BLOOM WANTS TO BEAT DANVILLE

The Bloomsburg Daily thinks that there will be a big rivalry between Danville and Bloomsburg in the matter of the New Year parade.

"There will no doubt be a great rivalry between Bloomsburg and Danville for the largest crowds, and the best turnout of fantastic costumes, for the Mummers' parade on New Year's day.

"Danville usually has a big time, and this is the first daylight parade, of its kind, Bloomsburg ever had, but the committee in charge is arranging to make it one that needs not take a back seat for the town at the lower end of the C. P. & L. Co's trolley line.

"Seven bands will be engaged for the parade, which should be a great drawing card. The prize to be awarded although not definitely selected, will be handsome enough to compete for by any individual or organization.

"With these towns to draw upon, Bloomsburg's parade should make Danville's look like the proverbial 30 cents, and that is just the aim of the committee."

REGALS AND EX-HIGH WIN

Table listing winners for Regals and Ex-High schools, including names like St. Michael's, Regals, Company F, etc.

Two City league basket ball games was an attraction that drew a large crowd to the armory Saturday evening.

The Regals and High School are the two lightest teams in the league, and they put up a swift contest.

Goals from field—Rupp 5, Douglas 2, Stickle 3, Baylor 1, Murray 4, Ricketts 4, Jacobs 1. Goals from fouls—Rupp 1, Shutt 2, Ricketts 5.

Goals from field—Lovett 2, R. Cooper 3, F. Cooper 5, Winner 6, Baylor 1, Barry 5, Nevius 1, Hickey 5, McCracken 1. Goals from fouls—Lovett 1, R. Cooper 2, Winner 1, Barry 3.

Masterpieces of Art. The readers of "The Philadelphia Press" have an opportunity to secure the world's greatest series of ten masterpieces of art, 16 by 30 inches in size, reproduced in the celebrated color-gravure process.

IN BLOOMSBURG JAIL. Gordon Rainier of this city on Saturday morning was arrested by Officer Voris on a warrant, which had been issued as long ago as October 1st.

Rainier was wanted in Bloomsburg for an alleged assault on Mrs. Lucy Boyer. He was also charged with breaking in the door of Mrs. Boyer's house. The warrant, sworn out by Mrs. Boyer, was in the hands of the officer for a month or more but Rainier did not turn up until Saturday morning.

Office Robbed. The office of the Peoples' coal yard, Perry street, was broken into Sunday night. A small sum of money in the form of change was taken from the cash drawer. The thieves forced entrance through a window.

BANQUET AND CAMP FIRE

The banquet at the Heddens house and the camp fire at the post room held by Goodrich post No. 22, G. A. R., Saturday night, in honor of visiting comrades, members of Jackson post No. 140, of Berwick, notice of which was given last week, proved to be one of those pleasant post functions, which tends to keep the fraternal spirit alive and knits hearts more closely together in comradeship and brotherly love.

The following were seated at the tables: Col. A. D. Seeley, I. F. Chamberlain, J. G. Swank, J. P. Hayman, Eugene Lenhart, W. H. Trogo, R. M. Smith, John H. Bredbenner, William Elmes, Eli McKenty, William Kamp, George A. Buckingham, John Dodson, John W. Evans, W. M. Bredbenner, James Ruch, of Berwick; W. R. Price, J. Nungesser, H. H. Heller, Lime Ridge; H. E. Erelander, Nescopeck; Joseph L. Shannon, Harrison C. Kase, J. W. Miller, Riverside; George W. Root, Hon. James Foster, Jacob Sloop, Jacob C. Miller, John W. Croxley, D. R. P. Childs, and Thomas Sanders, of Danville.

Other members of Goodrich post, not present at the banquet, joined the comrades at the camp fire. A number of the veterans made short addresses. Anecdotes of the olden time relating to camp and field were related and the time passed so pleasantly that it was with regret that the visiting veterans tore themselves away in time to catch the 10 o'clock trolley car, which was to take them home.

