**THE FUNERAL OF C. G. VORIS**

The funeral of Clarence G. Voris, of Milton, whose death occurred in Philadelphia Friday, was held yesterday, interment being made in this city.

Following a service at the late residence on Broadway, Milton, the body was brought to Danville on the 11:23 P. & R. train, the funeral proceeding directly to the Fairview cemetery where interment was made. The services at the grave were conducted by the Rev. W. T. L. Kiefer, pastor of the Presbyterian church of Milton, assisted by the Rev. James Wollaston Kirk, pastor of the Manoking Presbyterian church in this city.

Following were the acting pallbearers: William B. Godcharles, Wolf Dreifuss, William A. Heines, William G. Murdock, Esq., Edward Dietrich, James O. Shearer, James Brown and Hon. Voris Anton.

The honorary pallbearers were as follows: George B. Reimsnyder, Esq., C. B. Witmer, Esq., Edmund Davis, Edmund Heaton, Andrew Leaver, Esq., William Field Shady, Esq., Daniel Kranser, James I. Higbee, John H. Kreitzer, and Harvey Frick.

The body was also accompanied by Dr. and Miss Emerick, Mr. and Mrs. T. A. Murdock, Dr. J. S. Follmer and wife, William Voris and daughter and Mrs. Gilbert Voris.

**DIRE DISTRESS.**

It is Near at Hand to Hundreds of Danville Readers.

Don't neglect an aching back. Backache is the kidney's cry for help. Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease.

Profit by a Danville citizen's experience.

Seth C. Lermer, 120 Pitt St., Danville, Pa., says: "Doan's Kidney Pills are worthy of my strongest recommendation. A severe cold which settled in my kidneys caused me great misery. Sharp shooting pains would seize me when I attempted to stoop, and I sat down for any length of time. I would have to be very careful when arising, for at such times sharp twinges would pass through my kidneys. At night my back became so lame and sore that I was unable to rest well in any position and consequently my sleep was greatly disturbed. I finally began using Doan's Kidney Pills, which I procured at Hunt's drug store and am glad to state that they quickly relieved me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**THE ANNUAL LUTHERAN REUNION**

The nineteenth annual convention of the Susquehanna Lutheran Reunion association will take place this year at Rolling Green park, between Sunbury and Selingsrove, on Thursday, July 22nd.

The executive committee for the event is composed of Rev. J. M. Reimsnyder, of Milton, president; Rev. C. R. Batsford, of Berwick, secretary; Rev. G. W. Gensler, of Selingsrove, treasurer; Rev. W. E. Fischer, D. D., of Susquehanna; Rev. Lewis D. Ulrich, of Danville, and Rev. A. N. Warner, D. D., of Selingsrove. A fine program has been arranged which will include addresses by the president, Rev. J. E. Whitteker, D. D., of Lancaster, and Rev. L. B. Wolf, D. D., general secretary of the board of foreign missions (G. S.) of Baltimore.

**Catarh Cannot Be Cured.**

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials free.

P. J. CHENEY CO., Toledo, O. Sold by all Druggists 75c. Take Hall's Family Pills for constipation.

**Underwent Serious Operation.**

Jonathan W. Monner, a well known resident of Strawberry Ridge, underwent a serious operation at the Joseph Ratti hospital, Bloomsburg, on Monday morning, which was pronounced successful by the surgeons. Mr. Monner was doing as well as could be expected yesterday.

**ITALIAN WORKMEN BURNED OUT**

A bad fire broke out at the rear of Mill street, near Mahoning creek, Saturday afternoon, which caused a great deal of excitement. For awhile surrounding property was endangered, but fortunately the flames were kept from spreading.

The building that burned was a frame structure originally built by Simon Krebs as a wagon house, but which was later remodeled into a dwelling. For some time previous to burning it was occupied by half a dozen Italians, who work at the hospital.

The fire, the origin of which is a mystery, broke out about 2 o'clock. The building was entirely alone when the fire was discovered. The flames had made considerable headway and from the first there seemed to be no hope of saving the building.

