Saves Another Life! INDIGESTION AND HEART TROUBLE CURED:

Suffered for Eight Long Years! Suffered for Eight Long Years!

MRS. MILLER SAYS:—"I had been troubled for eight years with stomach and heart difficulties," I lived mostly on milk, as everything hurt me so. My kidneys and liver were ina terrible state. Could neither sleep nor eat. I had been treated by the best Chicago doctors and elsewhere without any benefit whatever. As a last resort I tried your Swamp-Root, and have only used three bottles. Can now eat anything, no matter what. Nothing hurts me, and can go to bed and get a good nights sleep. Swamp-Root cured me. Anyone doubting this statement can write, and I will gladly answer."

Mr. Quay withdrew his objections to the world's fair items, being assured that the ground had been covered, and they were passed. The Nicaraguan canal bill had to give way to-day to the sundry civil appropriation bill, which occupied the time until adjournment.

FIFTY-SCOOD DAY.

SENATE.—By the expeditions method of Vice President Morton the Senate almost escaped a long debate on the 3 per cent. bond issue amendment to the sundry civil appropriation bill which subsequently lasted for five or six hours. As soon as the bill was taken up Mr. Morton put the question on Mr. Mille's amendment, to make the bonds redeemable at the pleasure of the United States, and declared it lost. Then he put the question on the Sherman amendment and declared it carried. Mr. Stewart realized the situation, and at his suggestion the question was reopened. Some hours later when the vote was about to be taken again an amendment was offered by the Buse and the debate on it went on al-

hours later when the vote was about to be taken again an amendment was offered by Mr. Brice, and the debate on it went on almost up to the point of adjournment, when Mr. Brice withdrew it. The Sherman amendment was then agreed to by a vote of 30 to 16. The sundry civil bill went over without final action. No further action was taken on the bill, but Mr. Allison gave notice that he would ask the Senate to remain in session on Monday until the bill was passed, and the Senate then adjourned.

House—Congressman Bynum of Indiana to-day rose to a question of privilege in the house, and read an extract from a St. Louis paper saying that the investigation of the Whisky Trust by the sub committee of the judiciary committee was a "discreditable farce." He said the press's right of censorship over public officials should not be exceeded. The testimony to be presented to the house would soon show whether the investigation was a farce. Eulogies of the late Congressman Warwick of Ohio were given to-day, after which the House adjourned.

Engulfed in a Glacier.

By the friction of the lowermost portions of the glacier over its rocky bed, together with the riss in temperature in the milder belt below the snow line, vast caverns are melted. These caverns have been explored at the immense risk of the lives of the explorers, because the weight of the superincumbent may cause the collapse of the walls at any moment. In the year 1861 a couple on their bridal tour visited the Mer de Glace, and feeling, no doubt, that nothing in nature could interrupt such happiners as theirs, ventured into one of these caverns. They had barely entered the first arch, the husband supporting the young wife over the slippery surface of the floor, when there was a dull roar, a flash of broken ice-particles in the morning sun, and the poor lovers were entombed. Their bodies, clasped in each others arms, were found some two years later, at the foot of the glacier, in a perfect state of preservation. The young wife's face was lifted toward the bended face of her husband, with a touching expression of trust in his courage and strength to save her from the impending doom. Even the rough guides shed tears as they beheld this solemnly beautiful picture in death.—Demorest's Magazine.

Few "Kid" Gloves are Made of Kid. Few "Kid" Gloves are made of kid; in fact, few of them are. The cheap ones are not kid and neither are the dearest ones. Ladies' gloves that cost under a dollar and a half or two dollars a pair are all made of lamb skin. World's Fair Souvenir Coins-

5,000,000 of which were donated to the World's Columbian Exposition by the Government, are being rapidly taken by an enthusiastically patriotic people. As there early promised to be a demand for these Souvenirs that would render them very valuable in the hands of speculators, the Exposition Authorities decided to place the price at

and sell them direct to the people, thus realizing \$5,000,000, and using the additional money for the further development of the Fair.

Considering the fact that there were but 5,000,000 of these coins to be distributed among 65,000,000 people, in this country alone (to say nothing of the foreign demand,) and that many have already been taken, those wishing to purchase these mementoes of our Country's Discovery and of the grandest Exposition ever held, should secure as many as they desire at once.

For Sale

Realizing that every patriotic American will want one or more of these coins, and in order to make it convenient for Everywhere him to get them, we have made arrangements to have them sold throughout the country by all the leading Merchants and Banks.
