The capacity of the larger building, Mr. Peters says, is one thousand tons, of the smaller, three hundred tons. All of Mr. Peter's ice was obtained at the dam on Mahoning creek.

Mr. Kline finished filling the smaller of his two ice houses on Friday. The large building was filled a couple of weeks ago. He obtained his ice at the ponds of Castle Grove.

The ice houses of John Jacobs' sons, Charles Lyons and others have also been filled with good ice.

To Maintain Gates and Watchmen.
Our borough council has gone on record as favoring safety gates or watchmen at every railroad crossing in the borough.

At a regular meeting of council, Friday night, on motion it was ordered that our representative Hon. R. S. Ammerman, be requested to lend his influence to and support the bill just introduced in the legislature, requiring all railroad companies traversing any borough to erect and maintain safety gates and watchmen at all public grade crossings within the proper municipal limits of such boroughs.

Pleasantly Entertained.

On Friday a number of friends led to the home of Mr. and Mrs. William D. Wintersteen, Mahoning township, near the State hospital, where a most enjoyable time was spent. The guests were entertained with music and elaborate refreshments. Those present were: Mr. and Mrs. O. P. Shultz, Mr. and Mrs. Lloyd Phillips, Mr. and Mrs. Alfred Hunter, Mr. and Mrs. Calvin Demott, Mr. and Mrs. J. W. Kinney, Mr. and Mrs. S. H. Lingo, of Pittsburg; Mrs. D. A. Shultz, Mrs. R. E. Demott, Mrs. Myra Runyan, Mrs. George W. Fry, Misses Pauline Demott, Leota Eves, Florence Shultz, Isabella Werkheiser, Gertrude and Lizzie Smith, Estella Kinney, Gertrude Mordan, Anna Mordan, Lydia Pearl Mordan, Irene Mordan, Messrs. Valentine Day.

February 14 is St. Valentine's Day and the store windows bear full evidence of that fact. That the day this year falls on Sunday will have but little effect on the customs of the occasion in a foregone conclusion. The sending of remembrances has increased remarkably with the development of the card craze and the treasury of the postal department is greatly benefited with a corresponding depletion of the physical endurance and good temper of the army of postal employees. While most of the cards are in the shape of cordial greetings we still find the old comic ones on the market. It would be highly desirable if it were possible to eliminate the funny ones for they frequently cause great mental distress and worry where only fun and good humor is intended, but at the same time they also serve the purpose of permitting one to see himself as others see him.

A glance at the various store windows emphasizes the fact that each year the popularity of Valentine Day is growing, the assortment this year containing many beautiful designs at reasonable prices, with a big depletion of the comical type, which are so often responsible for permanent ill feeling among life long friends.

Party from Danville.

Mr. and Mrs. Richard Rogers, of Valley township, very pleasantly entertained at their home on Friday evening a party of young folks from Danville. The evening was passed with music and games. Refreshments were served.

Those present were Misses Thurza Baynham, Wanda Whapham, Ruth Dietz, Viola Wray, Emily Prout, Edith Shepperson, Esther Rogers, Julia Warner, Ethel Rogers, Annie Rogers; Messrs. Robert Ammerman, Harry Moyer, Isaiah Mader, Joseph Hess, James Evans, Howard Morrison, William Case, Mrs. Arthur Shepperson, Mrs. John J. Jones and Mr. and Mrs. Richard Rogers.

NO TRESPASSING

ON THE CANAL

During the last few days the D. L. & W. Railroad company has been setting up trespass notices all along the canal. The warning is very conspicuous, appearing on a board three feet in length and fourteen inches wide supported by a heavy post planted on the bank of the canal. The notice reads as follows:

"Private property of the Delaware, Lackawanna and Western Railroad Company. All persons are warned from trespassing under the penalty provided by the law."
The notices are posted along the canal not only in the borough but also above and below town.

The motive of the canal company in erecting these notices at this time is not clear. Outside of town, among the farmers, the move has caused some apprehension, as it is very difficult for a farmer, whose land is intersected by the old ditch, to avoid trespassing in some form.

It is generally surmised that the object of the owners in posting the notices on the canal is solely to prevent persons from using it as a dumping ground, thereby contributing to the impure and offensive condition in the bottom, which has become the cause of so much complaint of late.

It is quite certain if the canal company chooses to carry its warning into effect it can prevent further pollution of the canal by persons who have objectionable matter in one form or another to dispose of.

AIMED BLOW AT "TREATING."

A bill aimed to put a stop to "treating" was introduced in the house by M. C. Watson, of Indiana county. The bill prohibits any person to buy intoxicating liquor for any other person at any bar or in any room adjacent to the bar room. Any one violating the proposed law shall be guilty of a misdemeanor and shall be fined not less than \$5 and not more than \$20. If the fine is not paid the guilty one shall serve a day in prison for each dollar.
TO CRUSH TRUSTS.

W. T. Cressy, of Columbia, introduced two bills today to curb the trusts. The first provides a heavy penalty for any corporation selling cheaper in one part of the State than in another, or selling cheaper outside the State. This is aimed at the Standard Oil company. The other bill provides that any corporation, association or partnership discriminating against any citizens shall be compelled to quit business.

The bill of F. D. Freudenberger, of Schuylkill county, raising the fee of a marriage license from fifty cents to two dollars was defeated on second reading.

Whalen-Crawford.

Charles Whalen and Miss Lulu Crawford, both of Danville, were married by Rev. T. S. Fans at the M. E. parsonage at Elysburg on February 9th.

While a boy named Walter Weikel, of Brandenburg, Schuylkill county, was trying to defend his father, who was being assaulted by Ronald Fisher on Monday, he was stabbed in the abdomen, leg and wrist, sustaining wounds that will likely prove fatal.

REPORTING TRAINS

BY TELEPHONE

The telephone installed in the D. L. & W. station here to supplant the telegraph has not yet gone fully into commission. In a few days, however, it will be used exclusively in running trains.

At the present the telephone is used only to report trains. The operator talks directly to Scranton. On the arrival of every train he calls up the central office and designating the train reports that it has arrived, later adding the time at which it departed.

At present orders are still given through the telegraph from the station here say they are becoming accustomed to the use of the telephone and think that by the time it is put wholly into use they will like it very well.

Not only at every station but at sidings as well telephones have been installed. Thus a much better service has been given the system than when the telegraph was depended on. Then a train when between Danville and Northumberland for instance, had no means of communication. The inconvenience, not to say anxiety, will be recalled that existed a few months ago when a passenger broke down at Cameron and there was no way either at Danville or Northumberland of learning what had occurred.

Now at the siding at Cameron, secure in a stout box, is a telephone, which can be used in such emergencies. When trains take the siding the conductor will report by 'phone directly to Scranton and in the same way receive orders for leaving. Heretofore, when trains were on the siding at Cameron orders could be received only through other trains.
