

TURNED UP AFT. 40 YEARS.

A Man Who Deserted His Young Wife Has Finally Enriched His Son,

Acworth, Ga., December 22.—R. W. Wilson, Jr., arrived here yesterday from California to spend the Christmas holidays. Four years ago he was a tenant cropper near town, his father being supposed to be dead. In the early settlement of Cobb county miners delved for hidden treasures more than they do now. Among those engaged in this business was R. W. Wilson. In 1848, in a fit of the blues, he bade his pretty young wife and child good-by and started for California. His wife remained at her home near Acworth, and received a few letters from him after he had arrived among the miners of California. Finally he ceased writing altogether. After some years passed suitors pleaded for the wife's hand in marriage, but she declined to enter wedlock and kept sacred the memory of her first love. One day one of her suitors found in a California paper the recorded death of her husband. With this assurance she consented to marry the man who had been so kind to her. After living with her second husband a few years she died. Some time ago a stranger, sixty-five years old, stopped at Acworth and registered at the Litchfield House as R. W. Wilson. He inquired for his old friend Litchfield. He was told that he was dead, and then he named friend after friend, and he was told that they were dead or had moved away.

Like Rip Van Winkle, he knew no one, and nobody knew him. He got on a horse and rode out into his old settlement, hoping to find some familiar face, and as he passed Capt. J. B. O'Neill's farm he saw a young man picking cotton, and inquired his name, and was told "Wilson."

"Where is your father?" he asked. "He went to California forty years ago." The tears came rushing into the old man's eyes, and he made known that he was the father. Young Wilson was greatly affected by this declaration, and the old man went to his son's house and was introduced to his daughter-in-law and grandchildren. The old man recounted his reverses in California, and why he waited for success to crown his labors before returning. He finally struck it rich, and is now wealthy. He took his son and family back with him and installed him as his heir. Young Wilson gives glowing descriptions of the life he now lives on the Pacific coast.

INFLUENZA EPIDEMIC IN BOSTON.

Forty-three Policemen Off Duty Yesterday—Foreign Mail Matter Looked Upon With Suspicion.

Boston, December 22.—The spread of the influenza epidemic among all classes in Boston is daily becoming more noticeable. At the police headquarters yesterday the unusual number of forty-three men were reported sick and off duty. These nearly all were down with the influenza. Quite a number of firemen were reported too sick to attend fires for the same cause. The malady is prevalent among railroad and bank clerks, which is by some theorists attributed to the handling of infected tickets by the former and infected money by the latter. Many postoffice employes have also been attacked, and foreign mails are looked upon with suspicion. Both types of the disease known to physicians seem to be prevalent in Boston.

A Strange Party Vote.

New York World.—The debate and vote in the Senate on Mr. Morgan's resolution to recognize the Republic of Brazil showed the most extraordinary party division that has been seen in modern times.

The resolution was intended simply to lend to the Republic in Brazil the moral support of recognition by the foremost Republic in the world. It was in accordance with the traditional policy of this country, which is to encourage the assertion of the Republican idea everywhere, as it is the policy of all monarchical governments to frown upon it everywhere. The only effect of the passage of the resolution would have been to lend moral strength to the new Republic in its effort to maintain itself against the immoral forces which every monarchy in Europe is pressing upon it for its discouragement and overthrow.

Such a resolution ought to have been adopted unanimously, without debate. It would have been at any earlier time than this. But on Friday every Republican Senator voted to smother it in a committee, while every Democrat but one voted for its immediate passage.

The vote is not without significance. The Republican Senators acted, in effect, under instructions. The Republican Administration, in pursuit of some strangely inexplicable purpose, has reversed the traditions of the country and assumed an attitude of repellent coldness towards the new sister Republic, an attitude closely copied from that of the Old World despots, and the Senators of that party have yielded themselves to White House dictation.

But what do the liberty loving people of the United States, who believe in the Declaration of Independence and the American system of government, think of the transaction:

Tell us not in spoony verses Married life is all a dream. He who off his joy releases. Ah! no glad as he may seem. Heads of all bald men reminds us. We should choose our wives with care. Or departing love behind us. Half our natural crop of hair.

FOUR MORE BODIES.

Three Found at Coopersdale on Saturday and Another There Yesterday—The Description.

Three patrolmen belonging to the search force found three bodies along the river bank near Coopersdale on Saturday afternoon. They were taken to the morgue, where one of them, No. 515, was identified as Mrs. Lucinda H. Roberts, widow of Judge Evan Roberts, a very prominent man of his day and father of L. E. Roberts, Esq., the insurance agent. The body was interred in Grand View yesterday afternoon.

The two other bodies found on Saturday are described as follows: No. 516, female, height three feet, brown and white barred dress with metal buttons, probably plum-colored skirt, brown caftan flannel waist with white agate buttons, black woolen hose, soring heel button shoes. The natural color of the hair is thought to be dark.

No. 517, female, only trunk remaining; black Jersey, three rows of black covered "bullet" buttons, strips of braid across front. No other article of clothing was found.

Near one of the bodies a lot of loose hair, two feet long, light colored, was picked up. Yesterday another body, that of a man, was found near the same place with the above, but as it was late when it was brought to the morgue no description could be obtained.

Public Schools of Pennsylvania.

HARRISBURG, December 20.—The annual report of the late Superintendent of Public Instruction, Dr. Higbee, is in the hands of the State Printer. It says: "The schools now number 21,889, an increase since last year of 547. The increase the previous year was only 280. The increase in the number of pupils is 13,173, differing little from the increase of the previous year." Dr. Higbee says now that the appropriation from the State is double what it was four years ago, the average salary of the teachers should be raised. The want of proper remuneration, he says, is injuring the status of our schools, and he suggests that directors and parents resist to make the matter of selecting teachers nothing more than the employment of the cheapest candidates in the market. He regrets that the bill for a closer inspection of our schools in rural districts failed of passage at the last session.

The czar is now a performer on the violin. If this does not clear the Winter Palace of nihilists nothing else will.

Tax Paid.

There is probably few who realize the enormous amount of money annually paid into the U. S. Treasury on both imported and domestic liquors. Are you aware that Max Klein, of Allegheny, Pa., is a large contributor to that fund? Are you posted as to who does one of the largest businesses in the liquor line? If not, let us tell you that Max Klein leads them all—and why? Because he has long since succeeded in convincing the people that he furnishes value for value. He sells six year old Guckenheimer, French, overholt, and Gibson at \$1.00 per quart or six quarts for \$6.00. His silver Age has the best and complete catalogue and do not hesitate to send your order to Max Klein, 82 Federal st., Allegheny, Pa.

Illness is a Dangerous Fault In the Kidneys. When inactive they sleepily fall into disrepair. Those obstinate and fatal maladies, Bright's disease and diabetes, ensue with terrible certainty upon the inaction of the organs affected. Catarrh of the bladder, gonorrhea, gravel and rheumatism are also to be apprehended from a partial paralysis of the bladder, of which weakness and sluggishness are the causes. Hostetter's Stomach Bitters is a fine tonic and promoter of activity for the renal organs, and one which can be relied upon to afford them the requisite stimulus without exciting them—in effect to be freed from the unmitigated alcoholic excitement of commerce. A further beneficial effect of Bitters, by renewing activity of the kidneys, is to enable them to drain from the blood in its passage them, impurities productive of rheumatism and dropsy. Nervousness, fever and ague, constipation and dyspepsia are conquered by the Bitters.

"Try Ayer's Pills" For Rheumatism, Neuralgia, and Gout. Stephen Lansing, of Tonkers, N. Y., says: "I have recommended as a cure for chronic Costiveness, Ayer's Pills have relieved me from that trouble and also from Gout. If every victim of this disease would heed only three words of mine, I could banish Gout from the land. These words would be—'Try Ayer's Pills.'" "By the use of Ayer's Pills alone, I cured myself permanently of rheumatism which had troubled me several months. These Pills are at once harmless and effectual, and I believe, would prove a specific in all cases of incipient Rheumatism. No medicine could have served me in better stead."—C. C. Rock, Corner, Avoyelles Parish, La.

C. F. Hopkins, Nevada City, writes: "I have used Ayer's Pills for sixteen years, and I think they are the best Pills in the world. We keep a box of them in the house all the time. They have cured me of sick headache and neuralgia. Since taking Ayer's Pills, I have been free from these complaints." "I have derived great benefit from Ayer's Pills. Five years ago I was taken so ill with rheumatism that I was unable to do any work. I took three boxes of Ayer's Pills and was entirely cured. Since that time I am never without a box of these pills."—Peter Christensen, Sherwood, Wis.

Dress the Hair With Ayer's Hair Vigor. Its cleanliness, beneficial effects on the scalp, and lasting perfume commend it for universal use. It keeps the hair soft and silken, preserves its color, prevents it from falling, and, if the hair has become weak or thin, promotes a new growth.

To restore the original color of my hair, which had turned prematurely gray, I used Ayer's Hair Vigor with entire success. I cheerfully testify to the Efficacy of this preparation."—Mrs. P. H. Davidson, Alexandria, La.

"I was afflicted some three years with scalp disease. My hair was falling out and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its original color."—(Helen) S. S. Jones, Eastport, N. B. Church, St. Bernard, Ind.

"A few years ago I suffered the entire loss of my hair from the effects of tetter. I hoped that after a time nature would repair the loss, but I waited in vain. Many remedies were suggested, none, however, with any prospect of success. Ayer's Hair Vigor, I tried, and a natural growth of hair soon came out all over my head, and grew to be as soft and heavy as I ever had, and of a natural color, and really set."—J. H. Pratt, Spofford, Texas.

IMPORTANT TO Railroad Men. A. E. Smith has been for forty-nine years road master on the Boston & Maine system, and is now residing at Great Falls, N. H. He says trackmen, brakemen, firemen, engineers and conductors, as well as baggage masters and expressmen, are subject to kidney disease above all others. All, therefore, will be interested in the statement of his experience. "I have used Brown's Sarsaparilla for kidney and liver troubles, and can truly say it has done more for me than all the doctors I ever employed, and I have had occasion to require the services of the best physicians in the State. My wife also has been greatly benefited by its use."
