LOCAL REGISTRAR'S MONTHLY REPORT

The local registrar's report to the bureau of vital statistics reveals a clean bill of health so far as typhoid fever is concerned, although as yet unusual at this season scarlet fever has made its appearance in different sections of town.

Whooping cough, which has been so widely prevalent during the last four months, still lingers with us, although the epidemic is unmistakably dying out.

Following is the report relating to contagious and infectious diseases: whooping cough, sixteen cases; phthisis, one case; scarlet fever, six cases; diphtheria, two cases.

The absence of typhoid fever is all the more remarkable in view of the complaint that is heard on the score of impure water, and suggests either that the immunity is due to the use of sterilized or spring water or that the river water, notwithstanding complaint, contains nothing that is positively deleterious.

During October twenty-five deaths occurred in this district; of these ten deaths took place at the hospital for the insane.

During September thirty births were reported.

A HARD STRUGGLE

Many a Danville Citizen Finds the Struggle Hard.

With a back constantly aching, with distressing urinary disorders, daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Danville people endorse this claim: Robert G. Miller, 315 Ferry Street, Danville, Pa., says: "I am so grateful for what Doan's Kidney Pills have done for me that I never cease praising them. Ten years ago I was almost an invalid and I could only hobble about with a great effort. The pains in my back were often so severe that I could not stand. I believed that this suffering was caused by the hard ships I endured when in the Civil War. There was a weakness across my loins and I had sharp stitches in my back which showed the presence of too much uric acid in my system. I used plasters and liniments but they did not help me and gradually my condition grew worse. An annoying kidney and bladder weakness set in and I became nervous and fretful. The doctors did not help me much and one physician told me that I was on the verge of Bright's disease. My son, who was a druggist, finally brought home a box of Doan's Kidney Pills and I began their use. Soon I improved and from that time on was in good health. I shall always be a friend to Doan's Kidney Pills in return for all they have done for me."

Mr. Miller gave the above statement in February, 1909, and confirmed it in January, 1910.

Surprise Party.

A very pleasant surprise party was held at the home of Mr. and Mrs. John Deeter, Boyd's Station, on Saturday, in honor of Mr. Deeter's 48th birthday. Those present were: Mr. and Mrs. Elmer Bogart, Mr. and Mrs. George Keleher, Mr. and Mrs. Calvin Clark, Mr. and Mrs. William Clark, Mr. and Mrs. Arthur Kennedy, Miss Nettie Stover, Charlie Cashner, Nellie Bogart, Sarah Shultz, Mary Bogart, Mary Deeter, May Deeter; Messrs. Edward Shultz, Jacob Hendricks, Clark Shultz, Ambrose Shultz, Thomas William Deeter, Boyd Deeter, and Mrs. H. R. Greenman and daughter Dorothy and son Leslie, of McGraw, N. Y.

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Sold by Paules & Co., Pharmacy.

LICENSE TRANSFERRED

The wholesale liquor license at the Mill street stand was transferred from David Steiner to the Stegmair Brewing company on Saturday by Associate Judges F. G. Blee and L. W. Welliver.

The business will be conducted by John Fratt, an employe of the Stegmair company, who with his wife will take up his residence in Danville.

SUICIDE TIRED OF HUSKING CORN

The story of a suicide with some unusual features comes from Sugar valley, in Clinton county, where a young man twenty-one years of age, yesterday deliberately shot himself through the heart. The Look Haven Express of Tuesday evening told of the suicide as follows:

"Renben Yost, son of Daniel Yost, of Sugar run, committed suicide in a most tragic manner this forenoon about 11 o'clock by shooting himself through the heart with a rifle. With other members of the family the young man was in a field husking corn. Shortly before 11 o'clock after tying and standing up a shock of fodder, the young man remarked: 'That's the last shock I'll tie up.' He then proceeded to the house, secured his rifle, and sauntered out in to the woods. A short time later the report of a gun was heard, when the young man's brother, Daniel Yost, Jr., proceeded in the direction from whence the report came, and was horrified to find his brother lying on the ground dead, with the discharged gun by his side.

"Investigation proved that it was a deliberate case of suicide. The young man had placed the muzzle of the gun against his heart, and had pressed the trigger with a stick of wood, which was found with the gun. The suicide is aged twenty-one years. No reasons are known why he should commit the rash act."

Hexamethylenetetramine.
Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. For sale by Paules & Co., Pharmacy.

PRANK WAS SERIOUS

A group of Halloween roysterers put wooden railroad ties on the tracks of the Columbia Power, Light & Railways company, at Espy on Monday night, and as a result of it are liable to get into trouble of a serious nature. Luckily no cars were thrown off the tracks, but two of them had narrow escapes from being wrecked. It was only due to the vigilance of the crews that this was prevented.

SHAMOKIN WINS

The Danville high school foot ball team lost Saturday to Shamokin high by a score of 11 to 0. The visitors displayed superior team work, getting their plays off quickly and with few hitches. Danville played a stubborn game, contesting every inch.

