COUNTERFEITERS ARRESTED. nght From Stoyestown to This City Yes terday Evening.

Friday afternoon four counterfeiters from Somerset county, in charge of Deputy Marshal Garber and Officer McSweeny, of Pittsburg, arrived in this city and were lodged in the Johnstown lock-up, where they were held, awaiting orders from headquarters. The work of these men has been puzzling the authorities for some time. Marshal O'Hara, of the Western District of Pennsylvania, was instrumental in bringing the men to arrest. The four men arrested were taken into custody near Stoystown. Their names are Edward Bisbing, Jeremiah Wilt. John Seipe and John Henry Bisbing.

Edward Bisbing is a stone-mason and has a wife and family. Jeremiah Wilt is a coal-miner, and is said to be Bishing's father-in-law. John Seipe is a carpenter. He is also married. John Henry Bisbing is a young man and single.

In possession of the men were found a set of moulds and a bogus half-dollar. It is expected that more arrests will follow.

The men were taken to Pittsburgh last

night on Fast Line. The hearing of James Wilt, the young man from Stoyestown, charged with mak ing and passing counterfeit money, was neld before Commissioner McCandless, of the United States District Court, Pitts-

burgh Monday morning.
The Commissioner sat in the office of the District Attorney. Mrs. Mary Stanger, who now keeps a boarding house on Neville street, Pittsburgh, was the first witness examined. She said that in 1888 she kept a boarding house in McKeesport. In December of that year Wilt boarded with her. He made three silver dollars, gave one to the children, one to some other person and kept one himself. did not see him make it, but the children did. He said he could make lots of them. Afterwards he began to make nickels and dimes in the kitchen. In so doing he spoiled the table. She then told him he would have to stop all such practices, and made him leave.

James Sipe, who is also under arrest on the same charge, testified that he lived at Stoyestown. A year ago young Wilt came home from McKeesport ar came to the coal bank where he worked to see him. He gave the witness three counterfeit dollars and told him he could make lots more. Said he had dies and was ready for business.

Wilt next testified in his own behalf. He acknowledged that he had made this counterfeit money but said he did it for fun. A man named Frank Ober taught him and his father how to make this counterfeit money. They made the money in a shanty near the coal bank. They had plaster of Paris molds.

Mr. Hugh Miller, another boarder in the house at the same time, was the next witness. He testified that he saw a number of counterfeit nickels in Wilt's room. Wilt told him that he had made them. Witness burned them and gave Wilt good advice, telling him that he had better stop this sort of business altogether.

After hearing the testimony Commis sioner McCandless held Wilt in \$1,500 bail. The boy said he would commun cate with some friends in McKeespe and thought they would help him. Mr. Candless said if they did not he wouldn't have long to stay in jail, as the court met next week.

Addresses were made by P. G. John P. Linton, P. G. W. T. Coliver, P. G. A. W. Conner, and Rev. I. Morgan Thomas, of Ohio, setting forth the progress made by the Order and the rapid increase in membership, and in view of the past successes predicting a brilliant future for the Order.

The Cambrian Choir, under the leadership of Prof. T. E. Morgan, rendered sev eral fine selections of music in their usual good style.

Refreshments of all kinds were served by the committee; and it is needless to say that all present had an enjoyable time during the whole of the evening.

THE PROPOSED NEW BOROUGH OF MORRELLVILLE.

The Lines Run to Include Territory to the Extent of 350 Acres

On Saturday, Mr. F. A. Cresswell, the Surveyor, finished running the boundaries of the proposed new borough of Mor-rellville. The limits now include about 350 acres, instead of 500, as at first proposed. The matter will likely be in proper shape to present to the Court for approval in June. The people of the vicinity, it is said, were very hard to please in the matter of where the lines should be run, some wanting the limits one place and others desiring a different location.

A F. Smith has been for forty-nine years road master on the Boston & Maine system, and is now residing at Great Falls, N. II. He says trackmen, brakemen, firemen, engineers and conductors, as well as baggage masters and expressmen, are subject to kidney disease above allothers. All, therefore, will be interested in the statement of his experience, "I have used Brown's Sarsaparilla for kidney and liver troubles, and can truly say it has done more for me than all the doctors I ever employed, and I have had occasion to require the services of the best physicians in the State. My wife also has been greatly benefitted by its use.

Road Master B. & M. R. R."

The kidneys have been labored hard all winter, as the pores of the skin have been closed but now the springtime har come, and they nece some aid. May be you have, hat pain across the back; that tired feeling; those drawing down pains. If so, you can get immediate relief by following the example of Mr. Smith and his wire and use that never-failing and grand correction or the kidneys, liver and blood,

BROWN'S Sarsaparilla.
