And suffer at leisure. When your abused stomach can no longer cheerfully and properly perform its duties, a few doses of Hood's Sarsaparilla are like fresh water to Saffron would strike an ordi a withered plant. This medicine tones the a withered plant. This medicine tones the stomach, restores digestive strength, cre-ates an appetite and with a little care in dict, the patient is soon again in perfect health. Try it and you'll beileye in it. **HOOOD'S** Sarsa-parilla Is America's Greatest Medicine.

Hood's Pills cure constipation. 25 cents

# Modern Longevity.

In the seventeenth century the aver-age duration of life was only thirteen years; in the eighteenth, twenty; in the present century it is thirty-six. This present century it is thirty-six. This great increase in the average length of human life is not, however, an indication of an increase in the vigor and vitality of the race, but it is rather due to the fact that cholera, the black plague and other devastating scourges which formerly overspread whole countries at frequent intervals, sometimes several times during a century, have been brought more and more under control by improved pub-lic sanitation and quarantine. The real test of the vitality of the race i not the average length of human life but the proportion of centenarians The proportion of persons who have attained great age is without doubt at the present time much less than even before in the history of the world.

# TUMOR EXPELLED

Unqualified Success of Lydia E Pinkham's Vegetable Compound.

Mrs. ELIZABETH WHEELOCK, Magno lia, Iowa, in the following letter de-scribes her recovery from a very criti-

cal condition: " DEAR MRS. PINKHAN -I have been

A Naval Hero's Story. From the Times-Herald, Chicago, Ill. Late in 1861, when President Lincoln is sued a call for volunteers, L. J. Clark, of Warren, Trumbull Co., Ohio, was among

the first to respond. He joined the mortar fleet of Admiral Porter just before the memorable operations on the Mississippi River began. It was at the terrific bombardment of the Vicksbarg forts, that the hero of this story fell with a shattered arm from a harge of schrapnel. After painful months in the hospital, he

recovered sufficiently to be sent to his home a: Warren, Ohio. Another call for troop fired his patriotic zeal and Clark soon en listed in Company H, of the 7th Ohio Vol-unteers. In the army of the Potomac, he was in many engagements. Being wounded in a skirmish near Richmond, he was sent to the hospital and thence home.

CONGRESS.

SENATE

Anothe immediately after the Senate, for the annexation of Hawni was laid before it. Mr. Mitchell (Wis) declared that the Nation just now was shorn of its judgment, and that the annexation project was a clumsy cover for the source magnates. Mr. White (Cal.), the leader of the opponents of annexation, said that it Hawalian question that in the Senate no reasons were given to be assigned for action upon it. The resolution, he said, declared that there had been a cession which Congress was to "accept, ratify and confirm." He maintained for action upon it. The resolution, he said, declared that there had been a cession which Congress was to "accept, ratify and confirm." He maintained for action upon it. The resolution, he said, declared that there had been a cession of forign territory only as a mact of war and only from the sensor which Congress was to "accept, ratify and confirm." The maintained iposession of forign territory only as an act of war and only from the sensor. He islands as "a heterogeneous compound of manifest inefficiency." Mr. White read among other things an islands would be the entering wedge of that imperialistic policy which is as forign to the purposes in view when this Government was organized as are the purposes of the most despott gov-enner. On earth to our system what from Sof annexation occupied that imperialistic policy which is as forign to the most despott gov-entis downer as a halfway sta-tion to Manila He pointed out that from San Francisco it was 418 miles from San Francisco, which was of the Nicaragua canal. Honolulu was 420 miles from the western terminus, or for hearing a protest asing the defended? Mr. White maintained that there would be for the Nicaragua canal. He thought in and been urged that the Hawaiian islands were needed as a defense of excert on main by way of Unalasks than it was by Honolulu. He said, too, it had been urged that the therminus, or for hearing a protest is not well defended? Mr. White maintained that there would be formed from San Francisco, which wa

## HOUSE.

**E008E.** The House Committee on Weights and Measures Monday favorably re-ported a bill to fix the standard by the adoption of the metric system of weights and measures, making its use obligatory in the conduct of the Gov-ernment business. The committee says the practical way to make the change is first by the Government in its work, and the people will speedily follow the example.

