BURGLARS AT D. L. & W. STATION

The D. L. & W. station was broken into Sunday night. The burglars it would seem were desirous of getting into the freight room and being unable to accomplish their purpose retired without stealing anything.

Monday morning it was discovered that the rear window of the women's waiting room was broken open. The lower pane of glass in the upper sash was broken, an aperture being produced large enough to admit a man's arm. Through this opening one of the burglars had reached and opened the fastening, which is of the usual sort attached to the top of the lower sash.

After this everything was easy. Once in the waiting room the burglars proceeded to investigate. They found the door leading into the ticket and business offices unlocked but it would seem that there was nothing in that part of the station that they coveted. The door leading from the waiting room into the freight room was securely locked, which was probably a greater disappointment.

The door leading from the waiting room into the freight room was securely locked, which was probably a greater disappointment.

The burglars retired the way they had entered, seemingly without disturbing anything. On the ground just outside the large door on the south side of the freight room, through which goods are loaded and unloaded, the burglars discovered some lard which dropped there Saturday when a tub broke. Scooping up this lard they daubed it all over the freight house door, imparting to that portion of the building an appearance unsightly, to say the least. The inference is that the burglars tried to force the freight house door and failing decided to show their contempt for the whole business by defiling the building with the lard.

Two or three men were observed about the station Sunday night. It is now believed that they were the guilty parties, although there is no clew to their identity.

'Foley Kidney Pills Have Cured Me.'

The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." For sale by Paules & Co's. Pharmacy.

Christ Church Picnic.

The annual picnic of Christ church parish and Sunday school will be held today at DeWitt's park. Transportation is provided for Sunday school and parishioners and friends. A five piece orchestra will render music in the afternoon from 2 to 5. The usual attractions of this picnic will characterize it this year as formerly.

A fire occurred last Monday evening at a mine about a mile and a half from Windber where a shack containing five foreign families was reduced to ashes. The families escaped.

CHILDREN OF SCHOOL AGE

County Commissioners' Clerk Horace C. Blue has completed the report of the number of children of school age in Montour county as required by the act of 1901 and has mailed the same to State Superintendent Nathan O. Schaeffer. It is upon this report, which is taken from the enrollment made by the assessors, that the division of the school appropriation is based.

The report shows that there are in Montour county 2374 children between the ages of six and sixteen years, 1222 being males and 1152 females. In Danville there are 663 boys and 614 girls of school age, a total of 1276.

Mahoning leads the townships with 112 boys and 106 girls, 218 in all. Pine Grove (independent) district with 1 boy and 9 girls, a total of 10, holds the record for the smallest number in the county. Washingtonville has 8 boys and 14 girls, a total of 22.

Liberty township with 72 girls and 81 boys, a total of 153, ranks next to Mahoning township. Valley township, with 87 boys and 57 girls, 144 in all, is next. Anthony township with 74 boys and 69 girls, a total of 143, is a close second of Valley township. Derry township has 52 girls and 64 boys, a total of 116. Limestone follows closely with 61 boys and 51 girls, 112 in all. In Cooper township the assessor was able to find only 47 boys and 35 girls, 82 in all. In West Hemlock township he found 24 boys and 29 girls, 53 in all; in Mayberry township 22 boys and 23 girls, a total of 45.

NASAL CATARRH, an inflammation of the delicate membrane lining the air-passages, is not cured by any mixtures taken into the stomach. Don't waste time on them. Take Ely's Cream Balsam through the nostrils, so that the fevered, swollen tissues are reached at once. Never mind how long you have suffered nor how often you have been disappointed, we know Ely's Cream Balm is the remedy you should use. All druggists, 50c. Mailed by Ely Bros., 56 Warren Street, New York.

PAID FINE AND COSTS

Eight young men of town were haled before Justice Dalton Monday to answer the charge of disorderly conduct preferred by Chief-of-Police Mince-moyer. The offense for which the arrests were made is the culmination of bad conduct in certain parts of town, which on Saturday nights, especially, has become a positive scandal.

Residents on Bloom street are subjected to great annoyance and a great deal of complaint is caused. To break up the disorder the chief-of-police has resolved to employ drastic measures.

Monday morning he lodged information against eight young men, each of whom during the day quietly appeared before the justice and paid a fine of five dollars with forty cents additional as costs. Two girls are implicated in the affair and they will be obliged to answer precisely the same as the men, paying fine and costs for disorderly conduct.

On Saturday night the noise and unseemly conduct continued until long after midnight.

Mahoning Township Teachers.

At a special meeting of the school board of Mahoning township, held Monday night, the following teachers were chosen for next term:

Mechanicsville, Edwin C. Foust, principal; Gertrude Mapstone, primary. Sidler Hill, Samuel Krum. Gravel Bank, Miss M. C. Madden. Bald Top, Miss Quigg. Toby Run, Edna Dyer.

