Increase in the Fast Two Years of Five Hundred Millions in the Amount of Sound Currency in the Hands of the People-What We Escaped.

There has been a gain of about five hundred million dollars in the amount of money in circulation in the United States in the past two years of restored protection and prosperity. The figures of this gigantic increase of material wealth and of money in the hands of the people have a suggestiveness that is startling. They show what the country escaped when in 1896 it chose between William McKinley and William J. Bryan. They are also peculiarly suggestive in connection with the Presidential contest of 1900.

One more financial month like November will bring the total of money in circulation was \$1,963,716,148, and on December 1, \$1,985,930,964, an increase of \$22,214,816 in the month. A gain of even two-thirds this amount in the present month would bring the total money in circulation of the woth the first time in our history.

The steady and rapid growth in the circulation of gold and total of all kinds of money, is indicated in a compilation made by the Treasury Bureau of Statistics firm data supplied in the annual and monthly statements of the Bureau of Loans and Currency of the Treasury Department, showing the amount of gold and total money in circulation in the United States at annual periods during the past twenty years. It shows an increase in that length of time from \$133,

"My wife was troubled with a dect-scatch cough on her lungs for three years. One day I thought of how Aper's Cherry Pectoral saved the life of my sister after the doctors had all given her up to die. So I purchased two bottles, and it cured my wife completely. It took only one bottle to cure my sister. So you see that three bottles (one dollar each) saved two lives. Lunatics often assume a superiority of intellect to others which is quit amusing. A gentleman while walkin along a road not far from the side of which ran a railway, encountered number of insane people out for excise. With a nod toward the rail way lines, he said to one of the lunatics: "Where does this railway go to?" The lunatic looked at him scorn fully for a moment and then replied "it doesn't go anywhere. We keep i here to run trains on."—Agate.

Itching Burning Scaly Blotchy Humors

Instantly Relieved and Speedily Cured by

The itching and burning I suffered in my feet and limbs for three years were terrible. At night they were worse and would keep me awake a greater part of the night. I consulted doctor after doctor, as I was travelling on the road most of my time, also one of our city doctors. None of the doctors knew what the trouble was. I got a lot of the different samples of the medicines I had been using. I found them of so many different kinds that I concluded I would have to go to a Cincinnati hospital before I would get relief. I had frequently been urged to try CUTICURA REMEDIES, but I had no faith in them. My wife finally prevailed upon me to try them. Presto! What a change! I am now cured, and it is a permanent cure. I feel like kicking some doctor or myself for suffering three years when I could have used CUTICURA remedies. H. JENKINS, Middleboro, Ky.
