GRAND JURORS' RECOMMENDATIONS

The grand jury has taken cognizance of the slippery condition of the driveway of the bridge and in its report has made a recommendation, which will probably be carried out as early as a date as possible.

In making the usual tour of the public buildings, &c., the grand jurors examined the river bridge and state that they found it in good repair. The slippery condition of the paving blocks, in time of rain, however, which has already caused the loss of a couple of horses, they consider a nuisance which should be abated, if possible.

The grand jury recommends that a section of the driveway be covered with asphaltum as an experiment and that, if the asphaltum can not be applied to the wooden blocks, then a section of the paving be removed and on that part a floor of asphaltum be laid.

A contractor, practical bridge builder, at present in Danville, Tuesday stated that in his opinion it might be well worth while to try the experiment, as during seasons when there is no freezing, horses are not apt to slip on asphaltum. During the winter when horses are shod round the danger of falling is reduced to a minimum no matter what kind of paving is employed.

Relating to the retaining wall west of the approach to the river bridge the grand jurors also went on record in imperative and pointed terms, not only recommending but "urging" that the commissioners build the county's share of the retaining wall between the abutment of the bridge and the wall already built.

The grand jurors report that they find the public buildings in good condition. They recommend that electric lights be installed in the jail and that the building be painted on the outside. They recommend also that the sheriff's office in the court house be papered.

THIS IS CERTAIN

The Proof That Danville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undeniably the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

J. W. Swartz, 211 Church Street, Danville, Pa., says: "Several years ago I was caused much suffering by pains in my back and kidneys and often there was a lameness and soreness across my loins. Nothing gave me much relief until I took Doan's Kidney Pills, procured from Hunt's Drug Store. They restored my kidneys to a normal condition and after this was done the pains and aches ceased. Since then, when my back has bothered me, I have taken Doan's Kidney Pills and they have always helped me at once." For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ANTI-DOG ORDINANCE

Things have livened up in Shamok, in since the anti-dog ordinance went into effect Monday.

It seems that the borough council and the civic club laid out lawns and flower beds, and urged the public to follow their example, and at the same time utilize their back yards for gardens. Now the town is overrun with canines, and flower beds, lawn lawns and garden plots were run over, dug up and made a grave yard for bones by dogs innumerable. So the council in response to public claim passed an ordinance stating that any dog, chicken or other creature running at large on the streets shall be impounded for five days, and if not reclaimed and a fine paid by the owner shall be shot.

THE U. S. GOVERNMENT IN ITS

"Pure Food Law" does not "indorse" or "guarantee" any preparation, as some manufacturers in their advertisements would make it appear. In the case of medicines the law provides that certain drugs shall be mentioned on the labels, if they are ingredients of the preparations. Ely's Cream Balm, the well-known family remedy for cold in the head, hay fever and nasal catarrh, doesn't contain a single injurious drug, so the makers have simply to print the fact that it complies fully with all the requirements of the law.

He who hobbles with crooks soon gains a suspicious reputation.

MASTER MAKES FAVORABLE REPORT

A number of the citizens of Montour county have associated themselves together for the purpose of organizing an association for the protection of fish and game in the county of Montour. Being desirous of being incorporated, at the present time of court they have set forth and certified to their objects and purposes according to the Act of April 1, 1874.

The name of the corporation shall be "The Montour County Fish and Game Protective Association." Among the members are the following: Simon K. Hoffman, Dr. Cameron Shultz, Harry Phil, Thomas G. Vincent, Joseph Sheppard, Samuel C. Rebmam, Theodore Hoffman, A. E. Seidel, James Ryan and Daniel Frazier.

The number of directors, it is proposed, shall be five; those chosen for the first year are as follows: S. K. Hoffman, A. E. Seidel, Theodore Hoffman, Samuel C. Rebmam and James Ryan.

The corporation has no capital stock. Fees for membership and annual dues from members shall be assessed as the corporation by its by-laws may determine. The yearly income of the association shall not exceed the sum of five thousand dollars.

Ralph Kiser, the master appointed by the court reports that the provisions of the act have been fully complied with and that from all the evidence he is satisfied that the granting of the charter would be for the best interest of the organization and of great benefit to the community.