Recent visits by three mine inspectors to the Sunshine mine, the oldest at South Fork, are said to be preliminary to an application to court to restrain the present lessees from operating it until certain improvements have been made.

SUDDEN DEATH OF MRS. DIVEL

Our readers will be pained to learn of the death of Mrs. Henry Divel, which occurred suddenly Sunday morning. She had been in her usual health, but became indisposed, Saturday night; Sunday morning she was found dead in bed.

Mrs. Divel was aged sixty-seven years. She was in declining health for some five years prior to her death. She was seized with an attack of acute indigestion Saturday night. Remedies were administered and she seemed to recover. Shortly after midnight the family retired. Sunday morning about seven o'clock, when one of the daughters entered her mother's room she found her dead in bed. The end had come some hours before.

Mrs. Divel, whose maiden name was Barbara Fleckenstein, was born in Germany but came to this country when a mere child. She was a resident of this city for many years. She was a member of Pine Street Lutheran church. She was a devoted wife and mother and was highly esteemed throughout the community.

She is survived by her husband and one son, Joseph H. Divel, and eight daughters: Emma, (Mrs. S. G. Johnson), of Roswell, N. M.; Mary E. (Mrs. W. L. Sidler) Anna (Mrs. Ammon Keiser) and Miss Charlotta, of Danville; Lillian (Mrs. Henry Wohlheuter) of Liberty township; Laura (Mrs. George W. Billman) of Reading; Miss Ella H. Divel and Mrs. Minnie Wintersteen, of Philadelphia. She is also survived by one brother, Philip Fleckenstein, of Milton.

New Penny Station at Northumberland

The Pennsylvania railroad has awarded the contract for the new passenger station at Northumberland to Steinebach & Billmeyer, of Lewisport, the contract price being \$29,000. The station is to be finished by winter. As the new station will not be erected on the site of the present one, the old station will be left standing.

SLIGHT BLAZE

A slight fire in the residence of Mrs. James Dailey, East Market street, caused excitement about 9 o'clock Sunday morning. The Friendship and Washington fire companies responded to the alarm, but their services were not needed.

The fire, which broke out in the second story partly consuming some bedding, was extinguished with a garden hose. How it originated is unknown. The house, which is owned by Jacob Byerly, was not damaged.

Underwent Operation.

Mrs. Charles Confor of this city was operated on at the Joseph Ratti hospital Tuesday. The operation was pronounced a success and at last accounts Mrs. Confor was doing well. She was under the care of Dr. Curry, who advised that she undergo an operation.

WYOMING CLASSIS

A meeting of the executive committee of Wyoming classis, composed of Rev. Joseph E. Gny, of Danville, president; Rev. C. H. Herbst, of Hazleton, stated clerk, and Rev. W. J. Kohler, of Strawberry Ridge, was held at the Shiloh Reformed church, this city, Tuesday.

The object of the meeting was to dismiss Rev. W. D. Happel, Ph. D., of Wilkes-Barre, to the First Reformed church at Lebanon, and to appoint a committee of supply for the Zion Reformed church at Wilkes-Barre.

A HARD STRUGGLE

Many a Danville Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up.

Doan's Kidney Pills will cure you. Danville people endorse this claim: Robert G. Miller, 315 Ferry Street, Danville, Pa., says: "I am so grateful for what Doan's Kidney Pills have done for me that I never cease praising them. Ten years ago I was almost an invalid and I could only hobble about with a great effort. The pains in my back were often so severe that I could not stand. I believe that this suffering was caused by the hardships I endured when in the Civil War. There was a weakness across my loins and I had sharp stitches in my back which showed the presence of too much uric acid in my system. I used plasters and liniments but they did not help me and gradually my condition grew worse. An annoying kidney and bladder weakness set in and I became nervous and fretful. The doctors did not help me much, and one physician told me that I was on the verge of Bright's disease. My son, who was a druggist, finally brought home a box of Doan's Kidney Pills and I began their use. Soon I improved and from that time on I was in good health. I shall always be a friend to Doan's Kidney Pills in return for all they have done for me."

Mr. Miller gave the above statement in February, 1909, and confirmed it in January, 1910.

The Banksville Co-operative association, composed of coal miners, who have been conducting a store for several years, has declared a twelve per cent. dividend on the cash business for the past quarter. The dividend amounts to nearly \$1,000. During the past three years the association has declared regular quarterly dividends ranging from ten to fifteen per cent.

AGITATING A TOWN WELL

Some leading spirits of the first ward are agitating a novel proposition in the form of a 'town well' to be sunk on the northeast corner of the court house grounds, where it would be convenient to the general public.

