## LOCAL AND GENERAL NEWS.

And the merry newspaper war goes on.

John Lichter and Ezra Milliron spent last Sunday in Rockwood.

The early bird catches the worm, but the early bud usually catches the frost.

Mrs. Fred. Brant, an aged lady of Brothersvalley township, died last week.

Miss Lou Moore, of New Lexington, visited Salisbury friends during the past week.

The maple sugar season, this year, is like the vapors of "Timmie" and "Lucifer," a flitch.

The Statler and Standard mines, which were recently closed, resumed operations yesterday.

Some wonderful bargains are advertised in Johnson & McCulloch's new "ad." Don't fail to look them up.

Rev. M. C. Meyers, of Mt. Pleasant, Pa., will on April 1st take charge of the Progressive Brethren church at Berlin.

Married, March 10th, 1898, Mr. Milton Bodes and Miss Laura Alice Sipple, by Rev. E. S. Johnston, at St. Paul parsonage.

What's the matter with the Confluence Press? For the last three weeks or more it has failed to show up at this office.

Mrs. H. G. Wilhelm, who had been visiting her parents at Petersburg, for a week or more, returned home last Saturday.

We must compliment "Blackstone," our Chestnut Spring correspondent, on the excellent class of items he has in THE STAR, this week.

Rev. Mark A. Collins, of Berlin, will start for Chester, England, next Monday, where he has accepted a call to act as pastor of a Disciple congregation.

The Reformed church bazaar was a great success. The reforms make a success of everything they undertake. They are full of push and enterprise.

M. J. Blough, of Boynton, is instructing a large class in vocal music, at the German Baptist church, every Sunday evening. Milt is a musician of no mean ability.

We are glad to note that our genial friend, M. J. Beachy, who has been confined to his bed for a long time, is again able to sit up. We hope to see him out soon.

C. W. Brenneisen, of Somerset, is remitting for THE STAR, saying: "We are all busy in the Lime Kiln Club diagnosing the war symptoms and waiting for the next meal."

Ed. Nicklow, of Petersburg, has gone on a journey to St. Augustine and Key West, Florida, and from thence will go to Havana harbor to view the wreck of the Maine, says an Addison correspondent.

Jesse Livengood, of Boynton, came very near being struck by a train, a few days ago, while walking across the Boynton railroad bridge. Always look ahead, Jesse, and keep your ears cocked when walking on a railroad track.

Scott Brown, Jacob Blough and John Tedrow had some trouble among themselves, this week, and a hearing of some kind was held before Esquire

Lowry, with the result that Brown had to give bail for his appearance at court. Just what all the trouble was about we have not learned.

Read the two-column article in this issue headed "Wanamaker's Big Hit." It is intensely interesting and should be read by all who are in favor of an honest state government. Read every word of it and show it to your neighbors. It is important, extremely important.

No, gentle reader, those loud reports you hear in this locality every day are not caused by the Spaniards advancing upon Salisbury. The noise is all made by the dynamite blasting being done on the Pen-Mar extension of the Salisbury branch. No Spanish army could shake up our old town like that.

It is reported here that Walter Hunt, the colored boy who used to be employed at the Valley house, is dead. According to one report he was killed while working at a railroad wreck in Ohio or Indiana. Another report has it that he took sick and died. How much truth there is in these reports we are unable to say.

Barchus & Livengood have a new "ad" in this issue that is bound to attract lots of attention. This firm reports that their advertising in THE STAR is increasing their trade wonderfully. How could it be otherwise? When live business men advertise real bargains in a live newspaper, good results are bound to follow. THE STAR is read by a large and desirable class of people, and its columns are closely scanned for bargains.

Owing to the fact that the editor is sorely afflicted with asthma, this week, and not able to chase about much for news, we are somewhat short of local matter in this issue of the paper. "Lucifer" Smith says we are all wind, but when a fellow is in the clutch of asthma, gasping and wheezing for breath, he feels that he is extremely short of wind. But wind or no wind, "Lucifer," we can give you such vigorous jobs and slaps with the mighty arm of truth as to cause you to wince at every thrust.

