

SCHOOLS OPEN ON SOUTH SIDE

The schools of Gearhart township and Riverside borough composing the newly formed joint school district on the south side opened Tuesday under the most auspicious conditions. Owing to the opposition arrayed against the joint high school it was feared that it might prove difficult to enroll the required number of pupils. It was ascertained that among the non-resident pupils attending the Danville high school there were twenty-five from the south side, and persons familiar with statistics in Gearhart township and Riverside borough gave it as their opinion that when the joint high school opened six or eight students would be the maximum number eligible that remained on that side of the river.

The opening of the schools, however, has settled all controversy. In the joint high school there are seventeen pupils enrolled, while the school board feels confident that others eligible will join the classes later.

The consolidation of the two districts made a reorganization of the schools of both the township and the borough necessary. South Danville and Riverside each retains its own primary school; one grammar school, however, suffices for both districts and is installed in the borough school building. The portion of the South Danville building, formerly used as the grammar school is occupied by the joint high school. The one department that comes anywhere near being overcrowded under the consolidation is the grammar school, taught by Miss Surver, in which Tuesday there were forty-six pupils enrolled.

Thomas B. Shannon, the high school teacher on the south side, was Tuesday morning elected supervising principal of the schools of Gearhart township and Riverside borough by the school boards of the two districts. He is a gentleman of wide experience in school work. He was principal of the schools of California, Washington county, last year. At earlier dates he taught at Centralia and was supervising principal of the schools at Mackintyre, Lycoming county, at the latter place having twenty-one schools in his charge. He has always taken an active part in Y. M. C. A. and other religious work. He is also fond of athletics and has always aided to promote healthy exercise and sport.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-lazy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The "Dose of Dr. Pierce's Favorite Prescription" directed to the cause would have cured them all. But he, the doctor, the wrong treatment, but he, the doctor, prescribes medicine like Dr. Pierce's Favorite Prescription directed to the cause would have cured them all.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, worn-out, run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing, cordial and restorative tonic.

As a soothing and strengthening nervous system "Favorite Prescription" is unequalled and is invaluable in all cases of nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other nervous disorders. Its symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One or three a dose. Easy to take as candy.

BRICKLAYERS THROUGH

The bricklayers completed their work on the new dormitory for employes at the hospital for the insane last evening and this morning the carpenters will begin work on the roof, about a dozen of the latter being employed.

Work on the dormitory is being pushed along in record time and the building will be ready for occupancy by the holidays, if not before. The coal pit is completed and is being used in connection with the steam plant. The siding is not yet built, but the coal is hauled in wagons, which by means of a trestling built over the pit are enabled to dump their contents where the cars will later unload.

Work does not seem to progress very rapidly on the new cow shed. Carpenters are now employed on the gigantic trusses, the construction of which require an enormous amount of work.

NO FALSE PRETENSE has marked the career of Ely's Cream Balm. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great virtue of Ely's Cream Balm is that it speedily and completely overcomes nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c., or mailed by Ely Bros., 55 Warren Street, New York.

It is often woman who inspires us with the great things that she will prevent us from accomplishing.—Alexandre Dumas.

PETITION FOR CITATION

Proceedings have been set on foot to contest the will of the late Lafayette Roup, of Liberty township. Isaiah Roup, son of the deceased, has presented a petition for citation and in response the court has made a decree.

In his last will and testament Lafayette Roup disposed of his worldly goods as follows:

Five hundred dollars from his estate was to be retained by his executor. Of this sum the executor was directed to give one dollar to Isaiah Roup, son of the decedent. The executor was to defray the funeral expenses and pay for a tablet. The remainder of the five hundred dollars is to be placed at interest, the income thereof to be used in keeping the grave in good condition.

After the death of the executor the amount of money remaining is to be the property of Zoa Savidge.

To his wife, Johanna Roup, the decedent gives the use, income, control and management of the remainder of the estate, real, personal and mixed for and during the time of her natural life, or so long as she remains the widow of the decedent. After the death or remarriage of the said wife the will directs that the executor shall sell at public sale all real estate or personal property, if any then remain, and he shall give from the proceeds of such sale the sum of five hundred dollars to Eliza Gertrude Savidge.

The entire balance, the will directs the executor to give to Zoa Esther Savidge.

Gessie P. Savidge of Rushtown, Northumberland county, is appointed executor of the will.