Such a well is not to be confounded with the old-fashioned town well now so generally condemned, that was fifty or sixty feet deep and the water of which was pretty sure to become polluted by cesspools and surface drainage; rather it is in all respects to be a counterpart of the modern well, over a hundred feet deep, bored by William G. Pursel at his residence a couple of hundred yards west of the court house ground.

The well obtained from Mr. Pursel's well is cold and sparkling, in every respect superior to what is obtained from the river. Exhaustive analyses have shown that it is chemically pure and free from bacteria.

The court house is built on the same ridge of land that is occupied by Mr. Pursel's house, and the theory is that by sinking a well on the court house ground to a depth corresponding with the one at Mr. Pursel's the same vein of water will be tapped. The general benefit to be derived by the public from having access to an inexhaustible supply of water of such purity is unquestioned at the present day when pure water has come to be ranked with the luxuries.

The promoters of the town pump foresee no opposition from the county commissioners or any other source, as such a well as proposed on the county property is rather to be regarded as a valuable asset than otherwise. In view of other and unavoidable expenditures, the county commissioners, it is stated, can not see their way clear to sink such a well themselves, but a substantial contribution from the county to aid the work may be forthcoming.

The intention is to circulate a paper asking for public subscriptions. It is believed that there will be a generous response from persons who would be benefited by such a well. Some two hundred dollars will be required. A slight effort will reveal whether the idea is popular and the money needed can be raised.

VICTIM OF TYPHOID

Mrs. Frank C. Geringer, a widely known and esteemed woman, departed this life at her home near the fair ground, at 5 o'clock Saturday evening, following a siege of typhoid fever twenty-six days in duration.

She was aged 27 years, 11 months and 14 days and is survived by her husband and three small children. Her mother, Mrs. Julia Ephlin, and several brothers and sisters also survive.

A Few Short Weeks.

Mr. J. S. Bartell, Edwardsville, Ill., writes: "A few months ago my kidneys became congested. I had severe backache and pain across the kidneys and hips. Foley Kidney Pills promptly cured my backache and corrected the action of my kidneys. This was brought about after my using them for only a few short weeks and I can cheerfully recommend them." FARMERS' PICNIC

The general committee of the Farmers' Tri-City Picnic association held a meeting in the grand jury room at the court house Saturday night, at which were completed the final preparations for the annual outing, which will take place on Wednesday, August 17th.

It was decided to hold the picnic in DeWitt's park, provided the committee and the management can reach a satisfactory agreement.

It was decided also to employ Calhoun's band of Northumberland for the day. During the afternoon Miles and Foulk's orchestra will furnish the music.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctor pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SKULL FRACTURED

Mrs. Rose Bredbenner, of Berwick, sustained a fracture of the skull by being thrown out of a carriage during a runaway Saturday. In company with her daughter Lois and Mrs. Fannie Stiles, also of Berwick, she was driving down Asbury Hill near Forks, when the horse took fright. At the foot of the hill the carriage was overturned, the occupants being thrown out, Mrs. Bredbenner striking a stone with her head.

Her skull was fractured, while Mrs. Stiles' back was sprained. Lois Bredbenner escaped with slight bruises.

Mrs. Bredbenner was taken to the Joseph Ratti hospital, where an operation was performed. Yesterday her condition was reported as favorable.

DANVILLE LOST 11 INNINGS GAME

Continued from 1st Page.

at scoring the wining run for Berwick against his old team mates.

Berwick's run in the first innings was the only one of the three scored by both sides that was earned. With one down Shatto hit through second and advanced on Patterson's out. Bowers' single over the third bag induced Shatto to dust for the plate; the little left fielder making it on one of the close decisions.

After that Berwick's fruitless search for tallies went on until the eleventh. Some idea of the tenacity of the situation will be gained when it is told that in every innings from the first to the eleventh, with the single exception of the sixth, Berwick had men on bases. Sometimes only on first, sometimes on second and several times on third, but always there, urged on by the sweating, yelling crowd, to score.

For the first eight innings Danville was straining every nerve to get something out of Musser to even that one run of Berwick's. But in only three of the first eight sessions were the locals able to plant men on the bases. In the first Nipple's two bagger was followed quickly by the captain being caught off second. In the second Patterson's error and a pass put Brennan and Veith on the cushions, but there they stayed while Third Baseman Flaherty gathered in two pop flies off the bats of Mackert and Kelly. In the eighth a base on balls to Mackert was sandwiched in between three quick outs.

In the ninth Danville profited by Berwick's only bad session to the extent of one score—but one was enough to tie and send the game on to eleven innings.

