

I Vote for Hood's  
Forty Years in the Ministry

Having taken Hood's Sarsaparilla five months I am satisfied it is an excellent remedy. For years I have had Rheumatism, afflicting my body, head and the right arm from elbow to shoulder, so severe I feared I should lose the use of it.

HOOD'S

MRS. P. J. CROMWELL. A WORLD OF JOY IN FOUR WORDS! "Two Bottles Cured Me!"

Two Stepping Stones to consumption are ailments we often deem trivial—a cold and a cough. Consumption thus acquired is rightly termed "Consumption from neglect."

Scott's Emulsion. Not only stops a cold but it is remarkably successful where the cough has become deep seated.

Scott's Emulsion is the richest of fat-foods yet the easiest fat-food to take. It arrests waste and builds up healthy flesh.

LATE TELEGRAPHIC JOTTINGS

BOTH FROM HOME AND ABROAD.

What is Going On the World Over. Important Events Briefly Chronicled.

Legislative. The Wisconsin legislature has adopted a memorial to congress asking the submission of an amendment to the Constitution providing for the election of United States senators by a popular vote.

Representative Berry's anti-poolroom bill passed the Illinois house by a vote of 121 to 7. The fight will now be in the senate.

Washington News. The senate has confirmed the following nominations: Max Judd of Missouri, consul general at Vienna; William H. Sims of Mississippi, first assistant secretary of the interior; John S. Seymour of Connecticut, commissioner of patents; Edward A. Bowers, Washington, D. C., commissioner of the general land office; Henry C. Bell of Illinois, second deputy commissioner of pensions; Frank E. White of Nebraska, marshal of the United States for the district of Nebraska; F. P. Gayle of New Mexico, receiver of public moneys at Roswell, N. M., and a half dozen postmasters among them.

The President sent to the senate the nomination of Herman Stump of Maryland to be superintendent of immigration, vice William D. Owen, resigned.

Fourth Assistant Postmaster General Maxwell appointed forty-nine fourth class postmasters. All but thirteen of them involve removals.

Secretary Carlisle appointed Millard D. Hershey of Chicago special inspector of customs, vice M. Kehoe, resigned.

Capital, Labor and Industrial. The discharge of three labor committee-men at the Hargreaves mill in Fall River, Mass., has precipitated a strike.

Financial and Commercial. At Albany, N. Y., the International Pump Company has been chartered. Chauncey Depew being a director. It will control the talc industry. The only talc mines are in St. Lawrence county, N. Y. Talc is used in the making of paper.

Crime and Penalties. A masked highwayman held up passengers on a Baltimore and Ohio train near Nypanee, O. Monday morning, while he robbed one of a gold watch and \$250 in money.

At Scranton, Pa., Barney McFadden, a miner, murdered his wife and child. The scene in the house was a terrible one, bearing evidence of an awful struggle. McFadden escaped.

Two unknown counterfeiters fleeing from arrest down the Sacramento River in a boat were intercepted at Washington, Cal., by Richard Tod Hunter and his son Louis, aged 17, in another boat. A shooting affray occurred, and young Tod Hunter was instantly killed.

Cholera Advice. Vienna.—Cholera has appeared at Zalozce a market town of Galicia. Every attempt has been made by the town authorities to check the disease, but despite their efforts it is spreading.

St. Petersburg.—It is stated in an official report issued Thursday that on an average 150 new cases of cholera and 50 deaths from that disease are reported every week in the government of Poledia. Quits extensive trade is carried on between Poledia and Austrian Galicia and also between Germany and Poledia.

Crops. Advice received at the Department of Agriculture, Washington, state that there will be a paying peach crop. The fruit which was supposed to have been killed by the severe winter, bids fair to make a big yield.

Miscellaneous. E. Irving Latimer, the escaped convict who murdered his keeper at Jackson, Mich., the other day, was captured at Jerome, a little town in Hillsdale county, Mich. He went into a store to purchase a pair of shoes and the people in the store recognized him. He became frightened and fled down the railroad followed by a crowd. After a long chase he was captured, and safely jailed at Jackson.

Miss Lilly Johnson, who was indicted as an accessory to the murder of Freda Ward by Alice Mitchell at Memphis, Tenn., was discharged, there being no evidence against her. Miss Mitchell is still in the insane asylum at Bolivar, Tenn.

THE PUBLIC DEBT.

Report For March Shows a Net Increase of \$1,959,172.

The statement of the public debt, giving the transactions of the National treasury in the month of March, shows a net decrease in the debt of 1,959,172. Of this, \$453,532 is the amount of the reduction of the bonded indebtedness of the Government, and \$1,505,640 is the increase of the cash in the treasury during the month.

The interest-bearing debt showed no change; the debt on which interest since maturity decreased \$33,715, and the debt bearing no interest \$419,818. The aggregate interest and non-interest bearing debt March 31 was \$662,828,219 and on Feb. 28 it was \$663,291,752. The certificates and treasury notes, offset by an equal amount of cash in the treasury outstanding at the end of the month, were \$501,452,001, a decrease of \$1,400,255.

The total cash in the treasury was \$762,785,427, against which liabilities were outstanding (including the \$100,000,000 green-back gold reserve) to the amount of \$747,135,380, leaving an available surplus of \$25,650,047. Of this \$6,892,223 was gold. Of the surplus \$15,757,824 was in national bank deposits, against \$15,681,503 at the end of the previous month.

