**CROP CONDITIONS
ARE FAVORABLE**

The average condition of the corn crop on August 1, as estimated by the crop reporting board of the Department of Agriculture, made public with the general monthly crop report on Tuesday was 79.3 as compared with 85.4 last month, 84.4 a year ago and 82.1, the average on August 1st for the past ten years.

Preliminary returns indicate a winter wheat yield of about 15.8 bushels per acre, or a total of about 458,294,000 bushels, as compared with 15.8, and 446,366,000 bushels, respectively, as finally estimated last year. The average quality of the crop is 92.6 against 90.3 last year.

The average condition of spring wheat on August 1st was 61.0, as compared with 61.6 last month, 91.6 last year and 81.9, the ten year average on that date.

The average condition of the oats crop on August 1st was 81.5, as compared with 82.2 last month, 85.5 a year ago, 76.8 in 1908 and 82.6 the ten year average on that date.

The production of last year's oats crop in farmers' hands on August 1st was about 6.3 per cent., or 63,249,000 bushels as compared with 3.3 per cent., or 26,323,000 bushels in 1909 and 5.8 per cent., or 59,394,000 bushels, the average proportion on hand for the past ten years on August 1st.

The acreage of buckwheat is about \$16,000 acres, or 3.2 per cent. (18,000 acres) less than last year.

The preliminary estimate of the acreage of hay is 45,005,000 acres, or 1.6 per cent. (739,000 acres) less than last year.

In spite of the lower conditions of the corn crop, the increased acreage devoted to that cereal probably will increase the crop of the present year about 80,000,000 bushels over the crop of last year according to the view of expert statisticians.

These statisticians declare that while the drought in the northwest will make the wheat crop smaller than last year there will be a liberal supply for export. They state that the winter wheat that was not abandoned would give a greater yield than was expected. The oats crop will be as big as last year, when it was unusually large.

The average condition of Pennsylvania corn is 85, as compared with a ten year average of 85.

The yield per acre of Pennsylvania winter wheat is 17.8 bushels, the production in Pennsylvania is estimated at 27,697,000 bushels and the quality at 94 per cent.

The average condition of Pennsylvania oats is 97, as compared with a ten year average of 87.

BASE BALL

SCHEDULE AGAIN SHIFTED.
Nowwithstanding the fact that all the managers were at the Berwick meeting last Monday when the schedule for the Susquehanna league was adopted, and all expressed satisfaction with the series of games as drawn up by President McCollum, it was discovered by the Berwick management after the meeting that the schedule as arranged was unsatisfactory to that town.

President McCollum has therefore rescinded the present schedule and re-arranged the games for this week. The remainder of the schedule will be announced later.

The games for this week are:
Friday, August 12.
Nescopeck at Danville.
Shickshinny at Bloomsburg.
Nanticoke at Berwick.
Saturday, August 13.
Danville at Bloomsburg.
Berwick at Shickshinny.
Nanticoke at Nescopeck.

There is more or less dissatisfaction both in Danville and Bloomsburg with this new arrangement of games. Danville played a league game at Bloomsburg only last week. Bloomsburg, in the first schedule was to have played Nanticoke on Saturday, and both Bloomsburg and Nanticoke wished to have this game stand; as the fact that these teams are now tied for first place would have made it a contest of more than ordinary interest.

It is likely that something will yet be done to inquire why the changes were made.

**Booster Meeting
Of D. A. A. Directors**

What was in many ways the most satisfactory and enthusiastic meeting of the board of directors of the Danville Athletic association held in the history of the organization, was that Monday eve at the office of Secretary Ralph Kiser.

It was a Booster meeting all the way through, and it a spirit of determination on the part of promoters of base ball in this city can make the Danville team "come back," the result is as good as accomplished.

The meeting fairly bristled with momentous business, chief among which was the election of Chester A. Nipple, the first baseman of the Danville team, as field manager, with the retention of Simon K. Hoffman, who piloted the Danville team through a championship season last year and who has brought Danville out far ahead in the first series of the present season, as manager.

The opening skirmish of the meeting revealed the fact that the directors realize that interest in the National Game is lagging in Danville, and after that the whole trend of the session was toward adopting means to restore the Danville team to the fall favor of the fans.

