

DR. IRVING H. JENNINGS, DENTIST

Office Hours: A. M. to 12 M., 104 Mill St., P. M. to 4 P. M., Danville, Pa.

Dr. Shultz, M.D., 425 Mill St., Danville, Pa. Diseases of the Stomach and Intestines a Specialty

ITEMS CONDENSED

Because he was refused food a tramp attacked a farmer's wife near Greece City, poured acid on her face and brutally beat her.

Pearl Altvater, of Pittsburg, while trying to escape a street car, ran in front of an automobile and was painfully injured.

While Harry A. Bridegan a Reading fireman, was cleaning the headlights on his engine, he was knocked down and injured so badly that he will die.

With his arms entwining a trolley pole, Allen A. Nounemacher, of Monaca, Pa., was found dead by neighbors. He had been stricken with heart failure on his way to work.

Suffering from a detachment of the mind, John Curley, of Pittsburg, leaped from the third story window of his home. On examination it was found that he had fractured both ankles.

The baby son of Mrs. John Hafala, of Allentown, choked almost to death trying to swallow an open pin brooch which a 3 year old sister had given him to play with.

The Montgomery County Rapid Transit company went into the hands of a receiver. The capital stock is worth \$300,000 and the property is encumbered with a \$500,000 mortgage.

Uncle Sam is looking for a man to take charge of his fourth-class post office at Cookport, near Saltsburg. The job paid the enormous salary of \$20 during the last fiscal year. Somehow there are not many applicants.

Announcement was made that the Reading Adler, the oldest German newspaper in the United States has been sold by its proprietors, Ritter and Co., to John Weller, proprietor of the Post, another Reading German paper. The new management will assume charge on Saturday.

After being lured from Baltimore to Philadelphia by a man who promised them work, two boys found themselves deserted in a strange city. They were penniless and starving, and were arrested on the charge of stealing bread from doorsteps. They gave their names as Otto Barton and Raymond Brown.

The crops in all sections of Berks county promise a large yield this year. Rye and oats are very promising. Farmers in the western part of the county greatly fear the success of their wheat crop however, because of the activity of insects.

The Carnegie Museum at Pittsburg has during the past week received 11,000 specimens of South American fish all packed in jars of alcohol. The collection was made by Professor C. H. Eigenmann, who with an assistant has been in South America for two years.

Jennie Jenkins, of Wilkes-Barre, came upon a blacksnake over seven feet in length lying in her father's field. Taking a stick she attempted to kill the reptile, which fought back. There were thirty minutes of royal battling before the girl came off victorious. A half hour later neighbors found and killed the snake's mate.

In her anxiety to bid her husband goodby at the Oberlin station, Mrs. Marie Antonio of California neglected to take the car window into account and thrust her head through the glass. She was severely gashed and was removed from the train to have her injuries dressed.

Frank Singleton, of Darby, had a large land turtle in his cellar to drive away rats. A number of the rodents made a concentrated attack on the turtle and there was an exceedingly hard tussel ending however in the turtle's defeat. Three front legs of rats were found near its body attesting the fierceness of the conflict.

Two weeks ago when a carload of wild horses was unloaded at Fleetwood, three of the mustangs escaped to the mountains. Two were captured three days later, but the third has been followed all this time by John Keller, who lured him "cowboy style" and brought him to Fleetwood. The horses were shipped east from Indian Territory.

After robbing the barn of Edward Liphart, at York, of a lot of tobacco, the thieves set fire to the barn and tried to destroy it. The ringing of the dinner bell attracted the neighbors and people from Red Lion. A bucket brigade was formed and the barn was saved.

The State highway department has issued the list of automobile licensees issued from January 1 to May 31. There are 24,485 licensees in the list.

DANVILLE LOST TO NANTICOKE

Table with columns: Team, W, L, P.C. Rows include Nanticoke, Danville, Nescopeck, Benton, Allen, Shickshinny, Bloomsburg, Berwick.

Result of Saturday's Games: Nanticoke 7; Danville 1. Alden 3, Nescopeck 1. Shickshinny 6; Bloomsburg 3. Berwick 4; Benton 4.

Danville's loss to Nanticoke breaks the tie for first place that has been existing between this town and Nanticoke for the past four weeks.