Bring on your job work now, for THE STAR has just added the best job press to its plant in Somerset county. A large assortment of fancy job type and other material is also on its way here from Chicago, and our job department will soon be complete. Our work will be of the best and our prices very reasonable. But remember, it takes lots of money to buy fine machinery, type, etc., and those who have not yet paid for their paper will confer a great favor by rallying to our support with cash. We need it and we need it badly. Be prompt.

Now that the new Town Council is organized, that body ought at once take vigorous steps to have the borough sidewalks properly repaired. Some of the sidewalks in Salisbury are in such a state as to be a menace to life and limb. They are a standing disgrace to the town, the property owners and the borough officials. If there is any law to compel people to keep their sidewalks in repair, it ought to be promptly enforced. We never could understand why it is that some people in this town can do just as they please in regard to making or repairing pavements, while others, it seems, are compelled to comply with the borough ordinances relating thereto. Let justice be done all around. Why is the pavement on the west side of Grant street, leading to the grove, not completed? A great fuss was raised with some people on that street until they put down their pavement, but how about the "missing link" between the Broadwater and Peter Vogel properties? Is that pavement ever to be completed? If not, why not?

There are three little things which do more work than any other three little things created—they are the ant, the bee and DeWitt's Little Early Risers, the last being the famous little pills for stomach and liver troubles. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### Initiation of the Opera House.

Hay's magnificent new opera house will be initiated to-morrow night, at which time Edison's greatest marvel, the Projecting Vitascope, will exhibit there. Everybody ought to take this in, for it is truly one of the greatest wonders of the age. You can see the Corbett fight, the burning barn, the fast mail train, the cavalry charge and many other things as real as life itself. You can't afford to miss this.

A thrill of terror is experienced when a brassy cough of croup sounds through the house at night. But the terror soon changes to relief after one Minute Cough Cure has been administered. Safe and harmless for children. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### Horrible Suicide.

Herman Christner, an old and respected citizen of Garrett, committed suicide, yesterday morning, by cutting his throat. Mr. Christner had been in poor health for some time and it is believed that his mind was somewhat deranged, which probably caused him to take his life. Yesterday morning he seemed to be somewhat better, and walked out to his pig pen, but soon returned to the house and retired to his room, where a little later he was found dead, with his throat cut. The affair is greatly deplored in the community and wherever the deceased was known.

## The War Outlook.

As we go to press the crisis seems to be coming nearer and growing in gravity. The report of the Naval Court of Inquiry will likely reach the President to-day or to-morrow. The report will not be sent to Congress before Monday. There is general agreement that it will show that the Maine was destroyed by an external explosion. Spain will be asked what she proposes to do about it. Arbitration is supposed to be impossible, and intervention in Cuba is very probable. The situation looks like war and "Uncle Sam" continues preparations for the worst.

Children and adults tortured by burns, scalds, injuries, eczema or skin diseases may secure instant relief by using DeWitt's Witch Hazel Salve. It is the great Pile Remedy. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### Blair County Primary.

The result of the Republican primary election in Blair county, last Saturday, briefly told is as follows: J. D. Hicks for Congress and Wanamaker delegates for the State convention. The vote for the three Congressional candidates is as follows:

Hicks.....	4,086
Evans.....	3,190
Mervine.....	1,220

The Wanamaker delegates were all elected by large majorities.

Don't annoy others by your coughing, and risk your life by neglecting a cold. One Minute Cough Cure cures coughs, colds, croup, grippe and all throat and lung troubles. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### The Five-Year Inquiry.

