BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Plano manufacturer, is building and shipping more Organs and Planos than ever. In 1870 Mr. Beatty left home a penniless plow-boy, and by his indomitable will he has worked his way up-so as to sell so far, nearly 100,000 of Beatty's Organs and Planos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is will known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000,000 if we average them at \$100 each. It is already the largest business of the kind in existence—Send to Daniel F.