The Continental company was the first to respond to an alarm. The building by that time was doomed, but the firemen were of service in protecting other buildings on the West side of Mill street, several of which were at different times on fire.

A few minutes later the Friendship boys arrived and got a stream of water on the building. Soon afterwards the "Washies" put in an appearance, but their services were not needed.

The building was old and dry and fanned by the high wind prevailing, the fire was a very fierce and threatening one. Fire brands were blown clear over the top of the high brick buildings and falling in Mill street at a couple of places set the pavement awnings on fire.

The building, which was owned by Richard W. Eggert, was totally destroyed. The Italians who occupied it lost their clothing in the fire. There was no insurance on the building. Mr. Eggert, however, states that he does not consider his loss very heavy, as the building had only a nominal value.

**Amos' Anodyne.**

"We always wondered a little how Amos Dore and his wife got along—really." Aunt Em Macomber said frankly. "Some in the neighborhood said they'd never overheard a single loud or cross word on either side, but Lige Daniels always stuck to it that Amos was as mischievous at home as a man could be."

"He never spoke right out till Amos died and Mrs. Dore went back up country to her folks. Then he let out."

"What?" queried Aunt Em's visitor.

"Well, Amos worked logging alongside of Lige every winter, and summers they hayed together most all ways, and it seems," said Aunt Em impressively, "that Amos complained of his shoes hurting him about all the time. Finally Lige asked why he wore tight shoes."

"Why don't you get a pair big enough?" says Lige one day.

"Well, I'll tell you," Amos says. "When I wear tight shoes I forget all my other troubles!"—Youth's Companion.

**Polishing a Diamond.**

The polishing of a diamond is a very slow process, because of the great hardness of the material; besides this, the work must be frequently interrupted to allow the disk to cool out after it has become overheated by friction. Each time a new facet is to be cut the diamond must be removed from the dop and reset at another angle, and the diamond cutter trusts to his eye alone to guide him in this delicate adjustment, although in the case of very small diamonds a magnifying glass is necessary. The skill shown in placing the stone in the heated metal, sometimes with the bare hand, is surprising. The regular brilliant has fifty-six facets, besides the table and the collet—thirty-two above the girdle and twenty-four below—but a eight facets are first formed, both above and below, each of these being about into three or four smaller ones, there are considerably more than fifty separate surfaces to be cut.—Dr. George F. Kunz in Century.

**Qualities of the Topaz.**

The name of the precious stone inscribed in the ring of Gyges has not been handed down to us, but it is probable that it was the topaz, whose wonders Philostratus recounts in the life of Apollonius. An attribute of the sun and of fire, the ancients called it the gold magnet, as it was credited with the power of attracting that metal, indicating its veins and discovering the treasures. Herodotus in his story of Theagenes and Charicles says that the topaz saves from fire all those who wear it and that Charicles was preserved by a topaz from the fiery vengeance of Arsines, queen of Ethiopia. This stone was one of the first talismans that Theagenes possessed in Egypt. The topaz at present symbolizes Christian virtues—faith, justice, temperance, gentleness, clemency.

**Old Manx "Banknotes."**

Speaking of the curious Manx banking lore of the past, the Liverpool Post says that a singular state of affairs was exhibited in "the island" at the close of the Napoleonic wars. Trade was brisk, money was more freely adventured, and all sorts of private persons began to issue notes. There was no occasion whatever to have sterling against them. All you had to do was to get some one to take them and pass them on. The fashion grew till even the humblest traders issued cards "promises to pay," the values most in circulation being 5 shillings, a shilling and even sixpence. Once an advocate from Castletown went to Peel to collect a judgment of £350 from the corner of Glenfaba. This worthy paid him 2,704 card notes, many of them worthless. They took several hours to examine and count, and their transport was an item of extreme difficulty. Finally they were put into a big sack, half shaken to one end and half to the other, and the whole stung over the back of a horse. The latter, of the horse, soaking through, spoiled nearly half the cards!

