W. R. PURSEL'S SUDDEN DEATH

William R. Pursel, a nearly-life-long resident of Valley township, died at the family homestead at 2 o'clock Tuesday morning, following a few hours' illness.

The deceased was an honored and representative citizen of the township. About nine years ago he sustained a stroke of apoplexy. Although permanently disabled on his left side as the effect, he regained his health and was able to oversee the work of his farm. On Monday he was quite in his usual health and spent a portion of the day in his orchard.

About 11:30 o'clock Monday night he was taken ill. He lapsed into unconsciousness and at 9 o'clock passed away. His death was due to another stroke.

The deceased was born at Hughesville, but lived in Valley township for seventy-five years. He was a good citizen, a man whose integrity was unimpeachable. He filled various township offices, such as school director, overseer of the poor, etc. Early in life he became a member of the Grove Presbyterian church, this city.

He was aged 77 years, 4 months and 17 days. He is survived by his widow, one son, Raymond, who resides at home and one daughter, Blanche, a trained nurse of Philadelphia. He is also survived by a sister, Mrs. Margaret A. Dawson, of Pearson, Md.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for lists of testimonials.

"The Lost Trail."

The four seasons' success of "The Lost Trail" is evidence that audiences appreciate clean, wholesome and absorbing plays, handsomely staged and properly presented. The Wills Amusement Company desires to impress upon the people of this city, that the original—or week-stand company—the one that produced the play in New York and Chicago—will be seen here on Friday evening and that the production will be under the direct and personal supervision of the author. It is a play in four acts and five beautiful stage pictures—containing an interesting and wholesome story of Western life, where many typical characters are brought into view. The drama combines a little tragedy, with a good deal of comedy, introduced in a plausible manner by a number of good comedy characters. During the action a number of singing and dancing specialties are also introduced.

Captured Scholarship.

Miss Marie A. Hill, of Shickshinny, who has a large circle of friends in this city having visited at the home of Mr. and Mrs. T. F. Moyer on several occasions, recently competed against ten contestants at the Ithaca Conservatory of Music, for a scholarship in piano and captured first place, her work being of a wonderful nature.

A New Engine.

A brick annex 16x36 feet is being built to the engine house of the Danville Knitting mills, in which is to be installed a fifty-five horse power engine to operate the electric light plant connected with the works. George F. Reifsnider is erecting the annex.

Fine Peaches.

S. G. Mortimer, No. 330 Center street, lays claim to having the biggest peaches in Montour county. He produced a peach yesterday weighing 10 ounces and measuring in circumference 10 1/2 inches. In a single bushel of peaches that he has produced there is not one that measures less than 9 1/2 inches in circumference.

Accepted Position.

Arthur Reifsnider, son of our townsman, George F. Reifsnider, has accepted a position as stenographer under the Pennsylvania Railroad company and has entered the main office at Altoona. Arthur stood a competitive examination last week, later receiving notice to report for duty last Monday.

BROTHERS GO TO PRISON

John and Herman Koeb, brothers, of this city, were arrested charged with larceny Monday. In default of bail they were committed to jail to await the next term of court.

The two men were arrested on a warrant sworn out by W. A. Sechler, general manager of the Danville Stove and Manufacturing company. The information accused the men of stealing a brass valve on Labor day.

The men learning that information had been made against them on Tuesday waited upon General Manager Sechler, acknowledging that they had taken the valve and promising to restore the property, at the same time begging for clemency, which Mr. Sechler, in view of the frequent raids made by thieves at the stove works, did not promise to extend. Following this the men disappeared and it was not until Monday that the officers could lay their hands upon them.

The men were arraigned before Justice W. V. Oglesby at 10:30 o'clock. They acknowledged their guilt, but pleaded the small value of the valve and the fact that they were in dire need in excuse of the theft.

Justice Oglesby held each for court in three hundred dollars bail. Neither was able to procure a bondsman at that time and in default of bail they were committed to the county prison.

BURIED AT DANVILLE.

Mrs. Elizabeth Persing, a former resident of Danville, whose death occurred at Shamokin last Thursday, was consigned to the grave in the Reformed cemetery, this city, Monday.

The deceased was the widow of Philip Persing, whose death occurred five years ago. The family removed from Danville some fifteen years ago.

