Watch the man that wants to sell you goods or Marble at 40 per cent. below price. He must have something in view in the future to catch up to a living price; so watch him and his work, and then you will place your orders with the old, reliable firm of J. B. Williams, Frostburg, Md., for first-class work.

Buy your Monuments and Tombstones from the man that does his own work, and not from the man that sits in his office and has to pay large wages and pay his agents fifty dollars a month to sell his work. You are the one that has to pay for all that. Don't forget this. Buy from Geo. W. Grose & Co. They do their own work and will save you money.

## LOCAL AND GENERAL.

Mrs. Justice Walker, of near Berkley's Mills, died last Friday.

Mr. and Mrs. W. T. Buchanan are being visited by their mothers.

"Soldier Billy," as usual, is scooping in about all the ice cream trade.

Meyersdale has 505 registered voters and claims a population of 2500.

Ed P. Kearns has been appointed collector of internal revenue for this district.

Squire John Robinson, of Garrett county, Md., was in town on business, this week.

R. C. Fuller cut his arm with an ax, a few days ago, which disables him from work.

Fifty-eight extra copies of THE STAR sold in advance, this week, thanks to Lou Smith.

The sensational case of Rev. Robt. Singer and Mrs. Alice Jeffries has been continued for next term of court.

A select ball was held in the Opera house, Tuesday evening, by some of the young folks. A good time is reported.

Henry Mull caught four very large white suckers, last week. The four together measured 58 inches. Who can beat that?

Orders for thousands of candidates' cards are still coming to THE STAR office, from all parts of the county and from both parties.

The indictments brought against Thos. S. Williams for violating the Brooks liquor law will not be argued until next term of court.

C. T. Hay is having a well drilled, back of his house. Bender Bros. have the

contract and will do the work right. They always do their work right.

Our streets will be much improved this summer by grading, draining and putting down new pavement. Flag stone is being used to a greater extent than ever.

On Monday Levi Lichtler, L. C. Boyer and wife and Dr. Speicher and wife started on a journey to the World's Fair. They will also visit other western points before returning home.

Conductor Daugherty, of the Salisbury branch, has accepted a position as conductor on the Confluence & Oakland branch. We have not learned the name of Mr. Daugherty's successor.

Married, May 31st, at Gibson City, Ill., Harry L. Spalding and Miss Maggie Lowry. Miss Lowry is a daughter of our esteemed fellow townsman, Squire Samuel Lowry. THE STAR extends its most hearty congratulations to the couple.

Several persons have recently been caught killing fish in Pine run by means of explosives. The persons doing this had better not try it again. The penalty is very severe for this kind of law-breaking, and hereafter blasters will be watched and prosecuted.

If you want to see a jay job of printing, get one of the Commercial agent's cards. That naked type-setter, printed in yellow on said card, gives it such a refined and tasty appearance. It is just the kind of a card suitable for a smut mill like the Commercial.

The Meyersdale Register last week gave John Roberts, one of the candidates for County Treasurer, quite a favorable send off. The Register should beware, for according to the Commercial, expressing ones preference for a candidate is a most heinous offense.

That was excellent music the band rendered, Tuesday evening, but what the deuce was the matter that the boys had so many hitches among themselves on that day? Brethren, follow the example of Lou Smith and Pete Livengood—dwell together in peace and harmony.

We call attention to the card of Edward Hoover, which is this week added to our political announcements. Mr. Hoover, like his opponent Hartzell, is said to be very popular, and the friends of each of the two men feel that they must be up and doing to elect their favorite.

The Meyersdale postoffice plum has dropped at last, and W. H. Hay is the lucky man. This looks as though the Fisher wing of Somerset county Democracy is on top. But perhaps it is all in the season, for a cool, damp season is never favorable to oats, while at the same time it is just the thing for hay.

Now that the borough dads have decided that people must make their pavement promptly after being notified, let them enforce the ordinances all around. Heretofore some people seemed to be privileged characters in the matter of putting down pavement, while others were compelled to come to time on short order.

The speech made in front of Dr Speicher's residence, Tuesday evening, by Mr. Bradley, District Grand Master Workman of the Knights of Labor, is highly spoken of. It was a good speech, sound and sensible. Organized labor can accomplish wonders. Every laborer ought to belong to the K. of L. Capital organizers, why should labor not do likewise.

Geo. Beitzel, an old-time citizen of this vicinity, but now a prosperous farmer of Addison township, was a welcome visitor in Salisbury during the past week. While here he had a growth removed from his head, which had annoyed him for some years. Dr. Lichty performed the operation with neatness and dispatch, and it is hoped that Mr. Beitzel will have no return of the trouble.

John M. Werner, of Greenville township, was robbed of \$1,800 in cash, Sunday night, May 21st. Mr. Werner was his own banker and kept his money in the house, a mistake that many country people make. Some person or persons who seemed to know just where the money was, removed a window sash and thereby gained entrance to the house to get it. Moral: Put your money into a reliable bank.

J. M. Hay and the borough authorities had a little rumpus on Wednesday. Mr. Hay had been notified to make pavement along the old foundry lot, and being tardy in doing so, the borough proceeded to make it. J. M. then sent hands of his own to make it, but the authorities would not allow them to do so. This has caused a good deal of bad blood, and now it is reported that there will be some lawing done. Well, let us wait and see what we shall see.

Simon Hammer, the notorious West Salisbury "tough," has been sentenced to five months in jail, to pay a fine of \$5 and the costs of prosecution in the larceny case brought against him by John Short. In the case against him for surety of the peace, on information of Thos. S. Williams, he was required to pay the costs of prosecution and to give bond with good and sufficient security, in the sum of \$200, to keep the peace. He got off remarkably easy on both charges.