**SITE FOR FLAG POLE CHANGED**

A joint meeting of the soldiers monument committee and the councilmanic committee on public improvements was held at Memorial park on Saturday evening for the purpose of selecting a site for the steel flag pole, presented with a flag to the park by Frank E. DeLong of Philadelphia. The meeting was the second one held for the purpose of selecting a site for the pole, the first, which took place on the evening of June 25, in the outcome being not wholly satisfactory to all parties.

Present at the meeting Saturday night were the following: John Marshall and Jacob Von Blohm, of this committee on public improvements, Hon. James Foster, Samuel Mills, Sam A. McCoy, W. L. McClure, Dr. P. C. Newbaker and Frank G. Schoch of the Soldiers' Monument committee.

The site of the pole was changed slightly from what was agreed upon at the first meeting. It was moved some fifteen feet further west and placed directly in line with the monument. The site as first selected was somewhat south of the line on which the monument stands.

At the last meeting of council the matter of erecting the pole was placed in the hands of the committee on public improvements. Mr. Marshall, chairman of this committee, Saturday evening stated that John A. Mowrey, who erected the steel flag pole at the hospital for the insane a year or so ago, would be employed to install the pole in Memorial park. The work will go forward this week. The pole will be placed before being erected.

**Firemen's Annual Picnic.**

The annual outing held by the Continental Fire company at DeWitt's park on Monday was quite a success viewed from every standpoint and was attended by over three thousand people.

The Danville and Sunbury Transit company carried over two thousand, five hundred persons. In addition the backs were running between town and the park during the day. During the afternoon, especially, the ground was crowded.

The new dining pavilion was under roof and tables were installed, which added much to the convenience of the picnickers. The better distribution of the water supply, also, was a feature that appealed to the picnickers.

There was dancing during afternoon and evening, in addition to which the usual sports were indulged in during the day. There was an absence of accidents to mar the pleasure of the day.

**Delay in taking Foley's Kidney Remedy if you have backache, kidney or bladder trouble, fastens the disease upon you and makes a cure more difficult.** Commence taking Foley's Kidney Remedy today and you will soon be well. Why risk a serious malady? For sale at Pauls and Co's Pharmacy.

**Choosing a Builder.**

The selection of a builder is quite as important a matter in putting up a house as the choice of an architect. Don't choose the cheapest builder merely because he is cheapest. If you accept his bid, find out the reason of the cheapness. Frequently the builder is a man of little means, and often operates on borrowed capital. Should the builder become bankrupt or fail to pay for his labor or materials the owner, under the mechanic's laws of most states, becomes liable for the builder's debts. This is true even though the owner has paid the builder for his work. In order to obtain his house free and clear in such a case the owner must meet the builder's obligations. The prudent owner will, of course, pay for his house only as it is constructed. Even then it would be a useful caution to make sure that the builder has paid his indebtedness on the house. Payments are usually made the builder when the foundations are done, when the frame is up, when the house is closed, when the plastering is finished and when the completed house is turned over to the owner.—Circle Magazine.

**A Lazy Liver.**

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to eat a heavy or starved man because he is tired in his work. So in treating the lazy liver it is a great mistake to feed it with strong laxative drugs. A tired liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order, and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burden imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, and breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, nervousness, indigestion, watery or distressed feeling in stomach, perhaps nausea, or "rising" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly than Dr. Pierce's Golden Medical Discovery. **Perchance only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach.** Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to it, use until you are vigorous and strong.

The "Discovery" is composed of non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle wrapper and attested by analyses. It is endorsed and extolled by the most eminent medical writers of the age and is recommended to cure the diseases for which it is valued.

Don't accept a substitute. See how the composition for this non-secret medicine is known composition.