The receipts for the month of March were \$34,497,844 and expenditures \$32,327,997. In February the receipts were \$30,006,892 and expenditures \$31,677,455. Customs receipts decreased from \$16,639,395 to \$19,614,874. The payments for pensions increased from \$12,494,083 to \$13,833,220.

Several California towns Monday night beheld what appeared to be a large star slowly sinking and shooting out red and blue sparks.

Cancer Surgery.

William Frey, who resides on Washington avenue, Newport, Ky., has a ten year old daughter who was afflicted with a compound club foot. The bones were twisted and the foot turned to such an angle that the girl walked on the side of her ankle and the toes pointed directly up. A local surgeon was asked to do something. He opened the foot and removed the bones, leaving a large hole in the foot. To remedy this the surgeon killed a large chicken, and taking the thigh bones sawed them to fit the spaces left by the removal of the foot bones. Antiseptics were applied, the incision closed and sewed up, and after the foot had been placed in proper position it was made firm by splints and left alone. The other day the splints were removed, when it was found the chicken bones had grown to the human bone, and the foot is now both rightly and useful. It is said to be the first case of the kind on record.—St. Louis Republic.

No Cobblers Nowaday's.

There is no sense in calling a shoemaker of modern times a cobbler. The nearest thing to a cobbler to-day is the custom made man who confines his attention exclusively to that one branch. Machinery for making shoes in great quantities and in sections is of comparative recent date, and prior to its adoption, the shoemaker, or cobbler, did the entire business, from taking the measure to collecting the money. In small towns and villages he literally performed the entire process himself, having insufficient trade to justify the employment of an assistant, and in larger cities he superintended the work from beginning to end himself. The labor saving wonders of the times have practically swept this man out of the field, and there are few members of the trade who are really cobblers.—New York Journal.

If You Want The Best

ALTHOUGH you may have had good luck with but few failures in making cake and biscuit in the old-fashioned way with soda and sour milk, or soda and cream of tartar, you will have better luck and (following directions) no failures with the Royal Baking Powder.

The truth of this must be evident when you remember that in the leading hotels and restaurants, and in the homes of our city cousins, where the latest and best methods are invariably employed, and where the most beautiful and dainty food is always set out for the guests, the Royal Baking Powder is exclusively used for all quickly risen food.

Royal Baking Powder never disappoints; never makes sour, soggy or husky food; never spoils good materials; never leaves lumps of alkali in the biscuit or cake; while all these things do happen with the best of cooks who cling to the old-fashioned methods, or who use other Baking Powders.

If you want the best food, Royal Baking Powder is indispensable.

Noted Physicians

Recommend and Prescribe SWAMP-ROOT. It Cures the Worst Cases. "Dr. Kilmer's Swamp-Root is a preparation discovered by an old and careful physician, whose wide experience extending over many years, has given him exceptional advantages for treating diseases successfully. I have prescribed Dr. Kilmer's Swamp-Root in a great many of the worst kidney, liver and bladder complaints, and always with the most gratifying results; therefore it affords me great pleasure to most cordially recommend it to suffering humanity and the medical profession, as I feel sure that it will accomplish all that is claimed for it in every instance. It is beyond question the greatest discovery of the day."

MEDICAL BOOKS FREE.

Valuable Reading Matter for Invalid and Medical Students. Any one or more of the following described books will be sent free to any man or woman of family in the United States, Canada or Mexico during March, April and May, 1893.

"The Ills of Life," 4th edition.—A short, plain description of all diseases and treatment for each—a complete home guide to health and the cure of diseases.

"The Illustrated Ills of Life."—This book contains the portraits and testimonials of a large number of patients recently cured of chronic diseases at their homes by correspondence, free of charge. It also contains much valuable information as to the treatment of chronic disease.

"The Family Physician No. 2," 2nd edition.—A complete treatise on the prevention and cure of chronic catarrh, coughs, colds, la grippe, consumption, and all the diseases most common in cold weather.

"The Family Physician No. 3" is devoted mainly to spring diseases and spring medicines. Every one who has need of a spring medicine, or who is subject in the spring of the year to general lassitude, impure blood, scrofula or skin eruptions, should certainly read this book before beginning treatment. No one can afford to buy a spring medicine until he has read this book.

Address the Pe-r-na Drug Manufacturing Company of Columbus, Ohio.

A course of treatment with Pe-r-na not only eradicates from the system and therefore permanently cures chronic catarrh, but cleanses the blood of all impurities and poisonous accumulations, making it one of the most reliable spring medicines the medical fraternity has been able to devise.

EVERYBODY knows that wall paper, with its vegetable paste and its colorings in animal glue, is unsanitary, and that to apply repeated layers of such is a very "naughty practice," as well as dangerous. Kalamazoo is temporary, rote, rubs off and scales; paint stops "wall respiration," stops to purify walls. Send us for a paper from Michigan State Board of Health report on this subject, recommending Church's Alabastine and plastic only for walls of dwellings.

Alabastine forms pure, permanent and porous coatings, and does not require to be taken off to renew from time to time; is a dry powder, ready for use by adding water (the latest make is used in COLD water and is never sold in bulk); can be easily brushed on by any one; made in white and twelve fashionable tints, and in three shades, from which decorators make the balance of forty shades shown on their card.

K. H.—It is not claimed that all who live with in papered walls die much before their time, but they will enjoy better health with wall coatings (PPPP) Pure, Permanent, Porous and Pretty. For Sale by Paint Dealers everywhere.
