The banking house of W. T. Thornton & Son, of Shelbyville, III., liabilities \$500,000; assets unknown.

The Hercules Iron Works Company, owner of the cold storage warehouse at the World's Fair that burned down Monday, made an assignment. The assignment was caused by the loss at the fire. The assets are estimated at \$400,000 against \$200,000 liabilities. The fire caused a loss of \$200. 900

The Terre Haute, Indiana, car works, one of the largest plants of the kind country, made a voluntary assignment without preference. The liabilities are \$191,000 with \$84,000 contingent liabilities. The assets amount to \$600,000. Over 900 men are thrown out of work.

The Bank of Commerce, of Springfield, Mo., with a capital stock of \$50,000 and ds-posits of \$17,600 closed its doors.

The Bank of Garnet, Kansas, closed its loors catching the county treasurer for \$23 00

The Bank of New Castle, Col., a private institution, assigned. Liabilities \$27,000; assets \$33,000.

The bankers of Harrisburg, Pa., in inter-views on Wednesday, declared in favor of the repeal of the Sherman silver law. They said the financial situation was already improving and would grow better,

Capital. Labor and Industrial. Both the iron and steel wage scales were signed by Jones & Laughlin. This is the Iargest mill in Pittsburg, employing about 4,000 men. No time has been fixed for 6,000 men. No time has been fixed for starting the works, but it is believed they will be put in operation early next week. Jones & Laughlins' action is taken as an in-dication that a satisfactory settlement will be reached at the conference between the invo manufacturers and the Amalgamated iron manufacturers and the Amalgamated Association at the conference to be held next Monday. The scale calls for reductions ranging from 5 to 28 per cent., and was finally agreed to and signed. The new scale. however, does not seriously decrease the earnings of the workmen. The Findlay Rolling Mill Company, of Findlay, O., also signed the scale. This company has a pudding, bar and guide mill.

One hundred and fifty boilermakers at the Bigelow Iron Works, New Haven, Conn. quit work and decided they would not resur e until the management accede to their demands for a nine-hour day.

C., says: The decision of Judge Hudsou, declaring the state liquor dispensary law unconstitutional, is of no value, as the supreme court has decided it a valid statute. be the pest which through the wheat fields of this section of the state and devastated them. There is hardly a field in Orleans county which is not affected and in many stances the heads of grain is fairly alive with the little worm

with the little worm. The appearance of the weevil has about paralyzed the farmers, for while a good por-tion of this year's crop will be marketable it is a certainty that next year's crop will be almost entirely demolished. A great many of the farmers are already beginning to make preparations to put in rye this fall in preference to wheat. This is their only salvation.

The weevil is a worm about the size of a preference to wheat. This is their only salvation. The weevil is a worm about the size of a pin and varies in length from 1 to 3.16 of an inch. When it begins to feed on the kernels of grain it is of a dull green. Later it changes to a bright yellow. It burrows into the grain when it is in a milky state and con-sumes the interior, leaving nothing but the shell.

A Light Wheat Grop. Crop reports within the last four days from 2.631 reliable grain dealers and millers covering every section of the six principal winter wheat States, producing two-thirds of the total crop, indicate that they will fur-nish about 150 000 000 nucleis this year. of the total crop, indicate that they will fur-nish about 150,000,000 bushles this year, as egainst 230,000,000 bushles in 1892.