Let that board of five years inquiry also proceed to Meyersdale and investigate the fog-bank that has settled upon the Commercial office. Let the public know whether at the thickest center a bat, a calf, or a goat is there installed. The symptoms of the goat predominate on passing notice, but these may be due to the boiling of the editorial glue pot. Let the investigation penetrate the pestilential atmosphere and make report to the board of health. THE STAR can furnish the necessary disinfectant.

After years of untold suffering from piles, B. W. Pursell of Kintnersville, Pa., was cured by using a single box of DeWitt's Witch Hazel Salve. Skin diseases such as eczema rash, pimples and obstinate sores are readily cured by this famous remedy. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### Where Does the Lie Come In?

When the remarks published in connection with the Commissioners' annual statement first made their appearance in three of the county papers, the Herald and its Meyersdale liekspittle set up the cry that the said remarks were published without the knowledge or consent of Commissioners Good or Kretchman. That served as campaign thunder for a week, then it was cut short by Mr. Good, who published the following card:

EDITOR SOMERSET STANDARD.  
Says a writer in the Somerset Herald I deny in positive terms that I ever signed the Commissioners' report and that I ever authorized any person to sign it for me. That statement is intended by the Herald to be misleading. While I did not sign the report or remarks, I fully approve of their publication over my name.

GABRIEL GOOD.

After Mr. Good's card appeared "Timmie" and "Lucifer" dropped their first lie and invented some other lies. But as one after another of their lies are exposed, they are becoming frantic and are going back again to the first lie. But it won't work, for the people haven't yet forgotten Mr. Good's card, although short-minded men like "Timmie" and "Lucifer" may think they have. The people know where the lie comes in.

Another lie told by the Herald and Commercial for political purposes is one to the effect that the tax-payers had to pay for the Commissioners' remarks published with their annual statement. To prove the falsity of this, let any taxpayer take a rule and measure the statement as it appeared in THE STAR, Standard and Democrat, then figure the cost of publication up at the rate of \$2.50 per inch, the rate fixed by law; then go to the Commissioners' office and see the bills that were presented and paid. By so doing the whole truth will be discovered, and it will be found that the "remarks" were neither charged nor paid for. "Lucifer" and "Timmie" stand up and tell the people that you willfully and maliciously lied.

Were it not for the fact that a lie well stuck to often looks as plausible as the truth, THE STAR would not pay so much attention to the lies of the Herald and Commercial; but the public has a right to know the truth and we propose to turn on the light, feeling that it is our duty to do so. This war of words was started by the two ring organs to help them out of the hole they got themselves into, but it will only serve to get them in deeper. But this war will soon be over and the ringsters squelched; then we can devote more space to local and general news.

### Case of Dog in the Manger.

Somerset Standard.  
We find this item in the Scullpaper of yesterday.

Somerset's town council is one of the most progressive in the county. Recently when it came to electing a treasurer of the borough funds they deposited a faithful official who offered to con-

tinue in office without salary and voted a salary to his successor. It seems that the interests of the people are not consulted in more quarters than one, when it comes to appropriating public funds.

For unlimited pusillanimity we have not seen this item excelled. Last year, when the Scullions controlled the Town Council, Josiah Swank, assistant cashier of the Scull bank, was elected treasurer, and the borough funds were taken care of by that bank for a salary of \$25 paid by Council to the treasurer.

This year after the people by their votes had wrought a change in Council, the Scullions saw this little plum would likely drop into another's yard, and they appealed to Council for Mr. Swank's re-election with the offer to take care of the borough funds without salary. Does any person for one moment think that if the conditions were now the same as last year that this magnanimous (?) offer would have been made? The council did not think so, and elected Mr. Geo. S. Harrison treasurer at a salary of \$25. If it was worth \$25 to act as treasurer last year, it is worth the same this year.

But, in order to test the magnanimity of the Scullpaper and those whom it controls, we are authorized to say that if the treasurer of last year shall return to the borough treasury the \$25 paid for his services last year, Mr. Harrison will accept nothing for his services this year.

