

La Grippe. On December 10th, I was confined to my room with the Grippe. The Treasurer of the Commercial Advertiser recommended that I should try a bottle of "Ayer's Cherry Pectoral," as it had cured him of the same complaint. I sent for a bottle, and in two days I was able to resume my business and am now entirely cured. As I took no other remedy, I can but give all the credit to the "Cherry Pectoral," which I gratefully recommend as a speedy specific for this disease. Yours very truly, F. T. HARRISON, 30 Park Row, New York, N. Y.

Ward off disease by removing the cause of it. It's with the liver or the blood, nine times out of ten. A sluggish liver makes bad blood—and bad blood makes trouble. Dr. Pierce's Golden Medical Discovery makes pure blood. It invigorates the liver and kidneys, rouses every organ into healthful action, and cleanses and renews the whole system. Through the blood it cures. For Dyspepsia, Indigestion, Biliousness, Scrofula, Skin and Scalp Diseases—even Consumption (or Lung-Scrofula) in its earlier stages, it's a certain remedy.

Nothing else is "just as good." Anything "just as good" could be sold just as this. It's the only blood-purifier that's guaranteed to benefit or cure, in every case, or the money is refunded.

The catarrh that isn't cured costs \$500. Not to you, but to the proprietors of Dr. Sage's Catarrh Remedy. They promise to pay you the money, if you have an incurable case. They don't believe that you have one.

##### A Bursting Engine Kills Five. Another Collision Kills Two Men. Capped By a Dynamite Explosion.

St. Clair, Pa., Jan. 30.—The boiler of a locomotive exploded at New Castle Station with terrible results. Five men were killed instantly, and not a witness lives to tell the story of their death. The killed are: Joe Seliger, engineer; Napoleon Paul, fireman; Jack Turner, conductor; Wm. Winterleest, brakeman; Harry Sands, brakeman.

At the time of the explosion the locomotive, No. 955, of the Philadelphia & Reading railroad, was standing on a siding at New Castle, a mining village about a mile north of this place. The men killed, who comprised the crew of the engine, were standing around at the time of the explosion. The cause of the explosion cannot be ascertained.

Ashland, Pa., Jan. 30.—Lack of telegraphic communication between New Boston and Pottsville, the explosion at New Castle station having broken down the wires, caused a serious wreck at New Boston junction, where two passenger trains collided, virtually killing John Detrick, engineer, and fatally injuring the fireman. J. L. Blakeslee suffered two broken legs.

Wilkesbarre, Pa., Jan. 30.—A terrific explosion of dynamite occurred at Honey Brook, a small mining town five miles from Hazleton. Fifteen Hungarian miners were employed in a coal stripping operation by Dick & Wanta, at that place. They were sitting around the stove in the workmen's shanty, eating their lunches, when several sticks of dynamite near the stove exploded, blowing the shanty to fragments and scattering the inmates in all directions.

The shock of the explosion was heard five miles away. In a short time hundreds of people had gathered at the spot, and the willing hands were soon aiding the wounded. Two men—Adam Borwick and John Slavik—were instantly killed. Their bodies being shockingly mutilated. Of the other 13 not one escaped injury. Men were lying around in every direction. Some with arms and legs broken and blood pouring from gaping wounds. It is believed that a number of the victims will die. The explosion was caused by the Slavs thoroughly heating the dynamite and then exposing it to the cold.

### CHILLI'S APOLOGY ACCEPTED.

#### Minister Egan So Instructed to Notify the Chilean Government.

Washington, January 30.—At the Cabinet meeting today, which was uneventfully short, the Chilean matter was discussed. It was decided that Minister Egan should be instructed to say to Senator Pereira, Chilean Minister of Foreign Affairs, that his reply to the note of Secretary Blaine of the 21st indicated a desire on the part of the Chilean Government to satisfy the United States of its feeling of regret over the assault upon the sailors of the Baltimore in Valparaiso.

The replies as to the Matto note of December 11 and the request for the recall of Minister Egan, the latter will be directed to say Egan is entirely satisfactory. Such being the case, the United States will leave the matter of reparation to the sufferers by the assault to Chile to initiate according to her sense of justice and right. And with a salute to the United States flag the incident will be considered closed by this Government. Until Chile makes some offer of reparation, of course, there will be nothing to arbitrate. It is not a point of difference exists. The offer may be so satisfactory that arbitration on that score will not be necessary.

The contents of a dispatch from Minister Egan, received yesterday were made known at today's cabinet meeting. It is said that Mr. Egan confirmed the story reported from Santiago that members of the Chilean Government had stated that Senator Montt, Chilean Minister at Washington, had misled his Government by the advice he had dispatched to them which had the effect of seriously compromising the Government in their dealing with the controversy. A report is current that Senator Montt has intimated his intention of leaving Washington, but it could not be confirmed. It is generally believed, however, that Montt must resign, if he has not already done so.

### FIFTY-SECOND CONGRESS.

#### TRIMMINGS.—There were half empty galleries in the Senate Chamber to-day. Just before the hour of meeting struck, the sonorous voice of Senator George, of Mississippi, was heard all over the chamber remarking: "Well, there is no war cloud after all." This feeling met a prompt echo from Senators.

The Chamber in its opening prayer made earnest supplication for righteousness and peace to spread over the land, and returned thanks for the "forbearance, kindness, wisdom, moderation and prudent watchfulness" and for the "rolling away of the cloud of darkness of the night." He implored that the people of the United States might become a very little business was transacted and that of an unimportant nature. Mr. George offered a resolution for the appointment of a select committee of five to inquire into the causes of the present low price of cotton and of the depressed condition of agriculture in the cotton-raising states. Referred. The La Abra bill was taken up and discussed until adjournment.

In the House Mr. Culberson, of Texas, from the Committee on Judiciary, reported, and the House, by a yeas and nays, adopted removing the political disabilities of John R. F. Tamm.

Referred to the Committee on Foreign Affairs.

The House then took up the report of the new code of rules submitted by the Rules Committee, and after an animated discussion the House adjourned without taking action.