At the time of her death Mrs. Persing was living with her son, Walter Persing, near Snyderstown. She was in ill health for some time prior to her death. With the hope that a change would benefit her she accepted an invitation from her sister-in-law, Mrs. Hess, and visited the latter at Shamokin. It was while a guest at the home of Mrs. Hess that death occurred, Thursday at 3 p. m.

The deceased was aged fifty-eight years. Besides two sons, Walter of Snyderstown and Miles of Shamokin, she is survived by two brothers, Edward F. Bell and Elisha Bell of Danville, and three sisters, Mrs. D. B. Heddens, of this city, Mrs. Reuben Welliver of Mahoning township and Mrs. Robert Blue of Valley township.

Services were held at the residence of Mrs. Hess in Shamokin yesterday morning, after which the funeral proceeded to Danville, interment being made in the Reformed cemetery, where the husband of the deceased is buried. The services were conducted by the Rev. Mr. Haines, of Shamokin, who accompanied the body to Danville.

The Knock-out Blow.

The blow which knocked out Corbett as a revelation to the prize fighters, from the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to weary and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ of the prize ring as well as in life. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach strong and strong by the use of Dr. Pierce's Golden Medical Discovery, and you'll protect yourself on your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. W. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Advice will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 cent stamps. Address Dr. Pierce as above.

GIFT HIGHLY PRIZED

Will G. Brown Monday received a gift which he highly prizes. It is in the form of a set of elks' teeth presented to him by Mrs. J. L. Lane, who recently removed from Danville to Kimmer, Wyoming. The teeth, which are especially fine specimens, were procured from an old hunter in Wyoming and were sent to Mr. Brown by Mrs. Lane.

As is well known elks' teeth are very rare at the present day owing to the demand they are in among members of the order of Elks, who wear them as badges. To Mr. Brown, therefore, who is a member of the above named order, the elks' teeth presented to him have an additional value.

Accepted Position.

Arthur Reifsnider, son of our townsman, George F. Reifsnider, has accepted a position as stenographer under the Pennsylvania Railroad company and has entered the main office at Altoona. Arthur stood a competitive examination last week, later receiving notice to report for duty last Monday.

FILLING UP OF OLD CANAL

On Saturday morning the Structural Tubing company began filling up the canal. It seems definitely settled that the work is to go steadily forward—that ashes, cinder and like material wherever obtainable are to be dumped into the old waterway until the last vestige of it is wiped out of existence.

At the suggestion of Division Engineer White, Friday evening the committee on sewers waited upon the Structural Tubing company to determine whether it would be willing to use the waste from the works in filling up the canal. The committee met the division engineer on his return from Northumberland, Friday evening and reported to him that the Structural Tubing company had consented to fill up the canal between Church and Beaver streets and that it would begin the work immediately.

During the conference with the division engineer that followed the subject of further filling up was considered. Other industries will no doubt be glad to help the good work along by filling up sections contiguous or convenient to their plants; but naturally there will be sections here and there along the water way remote from the industries that can not be reached with carts without more or less loss of time and which the proprietors of our manufacturing plants would not consent to fill up without some compensation for extra handling. This subject of compensation is one of the points that the division engineer is holding under advisement. Upon the action relating to it taken by the D. L. and W. company will depend whether the old canal shall be gotten rid of in a very reasonable period of time or the filling up shall drag along during several years.

Now that it is decided that piping is not necessary no obstacle to the work can permanently intervene. This is the great desideratum, as the purchase and laying of pipe would constitute a heavy item of cost, one that would probably make the filling up of the canal impracticable for years to come. From now on the getting rid of the old ditch will only be a question of time and the utilization of waste material that accumulates from many sources. On the question involved it is not known how soon nor to what effect we shall hear from the D. L. and W. Railroad company.

Meanwhile the borough will grant to individuals permission to dump clean ashes, along with material free from objectionable matter into the canal. The D. L. and W. Railroad company, however, will see to it that the old waterway is not made the dumping ground for filth in any form. In a day or so a representative of the company will appear in this city; accompanied by one of our policemen he will examine the bank of the canal to determine who are responsible for the pollution that exists. Not only will persons who throw garbage into the canal be waited upon, but also those who maintain pigsties or cow sheds that drain into the canal. The bank will be closely examined to determine whether there are any sewers other than those which carry surface water that drain into the canal. We have the division engineer's word for it that all persons who contribute to any of the above nuisances will be prosecuted.