INCIDENT CLOSED

The Satterthwait-Surface incident is closed. Surface showed lack of prudent carefulness, but he didn't do any intentional wrong. In brief such are the findings of Secretary Critchfield to the charges made by former Assistant State Economic Zoologist Satterthwait against his chief, H. A. Surface that the latter used State moneys in running his experimental farm and used State employes to do the work, it being his private farm. The findings are as follows:

"It is apparent from the testimony that in directing his work the accused was not as discreet as he should have been in order to avoid the censure so likely to fall upon a public officer, charged with the expenditure of public funds; but in extenuation of any want of discretion shown, it must be said that he is to a remarkable degree an enthusiast in his special line of work and as such would naturally be disposed to devote much more thought to the results he sought to achieve than to what might be said of the methods he employed."

Governor Stuart was seen after the findings were made public and said he had read them and they met with his approval, although it was not necessary for him to take any action on them.

Later, when the governor was asked if he would do anything to Surface, the governor said he would not. The State, he said, would establish its own experimental farm now since Surface's work on his own farm had been concluded by his return of the machinery that belonged to the State.

SHOT TWO BEARS

Joseph Nilly and Robert Berry, two farm hands employed on the farm of Joseph Ney, in Lower Paxton township, Dauphin county, sighted two full grown black bears yesterday in the act of killing a pair of calves on the mountain side at the edge of the farm on which they were working. Securing a brace of guns, the men gave chase and after a short sprint came within gunshot of the bears and killed both of them.

The bears came down the mountain side from an immense cave, in which they had been living. Both of them were full grown and as handsome specimens as any ever caught in that section of the county.

The bear at Manada Gap was first seen in the afternoon of June 1 about 5 o'clock, when it came out of the woods on the east side of Earley's mill dam, crossed the stream, shook the water out of his fur in the road which skirts the run, making quite a muddy spot, and took to the hill, traveling in the direction of Pike-town.

Foley's Kidney Remedy may be given to children with admirable results. It does away with bed wetting, and is also recommended for use after measles and scarlet fever. For sale by Paules & Co.'s Pharmacy.

New Dwelling.

S. F. Ricketts has broken ground for a dwelling on the north side of Bloom street at the Magill farm. The building will be of frame.

Glad to Recommend Them.

Mr. E. Weakley, Kokomo, Ind., says: "After taking Foley's Kidney Pills, the severe headache left me, my kidneys became stronger, the secretions natural and my bladder no longer pained me. I am glad to recommend Foley's Kidney Pills." In a yellow package. For sale by Paules & Co.'s Pharmacy.

Condition Improved.

The condition of P. H. McCaffrey, Cherry street, who was seriously injured in a fall at the Reading Iron works about ten weeks ago was somewhat improved yesterday.

Miss Florence Trumbower and guest, Miss Alice Hoyle, returned to Philadelphia yesterday after a visit with Mr. and Mrs. H. E. Trumbower, East Market street.

HAULING STONE ON STATE ROAD

The Montour county court Monday took cognizance of a method of repairing public roads that is much execrated by the general traveling public, although it finds favor with township supervisors and is pretty generally practiced in this part of the State. Allusion as had to the method of dumping large stones from the field or quarry on the public highways instead of using broken or crushed stone. Monday was the first that this particular cause for complaint was acted upon by the Montour county court.

The matter was introduced by W. J. Baldy after the constables had presented their returns. He complained of a State road in Derry township, leading to Washingtonville north and south, where, he alleged, large stones from the quarry have been dumped in the road promiscuously, a large number standing on end, where the sharp edges on the upper side injure horses' feet and puncture automobile tires. Speaking for himself, he said, he had been obliged to go several miles around in driving from Danville to his farms in Limestone township.

Mr. Baldy explained that he had expected the constable from Derry township to report the road, especially, as it had lain in that condition for at least a couple of weeks. When the constable reported the roads in Derry township as good he decided to bring the matter before court himself. Judge Evans at once took up the matter, calling the constable of Derry township before him. The latter—Wesley Hollibaugh—acknowledged that the conditions were truly described by Mr. Baldy, but that he had understood that the practice of hauling stone in the road was permissible; also that it had been represented to him that the stone were to be covered with dirt.

Judge Evans informed the constable that he considered him derelict in not reporting the road, which he considered an example of wilful neglect. The district attorney was notified to call the attention of the supervisors to conditions at the points complained of at once. If the roads are not put in good condition forthwith, proceedings are to be started. Judge Evans declared that if supervisors who maintain bad roads were indicted, in his opinion, they would be convicted.