**Kept His Feet Dry.**

Extraordinary conduct on the part of two men upon seeing the body of a woman in the water was disclosed at an inquest held at the Victory inn, on the Hogs Back, Surrey. A farm laborer named Sidney Smith missed his mother one morning and on searching found her lying face upward in a road-side pond. He ran off, and another laborer named Matthews, who passed the pond, also ran away, neither making any effort to pull her out. Matthews told the coroner he did not do so, as he did not know if he would be doing right.

The coroner—the poor creature might have been dead at that time. You could easily have got her out, I suppose?

"I should have had to go up to my knees in the water,"—London Mail.

**DANVILLE FIREMEN AT MILTON**

The Washington Fire company, the Rescue Fire company each in a body, accompanied by a number of other firemen belonging to the Friendship, the Continental and the Goodwill companies, left Danville Saturday morning for Milton, where they joined in the demonstration on the closing day of Old Home Week. A special train from Milton brought the Danville firemen home about 11 o'clock Saturday night.

In the North American Sunday the Milton correspondent had the following to say about the Danville firemen:

"Virtually all the firemen in Danville that could safely be spared, from the neighboring town were on hand to lay to plod through the dust and help Milton to wind up with a hurrah its three Old Home Week holidays. They brought with them Daniel Marks, who weighs 337 pounds and who has captured more medals in an open weight competition for firemen 'on parade' than any other man in the state, according to the Danville claim. He disapproved the saying: 'Nobody loves a fat man,' for he caught a genuine shaft of applause all along the line."

The Washington Drum corps produced music for this representation. It is an outgrowth of the 111 Star Drum corps, known widely several years ago, and its leader is Bradley McLaughlin. Other members are William Reed, Elwood Nevins, Seth Lerner, a poor director who finds time on the side to keep in trim as a musician and Sheriff D. C. Williams.

Everyone would be benefited by taking Foley's Urino Laxative for stomach and liver trouble and habitual constipation. It sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Urino Laxative today? For sale at Pauls and Co's Pharmacy.

**VOCAL SANDS AND STONES.**

Prospector Discovers Strange Singing Sands in California Mountains.

Singing sands and speaking stones are reported by Henry Heinel to have been discovered by him while on a prospecting trip in the Santa Monica mountains, says a Los Angeles (Cal.) dispatch. According to Heinel, these "matins of the damned" are at times not unlike the notes of a melodeon or a pipe organ. Again they sound as if a chime of bells were rung in the distance, and just after sunset or at dawn of day the sound might be compared to the string of the harp.

Heinel ascribes the phenomena to the presence of hollow grains of sand. He says that when such sands were stepped upon or rubbed together the action was accompanied by the singing sounds.

**Provision For Future of Babies.**

"What right have we to save a baby's life?" asked Dr. Henry B. Fawcett at a recent luncheon in Chicago given by the Illinois congress of mothers. "If we don't provide for their future?"

"We have no moral right," he continued, "to get children up to adolescence and then neglect them. The lifts that beset them then are just as perilous as those which menace their early days. In accomplishing one thing we are not diminishing our own labor or our subsequent care. It is the business of the commonwealth to take care of children through their various stages to maturity. The playground problem is one for infancy, and when it is accomplished others present themselves."

**Regatta in England.**

The first regatta in England was in 1775, and it was imported into that country by Lady Mary Wortley Montagu, who had been impressed by the water show of Venice. There was no series of races. There was a procession of city barges to a "temporary octagon," where there was reveling that night and well into the next day. Only seven of the company were drowned on the return journey, which speaks well for the average sobriety of the crowd.—London King.

**Called His Papa Down.**

Little Willy is a bright boy and a saucy boy. His apt answers have often turned away wrath and often turned it upon him strongly. The other day his father was reprimanding him for some misdeed, and Willy was answering very saucily. The father became very angry and, seizing the youngster by the collar, said: "See here, young man, you must not talk like that to me. I am your father, and your impudence when I rebuke you, Willy was not feared at all. With a cherubic smile he looked into papa's eyes and said, "But, papa, maybe your father didn't need it." 'Twas all off Willy escaped punishment, while papa retired to another room.

