CORRESPONDENCE.

Chestnut springs.

The farmers are harrowing and sowing oats "for all that's out." Emanuel J. Stevannus was working three teams today. Beat that, you who claim to be farmers.

J. W. Folk & Miller are making attempts to cut up V. W. Bender's timber.

S. L. Maust & Co. have purchased a new McSherry grain drill. A big blow and noise is made about it, but I think the wind is blowing in the right direction. It is the best drill ever brought into this country.

Jonas Boyd says that your Savage correspondent gives him more of a racket than necessary, and talks of putting a handful of bones in W. J.'s face and knocking enough meat off of his head to feed a hound. Then W. J. will think the governor belt broke and the steam chest bursted. Boyd says this fun will end in a bad kind of a style.

Jerry Shoemaker did not get any foxes, the other Sunday, but it is said that he was out after them. Jerry is out of that fool notion which he had in his head about the \$200.

Mrs. G. J. Stevannus slaughtered a pet 'coon, taking a hatchet and bursting the animal's head. He died instantly. The 'coon had gotten into the bad business of killing chickens. Mrs. Stevannus says his coonship could not talk for himself, which is a fact, but nevertheless he had to pay the penalty of his crime.

May 8th, 1893. JOHN TAD.

Shady Side, Md.

H. C. Shaw, of West Salisbury, passed through this burg on Sunday.

Harry E. Maus made F. J. Folk a short visit on Sunday.

Mike Durst, the Shady Side book agent, is doing a big business. He is talking of hiring J. P. Miller for book-keeper.

Wm. Smouse, of Grantsville, was buried last Saturday. May he rest in peace.

Ally, the shoemaker, has lots of work.

Mrs. Joel Kinsinger is on the mend. Hope she will soon be able to get out.

May 8th, 1893. PAT.

In almost every neighborhood throughout the west there is some one or more persons whose lives have been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who have been cured of chronic diarrhoea by it. Such persons take especial pleasure in recommending the remedy to others. The praise that follows its introduction and use makes it very popular. 25 and 50-cent bottles for sale by A. F. Speicher, druggist, Elk Lick, Pa.

Savage.

Weather very pleasant.

Farmers are very busily engaged at their spring work.

Our buckwheat farmer has one field plowed, ready to sow, and has now tackled the laurel scrub. There are not many in this vicinity who would have undertaken to plow land as rough as that is, but Christner is built for that kind of ground. Rip her through, Norman.

A. J. Folk, one of the leading farmers of this place, has made a good many improvements on his farm in the past three years. We think the time will come when he will be one of the most independent farmers in the county.

"Harry Columbus," the new Savage correspondent, was born on Spunk Hill, in 1855. He remained with his father until he was 21 years old. He then married and went to house-keeping on a little farm in this vicinity. He raised two crops of potatoes on his farm and then went into the butchering business. After following that business for about three years, sheep became plenty and mutton got so cheap that he thought he would go to trading watches, which he followed but a short time until he saw that he would have to go into some other business or break up. He then came to the conclusion that there might be some money in grafting fruit trees, which avoca-

tion he followed two seasons without success. He then started a broom factory and made hickory brooms, which he sold for 25 cents apiece. He followed broom-making until he became able to buy a set of shoemaker tools, then he followed that trade a year or two. Next he traded his shoemaker tools for a law book, and for the past three years he has been studying law. He now obligates himself to handle any case that comes before him. The prospects are that Jake and W. A. will handle Livengood's fish case at May court.

Norman Christner better look a "leedle oud," for Jonas Boyd is going to throw a handful of bones at his head.

May 8th, 1893. UNCLE JOE.

A. F. Speicher, the druggist, desires us to publish the following testimony, as he handles the remedy and believes it to be reliable:

I bought a 50-cent bottle of Chamberlain's Pain Balm and applied it to my limbs, which have been afflicted with rheumatism, at intervals, for one year.

At the time I bought the Pain Balm I was unable to walk. I can truthfully say that Pain Balm has completely cured me. R. H. FARR, Hollywood, Kan. Mr. A. B. Cox, the leading druggist at Hollywood, vouches for the truth of the above statement.

at. Nebo, Md.

We look for better weather for the first on the list.

Daniel Kinsinger moved into his new house, last Monday.

D. and M. Kinsinger are now about to run their new machines, which they received some time ago.

A hail storm passed over Mt. Nebo, last Monday, which ruined some fruit trees.

We are sorry to state that Mrs. Joel Kinsinger is very ill yet.

May 1st, 1893. OLD MIKE.

Some of the Grand Army boys may be interested in the following. From Alex. B. Pope, A. D. C., Commander Dept. Tenn. and Ga. He says: "We have had an epidemic of whooping cough here (Stewart, Tenn.) and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when this remedy is freely given. It completely controls the disease. 25 and 50-cent bottles for sale by A. F. Speicher, druggist, Elk Lick, Pa.

