

LOCAL TIME TABLES.

Table with columns for EAST, WEST, PENNA. R. R., and SUNDAYS. Lists train times for various routes.

CHANGES IN BLOCK SYSTEM

The final step in the changes made by the Pennsylvania Railroad company in the block system on the south side took place Saturday morning...

This change in the block system has been under contemplation for a long time. The tower occupied for the first Saturday was built last summer...

At times there was quite a congestion when the freight crews awaiting orders occupied the platform or waiting room along with persons who had come to take a train...

Another inconvenience that will be obviated is the detention of passenger trains above the crossing, which occurred when the signals were so set as to indicate that a train was on the block...

The telegraph operators will enjoy many advantages by the change, the one unpleasant feature being probably the additional walk entailed.

Some changes will be made in the station, now that the operators have been transferred to the tower. The clerk's desk will hereafter occupy the bay window where the telegraph instruments formerly were...

Take Notice. All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble...

Surprised on Birthday. A surprise birthday party was given in honor of Mr. George Moser's birthday on Saturday evening, at his home on Danville R. F. D. 1...

Entertained at Snow Ball Farm. Mr. and Mrs. Amos Wohlfarth entertained at Snow Ball farm, Riverside, on Saturday evening in honor of Mr. and Mrs. Arthur Sloop...

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels...

M'COLLUM CHOSEN PRESIDENT

W. L. McCollum, sporting editor of the Wilkes-Barre Record Sunday was elected president of the Susquehanna base ball league to succeed Fred A. Steiber...

A meeting was held at the Central hotel, Bloomsburg, yesterday afternoon, the following associations being represented by their managers...

The principal object of the meeting was to elect a president of the Susquehanna league to succeed Fred A. Steiber, who owing to pressure of business engagements tendered his resignation early in July...

Yerrick, of Danville, formerly substitute umpire, was chosen as a regular league umpire to fill a vacancy that had occurred.

THE PROPOSITION FAILED. Just before adjourning Manager Titel, of Bloomsburg, advanced a proposition to the effect that the series of games scheduled for the season end with last Saturday and that a new series be started...

At this juncture President Steiber reported that he had learned authoritatively that it was Danville's intention, if Manager Titel's proposition was carried into effect, to institute an action in equity...

It was claimed that by starting a new series of games all the clubs of the league would have the same inducement to play good ball and interest would be created anew.

At this juncture President Steiber reported that he had learned authoritatively that it was Danville's intention, if Manager Titel's proposition was carried into effect, to institute an action in equity...

Cured Hay Fever & Summer Cold. A. S. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business..."

Birthday Surprise party. A very pleasant surprise party was given at the home of Mr. and Mrs. A. H. McFarland, Rashtown, Saturday evening, in honor of their daughter, Blanche's birthday...

At Hospital With Broken Nose. Charles (Huckster) Groves has been taken to the Joseph Ratti Hospital, Bloomsburg, to receive treatment for a broken jaw sustained in a friendly tussle with another on Saturday...

Birthdays Party. A very delightful evening was spent at the home of Mr. and Mrs. Lewis Paul in honor of Mrs. Paul's birthday...

Entertained at Snow Ball Farm. Mr. and Mrs. Amos Wohlfarth entertained at Snow Ball farm, Riverside, on Saturday evening in honor of Mr. and Mrs. Arthur Sloop...

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels...

THROWN FROM MOVING TRAIN

Michael Coyle, a resident of Mt. Carmel, was badly injured by being thrown from a south-bound freight train between Vincent's farm and Maudsall about 3.30 o'clock Saturday afternoon...

He was on the top of a house car and in attempting to step from one to another, it is said, he tripped and fell. He miraculously escaped dropping between the cars, but fell down over the side landing a short distance from the track...

He was picked up by the pusher following and, in an unconscious state, was brought into town, where he was handed over to some townspeople by the crew of the pusher.