**In a Dilemma.**

"A necklace of diamonds has been stolen from me!" said Mrs. Cumrox.

"Aren't you going to notify the police?"

"I don't know what to do. It does seem rather classy to be robbed of jewelry, and yet I hate to have people think that I'd ever miss a little thing like a necklace."—Washington Star.

**Summer Hours at Library.**

During July and August the summer schedule of hours will be in effect at the Thomas Beaver Free library. The library will be closed each evening during the two months except Saturday.

**THE BIRTH RATE FALLING OFF**

The report of the local registrar for the month of June shows a slight diminution in the death rate, coupled with a still greater falling off in the number of births. Twenty-three deaths are reported for June as against twenty-five for May. Of these six occurred at the hospital. The number of births reported for May was twelve, the lowest number reported here for any month since the law of Vital Statistics went into effect. In April twenty-one births were reported. For June, the number of births yesterday were not as yet returned and the number could not be given out.

There was but one case of typhoid fever reported during June as against seven cases in May. Evidently there is nothing to fear on the score of typhoid fever, in connection with which might be mentioned the fact that this disease fluctuates in a remarkable manner. In April not a case of typhoid fever was reported.

There were three cases of scarlet fever during June with one death from that disease. Two cases of erysipelas were reported. Measles, which were prevalent earlier in the season, are pretty well stamped out, but three cases being reported.

**Time Is Money.**

Your leisure time may be turned into money. Write to the Circulation Department of THE PHILADELPHIA PRESS and find out how you can do it. A liberal reward for a little exertion right in your home town. Ministers and school teachers will find this a pleasant and profitable way of adding to their incomes.

Write today to the Circulation Department of THE PRESS, Seventh and Sanson Streets, Philadelphia, Pa., and mention where you saw this.

**Automobile Visitors.**

Mr. and Mrs. D. L. Switzer, Maurice Cohen and Herbert Wyle, of Staunton, Virginia, arrived in this city Monday for a week's visit. The party traveled from Staunton to Danville in a six cylinder Ford car. Mr. Wyle, who was formerly of Danville is at present one of the proprietors of the Staunton Dispatch and News and the Harrisonville, Va., Times.

**IOWAN'S WORLD TOUR.**

Rich Farmer Will Go in Byways to Study Common Folk at Close Range.

Among the passengers who recently sailed from New York upon the steamship General Grant was an Iowa farmer, H. H. Paup, who lives one mile west of Shenandoah, Ia. He expects to be absent from a year to eighteen months in a tour of the world.

Mr. Paup will not follow the beaten paths, but instead will go into the byways, for he wants to see and study the common people at work and in their homes, having long had a desire to compare their mode of life with that of living in America. Mr. Paup is a bachelor, forty years old and prosperous.

Speaking of his greatest anticipations on the trip, Mr. Paup says that he has no desire to see the kings, dukes and other nobility, but wants to see the common people of the old world and that he will get out into the country in order to gratify this desire. He wants to see how they farm, how they care for and raise live stock, how they slaughter their cattle and hogs and how they do ordinary everyday things. He will visit England, Germany, Ireland, Denmark, Norway, Russia, Sweden, India, China, Wales, Spain, Japan and the Philippine Islands. He expects to walk from Jerusalem to Jericho and investigate the mysteries of Rome and the Holy Land.

Not being pressed for time—or cash—Mr. Paup will follow the dictates of his fancy as the world is unfolded to him and he is beckoned onward, and some of his friends anticipate that he will not return under two years, knowing his propensity for investigation.

Mr. Paup says that he does not intend that the matter of securing knowledge shall be a one-sided affair and in order that he may return in kind has made special preparations for imparting knowledge of the United States to those who evince any interest in us while he is engaged in extracting matters of interest from those he comes in contact with. The practical manner in which he went about preparing for this part of his journey is shown in a part of the contents of his traveling bags, which contain ears of corn, samples of wheat, oats, rye and barley, together with other products of the Iowa farm and garden. These he will exhibit to foreigners and in demonstrating the productiveness of the soil of this state.

