THE LATEST, CHEAPEST AND BEST IS THE

CYCLONE POST-HOLE DIGGER

Universally conceded to be the best and only digger that works to perfection in the softest of sand and the toughest of clay, and unequalled by all others to work in any kind of soil, as the blades are so arranged and made of spring steel, thus allowing them to expand and contract when digging and emptying same.

This handle is so arranged that it can be lengthened to any desired length by adding pipe to it in sections, so that any desired depth can be reached with these Diggers.

It is light, strong, durable and simple (not complicated or complicated at all), and does twice the work in less time than any other digger made.

Ask your dealer for it, or address

MARYLAND ROASTER AND BAKER

FOR MEATS, FOWL, FISH, ETC., AND FOR BAKING BREAD, CAKES AND PUDDINGS

BEST SIMPLEST AND CHEAPEST

THE STEAM produced by the process of cooking cannot escape, is absorbed by the article in the roaster, and acts as a basting. There is no evaporation, no dry up or burning, hence no shrinkage or loss of weight, and all the fatty and nutritious qualities of the food are retained. Tough meats are made tender, and any article roasted or baked will be sweeter, healthier and more digestible. Put the food in the roaster, place the roaster in a well heated oven; the roaster will do the cooking. It requires no attention. Can only be bought from dealers, the trade supplied by:
