Housen The first of what is said will be a daily series of conflicts between the appro-priation bills and the Anti-Option bill, until the latter is acted on, was the feature of to-day's session of the house. The members were worn out by last night's fillbustering session, and the day passed tamely. Mr. Hatch has grown tired of the delay to which the Anti-Option bill is being subjected, and when it was moved to take up the Postoffice Appropriation bill he antagonized the champion. Being defeated, he made the same fight, also unsuccessfully, when the Postoffice bill was passed and when the Indian Appropriation bill was called up. Members were thus put to un record, and then the dain question was discussed languidly for three hours, when the bouse adjourned.

Touss—In the House this morning Mr. Hoinan asked for consent for a non-con-sundry Citil Appropriation bill, except as to the Sherman bond amendments. To this Mr. Bland objected, denouncing the Sher-man amendment as a "job," and caused the reference of the bill to the Committee of the Whole. Mr. Hatch again opposed the con-sideration of the Indian appropriation bill, tor the support of Indian schools was in-creased from \$1,000,000 to \$1,075,000, but no final action was had. A motion which was made by Mr. Sher man to go into executive commit-tee was defeated by the Democratic vote, nided by four Republicans. One of the leading Democratic senators stated that the significance of the vote was that the 're-maring itme of the session should be given to legislative business, and not frittered away by tetty nominations or considering the Hawaiian treaty.
