THANKSGIVING DAY IS COMING

Thursday, November 24th, will be the great Thanksgiving Day. Already the good housewife has baked her fruit cake, and ordered her turkey and mince-meat, and is preparing for the glorious event...

Thanksgiving Day has been known in this country since the harvest festival held by the Pilgrim Fathers, at Plymouth, Mass., in September, 1621, not to mention the thanks celebration held in August, 1607, by Rev. Mr. Seymour, of Popham and Gilbert's short-lived settlement in Maine...

Both Speedy and Effective. This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: 'I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation.' Sold by Paules & Co., Pharmacy.

PLATINIZED GLASS. It Produces an Odd and a Tricky Kind of Mirror. Platined glass consists of a piece of glass coated with an exceedingly thin layer of a liquid charged with platinum and then raised to a red heat. The platinum becomes united to the glass in such a way as to form an odd kind of mirror.

NOISE OF THUNDER. Due to Heating of Gases Along the Line of Electric Discharge. To Professor Trowbridge we owe an experiment to explain the noise of thunder. It has usually been thought that the noise is caused by the closing up of the vacuum created by the passage of lightning, the air rushing in from all sides with a clap, but the intensity of the noise is rather disproportionate, and it is now supposed that the thunder is due to the intense heating of the gases, especially the gas of water vapor along the line of the electric discharge, and the consequent conversion of suspended moisture into steam at enormous pressure.

DANGER IN DELAY. Kidney Diseases Are Too Dangerous for Danville People to Neglect. The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, numbness, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Danville.

Entertained on R. F. D. No. 1. A very pleasant and enjoyable dinner was served at the home of Mr. and Mrs. H. M. Feaster, r. f. d. No. 1. Those present were: Mr. and Mrs. H. M. Feaster, Mr. and Mrs. D. Billmeyer, of Washingtonville; Mr. and Mrs. D. W. Wise, of Maudsley; Mr. and Mrs. D. M. Feaster, Mr. and Mrs. George Parsel and children; Chester and Mary, Misses Florence Dork and Aeteline Pettiford, both of Shamokin and Roy Feaster.

THE AGREEMENT IS EXECUTED

The agreement relating to the macadam road at the east of the borough to be built with State aid, which, properly executed on the part of the borough and county, was sent to Harrisburg some time ago, yesterday was returned to Danville bearing the signatures of the officials of the State highway department. W. H. Lyon, who has the contract for constructing the road has also received official notification, and according to the terms has ten days in which to begin work.

Mr. Lyon yesterday stated that he is ready to begin work at almost any day. He has been notified that A. S. Clay, engineer of the State highway department who is stationed at Bloomsburg, will come down to Danville today and will meet the contractor. Mr. Lyon stated that after meeting the engineer on the ground today he will know just what arrangements to make for beginning work.

BUSINESS WILL AGAIN BE NORMAL

Saturday morning's letter of Henry Claws contains the following paragraph on the effect of the election on business and trade: 'The elections are now out of the way. The fact that one political party was severely defeated and that another secured a much greater victory than was expected should have only a temporary effect upon the security markets. The plain lessons of the election are that the country desires real tariff revision and is tired of radicalism in its various forms. Judging by the types of men who have been successful in the present election the country is politically sane and prefers leaders of proved intelligence, character and sobriety to those who stir up discontent and prejudice. It must now be accepted that the tariff will be a leading issue when the new congress convenes. No immediate revision, however, is likely, because the new members do not take their seats until a year hence and the approaching session of congress will be a short one, largely confined to routine affairs. Another impediment to prompt revision will be a party rivalry as to methods of revision, each side striving to secure credit for obeying the mandate of the people. Under these conditions there is little likelihood of any final legislation until 1912. The interval will, of course, be filled with more or less agitation that may restrain business and enterprise in any way affected by tariff schedules. The protective sentiment of the country is so strong that radical changes seem improbable. The South, once free trade, now largely protectionist, and the Pacific coast is also much in favor of a high tariff. The country, however, is in earnest about more revision downwards. It does not want free trade, but does desire some change in schedules, that will aid in lowering the cost of living, give manufacturers cheaper raw materials and promote commerce with other nations, especially Canada. At the moment the most feasible changes in the tariff seem to be such as would remove excesses and promote reciprocity. President Taft's policy of changing one schedule at a time should receive the support of all business men who wish to see the tariff reduced with as little disturbance as possible. Another effect of the election will be to insure a more rational attitude towards corporations and railroads. We are likely to see a less hostile attitude on the part of the administration to the latter, and now that the campaign is over the security markets will once more be governed by natural conditions, politics having been eliminated for the time being at least.'

