BEATTY'S PIANOS AND ORGANS.
Hon. Daniel F. Beatty, the great Organ and
Piano manufacturer, is building and shipping
more Organs and Pianos than ever. In 1870 Mr.
Beatty left home a penniless plow-boy, and by
his indomitable will he has worked his way
so far as to sell, nearly 100,000 of Beatty's Or-
gans and Pianos since 1870. Nothing seems to
dishearten him; obstacles laid in his way, that
would have wrecked any ordinary man forever,
he turns to an advertisement and comes out of it
brighter than ever. His instruments, as is well
known, are very popular and are to be found in
all parts of the world. We are informed that
during the next ten years he intends to sell
\$300,000 more of his make, that mean a business
of \$90,000,000 if we average them at \$100 each.
It is already the largest business of the kind in
existence—Send to Daniel F. Beatty, Wash-
ington, New Jersey, for Catalogue.

Worth Five standard Dollars, Costs
but One Dollar.

The Scientific Cyclopedic is the name of
a new monthly publication established in
Boston, Mass. It is a new departure in
journalism, and cannot fail to interest and
instruct every one, no matter what their
occupation. It tells how to compound
all the so-called patent medicines now on
the market; gives secret treatments of
famous physicians, some of which are
valued at thousands of dollars, including
the famous bi-chloride of gold cure, gives
a formula for demagnetizing fluid, for
taking electricity out of paper, which is
alone worth \$100 to printers and paper
makers; gives valuable formulas in plain
language for curing diseases; gives plain
descriptions of diseases most common to
this country, with their treatment; ex-
haustive treatise on skin diseases, and
the ingredients of all so-called skin cures;
complete treatments for baldness, falling
hair, etc.; how to care for the hair; im-
portant advice to the married and single
of both sexes; the Brinkerhoff system
for the treatment of rectal diseases; in
short, valuable information for the fam-
ily, the professional man, the mechanic
and all others. Send two-cent stamp for
large catalogue of contents. Single cop-
ies 10 cents; yearly, One Dollar. Scien-
tific Cyclopedic Publishing Co., 138 Pearl
street, Boston, Mass.

CORRESPONDENCE.

Chestnut Springs.
Hurrah for Ben and Whitelaw!
Mrs. C. S. Beachy is suffering with a
severe attack of erysipelas.

The sad news of the death of Mrs.
Daniel D. Yoder, of near Oakland, Md.,
has just been received.

John D. Yoder is putting up a new
poultry house, with all the latest conve-
niences.

The recent ruling of THE STAR, mak-
ing the shooting of the is-it-hot-enough-
for-you bore, justifiable homicide, was
balled with general delight.

A warrant is out for the arrest of John
W. Bender, for inhuman treatment of
his family and general carousing through
the neighborhood while under the influ-
ence of liquor. Constable Crossen
has already made three or four futile
trips to this place. Bender has taken to
the mountains and swears that he will
not be taken, so we are informed. It is
to be hoped that the Constable will not
allow himself to be baffled by a man of
Bender's calibre.

Chris Lee is supervising the work of
opening the new road which passes his
place. To say that Chris is a model su-
pervisor is putting it very mildly. The
people across Mason's and Dixon's line,
who use this road a great deal, are nobly
responding to an invitation for aid and
are doing much gratuitous work on it.
He is also contributing money.

If the old rule, "As goes Chestnut
Springs so goes the country," will again
hold good, why, Ben will just stay in.

Southampton.
The weather is very hot down here.
The thermometer away up in the nineties,
and an occasional shower, makes the
crops, such as corn, oats, etc., look fine.

Harvest is fast approaching and farm-
ers are making necessary preparations.
Potatoes in particular are looking very
fine, for the fact that they are not pest-
ered with bugs, as they all went to the
convention and will not return before late
in the fall.

Salisbury Knights of Pythias.
On Monday night Star Lodge No. 409,
Knights of Pythias, was constituted in
this city by Grand Chancellor P. P. Ritter,
of Meyersdale, assisted by visiting mem-
bers from Dunbar, Meyersdale, Broadford
and Dawson.

In addition to the names of the mem-
bers we published a few weeks ago, four
more were added, which makes the mem-
bership of the new lodge 85.
The initiation began early in the eve-
ning and lasted until about 8 o'clock in
the morning, but at 11:30 P. M. there
was an intermission for a grand supper
at Hay's hotel, which was certainly a
very enjoyable feature of the evening.
Landlord Hay received much praise from
his guests and all agreed that the folks
at this hotel know how to set a good table
and take care of a large crowd to a
queen's taste. To use a homely expres-
sion, the tables fairly groaned under their
weight of good things, and the variety
and quantity of everything good was all
that could be desired. Seventy-four peo-
ple took supper at the Hay house upon
this occasion and all went merry as a
marriage bell.
The new lodge starts out under very
favorable prospects, and all its members
are highly pleased with the order. Its
principles are grand and every good citi-
zen should be a member of it. We will
have more to say concerning the K. of P.
later on.
