

Hood's Cures

Terrible Headaches

Distressed and Discouraged Health All Broken, Thoroughly Built up by Hood's Sarsaparilla

Mrs. Eva Covert
Of Bath, N. Y.

"I am glad to have my experience with Hood's Sarsaparilla widely known, because the medicine has done me so much good. I think it will benefit others who are out of health. I was in a very distressing and discouraging condition. I had no appetite whatever; could not sleep well, suffered with excruciating headaches. I felt

Tired and Languid.

After I had taken medicine prescribed by two of our best physicians, a kind neighbor advised me to try Hood's Sarsaparilla. I followed her advice, and the result is, I am perfectly well. I do not have the headaches now, sleep well, that tired feeling is vanished, and I am bright and ambitious. I can eat heartily at every meal, and have gained in weight from 95 to 105 pounds. I do not have any distress in

HOOD'S Sarsaparilla CURES

my stomach, and epileptic fits, to which I was formerly subject, never trouble me now. I cheerfully recommend Hood's Sarsaparilla and do not wish to be without it." Mrs. Eva Covert, Bath, Staben County, N. Y.

Dr. Kilmer's SWAMP-ROOT

CURES A PHYSICAL WRECK!
Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—I desire to tell you just how I was, so that the public may know of your wonderful Swamp-Root. Two years ago last October I had spells of vomiting. I could not keep anything in my stomach; the Doctor said I had consumption of the stomach and bowels; continued to run-down in weight; I was reduced to 60 lbs. I would vomit blood, and at one time as much as three pints; we had two of the best physicians and they said, my case was hopeless. "Oh, my sufferings were terrible." A neighbor told us of your Swamp-Root, and my husband got a bottle; I took it to please him. I used six bottles of Swamp-Root and I am now nearly as well as ever. I weigh 108 lbs., do my own work and take care of my baby. Every one says, I was raised from the dead, and many will not believe that I am still living until they come and see me, and then they can't believe their own eyes. I am looking so well. Very gratefully,
Mrs. JOHN CHAMPINE, Antwerp, N. Y.
Jan. 10th, 1893.
At Druggists, Price—50c. or \$1.00.

LEWIS M. EDMUNDS,
South Hartwick, N. Y.
BOILS, CARBUNCLES AND TORTURING ECZEMA, Completely Cured!
DANA'S SARSAPARILLA Co.
GENTS:—Two years ago I had "the Grippe" which has poisoned my blood as I had the "Shingles" shortly after in their worst form. I took a large amount of Dr.'s medicine but they left me worse and not able to work.
KIND I was terribly afflicted with boils, had six and two carbuncles at one time. I tried everything I could hear of but continued to have boils.
THAT I had seven pains in my right side and back, continual headache. I heard of DANA'S SARSAPARILLA, commenced using it, and the third bottle completely cured me.
Yours respectfully,
LEWIS M. EDMUNDS,
South Hartwick, N. Y.

HENRY T. THURBER.

The Man President Cleveland Chose for His Private Secretary.
Henry T. Thurber, who accepted the place of private secretary to President Cleveland, is the law partner of Don M. Dickinson, a member of Mr. Cleveland's former Cabinet. He was born in Monroe, Mich., about thirty-eight years ago. He is a graduate of the University of Michigan. Immediately after leaving college Mr. Thurber entered Mr. Dickinson's office at Detroit as a law student. That was eighteen years ago. His progress was rapid, and soon in Detroit his mission to the bar he became Mr. Dickinson's partner.

son's partner. Mr. Thurber's present income from his practice is said to be between \$10,000 and \$15,000 a year.
Mr. Thurber has traveled and studied abroad, and is regarded as among the foremost members of the bar in Detroit. His wife is a daughter of the late General Hugh Brady, one of the most popular and accomplished men in Detroit society.
Mr. Thurber made the acquaintance of Mr. Cleveland at Washington while Mr. Dickinson was Postmaster General. The President was very favorably impressed with Mr. Thurber's ability, tact and knowledge of public affairs, and the friendship which was then begun has continued up to the present. The newly appointed private secretary has never held any political office.

EXIT EX-PRESIDENT.

He Turns the White House Over to Baby Ruth, Who Was the First of the Cleveland Family to Take Possession.

Ex-President Benjamin Harrison, after four years' residence in the executive mansion at Washington, on Saturday afternoon turned it over to the people's choice as his successor and at once started westward to his old home in Indianapolis.
When Mr. Harrison left the white house in the morning to go to the capital, he was president of the greatest country on the globe. When he returned, several hours later, he was simply a private citizen. Mrs. McKee, his daughter, remained at the executive mansion until President and Mrs. Cleveland returned from the capital with her distinguished father. In the meantime Col. Lambert, with Baby Ruth and his children, left the Arlington hotel and came over to the white house. Baby Ruth was introduced to the McKee children and for several hours the little folks romped and played together.
Mrs. McKee gave a gracious and hospitable welcome, and during a generous luncheon spread in the private dining room the outgoing mistress of the executive mansion formally transferred the keys of the household to her beautiful successor. The ex-president, Mr. and Mrs. McKee and their children then took their leave of the president and Mrs. Cleveland and unobserved while the crowds of marchers in the great parade were passing in review before President Cleveland, went quietly to the residence of ex-Postmaster General Wanamaker. Here they were joined by all the members of the late cabinet, with the ladies of their families. After luncheon at the Wanamakers all the members of his late cabinet accompanied Mr. Harrison to the Pennsylvania station and bade him good-bye on his journey home.