Isaiah Roup, son of the testator, has appealed to the Orphans' court from the probate of the will and the granting of the letters testamentary on the ground that the decedent was incompetent to make the last will and testament and that undue influence was used and the said Lafayette Roup, was persuaded by Johanna Roup, the wife of the said decedent, to make the will.

The petitioner prayed that a citation be issued, directed to said Gessie P. Savidge and others to show cause why said appeal from the decision of the register of wills in admitting the said instrument to probate as the last will and testament of Lafayette Roup, deceased, should not be sustained and why an issue devisavit vel non should not be awarded.

Following is the decree:

COURT'S DECREE.
And now, Sept. 6, 1909, the within petition presented and after due consideration and on motion of William Kase West, and H. M. Hineckley, attorneys for petitioner, the court order and direct that a citation issue to Gessie P. Savidge requiring him to appear on the 18th day of October 1909, before this court to answer this complaint and show cause why he should not give security conditional for the performance of his trust or be discharged therefrom.
And, also, that a citation issue to the said Johanna Roup to show cause why she should not give security for the safe keeping of the money and other property of the estate of Lafayette Roup now in her charge and possession returnable on the 18th day of October, 1909.

And the said Gessie P. Savidge, alleged executor aforesaid, Johanna Roup, widow, Zoa Ethel Savidge and Eliza Gertrude Savidge, are hereby ordered and directed not to dispose of in any way, any money or property of the late Lafayette Roup, deceased, or in their possession, received by them or either of them from Gessie P. Savidge, alleged executor aforesaid, or otherwise; but to hold the same subject to the order of the court. By the court.

CHARLES C. EVANS, P. J.
Mr. W. E. Gosh is pleased to announce to his customers that he has secured the agency for ZEMO, the best known remedy for the positive and permanent cure of Eczema, Pimples, Dandruff, Blackheads and every form of Skin or Scalp disease. ZEMO is a clean liquid for external use, gives instant relief and cures any form of skin or scalp disease by destroying the germ that causes the disease, leaving a clean, healthy skin. Mr. Gosh will gladly show you proof of many remarkable cures made by ZEMO. For sale by W. E. Gosh.

Spoonberg-Manning.
William Spoonberg, of Strawberry Ridge and Miss Blanche Manning, of East Danville, were married last evening at 7 o'clock by the Rev. Joseph E. Guy at the Shiloh Reformed parsonage, Bloom street.

"Famous Songs and Their History."
No doubt you have heard some of these famous songs: "My Country 'Tis of Thee," "Hail Columbia," "Home, Sweet Home" and many others. Possibly you have often wondered as to how they were originated, and what history was connected with each of these. THE PHILADELPHIA PRESS will tell you. They are featuring one of these old songs and hymns every Sunday, with its complete history. They are intensely interesting, and lovers of music and people musically inclined should read these great articles, for they are valuable and educating. Read THE PHILADELPHIA PRESS every Sunday, or order it at once from your newsdealer.

Her Sorrow.
"P-papa," sobbed small Sadie, "m-my canary is d-dead!"
"Never mind, dear," replied her father; "I'll buy you another one."
"Oh, I'm calm now," rejoined Sadie, "but when I first saw the poor little thing I cried like a child!"—Exchange.

40 DOCTORS AT SUNBURY MEETING

The sixth annual meeting of the physicians of the Seventh Censorial district, including the counties of Montour, Columbia, Northumberland and Snyder, convened in the court house at Sunbury on Friday morning at 10:30 o'clock, with an enrollment of 40.

The meeting was called to order by Dr. H. M. Beeber, of Sunbury, when Dr. W. T. Graham, of Sunbury, was elected president and Dr. L. B. Kline, Catawissa, secretary.

Dr. J. B. Cressinger, president of the Northumberland County Medical society, delivered the address of welcome, which was noted for its brevity, cordiality and eloquence.

"The Benefits of Membership in Medical Organizations" was presented by Dr. L. B. Kline, Catawissa. The discussion was opened by Dr. C. H. Swank, followed by an interesting talk by Dr. B. H. Detweiler, of Williamsport.

The subject of "Exophthalmic Goitre" was presented by Dr. H. C. Hower, Millville, in a thorough, comprehensive and up-to-date manner. Dr. A. R. Harshberger, of Lewistown, led the discussion and was followed by Dr. Hunter, Bruner and Beeber.