PALL BEARERS WERE ELKS

The funeral of Blaine James Millard was held Saturday afternoon and was largely attended.

The pall bearers were members of the local lodge of Elks, to which order the father of the deceased belongs. The body was carried to its last resting place by the following: Arthur C. Amesbury, George W. Egert, Sam. C. Robman, Joseph F. Patton, John P. Peckworth and Edward Purpur.

The funeral took place from the family residence, Walnut street, at 2 o'clock. Interment was made in Odd Fellows' cemetery.

Earth in Path of Comet. Will Pass Through Gases of the Tail on May 18 Next.

"Halley's comet will not only pass across the face of the sun on May 18, but the earth will pass through the tail of the comet," said Director Edward Charles Pickering of the Harvard university observatory the other day.

"The comet called Halley's comes near the sun every seventy-five years or so. Scientists know that the comet was due next spring. The matter, then, was precisely as if we knew where a railroad was, but didn't know where the train was on the track. So the several astronomers began to watch for the comet and to figure what time it would arrive at the sun station, so to speak. The Rev. Father G. H. Searle calculates that the comet will cross the sun's face May 18, and, as he is a careful observer, his calculations are probably correct."

THE BEST TIME TO PLANT TREES

"When is the best time of the year for planting fruit trees like the peach, apple and plum? If trees are planted in the fall is it necessary to bill them up over the bud?"

The above information was requested of Prof. H. A. Surface, State Zoologist of Pennsylvania, by a man residing in Franklin county, near the Maryland line, in a celebrated "fruit belt."

It is a sample of hundreds of similar letters received within a few weeks. The reply of Professor Surface was brief and to the point, as follows: "I am well satisfied that apple, pear and quince trees can be planted in the fall with good advantage, and I would prefer fall planting for such kinds. However, in planting peach and plum I would as soon plant in the spring, as early as the ground can be put into proper order. Yet I believe that fall planting of peach and plum trees in your part of the State and over the warmer portions of Pennsylvania would be all right and successful. It will be best to cut them back well at planting, and I think it would be advisable to mound them up over the bud. If they were so mounded they would not be liable to be killed by every severe winter freezing, and if they were injured, only the upper and exposed part would be damaged, and the remainder could be left to grow a new top, which it would do very nicely. Cherry trees should be planted early in the spring—the earlier the better."

WON'T DIE NOW

Andrew Crawford the aged Bloomsburg wagon maker, says he has decided to postpone the building of his own coffin, for a few months as he has not place to store it after he gets it built.

About two years ago, Mr. Crawford built his own tombstone, and had it erected on his cemetery lot at Swenoda. At that time he intended to build himself a coffin, for as he stated, "I want to know, what I am buried in."

He had secured the lumber but, being pressed with other work, had failed to build the box, and later used the lumber for other purposes.

Speaking of it he stated yesterday morning that he still intended building a coffin but he had no place to put it in at present, and then, too he added, "people would likely call me an old crank, if I built it and left it standing about my place of business. I don't expect to die yet awhile and I will have plenty of time to build it."

THE ANNUAL CO. INSTITUTE

The coming teachers' institute of Montour county, which will open in this city at 2 p. m. on Monday, November 29th, in addition to a most able corps of instructors will have a course of evening lectures, the latter being a feature that has been absent from the institute program for several years past.

Principal among the institute instructors will be George Leslie Omwake, vice president of Ursinus College, Collegeville; A. Duncon Yocum, who fills the chair of Pedagogy at the University of Pennsylvania; Paul Martin Pearson, Professor of Public Speaking at Swarthmore college.

The subjects that Dr. Omwake will discuss are as follows: "The Vital Forces of the Schools;" "The Three Fields of Pedagogy;" "The Mind of the Teacher;" "The Educator's Science;" "The Heart of the Teacher;" "The Educator's Philosophy;" "The Educator's Art;" "Our Profession."