MARRIAGE ANNOUNCED

Announcement has just been made of the marriage of Charles Jenkins, of Avoca, and Miss Ivy Manger, of this city. The wedding took place at Honesdale on February 22, the Rev. M. D. Fuller, pastor of the Methodist church of that place, officiating.

Mr. Jenkins is a former resident of this city and at present holds the position of foreman in the silk mills at Avoca. The bride is the daughter of Mr. and Mrs. W. H. Manger, West Market street, and has a wide circle of friends.

Mr. and Mrs. Jenkins will reside at Avoca.

Fred C. Heimlich Leaves.

Fred C. Heimlich, who since March 1908, has been in charge of Mosier and Summers' construction work at the State hospital, left Saturday for Buffalo, having completed his work at the Danville institution. For the present Mr. Heimlich will be stationed at Buffalo, where Mosier and Summers have the contract for the erection of a convent and a children's hospital. The departure of the ever cheerful "Doc" from Danville leaves a wide gap in the social circles of this town and the host of friends whom he leaves in Danville wish him a rosy future.

TWO YOUTHFUL SNEAK THIEVES

That Danville has some precocious youngsters or those at least who are prematurely developed in the line of crookedness has been well demonstrated during the last few days. An instance which occurred on Saturday will suffice.

About ten o'clock Miss Julia Russell, saleslady at Jacobs' "upper store," was temporarily absent from the store room attending to some duties in an adjoining apartment. She returned to the store and was in the act of waiting on a customer when to her amazement she discovered that the money drawer was empty. She made inquiries and learned that two small boys had left the store about the time she entered it.

She started out to search for the boys and was lucky enough to find them seated in front of the post office counting a sum of money. She kept the little fellows under surveillance and when they happened to pass the store she attempted to seize the larger boy while Mrs. Jacobs caught the smaller one. Miss Russell's quarry, however, escaped from her and ran out the alley at the Baldy house. From the smaller boy some thirty cents were recovered. It was known, however, that in all some two dollars were stolen.

Miss Russell immediately pursued the boy that escaped from her and although she lost sight of him for a time, yet she finally caught him on East Market street just beyond Church street. He had no money about him and protested his innocence. She pluckily held on to the boy, however, and finally admitted that he stole the money and asked whether he would have to go to jail if he would return it.

He conducted Miss Russell to a spot along the canal near the foot of Pine street where he had hidden the money stolen, or a portion of it, amounting to nearly two dollars. Miss Russell took possession of the money and handed the youthful sneak thief over to Chief Minecroyer, who put both boys in the lock-up. The little fellows took their imprisonment very much to heart and cried bitterly.

The boys, who belong to a family in the northern end of town, are about eight and ten years old, respectively. Owing to their extreme youth their case proved a difficult one to dispose of. The boys were confined in the lock up about an hour when their father appeared and they were released.

COURT MAKES DECREE.

A petition was presented to the court by the county commissioners Saturday asking that they be empowered to enter into a contract with the borough of Danville relative to the paving of that part of East Market street on which the jail property abuts.

Judge Evans made the following decree:

And now, Sept. 11, 1909, upon reading the within petition and after due consideration the court do authorize the within named petitioners to enter into contract with the said borough of Danville for the payment of the same relative proportion of the expense of paving and curbing within described as is required of all other owners of real estate bounding or abutting on the within described part of the said street; and the court do further authorize and empower the said petitioners to appropriate from the county treasury of this county sufficient funds for such purpose. By the court

WM. M. MUTCHLER.

William Montgomery Mutchler, aged 42 years, a well known resident of Elysburg, was found dead in his bed Saturday morning about 6 o'clock by his mother when she went to call him. He had been dead for about 2 hours and his demise was due to heart trouble with which he had suffered for over a year.

Mr. Mutchler had planned to go to a picnic Saturday and from the fact that he had retired Friday night in his usual health, his sudden death came as a severe shock.

The deceased had lived in the vicinity of Elysburg all his life. Beside his mother he is survived by two sisters, Mrs. Charles Haas, of Shamokin and Mrs. Jerry Boston, of Sunbury. A brother, whose whereabouts is unknown, also survives.

There are times when it is too late to repent of a bargain.

HAS PICTURES OF ROOSEVELT

C. H. Manley, secretary of the Danville Y. M. C. A., has received from Africa several most interesting pictures of ex-President Roosevelt, taken while the great American hunter was visiting the African Inland mission at Kijabe, British East Africa. The pictures were sent to Mr. Manley by John R. Riebe, field secretary-treasurer of the mission.