Dressed in "Black and Yellow." Not "Football Colors" but the color of the cartoon containing Foley's Honey and Tar the best and safest cough remedy for all coughs and colds. Do not accept a substitute but see that you get the genuine Foley's Honey and Tar in a yellow carton with black letters. For sale by Paules & Co., Pharmacy.

MANY LARGE FLOCKS. According to reports turkeys will be plentiful this fall, although so far as known none have as yet appeared in the curbstone market. As to what the price may be we can only conjecture. Persons driving through the county have been impressed with the large flocks of fine turkeys to be seen. Reports would seem to indicate that these delicious birds, without which no Thanksgiving or Christmas dinner is complete, this year are rather more plentiful than on the average. Prices, therefore, may not be quite so high as during several seasons past when for most people they were prohibitive.

STATE'S REVENUE. HARRISBURG, Nov. 16. The State's fiscal year will close on November 30 and the indications are that the report of Auditor General A. E. Sisson will show close to \$29,000,000 actual revenue. The collections so far have amounted to \$28,250,000, the Philadelphia Company, operating the Pittsburgh Railways, having paid in yesterday \$88,348.79 as State tax.

Thanksgiving Evs. "A Girl of the Mountains" is the title of a new society drama by Lem. B. Parker that comes to the Danville opera house Thanksgiving eve. It is a clever story of love and adventure, whose setting is laid partly in New York City and partly in the heart of the Siskiyou Mountains. A very strong acting company has been engaged headed by that dainty actress, Miss Louise Price. Superb stage settings together with elaborate electrical and mechanical effects make a fitting background for this beautiful play.

A Glow Arrested. An organist who on the eve of a festival was taken suddenly ill secured a deputy to take his place. The deputy, on the authority of St. James Budget, was a gentleman who played a very full organ, playing full chords where his principal played only single notes, and consequently using a most larger quantity of wind.

Struck by Car. Patrick Burk and Miss Jennie Yeager of this city narrowly escaped with their lives in Sunbury late Saturday night, when the buggy in which they were riding was struck by a trolley car. It is alleged, and utterly demolished. The accident occurred near the west end of Sunbury. Burk and his companion were thrown twenty feet, both fortunately escaping with slight bruises. The buggy, which was owned by a liverman of this city, was reduced to splinters. The horse escaped injury.

Returned from Hospital. Mrs. Sylvester Dennen returned on Saturday to her home at Exchange after undergoing an operation at the Joseph Ratti hospital at Bloomsburg. Her condition is much improved.

Misses Ethel Foust and Kathryn Moyer of this city spent last evening with Miss Helen Rupert of Bloomsburg.

AT THE END OF LIFE'S JOURNEY

Elijah C. Voris, a representative and esteemed citizen of Danville, died at his home, Ferry street, at 5:10 o'clock Friday morning after a lingering illness due to the infirmities of old age. The deceased was born in Liberty township, January 4, 1836, and was therefore aged 84 years, 10 months and 7 days. He was the son of James and Anna (Gray) Voris and was the eldest of fourteen children and the last survivor of the family.

Mr. Voris was a man of integrity and of public spirit, who strove to promote civic parity and to uplift his fellow men. He was a capable man and was well informed on current topics. In 1881 he was elected Chief Burgess of Danville. He served several terms as member of the school board and was overseer of the poor of the Danville and Mahoning poor district.

EX-HIGH WON. The Danville Ex-High School football team played their first game on Saturday defeating the Berwick high school team by a score of 10 to 0. It was one of the best games of football that has been seen here in a long time, and also one of the cleanest, not a penalty being imposed on either team during the four quarters of the contest.

TRYING TO HIT THE BELL. One of the costly stained glass windows in the front of St. Paul's Methodist Episcopal church has been broken by a stone carelessly thrown by some person on the street. Just when the damage was done is not known. That the glass was broken was not discovered until last Friday. The stone that did the damage was found lying in the church.