After dinner at the City hotel, the meeting was called to order at 1:15. Dr. J. W. Bruner, of Bloomsburg, read a paper on "Cholecyctitis," which was an able and practical presentation of this subject. Dr. P. C. Newbaker led the discussion, being followed by Dr. Hower and others.

The subject of "Psycho-Therapy in General Practice," presented by Dr. E. F. Bickel, of Shamokin, was a paper of more than ordinary ability. The discussion was led by Dr. F. D. Raker, of Shamokin, followed by most of the physicians present, proving to be the most general and earnest discussion of the day. All agreed that psycho-therapy occupies an important place in the practice of medicine, while opinions as to the extent of the field varied greatly.

Dr. J. R. Montgomery, on behalf of the Columbia County Medical society, extended an invitation to the Censorial district to hold its next meeting in Bloomsburg. On motion the invitation was unanimously accepted, and the time of the meeting was left in the hands of the district censors.

The meeting was more largely attended than any preceding and by general consensus it was pronounced the best. The medical papers presented were of a superior character and were greatly appreciated by all.

After the adjournment the visiting physicians by invitation inspected the Mary M. Packer hospital, all being well pleased with the institution.

BURMA CIGARETTES.

One Will Last a Smoker, or Maybe an Entire Family, a Day.
The American engineer home for a visit from Burma accepted a proffered cigarette and rolled it gently between his fingers.
"At the risk of seeming ungrateful," he said, "I rise to remark that the specimen you have so kindly tendered me strikes my acquired sense of the fitness of such things as highly inadequate. Merely as to size, I mean."
The cigarette of Burma is a remarkable contrivance, ranging in length from a foot to a foot and a half, an inch in diameter and not unlike a giant firecracker in general shape. If composed wholly of tobacco it would be deadly. As a matter of fact, it contains very little tobacco. It is made of cornhusk or leaves of innocuous plants rolled tight and with shreds of the divine weed between the layers. One will last a smoker for a day, frequently an entire family for a day.
"The women of Burma, the most handsome and intelligent of their sex in the east, smoke these cigarettes habitually. It is something of a shock when the visitor first sees a pretty woman puffing at one of these enormous cylinders. It is still more of a shock if she is carrying a youngster astride her hip in approved native fashion. Between puffs she offers her cigarette to the child, who never refuses the invitation.
"As to effect, the Burmese cigarettes are practically harmless. As to flavor, they are insipid and unpleasant."—New York Herald.

What the wind gathers the devil scatters.—Greek Proverb.

AMERICA'S BIGGEST BALLOON

Indianapolis Aeronaut Finishing Airship For Fulton Flight Contest.
George L. Bumbaugh, the aeronaut, in his factory at Indianapolis is putting the finishing touches on the largest dirigible balloon ever built in America. It will be ready for trial in a few days and is being built especially to enter in the New York World's \$10,000 Fulton flight airship contest.
The bag of the airship will be more than 100 feet long, almost twice the size of the craft which Captain Thomas S. Baldwin sold to the government. Not only will it be the largest airship of its kind in the United States, but one of the few large ones in the world. It is exceeded in size only by the Zeppelin and several of the French military balloons.
Its diameter will be thirty-two feet. Bumbaugh has procured a specially constructed Stoddard-Dayton motor having a velocity equal to thirty-five miles, and a gas bag, and motor will weigh 2,000 pounds ready for sailing. It will have a lifting capacity of 6,000 pounds, and it is expected that it will carry 2,000 pounds of excess ballast. Bumbaugh intends to carry enough fuel to last him sixty hours.
Pyramid Houses.
A new dwelling proposed at the late hygienic congress in Berlin is to have each successive story narrowed from three to six feet, with several feet of balconies to widen the terraces thus formed. This plan, recommended particularly for sanitariums and houses for the poorer people, provides an abundance of air and light for each story and supplies an open space for recreation out of doors. As a material for buildings of this kind reinforced concrete has hygienic and other advantages.