Dr. Pearson's series of talks all have a bearing on his general theme, "The Teaching of Reading in the Public Schools." Following are the topics that he will discuss: "Naturalness in Reading;" "Learn to Love Literature;" "Prepare for the Recitation;" "The Recitation Period;" "Reading as Self-Expression;" "Training Children's Voices;" "Correct Pronunciation;" "Articulation;" "The Teacher's Voice."

The music of the institute will be under the direction of Borough Superintendent D. N. Dieffenbacher. Miss Viola Young will preside at the piano. County Superintendent Derr this year will revive the evening lectures, which up to six years ago were invariably a feature of the county institute. The evening course is as follows:

On Tuesday evening the Rev. C. C. Snavely, pastor of Trinity Methodist Episcopal church, will deliver his popular lecture entitled, "Tom and His Girl."

On Wednesday evening our talented young Attorney, Ralph Kiser, will lecture on "Abraham Lincoln."

On Thursday evening Dr. Pearson will deliver a lecture on "James Whitcomb Reilly."

County Superintendent Derr yesterday stated that in point of attendance Montour last year proved to be the banner county, all the teachers being reported as present. He hopes that every teacher in the county will be in attendance at the opening session of the institute this year.

A Religious Author's Statement. Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Sold by Paulus & Co. Pharmacy.

Big Deal at Light. The Milton Electric Light and Power company, which has furnished power for trolleys and lighting for a number of years, has been sold to Whitacker & Diehl, of Harrisburg, and they in turn have sold the franchise for lighting to Philadelphia capitalists, who will build a new high tension power plant and reconstruct the whole system.

MANY SUFFERERS from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Murray and Mackey Comedy Company. Starting Monday, November 29th and continuing all week long at the Danville opera house the Murray and Mackey Comedy Company headed by Mr. J. M. Donavin and Miss Florence J. Murray will be seen in a repertoire of high-class plays. On Monday evening they will present "Lena Rivers."

There is no difficulty in getting a certain portion of every community to go to see a good melo-drama, properly played. Of this caliber is, "Lena Rivers." It is ingenious in treatment, skillfully worked out, and abounds in romantic and thrilling situations. In addition to the play bright and pleasing specialties will be given. Matinees will be given Wednesday and Saturday. Ladies admitted for 15 cents Monday night. Limited to 250.

Wilkes-Barre's Big Plans. Wilkes-Barre has ambitions to become as large a city as Denver, Col., and expects to get into that town's class through annexation of all the outlying territory that has not yet been taken in. Plans for this annexation, so that Wilkes-Barre can get the benefit of the increased population in the census of 1910, have been started, and a big campaign is planned.

New Piano. On Sunday the newly purchased Steinway piano was used for the first time in the Sunday school of St. Paul's Methodist Episcopal church.

The piano, which is a "Baby Grand" with ebonized case, was installed last week. It represents a great deal of patient effort, principally on the part of the Sunday school, which labored zealously during several years past to raise the money needed.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WANTS HER SON'S MURDER AVENGED

Positive that her son, Samuel was murdered, and did not suicide as decided by a coroner's inquest, Mrs. Samuel Greenwalt and her daughter, of Milton went to Shamokin Saturday morning for the purpose of urging District Attorney Deibler to take up the evidence in her possession and if possible clear the ugly smirch placed upon the family name, and if possible arrest the person who murdered her son, as she alleges.

It will be remembered that in October, 1907, Samuel Greenwalt, a popular Milton young man, was reported dead at the home of a Milton young woman to whom he had been paying attention for some time.

A bullet had entered his brain and the story told was to the effect that he had shot himself on the porch and after being carried into the house, expired.

The coroner of Northumberland county was not notified of the tragedy but a justice of the peace at Milton held an inquest and arrived at the verdict that the wound was self-inflicted.

The remains were buried and the sensation died out until one year later when ugly rumors reached County Detective Glass regarding the mysterious death.

He went to Milton, secured possession of the alleged revolver used in the killing and upon examining it, found one cartridge discharged. It was a short 32-calibre style.

