W. C. T. U. Jottings. Once more the W. C. T. U. is reviving from defeat. The blow received at the election a year ago, although not unexpected by those who look below the surface, was nevertheless calculated to discourage and paralyze the working forces of the Union.

A new paper started by the State Officers called the Pennsylvania Bulletin is a fresh, inspiring little sheet giving all the Unions a chance to be represented in their different departments and working for the well being of the Union's throughout the State.

As last year the leading work of the W. C. T. U. was the constitutional amendment, this year the leading work is scientific temperance instruction.

Just now a new feature of instruction has been introduced in the Juvenile department, although in some places it has been going on for nearly two years.

Women who sit with their legs crossed, to sew or to read, or to hold the baby, are not aware that they are inviting serious physical ailments; but it is true, nevertheless, when a man crosses his legs he places the ankle of one limb across the knee of the other, and rests it lightly there.

Desperate Attempt of Joseph Wherry, of Wilmore, to Escape the Clutches of the Law—A Jump of Twenty-seven Feet Without Injury to Himself—Court Let Alone, Adjourns Until the People Return After the Prisoner is Recaptured.

EBENSBURG, PA., June 4.—This place was in a high state of excitement this afternoon. Joseph Wherry, who was convicted of stealing Joseph Horner's horse at Wilmore, jumped from the Court Room window when the jury's verdict was announced.

To say that there was a turbulent scene in the Court room would be a mild expression for the state of things. Half those present ran to the windows while others made for the stairs.

Wherry had got one-fourth of a mile before he was overtaken by the small army of pursuers, which under the influence of the hot sun was beginning to grow less in numbers as the race drew to a close.

EXTERPATE MALARIA AND BILIOUSNESS

This system this time of the year is very likely to get very much deranged. The cause of this is during the fall and winter months we eat too much meat and fatty substance that accumulates, and when spring and summer comes on we need a blood purifier. Did you ever note this time of year how torpid the liver becomes, the kidneys fail to do their duty, and in the course of a short time we have a case of biliousness. The greatest medicine ever discovered to eradicate this from our system is DANNER'S ESSENCE OF HEALTH. As a blood purifier it has no equal. Price, \$1 per bottle, 6 bottles for \$5.
