The Girls Left Behind.

Three soldiers went at our land's be hest to fight for the girls that their hearts loved best, and over the heart as a regular fixture each fellow carried his dear girl's picture. "I would stake my soul," said one man, at night, "my love is as true as the angels bright. "And mine," said the second, sworn by all she'll die a nun if I chance to fall." "And mine," cried the third, as he took a part, "now stays at home with a broken heart." Then all three swore they were pearls of pearls, and brought out the pictures of these true girls. What made them swear as they turned away? What made them think 'twas a cold, cold day? Alack and alas 'twas a burning shame, the dear girls pictures were the all same.-Ex.