What pleasure is there in life with a headache, constipation and biliousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Risers, the famous little pills. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### Announces Himself for County Auditor.

"Rispa," the entertaining Stoystown newspaper correspondent, informs the Somerset Standard that he recently went to a phrenologist to find out what he is good for. After having his bumps examined and a chart filled out, the Stoystown man evidently came to the conclusion that he has some of the same qualifications for County Auditor as those possessed by Ben Bowman, of Berlin, and he straightway handed his announcement to the Standard as a candidate, having published in connection therewith the following

OUTLINE OF CHARACTER.  
GENERAL DEVELOPMENT, very peculiar. INTELLECTUALITY, below normal. Very dull of perception, not inclined to receive instruction, and not capable of detecting an error.

GENERATION, no noticeable development. FIRMNESS, very large, abnormally developed and closely allied to the stubbornness of the mule. Probably a lineal descendant of Balaam's ass with the faculty of speech more fully developed. Cannot be swayed by reason, but will persistently keep his course until forced to stop.

CALCULATION, no trace. Can't understand simple addition and subtraction. SELF ESTEEM, very large, wouldn't trade places with W. A. Gladstone or the Czar of all the Russias. Has unbounded self-confidence; takes no advice; is haughty and imperious and gives the world to understand that he is his own master.

IDEALITY, large; gives free rein to his erratic imagination and experiences great reveillings of fancy. ALIMENTIVENESS, large, has a strong appetite and eats with the keenest relish, disposed to "make a god of his belly."

AMATIVENESS, very large, disposed to flirt with hired girls and widows. The other organs of the brain are either so abnormally developed or entirely absent that it is impossible to take their connection and relation to each other and find in their united functions any trait of character that would be useful to society at large. After a careful analysis of the character of the applicant I find that he has been peculiarly fitted by nature to hold the position of County Auditor.

Respectfully submitted,  
AVERY D. AMGOOD,  
Phrenologist.

In accordance with the above recommendations and certificate of my natural abilities, I hereby announce myself as a candidate for Auditor at the next general election. RISPAH.

Whooping cough is the most distressing malady; but its duration can be cut short by the use of One Minute Cough Cure, which is also the best known remedy for croup and all lung and bronchial troubles. P. S. Hay, Elk Lick. C. A. Bender & Bro., Grantsville.

### For the Consideration of Reasonable Men.

It is indeed amusing to watch the tactics of the sham reformers of the "Lucifer" Smith and "Timmie" Scull stripe. How they do go for Commissioner Kimmel! And how they try to work Commissioner Good and Kretchman! Why is it, anyway, that their dirty attacks are almost exclusively confined to Kimmel? He has been singled out as the bogie man, and the Scull organ and its Meyersdale organette make a great fuss about the big salary he drew last year. They don't say a word about the fact that Good drew a few dollars more salary than Kimmel, nor about the fact that Kretchman drew but \$3.50 less. Why is this? We will tell you. You see "Lucifer" and "Timmie" can't "work" Kimmel for public printing at more than legal rates, and for that reason they have undertaken to annihilate him. However, they still have some hope of "working" Good and Kretchman, and for that reason they are very careful what they say about them. They have been going for Kimmel rough-shod, but so far their attitude toward Good and Kretchman has been between a slap and a caress. They are half threatening and half coaxing the two latter named Commissioners, and "Lucifer," who

never undertook anything without showing his cloven feet and long ears, gave his selfish scheme entirely away in his issue of March 10th, when he uttered the following:

"Mr. Good could unite with Mr. Kretchman and thus curb the wild and coltish pranks of George Foolhardy Kimmel. There ought to be a change in that board, and the best change would be to make Mr. Kimmel the hermaphrodite of the board. Mr. Good can do this, and only he."