## FIFTY DROWNED.

The Back Wash From a Launched Ship Broke Down Staging Filled With People.

The Back Wath From & Labaceae Enip Eroke Jown a Staging Filled With People. The new British battleship Albion was launched from the yards at Black-well last Tuesday. The backwash from the launching vessel surged against and broke down a staging 80 feet long filled with spec-tators, and 300 persons were thrown into the Thames. It is believed that 50 lives were lost. The launching was presided over by the duchess of York. A large and bril-liant company of ladles and gentlemen were present, including United States. Ambasador Hay and Mrs. Hay. None of the guests was on the stage row were any prominent persons in-cluded among its unfortunate oc-cupants. The superstitious are already commenting upon the fact that the duchess of York failed to break a bottle of wine as she christened the ship, which they regard as a bad omen. Twety-five British bottoms have been offered to the war department by their owners and agents for transport purposes. All of these, however, are not yet in the United States ports, but their arrivals have been anticipated with a view to examination as soon as they reach here.

# TRADE REVIEW.

TRADE REVIEW. No New Buinses Has Been Delayed Thus Far by the War-Yew Labor Interrupticas. R. G. Dun & Co.'s Weekly Review of Trade reports as follows for last week: Very little of the new business seen, in proportion to the aggregate, has been caused by the war. Not any, dis-coverable by ordinary tests, has been prevented by war. Neither has the collapse of the wheat speculation caused the expected decrease of ship-ment for exports continue remarkably large. Gold comes or does not come as we want it, the world's market be-ing evidently at our command. An of-fering of bonds by the government brings out at the start bids for more than three times the amount offered, while the popular subscription already for three quarters of the amount ex-hibits in strong light the confidence of the people. Wheat ceased to fall and begins to rise in price because foreign needs are not yet satisfied. Atlantic exports for the week were, four included, 3,246,205 bushels, against 1,445,947 last year and Pacific exports 517,153, against 87,089 last year, and the demand is not of a speculative character. The world's need of grain is greater than ever, and 213,21,567 bushels of wheat and 207,317,483 bushels of corn have gone, far more than was ever before ex-ported in one year. After failing to 50e for cash and 73 3-4c for July, wheat rose to 82e for cash and 79e for July, with foreign demand. Corn was steady, without fluctuation, exports being 2,574,723 bushels for the week against 1,660,922 bushels last year. Of other grain, exports have been anus-ually heavy. The industries at the season when

vegetable oil soap. There's nothing to make the linens streaky, no alkali to injure the finest textures. The lather forms quickly and copiously, and wash-day is a pleasure instead of a drudgery. Try it in the next wash. The price places it within reach of every one. Look out for imitations.

# Hatch Post, G. A. R., and lives at 4935 Ash-land Avo. Several years ago Dr. Clark's old wounda-began to trouble him. He grew weak and emaciated, and his friends despaired of his life. He finally recovered sufficiently to be out but was a mere shadow, weighing only 90 pounds. The best medical attendance failed to restore his lost strength and vigor. "A friend gave me a box of Dr. Williams" Pink Pills for Pale People," said Dr. Clark, "and they helped me so much that I bought a half dozen boxes and took them. I soon regained my strength, now weigh 100 pounds and, except for injuries that can never be remedied, am as well as ever. "I consider Dr. Williams' Pink Pills for Pale People the best remedy to build up a run down system, and heartily recommend them to everyone in heed of such aid." A Fortune From a Scare.

## A Fortune From a Scare.

An inventive genius who suffered from attacks by stray dogs when riding his wheel, set his wits to work to devise something which would be an effica-cions, and yet comparatively harmless, means of defense. As a result he has brought out and patented a pocket pistol which will shoct aminonia, water or other liquid. The most vic-ious dog cannot withstand a few drops of ammonia in his mouth or eyes, and yet there is no danger of actually infrom attacks by stray dogs when riding yet there is no danger of actually in-juring a valuable animal which might playfully annoy a rider. The weapon has proved so much of a success as a means of defense as well as fun-making, that the lucky inventor is realizing

Saffron would strike an ordinary ob-server as decidedly expensive at \$14 per pound, until told that it is compos-ed of the central small portions only of the flowers of a species of crocus, 70,000 of which it takes to yield the ma-terial for one pound.