COLUMBIAN LIBERTY BELL.

To the People of Pennsylvania:

It has been determined to create a Columbian Liberty Bell to be placed by the lovers of liberty and peace in the most appropriate place in the coming World's Exhibition at Chicago.

Then it will go to Bunker Hill or Liberty Island, to the battle-field of New Orleans (1812), to San Francisco, to the place where any great patriotic celebration is being held, until 1900, when it will go, if permitted, first to Jerusalem, then it will be sent to the next World's Exhibition, which takes place at Paris, France. There it will continue until that Exhibition closes. After the close of the Exhibition this bell will pass from place to place throughout the world as a missionary of freedom.

When not in use in other places, it will return to Washington. Washington will be its home, and from there it will journey from place to place, fulfilling its mission throughout the world.

The following is the proposed use of the bell: It shall ring at sunrise and sunset; at nine o'clock in the morning on the anniversaries of the days on which great events have occurred marking the world's progress toward liberty; at twelve o'clock on the birthdays of the "creators of liberty"; and at four o'clock it will toll on the anniversaries of their death. By this means the bell will keep continually in the minds of those within reach of its sound, the memories of the men and women who have led in the work for liberty and peace, and the anniversaries of the great events resulting from their efforts.

The responsibility of its production and the direction of its use have been placed in the hands of a committee of women representing each State and Territory, one representative from each Republic of the world, and a representative from the patriotic societies—Daughters and Sons of the American Revolution, the Lyceum League of America, the Society of German Patriots, the Human Freedom League and kindred organizations.

The responsibility of representing Pennsylvania upon the General Committee has been placed upon me, and this circular is sent to every Church, School, Society, Company or representative citizen, asking for his or her personal co-operation in making the undertaking successful. In creating the bell it is particularly desired that the largest number of persons possible shall have a part in it. For this reason small contributions from many persons are to be asked for, rather than large contributions from a few. They are to be of two kinds:

First. Material that can be made a part of the bell; articles of historic interest will be particularly appreciated—gold, silver, bronze, copper, tin and nickel can be fused.

"It is not to be builded—this bell that we plan—Of common ore dug from the breast of the land, But of metal first moulded by skill of all arts; Built of the treasures of fond human hearts."

Second. Of money with which to pay for the bell. In order that the bell shall be cast June 8th, we ask everyone reading this to act at once.

GREAT ROCK ISLAND ROUTE

THE BIG LIMITED

BEST LINE TO THE WEST

Superb Dining Car Service

1852 - 1892.

As long a time as David reigned, so long has the Chicago, Rock Island & Pacific Railway run trains westward from Chicago.

The Rock Island is foremost in adopting any advantage calculated to improve speed and give that luxury, safety and comfort that popular patronage demands. Its equipment is thoroughly complete with vestibuled trains, magnificent dining cars, sleepers and chair coaches, all the most elegant, and of recently improved patterns. Faithful and capable management and polite, honest service from employees are important items. They are a double duty—to the Company and to travelers—and it is sometimes a task difficult of accomplishment. Passengers on this line will find little cause for complaint on that ground.

The importance of this Line can be better understood if a short lesson in geography be now recited.

What is the great Eastern terminus of the Rock Island Route?—Chicago. What other sub-Eastern terminus?—St. Louis. To what important points does it run trains to the Northwest?—St. Paul and Minneapolis, Minnesota, and Waterloo and Sioux Falls, Dakota. To what important points does it run trains to the West?—Des Moines, Davenport, Iowa; Omaha and Lincoln, Nebraska. Does it touch other Missouri River points?—Yes: St. Joseph, Atchison, Leavenworth and Kansas City. Does it run trains to the foothills of the Rocky Mountains?—Yes; to Denver, Colorado Springs and Pueblo, solid vestibuled from Chicago. Can important cities of Kansas be reached by the Rock Island Route?—Yes: the capital city, Topeka, and a full hundred others in all directions in the State, and it is the only road running to and into the new lands opened for settlement in the Cheyenne and Arapahoe Reservations.

It will thus be seen that a line tapping, as the Rock Island does, such a varied territory, has much in that regard to commend it to travelers, as all connections are sure on the Rock Island, and passengers can rely on a speedy journey, as over a bulk of the system through trains are run, and it has become, and rightly too, the popular line.

A very popular train on the Chicago, Rock Island & Pacific Railway leaves Chicago, daily, at 10 p. m. It is called "The Big Five," is only one day out, and passengers arrive at Denver, Pueblo or Colorado Springs early the second morning.

The Rock Island has become a popular Colorado Line, and the train above referred to is vestibuled and carries the Rock Island's excellent Dining Car Service.

As the motto has not yet been decided upon, any ideas on this subject will be gratefully received; we will also welcome suggestions of events to be celebrated and names to be commemorated.