Do you see the scheme? What "Lucifer" means is this: If Good and Kretchman combine against Kimmel and allow "Timmie" and his Meyersdale liekspittle to dictate the patronage of the Commissioners' office, then all will be well and the fight will stop. It is not likely, though, that Gabriel Good is so cowardly and chicken-hearted as to allow himself to be made a subservient tool in the hands of such foul trash. The whole thing in a nutshell is just simply this: "Timmie" and "Lucifer" want the county printing and will resort to any old thing to get it. If they can induce the Commissioners to give it to them at the old-time highway-robbery prices they used to get, right there the fight on the Commissioners will stop, so far as they are concerned. In their own hearts they have no fault to find with the salaries of the Commissioners, as they well know, but they are after a grab into the county treasury and trying on a big game of bluff to get it. Tax-payer, who is the better paid man, a Commissioner at \$1,000 a year, or a printer who will charge \$567 for printing an election proclamation in two issues of his paper, as Lou A. Smith and "Timmie" Scull did? This is worth thinking about.

THE STAR does not know whether the Commissioners were overpaid or not, as it does not know what all constitutes their duty. But we do know something about printing. And we know that the election proclamation for which the Herald and Commercial each charged \$567, could have been printed at an immense profit for a price not exceeding \$200. In Bedford county four newspapers printed the same thing at a total cost of \$600, which is less than \$200 per paper. Then why should the Herald and Commercial each charge \$567? Can't you see something like robbery in this, tax-payers? Figure it out yourselves. Here are some pointers for you: Suppose it took Lou Smith's whole force the six working days of the week to put the said proclamation in type. Of course it didn't take that long, but give him the benefit of all doubts. Say there were six printers on the force, which of course there were not; but give him the benefit of all doubts. Say that each one of these printers received \$2.00 per day, while of course not one of them received that much, but put it down at that, anyhow. Sum it up as far as we have gone and you have six printers, six days, at \$2.00 per day each, or a total expense thus far of \$72. Then add \$35 for paper and ink for two weeks, another \$25 for distribution of type and wear and tear of machinery, another \$25 for all other expenses and you have \$72 plus \$75 or a total expense of \$147. Deduct this from \$567 and you have a net profit of \$420 for "Lucifer" A. Smith the great political reformer for a price. In making these estimates we have allowed just about double for expenses what the expenses of the job really were, as any printer in Somerset county well knows, and the profit was beyond all doubt over \$500.

When the "Frosty Sons of Thunder" eliminate the political leeches of the "Timmie" Scull and "Lucifer" Smith stripe from the body politic, then they will enjoy a much needed reform, but not till then. Week before last THE STAR challenged them to make public their printing bills for the last ten years, showing what services they rendered for the amount of each bill. Will they do it? No! They are cowards! They dare not! They fear public condemnation and well they may fear it. "Timmie" keeps as silent as a clam on this topic, but Lou, who must slop over and can't help it, got himself deeper in the mud than ever by saying in his last issue: "The Commissioners could easily pay the entire bill by simply cutting down their time one half." Isn't he modest, though? He wants only half of a Commissioner's yearly salary to be given him for a single job of printing. "Lucifer," why not ask for it all? We know you want it and would get it if you could.

JOHN WANAMAKER has said that his fight will be made within party lines and that in no case will he be an independent candidate for Governor. Wanamaker has the reputation of being a man of his word, and he ought to know what he is going to do. But Lou Smith says Wanamaker will run independent and that he will be supported as a bolter by THE STAR, Somerset Standard and Berlin Record. Guess again, "Lucifer." By the way, old man, how do the following words from Wanamaker's Lancaster speech strike you: "I am a Republican of Republicans, and from my boyhood to this day I have never voted any other ticket. Neither have I scratched it or bolted it. I am a better Republican than the Chairman of the State committee, who, when asked if he would support me if nominated by the convention, said he did not know." Those are grand words, "Lucifer," and

they suit THE STAR exactly; but they knock all the wind out of your brand of campaign thunder by which you would deceive the people.
