great reverence and diligent consideration, manifest their generous gratitude by prayer and songs of praise for God's benefit towards us as a people and as individuals, for our security against pestilence, for the seed time and harvest, for the health which has prevailed within our borders, for the abundant resources of our fruitful land which, through His benediction, will again fill our homes with plenty and contentment.

WANTED! One hundred of our STARs as soon as possible.

We want to buy an engine for our printing office, and to buy an engine we will need considerable money; but if 100 of our subscribers pay up promptly, we can get an engine on short order.

Several hundred of our patrons are owing us amounts ranging from \$1.50 to \$3.00, and nearly all of them can easily pay the small individual amounts they owe us.

By paying these small amounts they will not bankrupt themselves, but collectively they can raise enough money in a few days to buy the engine so badly needed.

We must have it, as it is almost impossible for us to get along without steam power any longer. Therefore, do your Christian duty by paying what you owe us.

As soon as we get that engine there will be no more delays in getting out the paper, and the paper will also be better in every way.

Besides that, it will be a great credit to Salisbury to have a large steam printing office. Join the procession of progress and help us to boom the town. You can help us greatly by paying what you owe us.

Don't delay in the matter, for the money is due us; pay up at once.

GOOD ADVICE. Every patriotic citizen should give his personal effort and influence to increase the circulation of his home paper which teaches the American policy of Protection.

It is his duty to aid in this respect in every way possible. After the home paper is taken care of, why not subscribe for the AMERICAN ECONOMIST, published by the American Protective Tariff League?

One of its correspondents says: "No true American can get along without it. I consider it the greatest and truest political teacher in the United States."