The line-up:
DANVILLE SHAMOKIN
Roberts, right end, ... Parmley
Woolridge, right tackle, ... Donahue
Irvin, right guard, ... Enterline
Eyerly, center, ... Rhodes
Shachamer, left guard, ... Nagle
Maconnan, left tackle, ... Troxell
E. Snively, left end, ... Golden
Williams, quarterback, ... Eddy
Sidler, left half back, ... Thomas
Gill, right half back, ... Schmidt
C. Snively, fullback, ... Brennan
Touchdown—Golden, Troxell. Goal from touchdown—Parmley. Referee—Barr. Umpire—Moyer. Time of quarters—10 minutes.

ONE HOUR IN DURANCE

While on Mill street Saturday afternoon two young fellows got into a quarrel and clinched. The sight was by no means an elevating one as the two fellows urged on by bystanders plied their fists with more or less effect.

The fight took place opposite Millard's barber shop, in which Chief of Police Mincomover was being shaved.

As soon as the officer learned what was going on he sprang out of the barber chair and putting on his coat as he ran dashed across the street seizing the two belligerents before either of them knew what had occurred. The face of each one was a study as the officer held them out at arm's length and gave them a chance to take in the situation before he led them to the lockup.

They were just one hour in durance, when they were conducted to the office of Justice Dalton, where they were mulcted in fine and costs for fighting.

They're Still Waiting.

A number of residents of Bloomsburg, Benton and other sections of Columbia county are beginning to think they were too quick in snapping at a bargain presented them by a smooth-talking magazine agent who visited these parts some little time since. He offered subscriptions to either of two lovely magazines for four dollars per, paid in advance, and the subscriber was to get a book worth double the price of the subscription. The books haven't come, the magazines haven't been heard from and letters to the supposed headquarters of the magazine firm remain unanswered.

Miss Catharine Moyer, Mill street, spent last evening with Miss Helen Rupert, Bloomsburg.

BIG CROPS MAKE FOR OPTIMISM

Dan's Review, for Saturday, October 29th, says:

While the volume of business is still below productive capacity, it is noteworthy that trade recession has clearly been checked, and a more optimistic view as to the future developed, based largely on the great corn and oats crop and the high values of farm products. It is true that no marked advance has been made toward increased activity, but the mere stopping of the retrograde movement is a notable gain, especially as the railroad rate controversy is still unsettled; the power of the railroads for new construction and new purchases of rails and other supplies remains undetermined, while the period immediately preceding important elections is not generally favorable to a change of this character.

The iron trade is waiting for action by the railroads and the affirmative leadership of the financial markets toward a progressive policy. The dry goods trade continues to broaden, although prices advance and conservatism prevails. Fall retail trade expands as weather conditions become more seasonable. The shoe trade, white not of full dimensions, is nevertheless increasing in volume, and there are also large sales in hides. Reports in all branches from western cities are particularly encouraging, the assurance of a good return for farm products making merchants more confident of a satisfactory winter.

While many consumers of iron and steel still show conservatism in their operations, signs of actual improvement in business are not lacking. The quarterly statement of the leading producer showed that, even though the output of its plants was considerably reduced, the company was still able to earn a large surplus above dividend requirements and to set aside a substantial sum for new construction as well. In pig iron interests a larger buying power has developed. Cast iron pipe interests have supplied the bulk of the new business. Tin plate continues to make the best showing in finished lines, with consumers and dealers taking other products at a fair rate. Some business has developed in standard rails for export, and recent orders for light weights aggregate a moderate tonnage.

THE NEXT CHIEF

The choice of a chief engineer of the fire department this year falls to the Continental hose company, which has nominated Cornelius Connelley. This action is in effect equivalent to an election, and Mr. Connelley will be the next chief.

Alfred Mellin is the choice of the Central company for assistant chief.

The company's offices are filled as follows: President, Edward J. Leamy; secretary, James Grimes; assistant secretary, Fred Vincent; treasurer, John Tooley.

RABBI PRESENTED WITH A PURSE

Rabbi J. W. Jesselson, of B'Nai Zion congregation, Friday night, received a flattering testimonial, which has convinced him that his labors are highly appreciated and encouraged him to press forward in this work.

Following the regular services in the temple practically the entire congregation, including a number from Bloomsburg and Mt. Carmel, convened at the residence of Councilman Julius Heim.

Here Rabbi Jesselson and his wife were formally presented with a purse by the congregation as a token of esteem and obligation. The gift was delivered into the hands of the Rabbi by Misses Elsie and Grace Bloch, while the presentation speech was made by Mr. Heim, who explained the high esteem in which the rabbi and his wife are held and expressed a hope that they may continue to abide with the B'Nai Zion congregation for many years to come.

Although visibly affected by the testimonial and the touching address Rabbi Jesselson responded in a way to show his hearty appreciation of both the gift and the kind words spoken.

Rabbi Jesselson entered upon his labors at B'Nai Zion Temple over two years ago. He is a man of fine attainments. For seventeen years he has been at the head of one of the Jewish churches of Columbus, O.; prior to that for eight years he was located at Grand Rapids, Mich.