THE LAST CABINET MEETING.

President Harrison Takes Farewell of His Trusted Advisors.
The last meeting of President Harrison's Cabinet took place at the usual hour Friday. All of the members were present and at the conclusion of a half hour's conference the President arose and in a few words bade them good-bye. He thanked them for the loyal support they had always given him, and attributed much of the success of his administration to their wise counsels, faithful service and devotion to the country's highest good.
—At the inauguration of Harrison, when the short-lived reign of the Democrats expired and the Republicans once more came in possession of the government, Mr. Cleveland sat by Harrison's side in an open carriage as they drove to the capitol and as it rained hard he held an umbrella over his successful rival, who Harrison bowed to the crowd and accepted congratulations on either hand. It must have been hard duty to perform, but if Cleveland could have foreseen the 4th of March, 1893, he would have been consoled. The young wife of the incoming President, who was married in his historic parlors, was standing at a window over the great porch watching her husband enter the carriage with his successor, and drive away from the presidency. If her eyes were a little dimmed as they followed him till he was lost in the crowd gathered to greet the new chief of the nation, they are dried to-day, and none, even of those who opposed Cleveland hardest, will grudge the lovely lady the satisfaction of her return to the station she adored.

—The ceremonies at an inauguration are not so magnificent as those that celebrate a royal coronation. In Europe there is a dim cathedral, lined with soldiers, where a thousand or more privileged personages go through their parts in glittering garments like actors in a play, with organs and incense, and pontiffs and processions, and crowns and coronets, anointments and prostrations, paying homage and receiving fealty; at Washington, in the open air, under God's own sky, a mass of 30,000 or 40,000 citizens, who themselves have made their President, fill up the vast area before the front of the capitol, the simply clad dignitaries of the nation are grouped in the portico, with only the foreign ministers and here and there a military or naval officer in uniform to break the monotony; the chief justice in his plain black gown administers the customary oath; the new President addresses a short speech to the people from whom he so lately emerged, and to whose ranks he will soon return—and the office that rivals in dignity and importance any held by kaiser or czar—has changed hands. The sternness of the Republican simplicity is more impressive than all the pageantry of courts.
—At STOUT CITY a man suffering from delirium tremens and another who had received a concussion of the brain by an accident were mixed at the hospital, and each received the other's treatment. Both died.

Peas and Beans.

Although peas were known and used as food many centuries before the birth of Christ, it is singular that green peas came into use in Western Europe only 900 years ago. Mme. de Maintenon wrote in 1696: "All the talk now is about the new dish—green peas. The impatience for them, the pleasure of eating them, the triumph of finding them so enjoyable, and the joy of anticipating the repetition of the treat are animating points of conversation at our court. And many ladies after going home from a royal feast must have a dish ready to eat at home before lying down."

Beans were in use 2000 years before Christ, but in the Egyptian temples they were under ban. Priests must not eat them or look at the growing plants. They were served at funeral feasts only on the dishes placed before the seats of the lately deceased. Thus a prejudice was created which prevented much use of one of the cheapest and best items of food even in Europe until a late day. We have gained nearly as much by the shaking off of such old fetters as by new discoveries.—New York Tribune.

A Rider's Experiments.

Experiments with cyclers and carrier pigeons for transmitting messages are being made by the Gymnastic Society of Rome, in the interest of the Italian army. The rider carried a small cage attached to his machine, in which are several well-trained pigeons. When important observations have been taken and jotted down, they are placed in envelopes and affixed to the birds, which are liberated. In every instance thus far the birds have flown promptly and in a straight line back to headquarters.—New York Times.

Canon Carr may now be said to be the wealthiest clergyman in England, he having inherited the vast estates of Sir William Emsay, the Derbyshire Baronet who died some weeks since. The Canon was connected with the late Baronet by marriage only.

May They All be Lucky.

The members of a club of rich young men in Venice are pledged to marry poor girls.

Deafness Can't be Cured

By local applications as they reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. It is the fault of our modern civilization, and is not a disease, but an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed, it is not a disease, but an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed, it is not a disease, but an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed, it is not a disease, but an inflammation of the mucous lining of the Eustachian Tube.

The largest horse car line in the world is in Argentina—50 miles.

We eat too much and take too little outdoor exercise. This is the fault of our modern civilization. It is a simple herb remedy, helps Nature to overcome these abuses.

Schenck's claims the biggest locomotive works.