PENNSYLVANIA RAILROAD

PERSONALLY-CONDUCTED EXCURSIONS

TO

NIAGARA FALLS

September 8, 22, and October 6, 1909

ROUND-TRIP \$7.30 FROM SOUTH DANVILLE

PICTURESQUE SUSQUEHANNA VALLEY ROUTE

Tickets good returning on regular trains within FIFTEEN DAYS, including date of excursion. Stop-off within limit allowed at Buffalo returning. Illustrated Booklet and full information may be obtained from Ticket Agents

J. R. WOOD, G. E. W. BOYD, Passenger Traffic Manager, General Passenger Agent.

DOGS DAMAGE THE NEW PARK

Dogs running at large are causing a great deal of damage in Memorial park and because of this fact the owners of the same are likely to get into trouble.

At its last meeting a report was presented to council by the committee on public property and public improvements, which showed that dogs are playing havoc in the park, running over and digging up the flower beds and proving a nuisance in other ways.

It was decided to enforce the law, which holds the owners of dogs responsible for damage done by the latter. To comply with the requirements of the act notices will be posted prohibiting dogs from entering the park unless led by their masters. Dogs running at large will be captured, if possible. If this can not be accomplished the owners will be ascertained and made to pay a fine.

As an additional attraction the committee contemplates stocking Memorial park with squirrels, such as are found in the capitol ground at Harrisburg. The plan is to install boxes in the big tree in the park as well as in the trees that grow on Bloom street along the park. These trees it is believed, will afford ample shelter for the squirrels, which become very tame in the course of a few years. The younger trees are growing rapidly and before the squirrels increase in numbers to any considerable extent there will be plenty of shelter in the park.

Many people delude themselves by saying, "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear. For sale by Paulus and Co. Pharmacy.

"HUNGRY SAM"

WILLIAMSPORT, Sept. 8.
The culinary department of the John Stadden family reunion yesterday was steadily broken up in Watson Park when a stranger appeared and made himself at home as a dinner guest.
After eating a good sized meal he topped off on three large cakes, eight plates of ice cream, three bottles of olives, three dozen bananas, pound of soda mints and eleven cups of coffee.
The terrific eating capacity of the man ceased to be a matter of surprise when he announced before leaving that he was "Hungry Sam" Miller, of Strawberry Ridge.

GRANGERS AT CENTRE HALL

For the Patrons of Husbandry Exhibition at Centre Hall, Pa., September 11 to 17, the Pennsylvania Railroad Company will sell special excursion tickets to Centre Hall from stations in Pennsylvania, and from Baltimore and Elmira at reduced rates (minimum rate 25 cents). Tickets will be sold September 10 to 17; good to return until September 20, inclusive.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for lists of testimonials.
Address F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

All She Wanted.

The Debutante—The man I marry must be rich, handsome, good, generous, intellectual—
The Man About Town—My dear young lady, you will have to have him made to order.

The Fun of It.

Mother—Did you enjoy your ice cream soda, Dickie?
Dickie—Yes, ma; there were seven other boys lookin' through the window at me.

What is not necessary is dear at a penny.—Cato.

Evil grows and strengthens by endurance.—Cicero.

Curious.

If a man is bettered his condition is improved; if he is "bested" he is really "worsted."

It May Be Pneumonia

"A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.

A TRIBUTE TO GEO. W. MILES

In his annual report James E. Watkins, grand chancellor of the grand lodge of the domain of Pennsylvania, Knights of Pythias, takes occasion to speak in glowing terms of George W. Miles, whose death was noted some time ago in the columns of this paper.

Grand Chancellor Watkins says: "A serious loss to our Order in Pennsylvania was the death of Brother George W. Miles, a faithful member of Beaver Lodge, No. 132, and a member of the Grand Tribunal of Pennsylvania."

It was my pleasure and privilege to have known Brother Miles for many years, and I always found him the same. His name was connected quite conspicuously with the growth of his home town, Danville, for he was always associated with those who had an eye single to its welfare and progress. He was a man of sterling integrity, uprightness of character and probity of conduct, and by 'the deep damnation of his taking off,' the Borough of Danville loses an honest and useful citizen, Pythias a valuable member, and his family a loving and tender husband and father. His voice forever still, his labors and sorrows are over, but the memory of his good deeds and his public career will live in history."

A Narrow Escape.

Edgar N. Bayless, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near to it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." For sale by Paulus and Co. Pharmacy.

Cider Season Here.

Advertisements are beginning to appear in the papers about the country, announcing that cider presses have been oiled and gauged and are ready to do business.
Apples are turning from green to red and yellow, and soon the farmers will be carting big loads of them to the presses, where their sweet juices will be extracted and soon brought to the local markets as foaming and sparkling cider.

