

Rapid Strides of Science.

It is said that people in the West are so accustomed to adulterated maple sugar that they will reject the genuine article with disdain if they happen to come across it. A Western firm that manufactures an imitation article endeavors to give it something of the genuine flavor by boiling a piece of maple wood in it. Some scientists, however, say that the peculiar flavor of maple sugar is due to the presence of impurities in the sap, and that if these impurities could be eliminated the sugar would taste exactly like pure loaf sugar. Thus gradually science is taking all the old time flavor out of life. Pretty soon it will be giving us an improved buckwheat flour, with no more taste than a piece of chalk.

Australian Strawberry.

With the exception of a living carpet of delicate maidenhair, which attains a height of from five to six feet, and of ropes of creeper ferns which swing from tree to tree like fairies in the castle of a giant, the forest of Australia is altogether bare of undergrowth. In the woods of recent growth, however, vegetation is more luxuriant. The long tendrils of the clematis and rata connect trunk with trunk in garlands of white and scarlet bloom, and at their base flourishes an infinite variety of ferns, while here and there a graceful tree-fern rears its silvery-lined crown.

Big Stars Have Little Stars.

Uranus has four satellites, Saturn has eight, and Neptune one.

As a Drowning Man

Clutches at a Straw So Mr. Powell Took Hood's Sarsaparilla

And It Rescued Him From Danger. "A year ago I was in very bad condition. I ran down to 135 lbs. The trouble was dyspepsia, in its worst form, accompanied by nervous prostration. I could not eat, I could not sleep, and at times I could scarcely move my hands. I felt that unless I could get relief soon that I should surely die. I at length concluded to try Hood's Sarsaparilla, for

Like a Drowning Man

I could catch a straw. When I began taking it my face and hands were covered with sores, which are all gone. After I had been taking it a couple of weeks I could not deny that I felt better. I have now taken 3 bottles and as a result I weigh 130 lbs., am able to work again and feel a thousand times better. I am certain that in a short time by continuing the medicine I shall be completely cured as I am now so near it. My friends all express surprise to see such a change.

Hood's Sarsaparilla

is indeed a wonderful medicine, and its claims are fully justified in my experience. B. C. POWELL, Bigelow, N. Y.

Hood's Pills

are the best after-dinner pills, assist digestion, cure headache.

EVERY MOTHER

Should Have It in The House. Dressed on Sugar, Children Love to take it. It is the best general medicine for Croup, Colds, Measles, Whooping Cough, Cholera, and all other ailments of children. It is sold by all druggists.

"August Flower"

"For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician. He finally, after trying everything, said my stomach was worn out, and that I would have to cease eating solid food. On the recommendation of a friend I procured a bottle of August Flower. It seemed to do me good at once. I gained strength and flesh rapidly. I feel now like a new man, and consider that August Flower has cured me." Jas. E. Dederick, Sagerties, N. Y.

Tutt's Hair Dye

Gray hair or whiskers changed to a glossy black by single application of this Dye. It imparts a natural color, acts instantaneously and contains nothing injurious to the hair. Sold by druggists, or will be sent on receipt of price, \$1.00. Office, 39 Park Place, N. Y.

"MOTHERS' FRIEND"

MAKES CHILD BIRTH EASY.

Colvin, La., Dec. 2, 1898. My wife used MOTHERS' FRIEND before her third confinement, and says she would not be without it for hundreds of dollars.

CATARRH

Best Remedy for Catarrh in the Nose, Throat, Lungs, and Bladder. Sold by druggists or sent by mail.

TRIPLE PLATE SUGAR

SHELLS, BUTTER KNIVES AND TEASPOONS, 25 CENTS EACH. FOKS AND TABLESPOONS, 35 CENTS EACH. SEND 2 CENTS STAMPS. IMPERIAL JEWELRY CO., 113 N. 12TH ST., PHILADELPHIA.

THE PRESBYTERIAN GENERAL ASSEMBLY

Now in Session at Portland Oregon.

