VOTED FOR CONSOLIDATION.

Citizens of the New Johnstown, We Salute You - East Conemaugh and Perhaps Franklin Alone Dissent.

The people of what will be Johnstown City are certainly to be congratulated for having done so nobly yesterday on the question of consolidation. The result must surely make the public heart swell with pride. All contention between the different boroughs is happily ended, and we rejoice in the thought that Johnstown is united. We hope to see the dissenting boroughs yet join with their sisters in making up the city.

The vote on the question of a city charter was as follows :

An Interesting Question Growing Out of Consolidation.

There grows out of the vote on consolidation a question that may prove to be quite interesting before it is settled. It is this: Will the aggregate vote of all the boroughs or the separate vote of each borough determine whether it will be included within the new city.

cluded within the new city.

The law relating to the incorporation of cities of the third class provides:

That cities of the third class shall be chartered whenever a majority of the electors of any town or borough, or dany two or more contiguous towns or boroughs, situated within the limits of the same county and having together a population of at least ten thousand, according to the last preceding United States Census, shall vote at any general election, in favor of the same.

There is some difference of opinion as to the construction to be put on this, but some of our best lawyers incline to the idea that the aggregate vote of the boroughs voting on the subject, will decide the matter. The decision of this question will determine whether East Conemaugh and Franklin will be a part of districts of the North have done very the city or not.

THE BODY OF MR. PETER RUBRITZ

meral. Mr. Peter Rubritz, of Frankliu bor ough, was one of the flood victims. He was about sixty-five years of age. His wife, two daughters and two grandchildren were lost also. One of his lost daughters was Mrs. Robine.

Mr. Rubritz's body was recognized by the features and by ear rings. His son had witnessed the removal of every body in Grand View and Prospect since the work began, and yesterday about minutes before 4 o'clock he was rewarded by finding the missing body. The funeral will take place this morning from the German Catholic Church in Conemaugh borough. Interment at Geistown

CAMBRIA COUNTY THUE TO ITS COLORS.

The Whole County Ticket Elected-The Republicans Razzle-Dazzled and the Court House Ours,

At 3 A. M. this morning the returns of the election yesterday show that the Governor by the largest majority that whole Democratic county ticket is any candidate has had in that State for elected by comfortable majorities. is the first time in the history of the county that so full and general returns have been published the morning after the election

In the District Court the Democracy have done splendidly, and not one of the candidates on the Democratic ticket will have 400 majority against him. This is a gratifying showing for the Democrats of this part of the county.

Our unusually full reports from the other parts of the county, received by telegraph and the vote published, show that for an "off year" the Democratic well. The returns, as published in detail, show that the victory is ours, and that Cambria county is true to its ocratic faith.

It is always interesting to watch as election when a great deal of scratching Pennsylvania politics. The Democrats is done. Perhaps, as far as our county ticket is concerned, there was never more hotly contested canvass than tha which was brought to a close yesterday Tiekets, without number, and fixed up to suit every caprice of the voter, were dis tributed in all the districts by the party workers. The vote polled in this city shows a noticeable falling off en account of the flood. Of late there has been much curiosity to know how the falling off in the various districts in conseque of the flood would effect each of the parties. The largest falling off was in the First ward of Johnstown, where the total vote for President last year was 468 Yesterday the total vote cast there 241, sixty being cast for Bigler and 181 for Boyer, while Cleveland had 151, and
Harrison 317 last year. The falling off

NEWS FROM OTHER STATES.

The political career of William Mahone has been forever settled by the political cyclone that swept the "Old Dominion" on Tuesday. At first reports made the majority a modest 20,000, later it was 25,000, and now 35,000 is the figure at which it is put. It may go higher. The Legislature, too, is overwhelmingly Democratic. All this means the end of the Republican dream to capture the mother of Presidents.

In New Jersey Leon Abbott is elected years. The Assembly is Democratic, but probably the Senate is Republican. The Prohibition vote in New Jersey was very slight.

In Maryland the situation is gratifying to the Democrats. Besides a controller they elected a Legislature of their own political faith. This insures the sending of a Democrat to the United States Senate, to succeed Senator Wilson Baltimore is Democratic by over 4,000 The majority for the Democratic State ticket is over 10,000.

The Australian System of Voting Proves a Great Success. Boston, November 6.—To-day's exerience has seemed to prove beyond oubt the success of the Australian system of voting, and testimony from all sections of the State is almost unanimous in its praise. In this city the voting places have presented a remarkably quiet appearance, and the scenes therin have. in many cases, been in marked contrast to those usually witnessed. Voting has proceded with dispatch, and voters have enjoyed a freedom from the importunities of ballot distributors that they have never known before. Very few cases are re-ported where instructions as to the method of voting were necessary, and practically the only aid requiaed was for those who come under the law as " ha blindness or other physical disability unable to mark their ballots."

While voters expressed their pleasure at being able to vote without the usual solicitation in the interest of one candi date or another, the ward officers were also delighted at being able to attend to their duties without being disturbed by the customary bustle and disturbances outside the rail.

There was some slight friction caused by a conflict of opinion with regard to the Legislature by two in each branch. duties of precinct and other officers, but it was insignificant and made but little trouble. With regard to the ballots themselves, there was little or no com plaint. From all over the State reports indicate a very quiet election and a light vote. Although the voting itrelf was conducted as expeditiously as in former years, the count was not completed so
