## CORRESPONDENCE.

From Falls City, Neb.

EDITOR STAR:—I like your paper splendid and would not like to do without it. The wind is blowing terrible hard to-night and it is getting colder. We had a right pleasant day, today, but a "north-wester" came up this evening and broke my wife's clothes line in three places, scattering clothes — west and crooked. We are all well, except my wife says her corns on her left great toe hurt. I suppose it is caused by the sudden change in the weather. However, the case is not serious.

The baby has the earache, and the boy has a craving appetite for buttermilk. I'd be well myself, if it wasn't for a tickling in my throat. I suppose it's for the taking of something stronger than water.

Mr. Livengood, I must praise your paper. I think it is the best paper I ever saw, to be printed in a small town. It beats any of the Falls City papers, but then I suppose Salisbury is a great deal larger than it was when I was there.  
Jan. 12th, 1893. J. N. WAGNER.

Travelers may learn a lesson from Mr. C. D. Cone, a prominent attorney of Park Dakota, who says: "I never leave home without taking a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with me, and on many occasions have run with it to the relief of some sufferer and have never known it to fail." For sale by Copland, the druggist, Meyersdale, Pa.

COMMITTEE.

Mr. William T. Price, a Justice of the Peace, at Richland, Neb., was confined to his bed last winter with a severe attack of lumbago; but a thorough application of Chamberlain's Pain Balm enabled him to get up and go to work. Mr. Price says: "The Remedy can not be recommended too highly." Let any one troubled with rheumatism, neuralgia or lame back give it a trial and they will be of the same opinion. 50 cent bottles for sale by Copland, the druggist, Meyersdale, Pa.

**Talking and Swearing.**  
There had been a homicide in a saloon and one man was telling all about it, even to the minutest detail. He had seen it all and knew what he was talking about, he said, and notwithstanding everybody had not implicit confidence in his statements, nobody cared to call him to account and make him show proof. Naturally such a man would be a good witness and at the examining trial he was put on the stand.

"What do you know about this affair?" asked the Court.  
"Nothin', yer Honor," he replied so promptly as to startle those who had heard his story.

"Didn't you," asked the surprised Judge, "tell a number of people you had seen it all?"  
"Yes, yer Honor."

"Then how does it happen that you say here that you don't know anything about it?"  
"Well, it's this way, yer Honor," he said, with a redeeming blush, "I was only a-talkin' then, an' now I'm a-swearin'."

The Court noted the distinction.—Detroit Free Press.

**What You Should Weigh.**  
An authority on height and weight states that a man five feet one inch in height should weigh 120 pounds; one five feet two inches, 126 pounds; five feet three inches, 133 pounds; five feet four inches, 138 pounds; five feet five inches, 142 pounds; five feet six inches, 146 pounds; five feet seven inches, 148 pounds; five feet eight inches, 153 pounds; five feet nine inches, 162 pounds; five feet ten inches, 169 pounds; five feet eleven inches, 174 pounds. While he who has attained to the height of six full feet should weigh 178 pounds.

**A Problem.**  
Once there were two tramps who were actually looking for work. In the course of their wanderings they came upon a pile of coal in front of a palatial residence.

Said the tramp with the inferior intellect, "Let us engage ourselves to stow away this fuel at a price of twenty-five cents." "Nay, nay," said the tramp of superior intellect; "let me go within and negotiate."

And he did negotiate and secured the job at a rate of fifty cents, of which sum he gave one-half to his companion to perform the necessary manual labor, reserving one-half unto himself for superintending operations.

Whereat he of the inferior business ability, though he had received twice the amount of work he expected and at his own rate of compensation, lifted up his voice in wrath and swore by various deities that he had been bunked.

Was he right?—Indianapolis Journal.

## GREAT ROCK ISLAND ROUTE

## BEST LINE TO THE WEST

## Superb Dining Car Service

1852 — 1892.  
As long a time as David reigned, so long has the Chicago, Rock Island & Pacific Railway run trains westward from Chicago.

The Rock Island is foremost in adopting any advantage calculated to improve speed and give that luxury, safety and comfort that popular patronage demands. Its equipment is thoroughly complete with vestibuled trains, magnificent dining cars, sleepers and chair coaches, all the most elegant, and of recently improved patterns. Faithful and capable management and polite, honest service from employes are important items. They are a double duty—Yes, to company and to travelers—and it is sometimes a task difficult of accomplishment. Passengers on this line will find little cause for complaint on that ground.

The importance of this Line can be better understood if a short lesson in geography be now recited.

What is the great Eastern terminus of the Rock Island Route—Chicago. What other sub-Eastern terminus has it—Peoria. To what important points does it run trains to the Northwest—St. Paul and Minneapolis, Minnesota, and Watertown and Sioux Falls, Dakota. To what important Iowa and Nebraska points—Des Moines, Davenport, Iowa; Omaha and Lincoln, Nebraska. Does it touch other Missouri River points—Yes; St. Joseph, Atchison, Leavenworth and Kansas City. Does it run trains to the foothills of the Rocky Mountains—Yes; to Denver, Colorado Springs and Pueblo, solid vestibuled from Chicago. Can important cities of Kansas be reached by the Rock Island Route—Yes; its capital city, Topeka, and a full hundred others in all directions in the State, and it is the only road running to and into the new lands opened for settlement in the Cheyenne and Arapahoe Reservations.

It will thus be seen that a line tapping, as the Rock Island does, such a varied territory, has much in that regard to commend it to travelers, as all connections are sure on the Rock Island, and passengers can rely on a speedy journey, as over a bulk of the system through trains are run, and it has become, and rightly too, the popular line.

A very popular train on the Chicago, Rock Island & Pacific Railway leaves Chicago, daily, at 10 p. m. It is called "The Big Five," is only one day out, and passengers arrive at Denver, Pueblo or Colorado Springs early the second morning.

The Rock Island has become a popular Colorado Line, and the train referred to is "vestibuled," and carries the Rock Island's excellent Dining Car Service.