\$90,500 FOR THE HOSPITAL

The plans for the new buildings at the hospital for the insane are all approved. The total estimated cost is \$90,500, which is the amount that the next legislature will be asked to appropriate. The cost of the tuberculosis building as originally planned was \$45,000. It was discovered, however, that some important features of the heating and ventilating system had been omitted, and at the previous meeting a committee was appointed to secure the necessary changes in the plans. Yesterday this committee made its report, which was accepted. On motion a resolution was adopted calling upon the legislature to appropriate \$90,500 for this building, the additional \$45,000 being required to cover the changes ordered.

Mr. Voris was a man of integrity and of public spirit, who strove to promote civic parity and to uplift his fellow men. He was a capable man and was well informed on current topics. In 1881 he was elected Chief Burgess of Danville. He served several terms as member of the school board and was overseer of the poor of the Danville and Mahoning poor district.

FROM CHOLERA INFECTED PORT

Dr. Cameron Shultz, yesterday received a communication from Dr. Samuel G. Dixon, commissioner of the State department of health notifying him that there is in Danville a newly arrived immigrant from a cholera infected port and instructing the local board of health, of which Dr. Shultz is secretary, to exercise close surveillance over the man for at least ten days. The communication was accompanied with an immigrant destination card, which shows that the immigrant's name is Julian Puszean and that he hails from Russia. It also shows that he arrived at the port of Philadelphia on the 10th inst., or last Friday, and that his destination was 109 Northumberland street, Danville, Pa. The immigrant was subject to the quarantine regulation at the foreign port from which he sailed, the quarantine inspection at the domestic port as well as the subsequent immigration examination.

Mr. Voris was a man of integrity and of public spirit, who strove to promote civic parity and to uplift his fellow men. He was a capable man and was well informed on current topics. In 1881 he was elected Chief Burgess of Danville. He served several terms as member of the school board and was overseer of the poor of the Danville and Mahoning poor district.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure, or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pains in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

PREPARATIONS SHOULD BEGIN

Now that the old year is drawing to a close it is odd that one hears nothing of the mummer's parade, which for so many years has been a striking and unique feature of New Year's day in Danville. It is hardly probable that our mummies, whose efforts have been so much applauded in the past, intend to let New Year's pass by without the time-honored carnival. It is more probable that there is only a delay and that all that is needed is for some one to take the initiative. There is little doubt that, if a meeting were called, the old-time enthusiasm would be shown and all would get as busy as bees.

THE "PURE FOOD LAW" is designed by the Government to protect the public from injurious ingredients in both foods and drugs. It is beneficial both to the public and to the conscientious manufacturer. Ely's Cream Balm, a successful remedy for cold in the head, nasal catarrh, hay fever, etc., containing no injurious drugs, meets fully the requirements of the new law, and that fact is prominently stated on every package. It contains none of the injurious drugs which are required by the law to be mentioned on the label. Hence you can use it safely.

Hexamethylenetetramine. Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious anal. For sale by Paules & Co., Pharmacy.

LOWEST PRICE FOR COAL. The contract for furnishing coal to the court house and the jail was awarded to J. H. Kase, as the lowest bidder at a meeting of the county commissioners on Saturday. Proposals were invited for two car loads of No. 4 coal, one car load to be delivered at the jail and the other at the court house. The bids were as follows: J. H. Kase, \$4.85; People's Coal Yard, \$4.90; W. S. Lawrence, \$5.10; Boyer Bros., \$5.05; A. C. Amesbury, \$4.89.

Good Results Always Follow. The use of Foley Kidney Pills. They are rebuilding, strengthening and soothing. Tonic in action, quick in results. Sold by Paules & Co., Pharmacy.

Returned from Hospital. Mrs. Sylvester Dennen returned on Saturday to her home at Exchange after undergoing an operation at the Joseph Ratti hospital at Bloomsburg. Her condition is much improved.

Misses Ethel Foust and Kathryn Moyer of this city spent last evening with Miss Helen Rupert of Bloomsburg.

Does Not Stimulate. Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alternative. We wish you would ask your doctor about this. He knows. Trust him. Do as he says. J.C. Ayer Co., Lowell, Mass.