A cot was procured and he was carried to the boarding house of Mrs. Heim on Chambers street. Dr. Patton was called, who examined the man and discovered that he had a couple of ribs broken, in addition to numerous minor injuries...

Beyond a couple of fractured ribs the young man does not seem to be seriously injured. He was bandaged by Dr. Shultz yesterday morning and during the day seemed to rest fairly well. He will be removed to his home today.

People with chronic bronchitis, asthma and lung trouble will find great relief and comfort in Foley's Honey and Tar, and can avoid suffering by commencing to take it at once.

Defended Herself With Hatpin. Defending herself with a hatpin, Mrs. Clara Kerstetter, of Northumberland, drove off a man who tried to assault her on the road near Blue Hill Monday evening.

A fellow following her all the way from Northumberland and as she went down the road near the culvert at the Snikellville hollow, he accosted her and asked where she was going...

Although he bled copiously from the wounds which she inflicted he did not retreat until he saw the wagon of William Ruhl coming from the direction of Northumberland, when he fled up the hollow...

The fellow who committed the assault is described as appearing like a railroad man. He had been seen loitering about Northumberland the day before. He wore a blue shirt, light suspenders, black trousers and a black linen cap with a celluloid visor...

At Hospital With Broken Nose. Charles (Huckster) Groves has been taken to the Joseph Ratti Hospital, Bloomsburg, to receive treatment for a broken jaw sustained in a friendly tussle with another on Saturday...

The injury is a very serious one, the fracture occurring at the angle of the jaw. Great difficulty was experienced in setting the broken bone and holding the parts in place. Dr. Paules, who was called to attend the injured man, yesterday stated that it might be eight weeks before Groves would be able to leave the hospital.

Birthdays Party. A very delightful evening was spent at the home of Mr. and Mrs. Lewis Paul in honor of Mrs. Paul's birthday...

Entertained at Snow Ball Farm. Mr. and Mrs. Amos Wohlfarth entertained at Snow Ball farm, Riverside, on Saturday evening in honor of Mr. and Mrs. Arthur Sloop...

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels...

FINED FOR SWEARING

Two arrests were made in Derry township last Friday under the "blue laws" of 1794, charging the accused with using profane language. In both cases the defendants were required to pay a fine of 67 cents for each oath.

The information was made before Justice of the Peace W. V. Oglesby, of this city by Matthew L. Sheep, of Derry township on July 27th. The defendants in the case were Frank Ortman and John Ortman, father and son.

Frank Ortman was a former tenant of Mr. Sheep and the differences which provoked the alleged profane language took place while the defendant was harvesting the wheat crop on the plaintiff's farm.

Frank Ortman was charged in the information with having uttered five profane oaths and the son six. In addition, Frank Ortman was charged with assault and battery, the allegation that he had "grabbed" the complainant.

The hearing was held before Justice Oglesby Friday night. The fine for profane swearing is sixty-seven cents for each oath, which the defendants paid along with the costs. On the assault and battery charge Frank Ortman was held for court under two hundred dollars bail.

It is only at rare intervals that the blue laws are invoked in this day owing to the great changes affecting customs and sentiment that have taken place since their enactment 115 years ago. They may still be successfully invoked, however, in prosecution for violating the sabbath as well as for the use of profane language.

BOYS THREW STONES AT THE SINGERS

The Orpheus Glee club, which gave a concert on the river Friday night, complains very bitterly of the treatment it received at the hands of some boys on the bridge, who amused themselves by throwing stones at the flat-boat containing the singers.

During the latter part of the concert the members of the club were greatly annoyed. The stones were falling into the water all around them and finally two of the singers were hit. Owing to the throwing of stones the club was obliged to discontinue the concert at an earlier hour than was intended.

It is indeed a serious reflection that a band of singers such as the club in question should be subjected to indignities such as described while singing free of cost for the benefit of the public. Every effort should be made to discover the offenders and speedily bring them to justice.

CAMP MEETING AT PAULES' GROVE

The A. M. E. church will hold its annual camp meeting at Paules' grove for one week beginning Sunday, Aug. 28th and ending Sunday, August 15th. A small admission fee will be charged on Sundays the proceeds being devoted to repairs on the church.

