Idleness is a Dangerous Fault
In the Kidneys. When inactive they speedily fall into disrepair. Those obstinate and fatal maladies, Bright's disease and diabetes, ensue with terrible certainty upon the inaction of the organs affected. Catarrh of the bladder, enuresis, gravel and strangury are also to be apprehended from a partial paralysis of the bladder, of which weakness and sluggishness are the causes. Hostetter's Stomach Bitters is a fine tonic and promoter of activity for the renal organs, and one which can be relied upon to afford them the requisite stimulus without exciting them—an effect to be feared from the unmedicated alcoholic excitant of commerce. A further beneficent effect of Bitters, by renewing activity of the kidneys, is to enable them to drain from the blood in its passage them, impurities productive of rheumatism and dropsy. Nervousness, fever and ague, constipation and dyspepsia are conquered by the Bitters.

"I have used Brown's Sarsaparilla for kidney and liver troubles, and can truly say it has done more for me than all the doctors I ever employed, and I have had occasion to require the services of the best physicians in the State. My wife also has been greatly benefitted by its use."