Nescopeck surprised the watchers on Saturday by losing and that to Alden. Benton tied with Berwick and Recreation dropped out to Shickshinny.

The shifting was again all done in the second division. Bloomsburg dropped from fourth to second—from the end. Alden went from sixth to fifth and Shickshinny jumped from seventh to sixth. Berwick still remains the tail-ender.

Next Saturday Danville plays at Nanticoke, Alden at Bloomsburg, Berwick at Benton and Shickshinny at Nescopeck.

With the aid of a very strong team Nanticoke loaded a 7 to 1 victory into their special train and took it along home with them on Saturday.

It was a sad story of hard luck, ill omens, spells, slumps and other heart rending phenomena of base ball.

The team that has excusable because every team that has ever gathered to play the great American game has found itself at some time or another in its existence to be up against just such propositions as Danville experienced Saturday.

Danville has nothing to complain of in its team. They lost a game that meant lots to the local fans, but they played hard and they did their best.

Even Pinkie Coveleskie, usually the dazzling star of the Danville team, had his off day. He was wild at times, and when he controlled his curves it was with a slow ball that the Nanticoke heavy hitters just naturally plastered.

Nanticoke romped through an all but effortless game with apparent nonchalance. They fielded like demons and batted like demons, darn 'em, and gave the enthusiastic rooters from up the river plenty of chances to yell themselves hoarse.

It was a matter of common report here after the game that a large majority of the Nanticoke nine were not regularly signed members of that team, but ringers recruited especially for the Danville game.

Without going into the truth or falseness of the rumors it is sufficient to say that if such "rings" are being tolerated in the league the sport will soon lose its popularity. The matter should be investigated.

A SAD STORY. The detailed story of the game is a sad one, but here goes—you don't have to read it if you don't want to:

Nanticoke took first bat and Lehr first up struck out; Pitcher Swamby took a pretty single to center and Conway got to first station on a grounder; Walsh drove one to Hess who allowed the runner to reach first on a bad throw; Murray drove a long fly to Brown and Swamby scored after the ball was caught; Walsh was caught at second by Umlauf while Shemanski was at bat, leaving Conway on base.

Dooley and Clayberger were out on infield drives; Thomas hit to right, but remained on base while Coveleskie went down on a grounder to the pitcher's box.

In the second and third neither side scored but seven men batting for each side.

In the fourth Walsh opened the fatal half with a two bagger to the right field fence; Murray drove one to short and was out and Shemanski struck out; Kutz with 2 strikes and 3 balls dropped one over the right field fence scoring Walsh; Halsey hit to right scoring Kutz; Macalany got a pass and then Lehr put another one over the right pallsade, scoring Halsey and Macalany; Swamby was out on a drive to Lewis, leaving Lehr on base.

In the fifth there was nothing doing.

JAMES RYAN IS APPOINTED

At a special session of court Saturday morning James Ryan of the third ward was chosen as county commissioner to fill the unexpired term of George W. Miles, deceased.

The principal business on hand was the filling of the vacancy existing in the board of county commissioners. There were over a dozen of applicants for the appointment. The names of several when submitted were accompanied by petitions more or less numerous signed. The court deliberated quite awhile over the appointment.

At length Judge Evans read the following decree, first explaining that he did not occur in the appointment:

"And now, June 26, 1909, James Ryan is appointed county commissioner of Montour county to fill the unexpired term of George W. Miles, deceased, providing said appointee file an affidavit that he voted for George W. Miles, the deceased county commissioner, at the November election, 1908."

FRANK G. BLEE, A. J. L. W. WELLS, A. J. During Saturday Mr. Ryan's bond was executed, in addition to which he filed the affidavit required and took the oath of office.

MISS JANET BIRD MADE LIBRARIAN

Miss Janet Bird has been elected Librarian and Miss Edna Gearhart assistant Librarian, of the Thomas Beaver Free Library for one year from September 1st next, the date when the resignation of the present librarian goes into effect.