**Steel Road Drag.**

A steel road drag will be one of the new things to be used on Harrisburg's unpaved streets in the near future. On account of the cinder underlying their streets, it was not thought practicable to use a split log drag, so steel was substituted for wood. This will be used in connection with the oil treatment, which will be started very soon.

**Balloons Cause Forest Fires.**

Fires in six forest tracts near Pottsville are burning fiercely as the result of Fourth of July balloons falling in them. A drought of two and a half weeks has the place in such a dry condition as to render the fire more dangerous.

**Danville Plays Milton.**

Danville will play Milton at Milton this afternoon in the third game of the series. So far each team has one game to their credit.

**MOSIER & SUMMERS LOWEST BIDDER**

At an adjourned meeting of the trustees of the hospital for the insane held at the institution Friday the contract was awarded to Mosier & Summers for new work, comprising the building of a home for the male attendants, a cow shed and an extension of the coal siding and the installation of the Warren Webster system of heating and ventilation.

The following trustees were present: W. F. Shaw, G. R. Van Allen, S. D. Townsend, Dr. H. H. Detwiler, I. X. Grier, Esq., and Robert J. Pegg. The object of the adjourned meeting was to award the contract for the new work embraced in the above named new buildings and the installation of the heating and ventilating system. There were four bidders, but Mosier & Summers were the lowest.

The contract was awarded conditionally, depending upon whether or not the governor approve the plans and specifications.

Mosier & Summers are prepared to enter upon the work as soon as the plans and specifications are approved. They are now working on the male infirmary, raising and extending the southern wing of the building. The completion of this building along with the new work contracted for yesterday will keep Mosier & Summers on the ground until next winter.

In the previous contract the firm changed the system of heating and ventilating in the two wings of the main building, installing the Warren Webster system of steam circulation, the same system that they installed in the new buildings. The present contract calls for the installation of the Warren Webster system in the central portion of the main building, the portion omitted when the change was made in the two wings.

If people with symptoms of kidney or bladder trouble could realize their own they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. For sale at Pauls and Co's Pharmacy.

**Moonlight Picnic.**

A most enjoyable moonlight picnic was held Friday evening at the home of Mr. and Mrs. William Cope, Maustdale. The hours were pleasantly spent in playing games and a general good time indulged in by all present. Japanese lanterns suspended in profusion from the trees through the orchard and the long table decorated with beautiful bouquets presented a pretty appearance. The following were present: Mr. and Mrs. Cope, Mr. and Mrs. Klingner, Mrs. Wiese, Mrs. Charles Lewis, Hannah Fry, Rebecca Quigg, Martha Gibson, Bessie Bloom, Winnie Feyer, Eva Neplew, Margaret Phile, Mary Tanner, Emma Phile, Martha Shultz, Lizzie Winterstein, Lizzie Quigg, Lulu Yeager, Orige Winterstein, Mary Thompson, Bessie Brooks, Esie Bloom, Mary Shultz, Esie Lewis, Mary Quigg, Anna Quigg, Anna Bense, Sarah Kase, Frances Hatt, Clara Eckert, Mame Kear, Edith Reese, Lizzie Martin, Mary Bles, Clara Ochs, Harry Kirkendale, Harry Fry, Charles Reiser, Edward Poe, Walter Langer, Bonita Quigg, Eugene Fry, John Lake, Harry Hise, Earl Savelly, Harry Fry, John Kilfoil, Jas. Rousley, Myron Beyer, Oliver Cope, Alfred Fry, Harry Marr, Ralph Cope, Ray Yeager and William Kindt.

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. For sale at Pauls and Co's Pharmacy.