Today two boys, Charlie Newcomer and Frank Heffler, found a lot of goods stored under Freeline's dry house, which had evidently been stolen from a car recently rifled at the station. The lot included 25 lbs. of sugar, and other groceries, and a coat believed to be the property of August Rosenberger, which was stolen by Lawson Brown. This find in-

dicates strongly that Brown was the party who broke into the car, and perhaps engaged in other pilfering enterprises. He is certainly an accomplished thief.—Meyersdale Register.

The Commercial last week stated what sort of tactics defeated Blaine for the Presidency in 1884. It is now in order for it to state what kind of tactics defeated Gen. James A. Beaver, the one-legged Union veteran, the first time he ran for Governor of this state. If it wasn't such men as Lou Smith—men noted for their "crooked politics"—men who supported Col. Stewart, an independent candidate—then, what did it? Verily, those who live in glass houses should not throw stones, especially when they are like the Commercial—unable to make a hit.

**Deserving Praise.**  
We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Sold by A. F. Speicher Druggist.

**Decoration Day.**  
Decoration exercises were largely attended in Salisbury, Tuesday afternoon, but the crowd was somewhat smaller than last year's turnout. Some who should have attended the exercises followed Cleveland's example and went fishing. This was not as it should have been. However, a real nice time was had, and the oration, delivered by Rev. W. W. Kribbs, was first-class. The parade was rather poorly arranged, but taking it all in all, no serious fault can be found with the affair.

THE STAR is requested to return thanks to the Lutherans for the use of their church, to the band for music and to all who assisted and took active parts in the exercises.

It is a truth in medicine that the smallest dose that performs a cure is the best. De Witt's Little Early Risers are the smallest pills, will perform the cure, and are the best. A. F. SPEICHER.

Mr. "Ned" Walters, the wealthy Baltimore distiller, has been in this place for the past few days and Monday drove over to Salisbury for the purpose of selecting a site for a new distillery. Mr. Walters already owns five or six distilleries in this county.—Somerset Herald.

The most intelligent people of our community recognize in De Witt's Little Early Risers pills of unequalled merit for dyspepsia, headache and constipation. Very small, perfect in action. A. F. SPEICHER.

**Run-away on Tub Mill Plain.**  
On Monday there was a bad run-away on the incline plain at Tub Mill Run mines, caused by the cable breaking. The cars came down at a fearful speed, tearing things up in general about the scales and dump. Wm. Baum was struck by some flying pieces of coal and was somewhat injured, but not seriously, we are glad to say. For some reason or other these wrecks occur at Tub Mill too frequently.

A little ill, then a little pill. The ill is gone the pill has won. De Witt's Little Early Risers, the little pills that cure great ills. A. F. SPEICHER.

**A FEW Testimonials**  
from persons who have been cured by the use of Hill's Tablets.

THE OHIO CHEMICAL CO.—  
DEAR SIR:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; as I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it.  
B. M. JAYLOD, Leslie, Mich.  
DOBBS FERRY, N. Y.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Some time ago I sent for \$1.00 worth of your Tablets for Tobacco Habit. I received them all right and, although I was both a heavy smoker and chewer, they did the work in less than three days. I am cured.  
Truly yours, MATHEW JOHNSON, P. O. Box 45, PITTSBURGH, PA.

THE OHIO CHEMICAL CO.—GENTLEMEN:—It gives me pleasure to speak a word of praise for your Tablets. My son was strongly addicted to the use of liquor, and through a friend, I was led to try your Tablets. He was a heavy and constant drinker, but after using your Tablets but three days he quit drinking, and will not touch liquor of any kind. I have waited four months before writing you, in order to know the cure was permanent. Yours truly,  
MRS. HELEN MORRISON, CINCINNATI, OHIO.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part.

bark-peelers who were working there.

John Bittner, a resident of Summit township and one of the party who made the discovery, gives the following account: "Myself and a number of other men were engaged in peeling bark on 'Bech's Flat' when my attention was attracted by a pair of shoes lying partly covered by brush. I picked up the shoes and found that they contained the bones of human feet. At this point my curiosity was thoroughly aroused, and with the aid of my companions, a thorough search was made for the missing parts of the skeleton. Other parts were soon found and after searching about for some time we found all of the parts excepting the ribs and the bones of one arm.

The skeleton was identified as that of Mrs. Engle by the shoes and pieces of her dress that were found. The bones of the legs were both broken at about the same place. The point at which the skeleton was found is about one mile from John Engle's farm and a like distance from Emmanual Burkholder's, Dean's Mill and the Forge Road.

Mrs. Engle, who was an aged lady, lived with her son, John, and one day in the fall of 1890 she started to go to the home of her daughter, about two miles away. She did not reach her destination and a search was instituted, but the old lady was not found. Large searching parties scoured the country for miles at different times within two weeks after her disappearance, but to no avail. How they could have missed the body if it was then only a mile from the old lady's home, is somewhat remarkable. There may yet be further developments in the case of still great interest."

Since putting the above in type, we are informed that it is the prevailing opinion that Mrs. Engle was foully murdered. We will publish further developments in the case, later, if any come to the surface.

**The German Baptist Annual Meeting.**  
A recent press dispatched from Muncie, Ind., stated the following:

Today a gang of about fifteen pick-pockets congregated in Muncie and accomplished good work among the crowd of 18,000 people who were attending the Dunkards' national meeting. The police captured two thieves after a long chase through the river and swamps. They were jailed and when searched were found to be loaded down with money and watches.