Moving along this line the first action that was taken came in a motion that the manager be requested to release Pitcher "Peck" Rowe at once for the good of the game in Danville, and this was carried without a dissenting voice.

The directors then took up the matter of the control of the players, a number stating it as their opinion that the members of the team are not sufficiently governed, especially in the matter of practicing. At this point Manager Hoffman explained to the board that business affairs make it impossible for him to give the attention to the team that the situation requires, and he asked that the board relieve him of actual control of the players.

Following out this request, it was moved that Captain Nipple be made field manager of the Danville Athletic association team, which was carried. This was followed by a motion that Field Manager Nipple have full control of the team on and off the field.

Manager Hoffman is still to act as manager of the team in matters pertaining to signing and releasing players, arranging games and other duties that fall to the business end of running a ball club, with V. V. Vincent to also retain his position as assistant to Manager Hoffman.

With the question of a field manager settled the directors talked over means of strengthening the team, and in this connection it was brought to the attention of the board that the impression has gotten abroad in Danville that those directly back of base ball here do not want to win the second series, in which Danville has already lost the first two games. The directors and managers were a unit in repudiating this idea.

It has been, and is now, the effort of all concerned in base ball here to win just as many games as possible, and will be the especial aim from now

on until the end of the season to go through the league and clean up every thing on the circuit, this being meant, the directors declared, with doubly especial force in the case of Bloomsburg.

With the end in view of putting the team on a basis where a big per centage of the games will come Danville's way, Manager Hoffman was instructed to secure a first class infielder and pitcher, the latter not to be construed to mean that the present pitching staff of the team is to be disturbed, with the exception of Rowe. With this "go ahead" order hot off the bat, Manager Hoffman told the directors he had several men in view who would greatly strengthen the Danville line-up and that he would get after them at once.

A meeting of the managers of the Susquehanna league was held Monday afternoon at the Hotel Morton at Berwick, the business being the ratifying of a schedule for the new series of games which is to be played during the remainder of the season.

The schedule committee had prepared a report which was submitted to the managers for their consideration. After a few changes had been made the schedule was adopted as follows:

Friday, August 12.
Berwick at Danville.
Shickshinny at Nanticoke.
Bloomsburg at Nescopeck.

Saturday, August 13.

Miss L. Brown has returned to Trenton, New Jersey, after a visit with Miss Mary Hancock, Bloom street.

Mrs. Alice Spotts returned to Sunbury yesterday after a short visit with her parents, Mr. and Mrs. Hervey Shultz, Riverside.

H. J. Cohen, of New York, is the guest of Mr. and Mrs. S. Kalin, Pine street.

Mrs. Peter Kite and son Creston, of Philadelphia, arrived last evening for a visit with Mrs. Samuel Morrall, Riverside.

Miss Elizabeth Thomas, Front street, left last evening for a visit of several weeks with her brother, David Thomas, Wilkes-Barre.

Miss Helen Chestnut, Front street, left yesterday for a visit of several days with friends in Lewisburg.

**PARCELS POST
INCONSISTENCIES**

Parcels up to eleven pounds in weight may be sent through the United States mails to Hungary at the rate of twelve cents a pound or a fraction of a pound according to the long list of countries having parcels post conventions with this country. Thus Hungarians who have become residents of the United States will have better mail facilities or treatment than the plain American citizen. A parcel weighing four pounds can now be sent to Budapest or any other city in Hungary for 48 cents, while the postage on a like parcel would be sixty-four cents if it were sent from Scranton to Pittsburgh or Wilkes-Barre. If the parcel bearing the latter address weighs more than four pounds it will be rejected as unavailable, but it may weigh as much as eleven pounds if its destination is across the Atlantic, and a thousand miles inland, if we have a parcels post agreement with a foreign country.

Thus far it has been found impossible to induce congress to enact the necessary legislation to give our people parcels post reform. Several bills providing for the institution of an effective parcels post in the United States were introduced during the recent session, but they all failed. The post office department could not even obtain permission to establish an experimental service on the rural free delivery routes. Realizing the strength of the opposition to the institution of a service through which parcels might be transmissible from one place to another within the continental area of the republic upon as favorable terms as they are now transmissible from here to the other side of the world, the department confined its efforts to promoting the passage of a bill authorizing the transportation of packages from one point on a rural free delivery route to some other point on the same route at the rate of five cents for the first pound and two cents more for each additional pound up to twelve, but it was no good. Every reformatory proposition was persistently turned down.