A Garden Started Free of Charge. This is a special offer made to the readers of this paper by the great seed house of Messrs. Peter Henderson & Co., New York. The full particulars are contained in their advertisement, published in this issue. It is certainly a remarkable proposition and one that has not been exceeded even in these days of great inducements.

A Complete Newspaper for One Cent. The Pittsburgh Chronicle-Telegraph is sold by all News Agents and delivered by Carriers everywhere, for One Cent a copy or Six Cents a week. It contains daily, the news of the world, receiving as done, the sports of both the Associated Press and the United Press. No other paper which sells for One Cent receives both of these reports, its Sporting, Financial, Fashion, and Household Departments are unequalled. Order it from your News Agent.

Sudden Weather Changes cause Throat Diseases. There is no more effective remedy for Coughs, Colds, etc., than BROWN'S BRONCHIAL TROCHES. Sold only in 25c. Price 25c. per bottle. If afflicted with sore eyes use Dr. Isaac Thompson's Eye-water. Druggists sell 50c. per bottle.

SYRUP OF FIGS

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N.Y.

"German Syrup"

Mr. Albert Hartley of Hudson, N. C., was taken with Pneumonia. His brother had just died from it. When he found his doctor could not rally him he took one bottle of German Syrup and came out sound and well. Mr. S. B. Gardner, Clerk with Druggist J. E. Barr, Aurora, Texas, prevented a bad attack of pneumonia by taking German Syrup in time. He was in the business and knew the danger. He used the great remedy—Boschec's German Syrup—for lung diseases.

RISE SUN STOVE POLISH

Do Not Be Deceived. Overcomes results of bad cooking. The Rising Sun Stove Polish is Brilliant, Odorless, Durable, and the consumer pays for no tin or glass package with every purchase.

Garfield Tea

Overcomes results of bad cooking. Cures Sick Headache, Restores Complexion, Saves Doctored Pills. Sample free. Garfield Tea Co., 209 W. 43rd St., N.Y. PATENTED BY GARFIELD. WASHINGTON, D.C.

IT COSTS MORE to make Royal Baking Powder than any other, because its ingredients are more highly refined and expensive. But the Royal is correspondingly purer and higher in leavening strength, and of greater money value to the consumer. The difference in cost of Royal over the best of the others does not equal the difference in leavening strength, nor make good the inferiority which such powders leave in the food. Where the best food is required, the Royal Baking Powder only can be used.

United States Government
in the shape of a coin, but many can have fac-similes of this valuable work of art—only special coin ever issued by the U. S. Government—for \$1 each.

Peter Henderson & Co. of New York

Will be Glad to Start a GARDEN FREE OF CHARGE.

For any one, in this anniversary year, HOW? IN THIS WAY.

Send them 25 cts. to pay postage and packing and they will mail you gratis, their JUBILEE YEAR COLLECTION OF SEEDS, consisting of Succession Cabbage, New York Lettuce, Ponderosa Tomato, Bonfire Pansy, Zebra Zinnia, and Shirley Poppies. (The six packets of seeds named, composing the Jubilee Year Collection, cannot be bought elsewhere for less than 50 cts.)

EVERY EMPTY ENVELOPE is worth to the buyer 25 cents.

Purchasers of the Jubilee Year Collection will receive the seeds in a red envelope, which they should preserve, because every such envelope, when enclosed with an order for goods selected from the Catalogue here referred to, will be accepted as a cash payment of 25 cts. on every order amounting to \$1.00 and upward. These Collections can be written for, or if more convenient, be obtained at the stores of PETER HENDERSON & CO., 35 & 37 Cortland St., New York, where Seeds, Plants, etc., are sold at retail all the year round. Postage stamps accepted as cash.

TOWER'S FISH BRAND WATERPROOF COAT

This Trade Mark is on the best. In the World! Illustrated Catalogue Free. A. J. TOWER, BOSTON, MASS.

World's Fair Souvenir Coins

5,000,000 of which were donated to the World's Columbian Exposition by the Government, are being rapidly taken by an enthusiastically patriotic people. As there early promised to be a demand for these Souvenirs that would render them very valuable in the hands of speculators, the Exposition Authorities decided to place the price at

\$1.00 for Each Coin

and sell them direct to the people, thus realizing \$5,000,000, and using the additional money for the further development of the Fair.

Considering the fact that there were but 5,000,000 of these coins to be distributed among 65,000,000 people, in this country alone (to say nothing of the foreign demand), and that many have already been taken, those wishing to purchase these mementoes of our Country's Discovery and of the grandest Exposition ever held, should secure as many as they desire at once.

For Sale Everywhere

Realizing that every patriotic American will want one or more of these coins, and in order to make it convenient for him to get them, we have made arrangements to have them sold throughout the country by all the leading Merchants and Banks. If not for sale in your town, send \$1.00 each for not less than five coins, by Post-office or Express Money-order, Registered Letter or Bank Draft, with instructions how to send them to you, all charges prepaid, to Treasurer World's Columbian Exposition, Chicago, Ill.

When Hamlet Exclaimed: "Aye, There's the Rub!" Could He Have Referred to SAPOLIO
