> THE Meyersdale Register last week accused the editor of this paper of making an attack on it, when in fact the attack existed only in the Register man's fertile imagination. There was no attack about it. Mr. Subrie. The State stated that its editor had been informed that you' tried to get the Meyersdale postmaster to hold the copies of the last issue of the Carleton Times sent to that office, and not deliver them to the persons to whom they had been addressed. The editor of this paper stated plainly that he could hardly believe that the Register man would stoop so low as to interfere with another publisher's private business, and all it asked Mr. Subrie to do was to plead "guilty" or "not guilty." But instead of answering to the charge in a gentemanty way, he makes some sneering remarks about existed only in the Register man's fertile he makes some seering remarks about frontier journalism and institutes that the people on the frontier are not civil-ized, etc.. etc.

Dr. Stutzman was born Ooc. 2nd, 1829, so it will be seen that he was over 68 years old when he died. In addition to instruction received from his father he was the pupil of his brother. Joseph J., and therefore became well versed in the classics, a knowledge will write the classics, a knowledge of which is so desirable to a member of dale postmaster state that he had noth ing to do with refusing to deliver the Carleton Times, as the papers were adand not at Meyeradale, or words to that effect. M. F. Smith, of this place, a first cousin of yours, also gave us some information in regard to this matter, but told it, of course, as it had been told to him.

Now then, are you satisfied? The mat-ter is now off our hands and rests with you and the Meyersdale postmaster. All we have to say is that we know that the postmaster here did not make up the false that he is not your enemy. Neither do we harbor any spite against you, no matbrasks and surveyed a large tract of land for the government.