MONDAY—At day's session of the General Assembly of the Presbyterian Church, the report of the committee appointed to revise the Confession of Faith was presented by Dr. W. C. Roberts. It contains two chapters, one relating to the work of the Holy Spirit, and the other to the Missionary spirit. Besides these new chapters, 23 sections in 18 other chapters have been changed. Several of the members of the committee have signed the report, but have made exceptions to certain parts of it.

Those who have opposed revision from the outset, will now fight on the constitutional action of the Assembly taking definite action on the report, claiming that by a new rule of the law made at Detroit, last year, this report must go to a special committee, who shall decide whether the changes proposed shall be recommended to the Synod for adoption. Through the conservatives were defeated two years ago, it is possible that they may defeat the entire work, as the committee appointed at this meeting to receive the report may decide that the revision is unnecessary or unwise.

TUESDAY—The committee report on the sixteenth amendment to the Federal Constitution was presented. The text of the amendment is slightly altered. In order to meet a special objection, the proposed amendment is as follows:

Neither Congress nor any State shall pass any law respecting any establishment of religion, or prohibiting the free exercise thereof, or use its property or authorize either to be used for the purpose of exercising any special privilege of exemption from the payment of services, expenses or otherwise, any church, religious denomination, or any association, which is wholly or in part under sectarian or ecclesiastical control.

The report of the standing Committee on Home Missions was read by Dr. McPherson, of Chicago. The board began the year with a debt of nearly \$100,000. One million dollars were asked for last year, and contributions reached within \$70,000 of that amount, of which over \$20,000 were available. The present debt is \$79,000.

WEDNESDAY—The Assembly considered foreign missions to-day. The report was presented by Dr. Allison, of Philadelphia. The year's work was reviewed and appropriate resolutions were introduced looking toward furtherance of the board's efforts. The principal facts are as follows:

The Board of Foreign Missions last year asked for \$1,000,000 and made its appropriation on the basis of \$1,000,000. The receipts amounted to over \$830,000. The board maintains 210 ordained American missionaries, 135 ordained and 225 licensed active workers, sustaining 384 churches with 30,497 communicants. Additions to the mission churches have aggregated 3,430. Lay workers number 1,494. Schools are also supported, containing 20,000 pupils, with 167 candidates for the ministry. The contributions from native churches have amounted to nearly \$1,000,000. The missions of the board are located in 15 different countries.

Resolutions disapproving of the recent Chinese legislation by the Government were referred to a committee.

The Committee on Theological Seminaries reported through Dr. Mutchmore. That portion referring to the Briggs case is as follows:

Resolved, That according to the compact of 1870 between the Assembly and the directors of the Union Seminary, as interpreted by the Assembly, the Assembly cannot but regard the retention of Professor Briggs as not only a violation of the expressed action of the Assembly of 1861, but in the light of the compact of 1870, a violation of that compact and in those of this General Assembly. The Board of the Seminary is therefore requested to vacate the chair of Professor Briggs, and to appoint in its stead a professor of the same rank and standing as that of Professor Briggs, and to see that the same is done.

Resolved, That a committee be appointed by this Assembly to inquire into the propriety of the transfer of the chair of Professor Briggs to another professor, in order to secure the uniform system of ecclesiastical discipline under the theological seminaries of the denomination.

Dr. Taylor submitted a minority report as follows: The directors of Union Seminary have expressed in the hearing of this Assembly the desire to be honorably released from the compact of 1870, and whereas the last General Assembly of this denomination has expressed its disapproval of the compact of 1870, yet admitted an irreconcilable difference of opinion and reached no conclusion as to the future of the compact, therefore

Resolved, That Union Theological Seminary be hereby, and is hereby, honorably withdrawn from the compact and be from this date no longer held responsible therefor.

Resolved, That a committee be appointed by this Assembly to inquire into the propriety of the transfer of the chair of Professor Briggs to another professor, in order to secure the uniform system of ecclesiastical discipline under its supervision touching their views of the compact of 1870 and a new compact desired.