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. For sale by Paulus and Co. Pharmacy.

THE SEEDING TIME

At many places the farmers are preparing to sow wheat. The rain of three weeks ago put the ground in good condition for ploughing and farmers, with the exception of those who were back with their work, were enabled to proceed at once with the preparation of the ground. Those who were not able to begin ploughing are having a hard time of it. The effect of the drought is as marked as ever and it is only here and there now that ploughing can be done with any success. A farmer from Cooper township yesterday stated that there is still a great deal of wheat ground to be ploughed there and that he feared unless it rains very soon a good deal of the ground will not get ploughed in time for seeding.

Warning.

Do not be persuaded into taking any thing but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. For sale by Paulus and Co. Pharmacy.

Annual Picnic.

The Mahoning Presbyterian church and Sunday school picnicked at De Witt's park Saturday. There was a good attendance notwithstanding the threatening weather and the outing proved a success.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. ITALIANS HAVE ANOTHER FIRE

For the third time within a few months the Italians employed on the sewage disposal plant at the hospital for the insane on Saturday lost their home by fire.

After July 3rd, when the building at the rear of Mill street belonging to R. W. Eggert in which they were domiciled was burned, the Italians built a rude dwelling in the field near the Lutheran cemetery, above town, where they lived until Saturday.

How the fire originated Saturday no one seems to know. The building was destroyed about 5:30 o'clock in the afternoon. As soon as it became known an alarm was sounded by the Washington and the Friendship fire companies, both of which started for the fire. It was soon learned where the blaze was located, which was at a spot too remote from the plugs to make the fire department of any service. The Friendship company went no farther than the Cottage drug store. The Washies proceeded as far as Wall street.

The three fires which burned out the Italian workmen following each other at short intervals might suggest that they are pursued by enemies, presumably those opposed to foreign labor. This view, however, is hardly tenable in view of the fact, that, with the exception of the first fire, which occurred at night, the buildings burned in the day time when the Italians were on the premises or at least near by.

How to Cure Skin Diseases.

The germs and their poisons which cause the disease must be drawn to the surface of the skin and destroyed. Salves and greasy lotions may give temporary relief but they do not have the power to destroy the germ life. ZEMO, a clean liquid for external use will draw to the surface and destroy the germ life, leaving a clean healthy skin. ZEMO positively cures Eczema, Pimples, Blackheads, Dandruff, Itching Piles, and every form of skin or scalp disease. Mr. Gosh, the druggist, endorses and recommends ZEMO and will give you a sample bottle. For sale by W. E. Gosh.

That Turbotville Post Office.

The United States civil service commission announces that on October 2nd, an examination will be held at Milton for the position of fourth class postmaster at Turbotville. The compensation was \$930 for the last fiscal year.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes: "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. For sale by Paulus and Co. Pharmacy.

Hebrew New Year.

The Hebrews of Danville are arranging their celebration of New Year which occurs this month. The Jewish year 5670 begins at 6 o'clock on Wednesday evening, September 15th.

WOMEN'S WOES.

Danville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Send for remedy for kidneys only that helps and cures the kidneys and is endorsed by people in this locality.

Mrs. V. Lloyd, 431 South Front St., Milton, N. Y., says: "I can recommend Doan's Kidney Pills just as highly as I can. This time as when I gave a public statement in their favor some years ago. They cured me of backache and kidney trouble and I have used them once or twice since for pains in my back, finding prompt relief. I have recommended Doan's Kidney Pills to many acquaintances and they all speak of them in the highest terms."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no other.

New Use of Compressed Air.

The auctophone is a device invented by Charles Parsons, by means of which compressed air can be utilized to strengthen the tone of any instrument to which it is attached. When applied to the cello the valve is connected by a rod of aluminum to the instrument. The compressed air passing through the valve is caused to vibrate, thus producing a sound characteristic of the instrument. The sound issuing from the trumpet, though in many respects identical with that of the instrument itself, is at the same time much richer in tone and greatly augmented in volume.

Force of Habit.

Kilky—I did a very absentminded thing this morning. Street—What was it? Kilky—Offered a tip to the man who shaved my nose.—Boston Transcript.

When a true genius appears in the world you may know him by this sign, that the dunces are all in confederacy against him.—Swift.