Quietly the remains were raised from the grave and surgeons cut open the skull and found the bullet used in the killing. It was a long 32-calibre missile.

This revealed additional evidence of a deliberate murder. The detective then secured more evidence. However, no arrests were made.

The appearance of Mrs. Greenwalt in Shamokin may mean a sensational arrest shortly, and another mysterious killing may be unraveled.

Mrs. Greenwalt is convinced that her son was murdered and she is determined to send the alleged assassin to jail or the gallows.

Beware of Ointments for Catarrh That Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

THE COST OF SPRAYING TREES

As the time is near at hand for fall spraying, to rid trees of scale insects, and as many inquiries in regard to the lime-sulphur wash, the kind of spraying apparatus to use and cost of the same, have been received at the division of the Pennsylvania department of agriculture, the following reply by the head of the division, Professor H. A. Surface, State zoologist, will suffice for all and will be of interest to every person in Pennsylvania owning fruit trees, whether few or many:

"You can either make your own lime-sulphur solution and destroy the scale by its use, making this material by boiling together the lime and sulphur, or you can buy it ready made in the concentrated form, ready to dilute with eight times its bulk of water, and spray on the trees and kill the scale. It is cheaper to make it, but where you have only a few trees, it is more troublesome. Either form will kill the scale if applied strong enough, and neither will hurt the trees if applied at any strength whatever. The home-boiled lime-sulphur is made by boiling four pounds of sulphur (either flowers or flour) with five and one-half pounds of quick lime, and water enough to boil them, and afterward add enough water to make the total bulk not more than twelve gallons. Strain this well. The straining is very important. Clogging of nozzle and sloppy work is generally due to lack of proper straining. The best way to strain is to use brass wire cloth thirty meshes to the inch, setting it at an angle across the funnel, or built as a cone with the point standing upright in the strainer funnel. "Spray the lime-sulphur wash (either home-made or commercial) directly over the trees at any time after the leaves are off, giving them two good coats, one from each side. Take advantage of an opposite wind to spray the opposite side of the tree. Repeat this in the spring when the buds are swelling.

"You can buy of most seedsmen inexpensive spraying apparatus. For such trees as you have at present a complete outfit, costing not more than five dollars, would serve the purpose. Nearly all manufacturers of spraying material make these small and cheaper sprayers, which are generally in the form of hand sprayers, bucket sprayers, compressed air tanks or knapsack sprayers. The highest price that they should cost should not be more than ten dollars, and from some manufacturers a cheap outfit can be bought for one-third this amount. Every person growing even a few trees and shrubs should have his own spraying apparatus of the size and power adapted to his needs.

"You need not expect to keep your trees free from scale by preventive means. The point is to spray them when they are infested, and thus keep the scale under control. There is really no need of spraying for scale at a time when it is not present. The quantity of the lime-sulphur solution to be prepared, as given above, is for the owner of a few trees. In regular orchard work, it is preferable to never make less than 50 gallon quantity at one time, when the proportions of materials used are 17 pounds of sulphur and 22 pounds of lime, boiled together as stated above. One hour of thorough boiling is necessary."

MAY PROVE FATAL

When Will Danville People Learn the Importance of It? Backache is only a simple thing at first; But when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end. You will gladly profit by the following experience. 'Tis the statement of a Danville citizen.

Leo Metzger, 261 W. Mahoning St., Danville, Pa., says: "About a year ago I suffered so severely from pains through my back that I was scarcely able to walk and it was difficult for me to straighten when first arising in the morning. At times there was a dull pain across my kidneys while at others sharp, shooting twinges would pass through my back, being especially severe if I took cold. The kidney secretions were attended with a scalding sensation and were far too frequent in passage. I read so much about Doan's Kidney Pills that I finally had my wife procure a box for me at Hunt's drug store. I had only used about half the contents when a great change for the better was noticeable. From that day to this I have had no trouble from my back or kidneys, despite the fact that I have done great deal of heavy work. My urine in Doan's Kidney Pills is un-