The report relating to Union Seminary was referred to the committee, together with all the overtures relating to the same, the report of the special committee of the denomination, the memorial of the directors of the seminary and all other papers relating to the same.

The remainder of the session was devoted to the reading of the report of the prosecution committee in the Briggs case.

THURSDAY—The trial of Prof. Briggs, of New York, was continued. Dr. Young, the moderator, announced that each side should occupy an hour and a half, discussing respectively the constitutional questions, without referring at all to the merits of the question. Dr. Birch, of the Prosecuting Committee, read his argument. He claimed that the appearance of the Prosecuting Committee at the Assembly was strictly constitutional, although it was general to do directly from the Presbyterian to the Synod. Dr. Birch argued that the case was of intense interest to all Christians, and that no other question in the history of the Christian church had been more important or touched a more vital doctrine, viz: The authority of the scriptures. While Dr. Birch was reading there was a general stillness all over the house, not a rustle was heard in the ranks of either side.

Dr. Briggs also read his argument and Colonel J. McCook his reply to Dr. Briggs. The Assembly finally, by a vote of 285 to 122, laid on the table the minority report of the Judicial Committee, recommending that the appeal be not entertained, and the case be referred to the New York Synod. By a large vote the appeal was entertained and the trial was begun. When the report of the New York Presbytery was presented, Dr. Briggs raised the point of its inaccuracy as contained with minutes taken by the Union Seminary's stenographer. It was thereupon decided to receive both, and the Assembly then adjourned until to-morrow.

FRIDAY—The Dr. Briggs case occupied the attention of the Assembly for the entire day.

THE WHEAT OUTLOOK

Fair Reports From Middle and Western States.

The Farmer's Review for this week contains reports from alternate counties in Illinois, Indiana, Ohio, Michigan, Kentucky, Missouri, Kansas, Nebraska, Iowa, Wisconsin, Minnesota and the Dakotas.

With regard to spring wheat the reports show that in Illinois life has been planted but that little is in good condition. From Indiana no spring wheat whatever is reported, and the same remark applies to the counties in Ohio, while very few counties in Michigan report any. In Kentucky only two counties report spring wheat and in that case it is in fair condition. In Nebraska it has been quite extensively sown. Forty per cent. of the cereal has been pronounced good. In Iowa the crop is reported good by 50 per cent. of the correspondents, fair by 40 per cent. and poor by 10. In Wisconsin the crop is reported good by 67 per cent. of the correspondents, fair by 18 per cent. and poor by 15 per cent. In Minnesota it is described as good by two-thirds of the correspondents and poor by the rest. In the Dakotas 55 per cent. of the correspondents report the crop good, 25 per cent. fair and 20 per cent. poor.

A LONE LYING PARTY.

One Man Commits a Murder and Another Man Strives Him Up.

BASTROP, La., May 27.—A peculiar murder and lynching occurred here. One man committed the murder and one man did the lynching with the assistance of the murderer. S. C. Brigham, manager of a plantation, was shot from ambush by an old negro. The negro then walked to the plantation residence, summoned Colonel Phillips, the owner, and told him he had killed Brigham and wanted to be hanged for it. Colonel Phillips put a rope around the negro's neck and hanged him to the limb of a tree.

CONDITION OF BUSINESS.

Trade in General is Good Throughout the Country.

R. G. Dun & Co.'s Weekly Review of Trade says: Better weather has wrought a quick improvement in business at many points and throughout the greater part of the country has given a decided stimulus to trade and greatly changed crop prospects. The money markets are everywhere well supplied and easy, and at several points an increasing demand is noticed.

At Baltimore the Southern trade holds out beyond expectations. At Philadelphia some activity is seen in wool, and knit goods works are busy. The outlook more generally is bright. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices. The window glass works will run to the end of June, a losing business at Cincinnati is only a fair average. The trade at Chicago has increased. There is increasing demand for dress goods, but iron is at the lowest price ever known. At Pittsburgh iron is a shade weaker, but the output of manufacturers is large. Iron is at low prices.
