

"I WISH YOU HAD SOAP THAT WOULD FLOAT," a lady said to a clerk in a large grocery store. "You have an idea how ordinary soap is wasted. The servants let it remain at the bottoms of the wash-tubs, dish-pans, and scrubbing-pails, and when the water is poured off, the soap has the consistency of mush and a new bar must be taken from the box. If the soap would only float, they would see it, and take it out of the water when they were through with it."

The "IVORY SOAP" floats, replied the clerk. Oil will float, and, as the "IVORY SOAP" is made of oils, and is 99 1/2 per cent pure, as a matter of course it will float.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the Ivory" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.
