BEATTY'S PIANGS AND ORGANS. Ho. Daniel F. Beaty, the great Organ and Piano manufacturer, is building and alipping more Organs and Pianos then ever. In 1870 Mr. Beaty left home a penniless plow-boy, and by his indominable will he has worked his way by so as to sell so far, nearly 100,000 of Beaty's Or-grans and Pianos dince 1870. Nothing seems to dishearten him; obstacles idd in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of its brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. An honest Swede tells his story in plain but unmistakable language for the ben-efit of the public. "One of my children took a severe cold and got the croup. gave her a teaspoonful of Chamberlain's Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in throat. Then she went to sleep and slept good for fifteen minutes. Then she goo up and vomited; then she went back to bed and slept good for the remainder of the night. She got the croup the second and I gave her the same remedy with the same good results. I write this because I thought there might be some one in the same need and not know
