JOHNSTOWN, PA., May 21, 1890.

To the President and Members of Select Council of the City of Johnstown, Pa.:

We, your committee on City Property, to whom was referred the message of the City Engineer, setting forth the necessity for a fixed alignment of Main street, although we believe said message should have had the attention of the Committee on Highways, beg leave to report that we recommend that the City Engineer be authorized to fix a permanent alignment of Main street by placing at least two stone monuments, set in such position under the street where they will remain forever undisturbed either center or side of said street, as his judgment best dictates stones to be procured, and work done by the street commissioner under the direction of the City Engineer.

We further recommend that the City Engineer be authorized to secure a room for his office and drafting room, also a drafting table and writing desk, together with rack for preserving maps, all of which is respectfully submitted.

PETER BUSER, Chairman, ADAM HUBNER, L. L. SMITH.

Mr. Kennedy offered this resolution:

Resolved, by the Select and Common Councils of the city of Johnstown: That the Mayor and City Clerk be and they are hereby authorized to enter into a contract with the Cambria Iron Company for the filling of an embankment of cinder along the line of the Little Conemaugh so as to prevent the Eleventh ward, from overflow; said embankment, however, to be so constructed as not to narrow the channel of the said stream; the lines thereof shall be given by the City Engineer, and its cost whereof shall not exceed the price and sum of \$1000 for a temporary bridge and the actual cost of the labor of laying the railroad track along the line of said rail.

Agreed to. Mr. Slick offered a resolution instructing the City Engineer to give the grade of Main street from Market to Adam, of Bedford street, and also to fix the alignment of Main and Bedford streets. Agreed to.

The action of Council at the previous session in regard to filling Baumer street to the level of the B. & O. Railroad was on motion of Mr. Smith reconsidered. It was then amended so that the grade of Baumer street be such as the City Engineer may determine.

The declaration of Mr. August Mayer to serve as City Assessor was read, and a message from the Mayor calling a special joint meeting of the Councils on Monday evening to fill the vacancy, was presented.

On motion of Mr. Kennedy the message of the Mayor was received, and the declaration of Mr. Meyer accepted.

Mr. Slick introduced an ordinance ordering the paving of Morris, Franklin, Main, Iron and Broad streets with vitrified fire brick, to be laid upon grades, and in accordance with specifications given and prepared by the City Engineer.

Common Sense. In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache.

Ayer's Pills. I can recommend Ayer's Pills above all others, having long proved their value as a Cathartic for myself and family.—J. T. Hess, Leithsville, Pa.

Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them.—Thomas F. Adams, San Diego, Texas.

I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and in my family, they are used for bilious complaints, and other disturbances with such good effect that we rarely, if ever, have to call a physician.—H.