Miss Bird was chosen at a previous meeting of the trustees but the proceedings were not made public. At a regular meeting of the board on Friday night Miss Gearhart, a daughter of Mr. G. Gearhart, was elected assistant. Present at the meeting were: Dr. Jno. Swelstoff, chairman; F. M. Herringer, secretary; W. E. Gosh, Hon. James Foster, F. G. Schoch, Simon Dreifuss, T. J. Rogers, F. O. Derr, and Edward Purpur.

both going down one, two, three. In the sixth an error, a sacrifice and a hit scored one for Nanticoke. For Danville Brown flied out to Macalany; Dooley was hit by pitched ball; Clayberger flied out to Halsey; Thomas drove a pretty hit to right field, after being struck on the nose by a foul tip from his bat, but with two on base Coveleskie struck out.

In the seventh Nanticoke was retired in order. For Danville Counts got first on four balls. Lewis flied to Walsh who caught Counts, making a double play unassisted. Hers hit to the left field fence, but Umlauf was out on a drive to Macalany.

In the eighth both sides made one tally. Murray opened for Nanticoke with a hit to second and stole second. Sheamanski flied out to Brown; Kutz took a two bagger over the fence scoring Murray. Halsey was out Umlauf to Thomas who threw to Hess and caught Kutz, completing a pretty double. For Danville Brown put one over the fence for two sacks; Dooley got first on Walsh's error; Clayberger sacrificed out; Thomas was out to Walsh and Coveleskie was out on a grounder to short. Brown scored on Conway's passed ball.

In the ninth Nanticoke was retired with three men at bat. For Danville Lewis had a single in the last inning but it was no use.

The score: DANVILLE. R. H. O. A. E. Dooley, c. 0 0 6 2 0 Clayberger, rf. 0 1 1 0 0 Thomas, 1b. 0 0 1 0 1 Coveleskie, 3b. 0 0 0 3 0 Counts, lf. 0 0 1 0 0 Lewis, 2b. 0 0 1 2 1 Hess, 2b. 0 1 2 1 0 Umlauf, ss. 0 0 3 1 0 Brown, cf. 0 0 1 3 0 Total. 0 1 7 27 9 3

FINE WORK BY DANVILLE

The first of the four tournaments to be held by the Central Pennsylvania Tennis League was played on Saturday on the courts of the Berwick Tennis club, the meet being a success in every way.

The tennis was not of as high an order as may be expected later in the season when the teams have had more practice. The exceptions to this were the Pottsville and Danville teams which played very strong games. Pottsville lost but one set during the day, that to Danville; Danville lost two sets during the day, those to Pottsville.

The results of the sets are as follows: Berwick beat Shenandoah 6-4, 6-2. Berwick beat Girardville 6-1, 4-6, 6-5. Pottsville beat Berwick 6-2, 6-1. Bloomsburg beat Shenandoah 6-0, 3-6, 6-1.

Bloomsburg beat Shamokin 6-2, 6-1. Pottsville beat Bloomsburg 6-1, 6-2. Sunbury beat Shenandoah 6-3, 6-4. Girardville beat Sunbury 6-3, 4-6, 6-4. Shamokin beat Sunbury 6-3, 6-0. Danville beat Girardville 6-1, 6-1. Danville beat Shamokin 6-3, 6-0. Pottsville beat Danville 6-3, 2-6, 6-2.

The percentage of sets won during the four tournaments will decide the awarding of the prizes at the end of the season. In the standing Pottsville now leads with Danville second. The percentages of the four leaders are now as follows: Pottsville, 857, Danville, 714, Bloomsburg and Berwick tied at 571.

The players representing the towns were Josh and Watson for Danville, Dixon and Lockard for Berwick, Sawyer and Beddell for Pottsville, Alick and Monahan for Girardville, Selwell and Swift for Shenandoah, Hill and Hollenbach for Shamokin, Miller and Rishton for Bloomsburg, Prudy and Shuster for Sunbury.

The board of governors held a meeting after a very enjoyable dinner and decided to hold the next tournament at Shamokin July 17th, the third at Sunbury August 3rd and the last at Pottsville September 6th. The prizes to be contested for will be two silver loving cups.

The two chief objects of these tennis tournaments are to foster and encourage the playing of tennis and to promote sociability among tennis players, and if the tournament on Saturday is any criterion both objects will be accomplished as the members present without exception voted the meet a decided success.