The meetings during the camp will be in charge of Mrs. Hulley Brown, evangelist, and in addition there will be good singing and speaking. The local committee in charge of the meeting is composed of Mrs. M. Jordan, Abe Jones and C. Young.

Now Comes the Lions. Articles of incorporation were filed at the county clerk's office in Camden Saturday by the Fraternal Order of American Lions. The appearance of the "Lions" with the papers caused considerable comment in lodge circles in Camden, where the Elks, the Eagles, Owls and Moose hold the fort, the latter organizing but recently.

Fell From Apple Tree. Allison, the seven-year-old son of George Mutchler of Elysburg, fell from an apple tree at his home Saturday afternoon and badly fractured his right arm. The little fellow had climbed the tree to gather some of the fruit when losing his balance he fell to the ground, a distance of about ten feet. Dr. C. E. Allison reduced the fracture.

The poor of the North Side, in Pittsburgh, now have their wants supplied from a store established for that purpose. There have been quite a few applicants for the new charity in spite of the shortness of its existence. The association that has charge of this store used to give slips to the poor in return for which grocers would give them food but the supplies furnished were sometimes a doubtful quality, necessitating a new system.

DEATH OF CHAS. H. CAMPBELL

Charles H. Campbell, a well-known resident, died at his home on Church street at 11.45 o'clock a. m. yesterday. The deceased was taken ill on Monday. He had symptoms of typhoid fever, but during the week he sustained one or more strokes of paralysis, which were the immediate cause of death.

Following Thursday he was very low and his death, although sudden, was by no means unexpected.

Charles H. Campbell was aged 56 years, 1 month and 6 days. He was a life-long resident of this locality, a good citizen, a hard working and diligent man. For seventeen years, up to a few months ago, he was employed at John Eisenhart's meat market. Later he had employment at Nanticoke.

He is survived by his wife, two daughters, Desda and Alma, and one son, Robert, all of whom reside at home.

Mrs. Susan Campbell, mother of the deceased, died near Trevorton Tuesday evening and by a touching coincidence was consigned to the grave at Catawissa yesterday just about the hour that her son passed away.

Ambrose Campbell of Snyderstown, Frank Campbell of Elysburg, Mrs. Margaret Savidge of Snyderstown and Mrs. C. E. Yeager of Shamokin are surviving brothers and sisters of the deceased.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and gratis to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has rendered his medicines from among secret nostrums of doubtful merit, and made them Remedies of Known Composition.

By this bold step Dr. Pierce has shown that he has no fear of subjecting his formulas to the test of public opinion. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, his famous medicine for weak stomach, biliousness and all catarrhal diseases, contain a full and complete list of all the ingredients entering into the composition of his medicines, but a small book, containing a full and complete list of all the ingredients composing it, but a small book, containing a full and complete list of all the ingredients composing it, but a small book, containing a full and complete list of all the ingredients composing it...

Business Outlook is Favorable. The outlook is very favorable for a lively and increasing business this fall and winter. The tariff measure will be out of the way this week. The threshing returns show the winter wheat to be in better condition and greater yield than the government estimates indicated. The spring wheat is now being harvested, and beyond damage, and shows up well. The corn crop is growing finely, and every crop but cotton promises well, although a 12,000,000 bale crop of cotton is probable, and that will meet the demand, and net growers \$730,000,000 at present prices, the largest total ever received for a single year's growth of cotton.

Vought Reunion. About 250 representatives of the well known Vought family gathered at Vought's Lutheran church in Mayberry township on Saturday for the eighth annual reunion of their clan. The occasion was most enjoyable and successful in every way. All of the towns in this section and a wide area of the country were represented and included among those present, also, were many from a distance.