The express companies are the main obstructors to a parcels post, because they have maintained lobbies in congress in order to prevent Uncle Sam's mails cutting their profits and business.

The Wells-Fargo Express company, after paying ten per cent. dividends on a capital of \$8,000,000 for many years, last Winter distributed a cash dividend of 300 per cent. and simultaneously empowered its stockholders to subscribe at par for twice the amount of their holdings. Of course they all availed themselves of this opportunity, and putting \$8,000,000 in their pockets they used the other \$16,000,000 in paying for the new stock which it had been decided to issue. The other day a semi-annual dividend of five per cent. was paid on the increased capitalization of \$24,000,000, and at the end of the year there will still be a handsome balance to carry to profit and loss. And the other express companies are doing as equally a flourishing and profitable business as the Wells-Fargo. No wonder they fight any parcels post through the mails. They can well afford to oppose any such measure at Washington, but the people will not stand much longer for their congressional representatives to act as the stooge pigeons of private or special interests.

Ball Players Unconscious.
Pottsville, Aug. 10.—During a ball game between Pottsville and St. Clair here yesterday, which the former won by a score of 4 to 2, William and John Shuster, outfielders playing with the latter team, in running for a fly ball were rendered unconscious by their heads coming together in violent contact.

Both are in a critical condition, suffering with concussion of the brain. John Shuster also had a finger of his right hand broken.

Reunion of Hummel Family.
Allentown, Aug. 10.—Seventy-five descendants of five brothers who came to Easton from Germany a century ago gathered at Central park yesterday when the first reunion of the Hummel family was held. The family elected H. J. Lereh, Treichler, president; A. W. Lereh, Siegfried, vice president; H. J. Rinehard, Catsaquana, secretary; Mrs. R. D. Young, Allentown, treasurer.

The only surviving son of these brothers, Abraham Hummel, a venerable patriarch of 80 years and a resident of Nazareth, was among those present.

One Thousand Miners Out of Work.
Tamaqua, Aug. 10.—Because the Lehigh Coal and Navigation Company had removed the shelter shanties at No. 10 colliery, the outside employees went home during a rain storm. When they reported for work yesterday they were informed that there was no work for them, that the colliery had been closed down, throwing idle one thousand men and boys.

**Proposed Amendments
To Penn'a Constitution**

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THIS COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One.
A CONCURRENT RESOLUTION Proposing an amendment to section twenty-six of article five of the Constitution of the Commonwealth of Pennsylvania. Resolved (If the Senate concur), That the following amendment to section twenty-six of article five of the Constitution of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof:—

and co-ordinate jurisdiction, composed of three judges each. The said courts in Philadelphia shall be designated, respectively as the court of common pleas number one, number two, number three, number four, and number five, and the number of said courts may be by law increased, from time to time, and shall be in like manner designated by successive numbers. The number of justices in any of said courts, or in any county where the establishment of an additional court may be authorized by law, may be increased from time to time, and whenever such increase shall amount in the whole to three, such three judges shall compose a distinct and separate court as provided by law, and the number of justices as aforesaid, which shall be numbered as aforesaid. In Philadelphia all suits shall be instituted in the said courts of common pleas designated by number, and each court, to which any suit shall be so assigned, shall have exclusive jurisdiction thereof, subject to change of venue as shall be provided by law. In the county of Allegheny all the jurisdiction and powers now vested in the several courts of common pleas shall be vested in one court of common pleas, composed of all the judges in commission in said courts. Such jurisdiction in accordance with the provisions of the eighteenth article thereof.—

Section 26. All laws relating to courts shall be general and of uniform operation, and the organization, jurisdiction and effect of the powers and judgments of such courts, shall be uniform; but, notwithstanding any provision of this Constitution, the General Assembly shall have full power to establish new courts, from time to time, as the same may be needed in any city or county, to prescribe the powers and jurisdiction thereof, and to increase the number of judges in any courts now existing or hereafter created, or to reorganize the same, or to vest in other courts the jurisdiction theretofore exercised by courts not of record, and to abolish the same wherever it may be deemed necessary for a more orderly and efficient administration of justice.

Number Two.
RESOLUTION Proposing an amendment to the Constitution of the Commonwealth of Pennsylvania, so as to eliminate the requirement of payment of taxes as a qualification of the right to vote.