31 PATIENTS UNDER TREATMENT

Dr. George A. Stock, physician-in-charge of the tuberculosis dispensary here, presents the following report for the month ending June 20, 1909, which shows that good results are being attained and that the dispensary, although only a trifle over a year old, is a factor not to be despised in the world-wide crusade against tuberculosis.

During the month two patients were admitted; one was discharged. The number of patients from the previous month was thirty; number of patients remaining at end of present month, thirty-one. One patient was discharged referred to family physician.

Number of return visits made, forty-five. In ten patients there was increase of weight; in seven the weight was unchanged; in fourteen there was loss of weight. Only two patients took medicine during the month. The nurse made twenty-six visits.

Three hundred and thirty-six quarts of milk and eighty-six and one-third dozen eggs were ordered. Fourteen patients received milk and ten patients eggs.

SUPERINTENDENT'S SALARY RAISED

The school board, Monday night, as an afterthought, decided to raise the salary of Borough Superintendent Dieffenbacher. He was voted an increase of ten dollars per month, raising his salary from \$1200 to \$1210 per year.

This action followed a pretty general advance of salary granted teachers. Mr. Dieffenbacher did not ask for an advance, but some of the members seemed to think that the difference was too slight between the salary of the principal of the high school and what was being paid the borough superintendent. Hence the advance.

Joseph Weidskin, of Philadelphia, was asleep near a window in the third story of his home. He rolled over and fell out of the window to the sidewalk, where he struck, fracturing his skull.

Shenandoah bartenders have organized for a shorter day.

PUBLIC SCHOOL TEACHERS ELECTED

The teachers of the public schools of the borough were elected for the ensuing year at the regular meeting of the school board Monday eve. There were few changes in the personnel of the corps. In several instances there was a change of salary, the advance on the whole being greater than for some years past.

The full board of directors was present as follows: W. A. Seehler, Dr. Barber, J. W. Swarts, H. H. Redding, W. J. Burns, J. N. Pursel, J. H. Cole, Jacob Fischer, Dr. Cameron Shultz, W. H. Orth, Augustus Heiss and Joseph M. Gibson.

The committee on teachers and certificates consisting of J. N. Pursel, Dr. Barber, W. H. Orth and Dr. Shultz made nominations of teachers, janitors and attendance officer for the ensuing school year.

The schedule presented showed several changes. As teacher of Biology, History and Mathematics in the high school J. H. Gaskins was nominated to take the place of Miss Adda Hayman, who filled that position last year.

Miss Lovett, teacher of the second grade in the first ward last year, was not an applicant this year. The vacancy caused was filled by promoting Miss Martha Keim from the first grade of the first ward. The vacancy there by caused in the first grade was filled by Miss Jeanette Pickard, who returns to the corps after a year's absence caused by ill health.

After some discussion on the subject of salaries teachers were elected for the borough schools as follows: HIGH SCHOOL. Principal and teacher of Languages, E. O. Bickel; Science and Mathematics, John Kase; English and History, Mrs. E. A. Coalter; Biology, History and Mathematics, J. H. Gaskins; Commercial Branches, F. W. Magill.

FIRST WARD. 5th and 6th Grades, Rose Gallagher; 4th Grade, Winifred Evans; 3rd Grade, Helen Tooley; 2nd Grade, Martha Kase; 1st Grade, Jeanette Pickard.

SECOND WARD. 7th and 8th Grades, Rachel Goodall; 5th and 6th Grades, Mary Welsh; 4th Grade, Alice Guest; 3rd Grade, Verma Reed; 2nd Grade, Helen Shannon; 1st Grade, Viola Young; 1st Grade Assistant, Alice Small.

THIRD WARD. 7th and 8th Grades, Sara Musselman; 5th and 6th Grades, Kathryn Bennetts; 4th Grade, Prudence Elizabeth; 3rd Grade, Laura Mann; 2nd Grade, Harriet Boulman; 1st Grade, Jennie Lawrence.

FOURTH WARD. 7th and 8th Grades, M. L. Bloom; 5th and 6th Grades, Thillie James; 4th Grade, Alice Bird; 3rd Grade, Kathryn Rogers; 2nd Grade, Harriet Fry; 1st Grade, Sara Wilson.

WELCH HILL. 1st and 2nd Grades, Ruth Frick. JANITORS. First Ward, A. J. Gearhart; Second Ward, D. K. Peusy; Third Ward, Seth Lormer; Fourth Ward, Calvin Eggert; Welch Hill, Mrs. Anderson.

