CORRESPONDENCE.

Grantsville. Dr. A. M. Lichty was in town, last Wednesday, on social business.

New Germany celebrated the 4th of July by holding a union Sunday school picnic, and nearly all of our young folks from town, and older ones, too, put in their appearance just about mid time. To say that nearly everything good to eat imaginable to the mind was found upon the rudely constructed tables in abundance, is not expressing it by one-half. We will say right here that as long as we receive such treatment at the hands of the New Germany people they can depend upon us whenever they wish to swell their crowd. The audience was large and exceedingly well behaved, no disturbance of any kind upon the grounds. The speakers for the occasion were Mr. J. Brown, from Cumberland, Rev. Enlow, C. J. Otto, and Mr. Miles, from Swanton. The speeches made were a rare treat and the appreciation to them was shown in the profound interest manifested by the audience. Upon the whole the occasion was an enjoyable one and one long to be remembered by those present.

M. J. Beachy and son, of Salisbury, were in town on business, Saturday. Cherry picking is the order of the day; this luscious fruit is brought into town by the wagonload.

A. L. Gnagey's one-seventh interest in the old homestead was sold last Thursday at the hands of the trustees to further liquidate the debts contracted by Mr. Gnagey. Wm. R. Getty purchased the same for \$785.00.

The Farmers' hotel had a number of callers from Salisbury, on the 4th, consisting of J. L. Beachy, J. L. Burchus, E. E. Stader, C. E. Dickey, Harvey Keim, Harvey Fogle, Edna McClure, Mary Rees, Ina Balliet, Lucy Beachy, Ida Milliron, Della Boyer.

Rev. D. Bender returned several days ago from his western trip through Missouri, Oklahoma, Colorado and a number of other states. He was sent out on a missionary expedition, and in spite of his hard labors, he is looking well and hearty. William E. and Howard Stanton returned last Monday from the World's

Fair. They were gone 14 days and give a glowing account of what can be seen in so short a time. They also spent several days with some relatives in Illinois. C. M. Livengood is making arrangements to lay a stone pavement in front of his hotel.

Mrs. G. Kight (Bertha Glodt) was installed into her new home, last Sunday. We can congratulate ourselves on the acquisition of so fine a lady to our town, while Accident can't help but feel the loss.

S. Broadwater is building a new porch in front of his store room. M. Durst and Z. Duckworth are the contractors. July 8th, 1893. ENRICA.

The Wonder of the Age. Have you catarrh? No doubt you have. Most people are so afflicted. Get a bottle of Mayers' Magnetic Catarrh Cure from your druggist. It's the only medicine of its kind on the market and absolutely guaranteed. For sale by all druggists. Price, \$1.00.

Grantsville. On Tuesday evening of this week our quiet village was huzzed by a gay and lively party of young people, consisting of Misses Kit Daugherty, Katie Knapp, Ada Getty and Mr. Charles Knapp, of Meyersdale; Miss Anna Porter, of Frostburg; Dr. Shaw, of Salisbury; Misses Anna and Rose Dorsey and Mr. Dan Dorsey, of New Germany. Grantsville was represented by Miss Fannie Getty and Mr. John Getty, with Miss Tibbie Shaw and Mr. Gurnie Shaw, of "Hill Dale," where they had spent the day pleasantly picnicking.

For one dollar get a bottle of Mayers' Magnetic Catarrh Cure. It will last for three months, and is absolutely guaranteed by your druggist.

Doctors say the only way to cure catarrh and hay fever is by inhalation. We have worked for years to accomplish a good, simple method for inhaling medicine, and offer Mayers' Magnetic Catarrh Cure, which is used by this new method, to the public, and guarantee it to cure any case, no matter of how long standing. One bottle is all you need to accomplish a cure. It will last for three months. Ask your druggist or address The Mayers Drug Co., Oakland, Md.

Probably the first brass band Somerset ever had was organized way back in the '30's—1833-39. The teacher of it was a man by the name of Frederick W. Hohmann, a German, I presume. I have taken a good deal of pains to discover the names of the members of this band without much success. One of the members was Captain John M. Holderbaum, who tells me he played the E flat clarinet. A man by the name of John Bence was another. Others were Major George Chorpeneing, John Lichtenberger, John Witt, Samuel Anstin, a lawyer, John W. Patton, and possibly Captain Chauncey F. Mitchell.