A JOINT RESOLUTION Proposing an amendment to section eight, nine, of the Constitution of Pennsylvania, which reads as follows:—

Section 8. The debt of any county, city, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum upon such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, so as to read as follows:—

Section 9. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, hereinafter provided for by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenue in excess of the interest on said debt or debts incurred by said city and county, may be excluded in ascertaining the power of the city and county of Philadelphia to make otherwise indebted. Provided, That a sinking fund for their cancellation shall be established and maintained.

A true copy of Resolution No. 2.
ROBERT McAFEE,
Secretary of the Commonwealth.

Section 5. In the county of Philadelphia all the jurisdiction and powers now vested in the district courts and courts of common pleas subject to such changes as may be made by this Constitution or by law, shall be in Philadelphia vested in five distinct and separate courts of equal

LAZY; CUT FINGER OFF—Frank Kipalski when admitted to the Scranton hospital said that he got his hand into the sausage machine at a butcher shop run by Frank Siankiewicz. Siankiewicz says that Kipalski was not working for him and did not get his hand in the machine but that he deliberately chopped his first finger from his left hand because he wanted to feel the sensation of sleeping in a bed and getting three meals a day.

UNCONSCIOUS MAN WAS DUMPED.—Seeing what he thought was an unconscious man lying on a doorstep in the rain, Policeman Bahley, of Philadelphia, sent in a hurry call for the patrol to convey the man to a hospital. In the meantime while waiting for the patrol Bahley returned to the sick man but when he went to feel his pulse found that the man was a dummy which a nearby tailor had used to display his line of masculine wear.

OFF TO BE ACTRESS AT THIRTEEN.—Emma Jacobs, thirteen years old, of York, suddenly became ambitious to be an actress and packing her clothes disappeared from her home. Her parents say that she also took the contents of the family pocketbook.

RETURNS AFTER 43 YEARS.—William Neeley, aged 70 years, walked into the home of his brother, Miner V. Neeley, of Scranton, after an absence of 43 years. Mr. Neeley left his home to see the West and had been believed dead for 40 years.

**NO KNIFE USED
ON MAYOR GAYNOR**

NEW YORK, Aug. 10.
The condition of Mayor William J. Gaynor, who was shot and seriously wounded as he was about to depart for Europe yesterday by a discharged city employe, continues to be a source of great anxiety today. The first bulletins of the doctors were hopeful in tone, indicating that the patient was resting comfortably and taking occasional nourishment, but the doctors have not yet pronounced the Mayor out of danger.

CONSULTATION HELD.
A consultation of physicians over Mayor Gaynor was held this morning after which the following bulletin was issued:
"If A. M.—The Mayor continues to do well. It is the unanimous opinion of the surgeons that no operation is necessary at this time."

GALLAGHER'S TRIAL.
Prosecutor Pierre Garven, of Hudson county, N. J., today began the preparation of his case against Gallagher. Mr. Garven said:
"The grand jury fortunately has not wound up its current session or I would have to wait until the last of September to ask for Gallagher's indictment. There will be no trouble indicting Gallagher, as we have plenty of witnesses and the man's own confession."

"According to my hastily formed plan now, Gallagher will be on trial not later than the first of next week. The trial will be short and the verdict will be reached by the jury in record time. Gallagher probably will be tried on a charge of assault with attempt to kill. The penalty for this is a maximum of twenty years. Under our computation rule, this means practically a sentence of twelve years.

"Of course the condition of Mayor Gaynor may delay action, but from the encouraging reports I have received the Mayor will be spared to us."

CONDITION STILL SERIOUS.
While the Mayor's condition is admittedly still very serious and the physicians would not commit themselves on any statement as to the outcome, Secretary Adamson, who was one of those who remained with the Mayor all night, said today that he considered the outlook very hopeful. Mr. Adamson, however, was careful to impress the possibilities of danger from infection of the wound, which will remain until the bullet is removed. There is also the danger, it was indicated by those who had watched the case closely, that the shot from Gallagher's revolver had passed so close to an artery that hemorrhages might be brought on from an attenuated artery wall. The passage of time lessens the probability of this, however. Mayor Gaynor has not been afflicted with an attack of hemorrhage since yesterday, shortly after he was brought to the hospital.