**Party Near Oak Grove.**

A number of friends were entertained at the home of Lewis Mainzer near Oak Grove Monday evening. Games and music amused the party and lunch was served. Those present were: Mr. and Mrs. Lewis Mainzer, Mrs. Mary Miller, Misses Rosie Heidens, Mary Robbins, Lizzie Robbins, Wilda Paunebaker, Catherine Mainzer, Anna Mainzer, Nannie Mainzer, Mary Mainzer, Lizzie Mainzer, Rosie Tanner, Lottie Tanner, Mary Hilbert, Minnie Hilbert, Messrs. Calvin Hilbert, Edward Hilbert, Martin Robbins, John Fruit, Freeman Robbins, Frank Terry, Pelagus Miller, Mrs. Mary Fox, Clara Bostinger, Joseph Mason, Robert Fox and John Miller, of Danville; John Schime, of Pittston.

Many people with chronic throat and lung trouble have found comfort and relief in Foley's Honey and Tar as it cures stubborn coughs after other treatments has failed. L. M. Huggles, Reamnor, Iowa, writes: "My doctor said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bell. For sale at Pauls and Co's Pharmacy."

**A Surprise Party.**

A surprise party was held at the home of Mr. and Mrs. Henry Baylor, Cooper township, in honor of their daughter Pearl's 12th birthday.

Those present were: Pearl Baylor, Marion Krum, Mary Manser, Lottie Huntington, Mary Blecher, Florence Fry, Ruphena Boone, Martha Hartman, Mary Diemer, Pauline Manser, Edna Fry, Grace Huntington, Irene Giger, Getha Keiser, Helen Robbins, Charles Robbins, James Robbins, Mrs. Charles Whitentight, Mrs. Elmira Geist, Mrs. George Robbins, Mr. and Mrs. Henry Baylor, Henry Wertman.

**Summer Hours at Library.**

During July and August the summer schedule of hours will be in effect at the Thomas Beaver Free library. The library will be closed each evening during the two months except Saturday.

**Thousands Have Kidney Trouble and Never Suspect it.**

Fill a bottle or common glass with your water and let it stand twenty-four hours, a brick dust sediment, orstringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge as often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**NEW SYSTEM OF UMPIRING**

The developments of the past few weeks in Susquehanna league base ball circles have proven that the present system of umpiring in force in the league is very defective, and that a change must be made at once if the interest that has been shown thus far is to be maintained.

The scheme of allowing each team to supply an umpire affords the basis for as much kicking as a team is inclined to do.

There should be a corps of disinterested umpires appointed by President Stiber and the board of managers and these officials should preside at the games and their decisions should be abided by absolutely.

The affairs in the league have reached a crisis where immediate action on this point is necessary.

**MAKE A NOTE NOW** to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membrane that lines the air-passages. It is made to overcome the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, New York.

Calvin Hilbert, Edward Hilbert, Martin Robbins, John Fruit, Freeman Robbins, Frank Terry, Pelagus Miller, Mrs. Mary Fox, Clara Bostinger, Joseph Mason, Robert Fox and John Miller, of Danville; John Schime, of Pittston.

Many people with chronic throat and lung trouble have found comfort and relief in Foley's Honey and Tar as it cures stubborn coughs after other treatments has failed. L. M. Huggles, Reamnor, Iowa, writes: "My doctor said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bell. For sale at Pauls and Co's Pharmacy."

**A Surprise Party.**

A surprise party was held at the home of Mr. and Mrs. Henry Baylor, Cooper township, in honor of their daughter Pearl's 12th birthday.

Those present were: Pearl Baylor, Marion Krum, Mary Manser, Lottie Huntington, Mary Blecher, Florence Fry, Ruphena Boone, Martha Hartman, Mary Diemer, Pauline Manser, Edna Fry, Grace Huntington, Irene Giger, Getha Keiser, Helen Robbins, Charles Robbins, James Robbins, Mrs. Charles Whitentight, Mrs. Elmira Geist, Mrs. George Robbins, Mr. and Mrs. Henry Baylor, Henry Wertman.

**Summer Hours at Library.**

During July and August the summer schedule of hours will be in effect at the Thomas Beaver Free library. The library will be closed each evening during the two months except Saturday.