DRIVING ACCIDENT

Noah Stump, a farmer from Oak Grove, Liberty township, was painfully hurt Monday when he was thrown from a buggy on East Front street, this city.

Mr. Stump attempted to drive between two wagons on Front street when the wheel of his buggy caught on one of the wagons. The shock broke one of the traces and the horse, a powerful animal, going ahead, Mr. Stump was pulled out over the dash board. Mr. Stump was rendered nearly unconscious by the fall and suffered severe pain from a bruise on his hip. No bones were broken. The horse did not run away.

Mr. Stump was removed to the home of a daughter in this city.

UNEXPECTED DEATH

Bernard Murphy, an old and highly esteemed resident of the fourth ward, died at his home Centre street, at 8:30 o'clock Saturday night aged about 70 years.

The deceased was subject to attacks of acute indigestion and had been in feeble health for some time. His death, however, was unexpected.

He was a native of Ireland, emigrating to this country when still a young man. He was a resident of Danville for over forty years. A widow survives, along with three sons—John of Carlisle, and Bernard and William of Danville—and three daughters: Sister Bernita of the Convent of Mercy, Pittsburg, and Miss Julia and Mrs. John Dalton of this city.

DEATH OF MRS. GROVE

Mrs. Henry F. Grove, a well-known and highly esteemed woman, died at the family residence, Spruce street, at two o'clock Monday morning following a three weeks' illness.

Mrs. Grove is survived by her husband and six sons: Harry, of Sunbury; William and Frank of Berwick; David, Benjamin and George of Danville also one daughter, Mrs. E. C. Rogers, of Sunbury. She is also survived by one brother, Samuel B. Evans of Milton and three sisters: Miss Rachel Evans, of Philadelphia, Mrs. William Sarba, of Williamsport, and Mrs. Thomas Killian, of Sunbury.

The deceased was aged 58 years, 3 months and 9 days. Along with her husband she was a charter member of Trinity Methodist Episcopal church.

BLOOM HERE TODAY

This afternoon at 3:15 o'clock at Athletic park Bloomsburg will endeavor to wrest another victory from the Danville victory trust and—somebody's going to be disappointed. The local boys are feeling fit to say the least, and fail to see any possible chance of losing. Bloomsburg too seems rather confident and things promise to be hot.

Manager Hoffman will work Rowe and Kelly in the points. Hine, of course, will do the twirling for the visitors.

In communication with President McCollum last evening it was learned that Walsh, of Wilkes-Barre, will look after the game today.

Walsh is new in Susquehanna League circles, but has had considerable experience as an umpire in the Connecticut State league.

The fans of both teams are working their bugs overtime in anticipation of the fray and the crowd will likely be one of the largest of the season. Bloomsburg will carry along some hundreds of dyed-in-the-wool Particities to help things along and Danville will possibly do some yelling—some. Anyway it will be a game to ponder over.

Deeded Property to God.

Up in Laport, the county seat of Sullivan county, a strange deed has been unearthed in the office of the Recorder. It is for a property in the village of Celestia, and it is deeded to Almighty God by Peter E. Armstrong and wife. The property contained four square miles.

WORLD'S SIXTH S. S. CONVENTION

An interesting report of the World's Sixth Sunday School convention, recently held in Washington, D. C., was given in both the Pine Street Lutheran church and the Y. M. C. A., on Sunday, by Evangelist Wm. D. Laumaster, who attended the convention as a delegate from Danville.

Edwin Moore sang a gospel solo at the Y. M. C. A. meeting in the afternoon. In 1904, Mr. Laumaster was a delegate to the convention held in Jerusalem, and it will be remembered by many readers of The American that he contributed a number of interesting articles to the paper, describing his journey, with incidents and impressions he experienced in the various countries visited. He also delivered a number of addresses in the Y. M. C. A. on successive Sunday afternoons after his return home, which were greatly appreciated.

In his report of the Washington convention, Mr. Laumaster practically covered every department of work represented, so far as it was possible in a short space of time. Beginning with the opening meeting, he told of the great crowds of people present, and how that, not only the large convention hall, but three or four large churches were open almost constantly to accommodate the crowds.

He told about the chief speakers, and gave extracts from the addresses of President Taft, Rev. F. B. Meyer, of England; Rev. J. Wilbur Chapman, Rev. S. Parkes Cadman, Robt. E. Speer and others. He also gave an account of the Sunday School and Missionary exhibit, of the enthusiasm at the meetings, and the wonderful singing of the 10,000 voices in convention hall.

