# THE LATEST, CHEAPEST AND BEST IS THE CYCLONE POST-HOLE DIGGER

Patented Dec. 27, 1881. Patented July 24, 1894. Other Pats. applied for.

Universally conceded to be the best and only Digger that works to perfection in the softest of sand and the toughest of clay, and unequalled by all others to work in any kind of soil, as the blades are so arranged and made of spring steel, thus allowing them to expand and contract when filling and emptying same.

The handle is so arranged that it can be lengthened to any desired length by adding pipe to it in sections, so that any desired depth can be reached with these Diggers.

It is *light, strong, durable* and *simple* (nothing complicated about it), and does twice the work in less time than any other Digger made.

Ask your dealer for it, or address

**Consumption.**

**Ballard's Horehound Syrup.**

No single disease has played such sad havoc with the human race as Consumption. No other disease approaches so stealthily. Its early symptoms are ignored because it is thought only a Cold or hacking Cough, which is neglected until this grim monster has such a hold that nothing but death can relieve it. Ballard's Horehound Syrup has removed the grip of this grim monster from many a throat. If taken in time it will effect a permanent cure, and in the worst stages it will give surprising relief. Try its soothing and healing virtues. Do not put it off until too late.

Tough meats are made tender, and any article roasted or baked will be sweeter, healthier and more digestible. Put the food in the roaster, place the roaster in a well heated oven; the roaster will do the cooking. It requires no attention. Can only be bought from dealers, the trade supplied by:
