THE ONLY WAY

Many Danville Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts direct.

Party at Turbotville.

A pleasant party was held at the home of Mr. and Mrs. R. J. Balliet, at Turbotville, on Saturday. The day was delightfully spent, and a fine dinner served. Tho se present were: Mr and Mrs. A. J. Balliet, Mr. and Mrs. Peter Shultz, Mr. and Mrs. T. J. Betz, Mr. and Mrs. Lloyd Bombov, Mr. and Hiram Shultz and children Mabel, Majorie and Vera, Mr. and Mrs. Chester T. Balliet and daughter Edna, Mrs. David I. Davis, Mrs. William Lobach and son Warren, Mr. L. C. Shultz Mrs. T. M. Wintersteen Mrs. J. N. Ande, Mrs. Wesley Dildine, Mrs. D. W. Ande, William Davis and Walter Davis of Danville R. F. D., Mis. John McNinch, Mrs. Maggie Dildine, Nancy Dildine, Mr. and Mrs. Richard Greenley and children Grant, Grace, Burel and Truman, Gaylord john, of Millville; Mr. and Mrs. Jackson Runyan and son Voris, of Watson. town, and Kincaid Runvan, of Illinois.

Foley's Honey and Tar is a safe and effective remedy for children because it does not contain opiates or harmful drugs. Get only the genuine Foley's Honey and Tar in the yellow package. For sale by Paules & Co Pharmacy.

EARTH WEIGHED ON SCALES.

New Yorker Says Figures Are Seven Trillion Tons.

Reinhard A. Wetzel, a young in-structor in the College of the City of New York, has weighed the earth, gram by gram, ton by ton, on scales so small that if the breeze caused by a drifting feather had stirred them his calculations would have been upset and useless. The weight of this little planet on which we live is only 6,030,-000,000,000,000,000,000,000 grams, or 7,000,000,000,000 tons.

Five years ago Wetzel hied himself forth to seek the weight of a sunbeam and while experimenting upon this problem found such delight in the thought of centering his energies on the other feat that he decided temporarily to devote himself solely to figuring exactly how great is this planet

He has discovered it and asserts his calculations are more accurate than any formerly made. Only three such calculations have been sent forth be fore to startle humanity.

TIME TO PLANT TREES

The following information given by Professor H. A. Surface, State zoolog-H. Smith., ist, Harrisburg, to a supreme court Key, rf.... ritory as far south as Washington, D. Professor H. A. Surface, State zoologwho intend to plant fruit trees:

"I can say that I am certain from experience, observation and study, that *Batted for McInnes in ninth it is best to plant some of the pome fruit or apple, pear and quince in th fall of the year. This, of course, should be done late in the fall, and care should be taken to use trees that were matured in the nursery rather than those H from which the leaves had been strip ped while yet green and thrifty. I would prefer trees from which the

leaves have dropped naturally. Some stone fruits are best planted

became the rage of the season one of those freaks of fashin for which there is no accounting. At which there is no accounting. At length a botanist who found that the plant was not an uncommon weed requested to know where the nursery-man got the name from. He elicited the following reply: "I found this flow-er in the road beside us, so christened it the Rhodum sidus."

His Night Work.