The parade, composed of men, who were members of Bible classes from all parts of the world, numbering fully 7000, he regarded as one of the chief features of the convention, and was an object lesson that will not soon be forgotten. Congress was adjourned to give members an opportunity to participate in the parade or be onlookers.

A number of striking incidents, and many interesting experiences were also related, together with a description of convention hall; the method used to seat the people; the make-up of the choir; the foreign missionaries and delegates; and the splendid impression the convention made.

The report was listened to with great interest, and was highly appreciated by all who heard it.

The Conservation of Nature's Resources

Applies as well to our physical State as to material things. C. J. Budlong, Washington, R. I., realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late." For sale by Paules & Co.'s Pharmacy.

ARTERY SEVERED

One of the big greys belonging to the six-horse team owned by Robbins' circus was almost fatally injured while the show was exhibiting on the south side, Friday.

When discovered the horse was standing alone; on his throat was a bad gash, apparently inflicted with a knife, from which the blood poured in a steady stream.

Veterinarian J. O. Reed of this city was called who ligatured the artery which had been severed and thus stopped the hemorrhage. At last accounts the horse was likely to recover. How the injury was inflicted no one seemed to know. It was thought among the circus people, however, that some one connected with the show had committed the brutal act.

President of Convention.

John G. Waite will leave today for Reading where he will attend the exemplification of the new ritual of the F. O. E. On Monday he will leave for Shenandoah where he will act as president of the Six-County Firemen's convention. His headquarters will be at the Ferguson House while in Shenandoah.

Examining Limestone.

E. O. Ulrich, Charles Schulkert, Edwin Kirk, of Washington, D. C., representatives of the United States Geological Survey, were in this city yesterday. The object of their visit was to examine several strata of limestone in this immediate vicinity.

Takes Position at Detroit.

Clarence Cromwell, of this city, left last week for Detroit, Michigan, where he has been placed in charge of a new branch office opened by Shimer & Co., of Milton.

BLOOM WON--RAY FOR DANVILLE

Continued from 1st Page.

Now keep your eye on that break. The eighth. Veith dropped a clean hit into center. Mackert sent a Texas Leaguer into right and Kelly was hit by a pitched ball. Cushions loaded and nobody out. Rowe struck out. Buck got first on Hine's error of a grounder and scored Veith. Then with the bases again full Livengood sent a foul fly into the hands of Edgar and Nipple drove one to Mitchell.

Even in the ninth Veith and Mackert both singled but were left on base. All of Bloomsburg's scoring was done in the first four innings. In the last four times that batted they did not have a look in. Of course they didn't need it.

Mitchell opened the first with a base on balls and was sacrificed down by Mahling. Hagenbuch made the second out. Rhodomoyer popped one back of third base which should have been caught, but which went for a hit scoring Mitchell, before Shatto made the third out.

In the second they made one more, after waiting to begin until two were out. Edgar's long drive into center was good for two bases and was converted into a tally when it was followed by Hine's slashing drive that cut the third bag.

Edging for a stampee, Bloomsburg got it in the third. With one down Hagenbuch got his base when Buck threw low to first. Rhodomoyer also got his base when Mitchell misjudged his fly into left, and Hagenbuch scored. Shatto struck out, but Splain evaded things by getting a base on balls. Steffin's hit into left scored Rhodomoyer and Splain before Edgar went down.

Here Peck relieved Brennen in the box and Mackert went to left. But with the smell of blood in their noses the Bloomsburgers were not to be stopped quick. Hine, first up in the fourth, lammed out a two bagger to the center field fence. Mitchell hit clean to right and Mehling got a base on balls. Bases fall and none out. Hagenbuch sent a pop foul into Kelly's mit. Nipple's error of Rhodomoyer's grounder scored Hine. Shatto's base on balls forced Mitchell over the pan. The side was then retired without further damage, leaving three on base.

After that was over Rowe had things well in hand. Only one more hit and one more base on balls, gave Bloomsburg no chance to score.

CIVIL WAR VETERAN

The funeral of Bernard Murphy took place from St. Joseph's Catholic church at 9 o'clock yesterday morning and was largely attended.

The pall bearers were three sons—John, William and Bernard Murphy—and three grandsons, Michael, James and John Dalton. The services were conducted by the Rev. Father McCann. Interment was made in St. Joseph's cemetery.