This band existed before the days of modern horns. The instruments in use then were principally bugles, what were called French horns, that had more convolutions than a ram's horn, flutes and clarionets; and the music was confined to marches and other slow-time pieces; no attempt was made to play the fast music now in use—Somerset Vedette.

Do you lack faith and love health? Let us establish your faith and restore your health with De Witt's Sarsaparilla. A. F. SPEICHER.

We used to think our girls were fast. When they walked on high French heels; But they're come to such a pass at last. They're whizzing along on wheels—Ex.

'Tis now the trident housewife tries To fix up screens to keep out flies; 'Tis now the fly is seen, near by, To laugh and wink the other eye.—Ex.

A little ill, then a little pill. The ill is gone the pill has won. De Witt's Little Early Risers, the little pills that cure great ills. A. F. SPEICHER.

THE Philadelphia Times says: Hereafter the custom much in vogue in the past, of political committees paying the expenses of the naturalization of the foreigners expected to vote the ticket of the party furnishing the funds, will be more honored in the breach than in the observance. Governor Pattison has just signed a bill making the payment of naturalization expenses by a state, county or city partisan committee a misdemeanor, punishable by a fine not exceeding fifty dollars for each offense and imprisonment of one day for every five dollars of the fine imposed when the fine is not paid. The penalty is sufficient to prevent the violation of the law in case anybody takes the trouble to insist upon the enforcement of its provisions. The advantage of the act lies in the fact that hereafter no one will have an interest in the naturalization of foreigners in this Commonwealth, except those who desire the boon of citizenship.

The breaking up of the winter is being flooded with a signal for the breaking up of the system. Nature is opening up the pores and throwing off refuse. De Witt's Sarsaparilla is of unquestionable assistance in this operation. A. F. SPEICHER.

The whole country is being flooded with a crazy sheet styled "The Loud Cry," published God knows where, by the Lord knows whom, in which direful calamities are prophesied for September of this year. It is filled with doggerel verse and hideous pictures and is carrying terror everywhere among the simple country folks. Such stuff should not be admitted to the mails, as its influence over nervous people, especially women, is very injurious. It is sent out by a set of religious fanatics who deserve to be bastinadoed for the harm they are doing. Let not the people be scared at its predictions. Our present government will be standing long after the false prophets are dead and forgotten.—Pathfinder.

Piles of people have piles, but De Witt's Witch Hazel Salve will cure them. A. F. SPEICHER.

The following appeared in the Wall Street Daily News, March 1: "Grover Cleveland goes to the White House a much richer man than when he left it. His profits in Wall street, in consolidated gas, Chicago gas and sugar are estimated at \$1,000,000." Four days later Mr. Cleveland delivered his inaugural address, in which he says: "These aggregations and combinations frequently constitute conspiracies against the interests of the people, and in all their phases they are unnatural and opposed to our American sense of fairness. To the extent that they can be reached and restrained by federal power, the government should relieve our citizens from their interference and exactions."

It is a truth in medicine that the smallest dose that performs a cure is the best. De Witt's Little Early Risers are the smallest pills, will perform the cure, and are the best. A. F. SPEICHER.

The fact will sometimes strike the mind And for reflection take: It is the man on top we find, Falls furthest when he falls.—Ex.

The most intelligent people of our community recognize in De Witt's Little Early Risers pills of unequalled merit for dyspepsia, headache and constipation. Very small, perfect in action. A. F. SPEICHER.

Two farmers were not long since discussing their local paper. One thought it had too many advertisements in it. The other replied: "In my opinion the advertisements are far from the least valuable part of it. I look them over carefully and save at least five times the cost of the paper each week through the business advantages I get from them." Said the other: "I believe you are right—I know that they pay me well and rather think it not good taste to find fault with the advertisements, after all." Those men have the right idea of the matter. It pays any man with a family to take a good local paper for the sake of the advertisements, if nothing more. And if business men fail to give farmers a chance to read advertisements in the local paper, they are blind to their own interests, to say the least of it. "You never trade with me," said a business man to a prosperous farmer. "You never invited me to your place of business and I never go where I am not invited; I may not be welcome," was the reply.

Bad complexion indicates an unhealthy state of the system. De Witt's Little Early Risers are pills that will correct this condition. They act on the liver, they act on the stomach, they act on the bowels. A. F. SPEICHER.
