A SAFE INVESTMENT.

There is no safer or better investment for small
or large sums of money than the stock of

The Wright Universal Electric Co.

This Company owns some of the most valuable
patents ever issued by the United States Govern-
ment for Electric Lighting, Electric Batteries,
Electric Motors, Electric Dynamoes, and many
other valuable

ELECTRIC INVENTIONS.

This Company owns the only patent in exist-
ence for a practical Electric Lamp for Home Use.
The Company's

Electric Lamps for Family Use

can be carried about the house and used the same
as a kerosene lamp. They are no smoke, no smell,
no danger, and you have a beautiful Electric
Light instead of the fluttering, smoky light of an
oil lamp or a gas jet.

The Wright Universal Electric Company has
two large factories, both running to their full
capacity, and they are unable to fill their many
orders on time. Hundreds of orders are turned
away because the goods cannot be made. The
Company must have more factory facilities, and
for that reason it is compelled to sell a limited
amount of Treasury Stock. There is nothing
which pays such

BIG PROFITS

on the amount invested as first-class Electrical
Stocks. If you had purchased a few shares of the
Bell Telephone Stock, or the Edison Electric Stock,
or the Thompson-Houston Electric Stock, when
those companies were young, you would on the
investment would have made you rich. The stock
of the Wright Universal Electric Company affords
just as good an opportunity to

MAKE MONEY

as any electric stock which has ever been offered
to the public. The Wright Universal Electric
Stock will increase in value every month, and
the price will be raised every month. You
will never again see the time when you can buy it
as low as we are now offering it. If you want to
buy a stock which will afford perfect safety and
pay big profits send for our prospectus and en-
quire to-day, with price of stock, terms of pay-
ment and full particulars of our business. Address

The Wright Universal Electric Co.,