Among those from out of town who attended the funeral were: Mr. and Mrs. John Murphy of Carlisle, John Dillon of Park Place and Sister Bernita and Sister Fides of the Convent of Mercy, Pittsburg.

Advanced to Lieutenant.

Former Lieutenant Charles G. Mettler, located at the proving grounds at Sandy Hook has been advanced to a captaincy. Captain Mettler, who is a son of Philip Mettler of the south side, is at present off duty on a leave of absence, owing to ill health.

Gibson-Wertman.

James A. Gibson and Mrs. Ida Mary Wertman, both of this city, were married Friday evening at the parsonage of Trinity Methodist Episcopal church by Rev. Charles Cameron Snavely.

Takes Position at Detroit.

Clarence Cromwell, of this city, left last week for Detroit, Michigan, where he has been placed in charge of a new branch office opened by Shimer & Co., of Milton.

THE TEACHERS' EXAMINATIONS

County Superintendent C. W. Derr has announced the dates and places for holding the teachers' examinations throughout Montour county. They will take place during the month of July.

A fair proportion of the teachers employed in the rural schools hold Normal school diplomas, or permanent certificates, but the day has not as yet arrived when a certain number of teachers capable of doing good work are not obliged to rely on provisional certificates, which makes it necessary to hold examinations annually. Mr. Derr states that some very commendable work is being done in the rural districts by teachers who take the annual examination but who at the same time are progressing and in a short time will be in the diploma or permanent certificate class.

Examinations are announced as follows:

- July 5th—Hill school, Mayberry township.
- July 6th—Oak Grove, Liberty township.
- July 7th—Bright's school, Maudsala, for Valley and West Hemlock townships.
- July 8th—Baptist, Exchange, for Anthony township.
- July 9th—Mechanicsville, for Cooper and Mahoning township.
- July 11th—Strawberry Ridge, for Derry township.
- On July 12th a special examination for professional certificates will be held at Washingtonville. For this examination none will be eligible but those who have taught three years under County superintendent Derr's superintendence.

For professional studies the county superintendent recommends a careful reading of "Common Sense Didactics" and the "Evolution of Dodd."

The examination will begin at 8:45 o'clock each day. Patrons and school directors are urged to be present at the examinations.

Miss Wagner Taken to Hospital.

Miss M. Lizzie Wagner, of Exchange, Anthony township, was Sunday taken to Dr. Nutt's hospital, Williamsport, and it is feared it will be necessary to undergo an operation. Miss Wagner has been ill for about 10 days. She was accompanied by Dr. Nipple, of Turbotville, and Dr. Derr, of Watsontown, and Mrs. L. W. Welliver, of Exchange. Miss Wagner is very widely known and is the proprietor of a store and operates the rural telephone exchange central at Exchange.

Scared Into Sound Health.

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." For sale by Paules & Co.'s Pharmacy.

THE KRICKBAUM CASE

Mrs. Charlotte Bickel of Bloomsburg, who charged Associate Judge William Krickbaum, aged 76, of Columbia county with being the father of her daughter and that he later had improper relations with the daughter, Mrs. Laura Hassenplug, will likely drop the proceedings against the judge. The two women and Mrs. Hassenplug's son have left Bloomsburg and located at Atlantic City. Prior to their departure they sold a valuable flock of chickens owned by the judge and also left empty wine bottles and stale pretzels lying about his residence, where they had made their home.

Harry Miller, former husband of Mrs. Bickel, has filed an affidavit in Columbia county courts, in which he swears that the charges against Judge Krickbaum are untrue.

What a Summer Cold May Do.

A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey cough, soothes and heals the inflamed air passages, and expels the cold from the system." For sale by Paules & Co.'s Pharmacy.

Postmaster's Salary Increased.

Among the Pennsylvania postmasters whose salaries will be increased as a result of the annual readjustment is the postmaster at Sunbury who gets from \$2,000 to \$2,100 per year. The salary of the postmaster at Harrisburg is reduced from \$3,700 to \$3,600.

At Heddens House.

G. Fred Lazarus, George Lazarus, Harvey Hall of Wilkes-Barre and Misses Laura Alowine and Mame Giles of Hazleton, automobilists who were making a run to Harrisburg and back on Saturday stopped in this city and took dinner at the Heddens House.

Miss Myrtle Shipman has returned

to Sunbury after a visit with friends in this city.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable. Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but