He is highly pleased not only with the liberality of and the appreciation shown by the B'Nai Zion congregation but also with the spirit of tolerance that prevails among the Christian churches of Danville. He adverts with pride to the fact that with few exceptions he has officiated in all the churches of Danville, and the pastors of those houses of worship in turn have spoken in the synagogue.

On Friday night Hon. H. M. Hinckley delivered a fine address before the B'Nai Zion congregation on the subject "The Kind of a Man Needed Today."

More Signers
The property owners on East Front street are determined to bring about the reconstruction of that thoroughfare early next summer.

The petition was still in circulation Saturday. It is now stated that signers have been obtained representing sufficient property abutting on Front street to insure paving all the way from Ferry to Railroad streets—five squares in all.

Property owners are a unit in deprecating a "macadam" road and will consent to nothing short of a pavement laid with vitrified brick. The fact that a street repaired with limestone less than three years ago at an expense of about \$3,500 should be already worn out they hold is a circumstance sufficient to show that it is high time a new method of street improvement be adopted.

OFFICERS ELECTED

The Washington Hose company held its annual election on Saturday night. The following officers were chosen: President, Stewart White; vice president, Hurley Moyer; secretary, Harry Jones; assistant secretary, George Robinson; foreman W. H. Wyant; first assistant, William Wertman; second assistant, Harry Haas; trustee, D. C. Williams.

Thomas Honev was chosen assistant engineer.

WM. SUMMERS DEAD

William Summers, of Buffalo, New York, a member of the firm of Mosier & Summers, contractors who held the contract for the new buildings at the State hospital here, met almost instantaneous death on Friday in a fall from a height of 40 feet, while inspecting a structure which his firm was building.

Mr. Summers was a prominent figure in Buffalo. For many years he served in council, as alderman and was several times delegate to State and National conventions. He is survived by a wife and five sons. One son, James, will be remembered as having resided in Danville for over a year during the construction of the hospital buildings.

Will Re-Dedicate Church.

The extensive improvements which have been made on St. James' Episcopal church, at Exchange, have been completed, and the edifice will be re-dedicated to a service to be held next Sunday afternoon at 3 o'clock, which will be in charge of the pastor, Rev. DeWitt.

FLAG RAPIDLY WEARING OUT

Persons passing Memorial park have noticed with regret that the handsome flag presented by Mr. Frank E. DeLong is showing the evidences of wear and tear, the lower end of the flag for its entire width being torn into shreds.

The first rent appeared over a month ago, and since then it has rapidly gone from bad to worse. On the principle that "a stitch in time saves nine" it is safe to assume that the flag might be saved, if repaired. One is surprised that those on whom the care of the park devolves have not before this had the flag mended. It is not too late at the present to save the emblem, but it will be necessary to cut eighteen inches or two feet off the end of the flag, which it will easily stand, as it is twenty-four feet in length. If the shreds of the frayed portion were cut off, probably some person accustomed to needlework might suggest what could be done to prevent fraying in the future as the flag is switched about in the wind.

The flag was raised on Labor Day, 1900. It is true, it presents a sorry appearance after one season, but the fact must not be lost sight of that the flag is on duty continuously. Mr. Hornberger, the watchman, yesterday explained that the flag was brought out during the latter part of April and that, except when it rained, it has been floating in the breeze each day since. This no doubt constitutes pretty hard usage, and suggests that the life of the beautiful emblem might be much prolonged if it were only swung to the breeze on such occasions as are usually marked with the display of the national colors. Certainly at a season such as the present, when the park is shorn of nearly all its attractions and even the flower beds are denuded to raise the flag daily would seem like a needless expense.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys must, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

HELD WITHOUT BAIL FOR ARSON

Charged with arson Michael Reese, who is alleged to have set fire to a barn belonging to W. P. Girton, near Grovanna, on October 16th, and which was burned to the ground together with its contents, was held without bail after a hearing before Squire Guy Jacoby, in Bloomsburg, yesterday.

W. P. Girton, the owner of the property, testified to the barn having been burned to the ground and he said that he could not say exactly as to who set fire to it, only that he had been told that the prisoner was guilty.

Mrs. Harriet Girton, mother of W. P. Girton, living close to the site of the burned barn, stated that on the night it was destroyed, Reese had tried to get into her house and when refused admission threw stones at it. This continued for some time. Then he disappeared and later the barn was found afire.

Norman Walters' evidence was that he saw the defendant at the barn just after it broke out in flames. It was about 8:30 o'clock in the evening and moonlight and he was sure it was Reese.

Officer Gallagher, who made the arrest, stated that the defendant told him he guessed he set afire, but did not remember much of it as he was under the influence of liquor at the time.

With this evidence he was held without bail by the squire.

Reese made a voluntary statement, in which he said he was about half a mile away when he noticed the place on fire and then gave the alarm. He made no explanation of what he was doing in that vicinity at the time.