It was then or never and Trusty Umlauf selected this time for his first hit, a single through second. Liveness planted a neat sacrifice which sent Buck to second. Nipple gained his sack while Third Baseman Flaherty was juggling his grounder. Buck taking third. Nipple stole second, and Catcher Durlin, feinting for a throw to second, whiped the ball to third to catch Umlauf. In the melee the ball got away, and Buck scored, Nipple taking possession of third base. Wagner then hit to Musser and Nipple, trying to tally, was caught in a fox chase and called out at the plate. Wagner got as far as second, but was left there when Brennan went down on an infield roller.

Danville hopes were again raised in the tenth when Veith opened with a two bagger on the first ball pitched; it turned a few stitches off of the third bag and cavorted into left field. But Veith could get no further than third while the next three batters went down in quick succession. The eleventh did not offer Danville a chance.

The last half of the eleventh opened auspiciously for Berwick with a pass to Flaherty (his third during the game). Metzler bunted and reached first while Flaherty was cut off at second by Veith's throw to Umlauf. Hess singled between second and third and Durlin got four wide ones for a free pass, loading the cushions. Musser then drove a long fly into center. Wagner's return was not quick enough to keep Metzler from crossing the pan ahead of the ball.

GROSS AMOUNT ON INTEREST

The tabular statement for the year 1910 prepared by Commissioners' Clerk Horace C. Blue shows that \$632,447 is the actual amount of money held by the residents of Montour county in mortgages and judgments. This gross amount of property subject to taxation for State purposes is distributed throughout the different wards and townships as follows:

Anthony township, \$44,216; Cooper township, \$5,100; Derry township, \$74,172; Liberty, \$14,591; Limestone township, \$17,434; Mahoning township, \$32,058; Mayberry township, \$10,139; Valley township, \$16,451; West Hemlock township, \$1,499; Washingtonville borough, \$11,148; Danville—First ward, \$278,406; second ward, \$24,719; third ward, \$1,400; fourth ward, \$17,894.

The largest sum, it will be observed is held by the residents of the first ward of Danville. Among the townships Derry leads the list, although Anthony township is a close second.

"Is Life Worth Saving?"

Mrs. Mollie McRaney, Prentiss, Miss., writes that she had a severe case of kidney and bladder trouble, and that four bottles of Foley's Kidney Remedy cured her sound and well. She closes her letter by saying: "I heartily recommend Foley's Kidney Remedy to any sufferer of kidney disease. It saved my life." For sale by Paules & Co's. Pharmacy.

ERECTING SIGNS

Henceforth the speed of motor-vehicles on the south side will be held down to the 12-mile an hour limit, as required by the act of April 27, 1909, the same as is being done on the Danville side of the river.

The supervisors of Gearhart township are erecting signs marked "Danger: Run Slow" as required by the act. One of the signs is erected at the south end of the bridge and another at the corner of Hazleton Avenue and the road leading from the bridge southward.

Heretofore, there has been a great deal of reckless driving on the south side. Several accidents have been narrowly averted.

In Danville since the signs were erected the law has been pretty generally observed. On the south side it is altogether likely that the same respect will be shown for the law by the drivers of motor-vehicles.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. For sale by Paules & Co's. Pharmacy.

FUNERAL OF MRS. FORRED

Mrs. Sarah Forred, whose death occurred at Plymouth Thursday, was consigned to the grave in Odd Fellows' cemetery Sunday.

The body arrived at Danville on the 12:51 D. L. & W. train and was taken directly to Trinity Methodist Episcopal Church, where services were conducted by the Rev. Mr. Griffith, of Plymouth, assisted by the Rev. Charles Cameron Snavely, of this city. The pall bearers were: John Allen, Edward Pickering, Edward Frisbey, Samuel Kershner, Isaiah Neighbart, Reuben Heidel and William Beacham.

The following persons accompanied the body to Danville: Mrs. Isaac Edwards, of Scranton; Mrs. Thomas Edwards and Mrs. Margaret Edwards, of Plymouth; Miss Mame Allen, Miss Elizabeth Davis and Arthur Davis, of Wilkes-Barre; Mrs. Margaret Davis, Mrs. Elizabeth Simmons, Charles Forred and Mrs. Margaret Owens, of Shamokin.

PAINTING APPROVED

At a meeting of the county commissioners held Saturday Samuel Lunger was elected janitor of the court house to fill the vacancy caused by the death of John Reppert, who filed the position for five years. Mr. Lunger will enter upon the janitorship August 1st.

As stated recently the first inspection of the painting of the river bridge done by R. A. Simmons of Pottsville revealed some defects, which necessitated additional work. Two men, who were to be paid by the contractor, were put to work touching up the iron work where the painting had been condemned. They were occupied two weeks.

Last Friday the bridge was finally inspected by Michael Cain, who found the painting perfectly satisfactory. On Saturday the report of the inspector was accepted and filed by the county commissioners.

Must Be Above Suspicion.
