COURT ACTS

A petition signed by fifteen taxpay ers asking for the re-location of a road in West Hemlock township was acted upon by court Monday. A. C. Amesbury, John R. M. Curry and Edward

F. Reynolds were appointed viewers.
The petition represents that the public road beginning at the blacksmith shop of August Shultz on the Jerseytown road and leading to James Boone's in West Hemlock township, laid out by order of court, in its present location has become inconvenient and would better accommodate the public by being changed so as to begin and end at the same points, but start-ing at August Shultz' blacksmith shop, to proceed through lands of said Shultz on east side of present road, crossing the same several times on land of W. B. Billhime and to end in said public road where it leads from the same to

James Boone's.

The petition was signed by the following: W. B. Billhime, C. J. Deighmiller, Chester Balliet, William J. Davis, McKelvey Stine, W. B. Moore, J. H. Geiser, C. C. Sterling, N. O. Richard, J. A. Ande, Walter Shultz, John B. Sees, James I. Boone, John C. Shultz and W. Park Moore.

The court made the following order "And now May 2, 1910, the within bond is approved and the supervisors of West Hemlock township having had notice of the presentation of within petition according to law A. C. Amesbury, John R. M. Curry and Edward F. Reynolds, surveyor, are appointed viewers to report at next term. By the court,

FRANK G. BLEE, A. J., L. W. WELLIVER, A. J."

G. Pursel, West Market street, where a deep well will be sunk for the purpose of supplying the house with water.

The digging of a well will be something of an experiment at that spot and is no telling how deep the drill will have to go before water will obtained. Mr. Pursel yesterday stated that it is not his intention to sink what is known as distinctively an artesian well, although he is prepared to go to a pretty great depth.

The sinking of a well in the residential part of town at this day is something of a departure and may mark an epoch in which will prevail the custom of drawing on the subterranean springs or reservoirs that lie at such a depth that contamination from the surface is impossible.

BROUGHT FROM FAR AWAY AUSTRIA

At the doorway of one of the dwel ings on the west side of C street, jus below St. Hubert's Catholic church there hangs a bunch of crape; within the dwelling lies the dead body of a three-year-old child that arrived in this city only last week from far away Austria.