Attendance Officer, W. E. Young. In a few instances there was a slight advance of salary. The principalship of the high school was advanced from \$1035 to \$1100 per term. In English and history the salary was raised from \$70 to \$75; in the commercial department from \$90 to \$95. In science and mathematics and in biology, history and mathematics the salary remained unchanged—\$70 per month.

Miss Tooley, Miss Reed, and Miss Mann having procured a professional certificate their salary was advanced to \$50 per month to comply with the minimum salary act. Other advances were made as follows: Miss Gallagher raised from \$30 to \$35; Miss Welsh raised from \$30 to \$35; Miss Shannon raised from \$30 to \$35; Miss Bennetts raised from \$30 to \$35; Miss James, \$30 to \$35; Miss Frick, \$40 to \$45.

Mr. Pursel presented an application of Miss Tooley for a permanent certificate. On motion it was ordered that the officers of the board be requested to affix their signatures to the application.

The following bills were approved for payment: The General. \$2.00 Peter A. Winters. 60 William Miller. 2.50 Robert G. Miller. 9.00 X. P. LeDuc. 1.50 G. A. Rossman. 3.00 D. N. Dieffenbacher. 4.20 Montour Democrat. 6.00 Danville St. & Mfg. Co. 12.30 Penn'a. School Journal. 15.85 Seth Lormer. 12.00 George F. Keefe. 5.00

The summer playgrounds provided by the school board and the Century club of Pottstown, will be opened on July 6 with Miss Elsie Borneman and Samuel F. Bair, in charge of the girls and boys' grounds respectively.

Hazleton's school district has received \$2,630 in tuition from non-resident pupils in a year.

CAN NOT BE BUILT THIS YEAR

It has been learned from an authoritative source that the mile or so of State highway petitioned for and surveyed on the south side of the river can not be built this season and probably not next season. This information comes as a surprise following as it does a statement made earlier in the season by a representative of the State highway department to the effect that the reconstruction of the road would in all probability be taken up this summer.

As week after week passed, however, and the State highway department was not heard from Oliver Hoover and W. R. Clark last week took a trip to Harrisburg to determine the status of the State highway.

From the assistant State highway commissioner Messrs. Hoover and Clark learned that, owing to shortage of funds available for road reconstruction, it was impossible to say when the State highway in Gearhart township could be built—certainly not this summer and it was doubtful whether it could be built next summer.

The only section of State highway in Northumberland county that will be built this year lies in Turbot township. Application for the latter road was made prior to petitioning for the highway on the south side, which, it will be recalled, lies on the Sunbury road between the river bridge and Kipp's run.

AUTOBOBILE TRIP OF 721 MILES

Mr. and Mrs. T. J. Price, accompanied by Mrs. Evan Jones and their daughter, Miss Florence, who joined the party in New York, returned to Danville Tuesday evening after a long automobile trip of 721 miles.

With Will G. Brown as chauffeur, the party left Danville at noon last Wednesday, proceeding by way of Wilkes-Barre, Pocono Mountains and Stroudsburg to Delaware Water Gap. They arrived at New York Thursday afternoon. They spent Friday, Saturday and Sunday in New York.

During the stay in the metropolis they took a long auto trip up the Hudson and visited all the places of interest. In New York, too, they were joined by Miss Price, who had arrived by steamboat from Boston, where she was attending school.

About 10 o'clock Monday the party started on the homeward trip, spending Monday night at the Delaware Water Gap house. About 10 o'clock Tuesday morning they embarked on the last stage of their journey arriving at Danville at 7:30 o'clock.

It is worthy of note that during their long trip the party did not meet with a single misadventure. They did not sustain a puncture; neither was a readjustment of the engine necessary.

EXCELLENT PROTECTION

No plant is better prepared for fighting fire than the Brake Beam works. Four plugs are installed, each with a long section of hose conveniently arranged so that while one man attaches the hose and turns on the water another can unroll the hose carrying it to any part of the works desired. Water can be gotten on any part of the mill by the employees of the plant in less than five minutes after the fire is discovered, provided the men remain cool-headed and self-possessed.