An Upright Clock. C. W. Ruckle has an exhibition at his store what is probably the first upright clock ever seen in this section. The clock is the latest production of one of the leading clock makers and is a novelty in many respects. It stands about three feet in height and the hours are marked off in much the same way as the inches on the foot rule. A white mouse controlled by the mechanism answers the purpose of the hands on an ordinary dial, climbing and pointing the time with its nose. With the striking of one o'clock the mouse drops down and starts over in accordance with the "Dickory, Dickory Dock" rhyme, which is inscribed at the bottom of the clock.

Judge Evans Did Not Appear. Judge Evans was unable to appear at court Saturday and the application for the transfer of liquor license at the Dougherty stand on Northumberland street could not be acted upon.

Informative. In every issue of THE PHILADELPHIA PRESS there are three correspondence columns open to all readers. No matter who you are, you cannot read these three correspondence columns on any day without finding something of interest to you. Therefore, read THE PHILADELPHIA PRESS every day.

Are Doctors Any Good? Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently, trust him fully. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you. Ask your doctor. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

AMENDMENTS TO THE CONSTITUTION

There will be ten amendments to the Constitution to be voted on at the next general election, and the voter will be kept busy using his pencil in making crosses opposite "for" or "against" each amendment. The main object of these amendments is to do away with the spring elections, so that in the even numbered years state officers will be elected.

The first amendment provides that where a vacancy occurs in an office that is filled by appointment by the governor, two months before a general election in November, the office shall be filled at that election. At present if the vacancy occurs three months before election it is so filled.

The second amendment fixes the terms of the auditor general and State treasurer at four years each. At the present time the State treasurer's term is two years and the auditor general's three years. The State treasurer and auditor general elected this year shall each serve three years and after that be elected for four years.

The third amendment changes the term of justices of the peace and aldermen from five to six years. The fourth amendment applies only to Philadelphia and fixes the term of magistrates from five to six years.

The fifth amendment changes the general election from annual to biennial, all to be held in the even numbered years. The sixth amendment does away with all spring elections, abolishing them entirely, and all municipal elections will be held in November in odd numbered years.

The seventh amendment increases the terms of election officers from one to two years. The eighth amendment provides that elections of State officers shall be held on a general election day, except when, in either case, special elections may be required to fill unexpired terms.

The ninth amendment changes the terms of all county officers to four years. The tenth amendment fixes the terms of office of county commissioners and county auditors at four years, evidently classifying them in the county officers coming under the ninth amendment.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely. It will cure you. Sold by Paules & Co's. Pharmacy."

Business Outlook is Favorable. The outlook is very favorable for a lively and increasing business this fall and winter. The tariff measure will be out of the way this week. Often The Kidneys Are Weakened by Over-Work.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys must, because they do most, and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmor's Swamp-Root. A trial will convince you of its great merit. The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a simple bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmor & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Twenty-Three Deaths in July. The report of the local registrar to the Bureau of Vital Statistics for July shows that twenty-three deaths were reported during the month, precisely the same number as occurred in June. In May there were twenty-five deaths. Of the twenty-three deaths that occurred in July eight took place at the hospital for the insane.

The birth rate, which during the month of May fell to twelve, a number unprecedentedly low, during June became normal again, the number of births reported being twenty-seven. In April there were twenty-one births.

The general health of the community was never better even at this season of the year, when there is a general abatement in human ills and the physicians are enabled to take a rest. No cases of scarlet fever, pneumonia, or measles were reported during the month. Two cases of typhoid fever with one death from that disease were reported as against one case of typhoid during June. There was one case of erysipelas in July.

There is one feature of the report for July that is somewhat anomalous. Three cases of diphtheria were reported. The appearance of this disease is rare at this time of year and can hardly be accounted for. To show that diphtheria has something of a foothold it might be stated that an additional case was diagnosed yesterday and will come in with the report for August.

ELY'S CREAM BALM has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or sniffing. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. W. A. RINGOLD, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation. Julia Robinson of Wilkes-Barre, was out picking berries with her father and became lost from him. The little girl was afraid of bears and climbed into a tree where she stayed all night and was found the next morning.