The pictures were taken on June 4th when Theodore Roosevelt spent the day at the mission and was entertained at luncheon there. One of the pictures shows the table at which the president was entertained at an American luncheon. On the menu were roast beef, baked beans, escalloped potatoes, strawberry preserves from Ohio, pumpkin pie and cake, dishes which are exceedingly rare in the dark continent and which were, no doubt, thoroughly enjoyed by the guest of honor. Another picture shows the smiling countenance of the hunter as the central figure of a group of the white people of the mission, and still another is a panoramic view of the Roosevelt camp at Kijabe.

As far as is known these are the first pictures of the ex-president to have been received in America since his departure for Africa.

Testifies After Four Years.

Carlisle Court, N. Y., G. B. Barbaglio, writes: "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. For sale by Pauls and Co. Pharmacy.

Birthday Surprise Party.

A very pleasant surprise party was tendered Miss Margaret Philie on Friday evening at the home of her mother, Mrs. D. C. Crossley, Valley township, in honor of her eighteenth birthday. The evening was spent in music and dancing. Refreshments were served. Those present were: Mr. and Mrs. George W. Beyer, Mr. and Mrs. William Cope, Mr. and Mrs. James McCracken, Mr. and Mrs. Norman Beyer, Mr. and Mrs. Daniel Crossley, Mr. and Mrs. Sidney Beyer, Misses Ella Appleman, Bortha Moser, Clara Eckert, Lizzie Martin, Winnie Beyer, Mabel Dietrich, Martha Shultz, Ella Fausnaught, Ida Beyer, Mary Tamer, Eva Nephew, Mary Kashner, Lizzie Hoffman, Anna Naylor, Emma Philie, Clara Dietrich, Mabel Smith, Clara Cope, Margaret Philie, Anna Murray, Ethel Bennett, Anna Quigg, Nellie Billmeyer, John Orman, Harry Fry, John Hendricks, Charles Orman, William McWilliams, Richard Butler, Raymond Yeager, Harry Blee, Charles Reoser, Roy J. TEN DAYS IN JAIL.

Augustus Smith of this city was arrested Saturday for disorderly conduct and was committed to the county prison for ten days.

The information was lodged before Justice of the Peace Dalton by Leo Barron. The defendant, it was alleged, got into trouble in the "foreign quarter" on Northumberland street.

The warrant was served on Smith, who was placed in the lock-up until 10 o'clock, when he was arraigned. He had no money to liquidate fine and costs and in default of payment thereof was committed to jail.

EDWARD BURK'S BAD INJURY

Edward Burk, a young man, twenty-three years of age, is confined at the home of his parents, Railroad street, as the result of a very dangerous gunshot wound inflicted Saturday morning while out in the woods with a couple of companions.

The party went into the grove for the purpose of training their dogs. At least one of the young fellows carried a gun. They were near McGraw's woods, Mahoning township, when the gun was accidentally discharged.

Burk had his back toward two others of the party, one of whom had the gun. The two were playing together and seemed to be handling the gun, which was one of the hammerless kind, in a manner that was not altogether safe. Burk turned and said:

"If you don't take care somebody will get shot."

At that moment the gun went off and Burk was the one who received the discharge in his leg. Such injuries are always much dreaded by physicians, but in the present case the wound is especially dangerous.

The lead took effect in the fleshy part of the right limb above the knee, producing a ragged open wound, into which a man might have laid his hand. Fortunately the wound occurred on the outside of the limb, otherwise the arteries would have been severed and the man might have bled to death. As it was he was in a very weak state by the time he reached home.

Dr. P. C. Newbaker and Dr. Cameron Shultz rendered surgical aid, stitching together the severed muscle and dressing the injury. The patient was resting fairly comfortably Sunday and if no complications arise he will no doubt recover without any ill effects.

DOING THEIR DUTY

Scores of Danville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow:

Urinary trouble, diabetes, Doan's Kidney Pills cure them all. Danville people endorse our claim.

H. B. Foust, Front and Mill Sts., Danville, Pa., says: "I had pains across my back which caused me a great deal of annoyance and the sharp twinges through my loins were especially severe when I stooped or brought any strain on the muscles of my back. At night there was a constant, dull ache that kept me from sleeping well. Doan's Kidney Pills, procured at Hunt's drug store, entirely relieved these symptoms and I have not had occasion to use a kidney remedy since. I give this remedy my most hearty commendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