A MEDAL FOR SAVING BRILL

Arthur Bruner, son of Dr. and Mrs. J. W. Bruner, of Bloomsburg, has been presented with a medal for bravery by the American Boy, a monthly paper, published by the Sprague company of Duluth, Mich.

YOUNG COUPLE WERE SURPRISED

Mr. and Mrs. Charles A. Hartt were tendered a very pleasant surprise at their new home, 713 East Market street, Monday evening by a number of their friends.

The occasion was the return of the young couple from their honeymoon. Among those present were fourteen of the bride's girl friends, who came up from Sunbury, armed with horns and tinware, to assist in the celebration.

The following were present: Misses Esther Keller, Essie Stein, Lou Bowen, Jennie Leslie, Edna and Jennie Lyons, Dorra Orner, Bess and Kathryn Kerchner, Francis Yeager, Carrie Tressler, Rosa Welsh, Gussie Clark and Sara Yarnell, of Sunbury; Misses May Books, Julia Arms, Katharine Vastine, Jessie Kimerer, Blanche Seehler and Messrs. Edwin Moore, John Kase, Myron Bernheimer, Dr. C. Raymond Herrington and William L. McCoy, of this city.

ICE CREAM BY NEW PROCESS

Fallon's have installed a brine ice cream machine, the first ever used in Danville. It is something of a marvel both in point of capacity and the quality of product.

The ice is first ground and mixed with salt. The brine produced is conveyed by pipes to the machine containing the cream, where the freezing occurs. An electric motor furnishes the power.

The freezing occurs almost instantaneously. On Monday evening ten gallons of ice cream was made in thirteen minutes. A second trial brought about better results, ten gallons being produced in eleven minutes. The ice cream was frozen dry and perfectly stiff.

Hazleton's school district has received \$2,630 in tuition from non-resident pupils in a year.

EARLY MORNING FIRE ALARM

Our townspeople while enjoying a final nap about five o'clock yesterday morning were aroused by an alarm of fire, which was the first that the fire bells had been heard in Danville for several months.

The fire occurred in the Pennsylvania Brake Beam works and, although the damage that resulted was slight, yet for a few minutes the plant was in great danger.

A portion of the felt that covers the roof, worked loose and blew down to a point near the eaves where it lodged against the iron smoke stack, at the northeastern part of the plant where the assembling department is located. As soon as the fire was replenished for the day and the stack became hot the felt ignited.

The watchman discovered the fire at the very moment when it originated and tried to apply the means at hand to extinguish it. The fire plug, however, broke while he was attempting to open it and the water poured out over the floor of the works.

Acting upon the first impulse the watchman ran over to East Market street, which at that early hour was still deserted. Procuring the key he entered the hose house of the Washington Fire company and rang the bell.

This brought out not only the Washington, but also the Friendship Fire company. The "Washies" were the first to reach the mill. The fire on the roof was burning slowly and had done but little damage. It was only the work of a few moments to connect the hose and get a stream of water on the roof, after which the fire was soon extinguished. Five dollars will cover the damage done by the fire. The water, however, especially that which escaped from the broken fire plug, caused considerable damage about the mill. The flow of water from the broken plug could not be checked until the foreman made his way over to East Market street and turned the water off. Meanwhile the floor of the plant was deluged.

CHANGE IN PENNSY MAIL SERVICE

Beginning with this morning a change will take place in the mail service from the local post office over the Pennsylvania railroad. The mail which has been carried on the 10:26 train will now be carried on the 10:26 train and the service on the former train will be discontinued. The mail will be closed at the office a half hour before time of departure.

This will allow letters catching the 7:02 a. m. mail to reach Philadelphia at 12:50.

IMPROVEMENTS ABOUT THE STATION

The Pennsylvania railroad company is making a nice improvement on the south side in connection with the fence recently erected to enclose the track.

Opposite the station the space between the track and fence is being neatly terraced and sodded and the gutter along the track laid with brick. The bank flanking the brick pavement leading from the crossing to the station has also been leveled and sodded.

The improvement along with the new fence adds very much to appearances about the station.

MISS MARY ROGERS, BLOOM STREET, RETURNED HOME YESTERDAY AFTER VISITING HER AUNT, MRS. S. V. BORDER AT CLEARFIELD.
